
Existing law authorizes the governing board of a school district to request an emergency apportionment through the Superintendent of Public Instruction if the governing board of the school district determines during a fiscal year that its revenues are less than the amount necessary to meet its current year expenditure obligations. Under existing law, if a school district accepts an emergency apportionment, the Superintendent is required, among other things, to appoint a trustee who has recognized expertise in management and finance, and may employ, on a short-term basis, any staff necessary to assist the trustee. Existing law also requires the trustee and any necessary staff to serve until the emergency apportionment is repaid, the school district has adequate fiscal systems and controls in place, and the Superintendent determines that the school district’s future compliance with an approved fiscal plan is probable. Existing law authorizes the trustee, during the period of his or her service, to stay or rescind any action of the governing board of the school district that, in the judgment of the trustee, may affect the financial condition of the school district.

This bill would instead require the trustee and necessary staff to serve until the school district has adequate fiscal systems and controls in place, the Superintendent determines that the school district’s future compliance with an approved fiscal plan is probable, and the Superintendent decides to terminate the trustee’s appointment, but in no event, for less than 3 years. The bill would authorize the county superintendent of schools who has jurisdiction over the school district, after the trustee’s period of service and until the loan is repaid, to stay or rescind an action of the governing board of the school district that, in his or her judgment, may affect the financial condition of the school district. The bill would require the county superintendent of schools to notify the Superintendent, as specified, within 5 business days of staying or rescinding an action of the governing board of the school district. If the Superintendent receives this notice from the county superintendent of schools, the bill would require the Superintendent to report to the Legislature, on or before December 30 of every year, whether the school district is complying with the fiscal plan approved for the school district.
Existing law authorizes the Superintendent, within 5 years after an appointed trustee is removed, to reassume, either directly or through an administrator, all of the legal rights, duties, and powers of the governing board of the school district if the school district violates any provision of specified recovery plans approved by the Superintendent.

This bill would instead authorize the Superintendent, within 5 years after an appointed trustee is removed or the emergency apportionment is repaid, whichever occurs later, to reassume, either directly or through an administrator, all of the legal rights, duties, and powers of the governing board of the school district if the school district violates any provision of specified recovery plans approved by the Superintendent.

The bill also would authorize the governing board of a qualifying school district, after one complete fiscal year has elapsed following the qualifying school district’s acceptance of an emergency apportionment, to conduct an annual advisory evaluation, as specified, of the administrator appointed by the Superintendent. The bill would require the evaluation criteria to be agreed upon by the governing board of the qualifying school district and the administrator. The bill would require the advisory evaluation of the administrator to be submitted to the Governor, the Legislature, the Superintendent, and the County Office Fiscal Crisis and Management Assistance Team.

The bill would make numerous nonsubstantive changes.

The bill would incorporate additional changes in Section 41326 of the Education Code, proposed by AB 2662, to be operative only if AB 2662 and this bill are both chaptered and become effective January 1, 2013, and this bill is chaptered last.

The people of the State of California do enact as follows:

SECTION 1. Section 41320.1 of the Education Code is amended to read:

41320.1. Acceptance by the school district of the apportionments made pursuant to Section 41320 constitutes the agreement by the school district to all of the following conditions:

(a) The Superintendent shall appoint a trustee who has recognized expertise in management and finance and may employ, on a short-term basis, staff necessary to assist the trustee, including, but not limited to, certified public accountants, as follows:

(1) The expenses incurred by the trustee and necessary staff shall be borne by the school district.

(2) The Superintendent shall establish the terms and conditions of the employment, including the remuneration of the trustee. The trustee shall serve at the pleasure of, and report directly to, the Superintendent.

(3) The trustee, and necessary staff, shall serve until the school district has adequate fiscal systems and controls in place, the Superintendent has determined that the school district’s future compliance with the fiscal plan approved for the school district under Section 41320 is probable, and the
Superintendent decides to terminate the trustee’s appointment, but in no event, for less than three years. The Superintendent shall notify the county superintendent of schools, the Legislature, the Department of Finance, and the Controller no less than 60 days before the time that the Superintendent expects these conditions to be met.

(4) Before the school district repays the loan, including interest, the recipient of the loan shall select an auditor from a list established by the Superintendent and the Controller to conduct an audit of its fiscal systems. If the fiscal systems are deemed to be inadequate, the Superintendent may retain the trustee until the deficiencies are corrected. The cost of this audit and any additional cost of the trustee shall be borne by the school district.

(5) Notwithstanding any other law, all reports submitted to the trustee are public records.

(6) To facilitate the appointment of the trustee and the employment of necessary staff, for purposes of this section, the Superintendent is exempt from the requirements of Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code and Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

(7) Notwithstanding any other law, the Superintendent may appoint an employee of the department to act as trustee for up to the duration of the trusteeship. The salary and benefits of that employee shall be established by the Superintendent and paid by the school district. During the time of appointment, the employee is an employee of the school district, but shall remain in the same retirement system under the same plan as if the employee had remained in the department. Upon the expiration or termination of the appointment, the employee shall have the right to return to his or her former position, or to a position at substantially the same level as that position, with the department. The time served in the appointment shall be counted for all purposes as if the employee had served that time in his or her former position with the department.

(b) (1) The trustee appointed by the Superintendent shall monitor and review the operation of the school district. During the period of his or her service, the trustee may stay or rescind an action of the governing board of the school district that, in the judgment of the trustee, may affect the financial condition of the school district.

(2) After the trustee’s period of service, and until the loan is repaid, the county superintendent of schools that has jurisdiction over the school district may stay or rescind an action of the governing board of the school district that, in his or her judgment, may affect the financial condition of the school district. The county superintendent of schools shall notify the Superintendent, within five business days, if he or she stays or rescinds an action of the governing board of the school district. The notice shall include, but not be limited to, both of the following:

(A) A description of the governing board of the school district’s intended action and its financial implications.
(B) The rationale and findings that support the county superintendent of school’s decision to stay or rescind the action of the governing board of the school district.

(3) If the Superintendent is notified by the county superintendent of schools pursuant to paragraph (2), the Superintendent shall report to the Legislature, on or before December 30 of every year, whether the school district is complying with the fiscal plan approved for the school district.

(4) The Superintendent may establish timelines and prescribe formats for reports and other materials to be used by the trustee to monitor and review the operations of the school district. The trustee shall approve or reject all reports and other materials required from the school district as a condition of receiving the apportionment. The Superintendent, upon the recommendation of the trustee, may reduce an apportionment to the school district in an amount up to two hundred dollars ($200) per day for each late or unacceptable report or other material required under this part, and shall report to the Legislature a failure of the school district to comply with the requirements of this section. If the Superintendent determines, at any time, that the fiscal plan approved for the school district under Section 41320 is unsatisfactory, he or she may modify the plan as necessary, and the school district shall comply with the plan as modified.

(c) At the request of the Superintendent, the Controller shall transfer to the department, from an apportionment to which the school district would otherwise have been entitled pursuant to Section 42238, the amount necessary to pay the expenses incurred by the trustee and associated costs incurred by the county superintendent of schools.

(d) For the fiscal year in which the apportionments are disbursed and every year thereafter, the Controller, or his or her designee, shall cause an audit to be conducted of the books and accounts of the school district, in lieu of the audit required by Section 41020. At the Controller’s discretion, the audit may be conducted by the Controller, his or her designee, or an auditor selected by the school district and approved by the Controller. The costs of these audits shall be borne by the school district. These audits shall be required until the Controller determines, in consultation with the Superintendent, that the school district is financially solvent, but in no event earlier than one year following the implementation of the plan or later than the time the apportionment made is repaid, including interest. In addition, the Controller shall conduct quality control reviews pursuant to subdivision (c) of Section 14504.2.

(e) For purposes of errors and omissions liability insurance policies, the trustee appointed pursuant to this section is an employee of the local educational agency to which he or she is assigned. For purposes of workers’ compensation benefits, the trustee is an employee of the local educational agency to which he or she is assigned, except that a trustee appointed pursuant to paragraph (7) of subdivision (a) is an employee of the department for that purpose.

(f) Except for an individual appointed by the Superintendent as trustee pursuant to paragraph (7) of subdivision (a), the state-appointed trustee is
a member of the State Teachers’ Retirement System, if qualified, for the period of service as trustee, unless the trustee elects in writing not to become a member. A person who is a member or retirant of the State Teachers’ Retirement System at the time of appointment shall continue to be a member or retirant of the system for the duration of the appointment. If the trustee chooses to become a member or is already a member, the trustee shall be placed on the payroll of the school district for purposes of providing appropriate contributions to the system. The Superintendent may also require that an individual appointed as trustee pursuant to paragraph (7) of subdivision (a) be placed on the payroll of the school district for purposes of remuneration, other benefits, and payroll deductions. For purposes of workers’ compensation benefits, the state-appointed trustee is deemed an employee of the local educational agency to which he or she is assigned, except that a trustee who is appointed pursuant to paragraph (7) of subdivision (a) is an employee of the department for that purpose.

SEC. 2. Section 41326 of the Education Code is amended to read:

41326. (a) Notwithstanding any other provision of this code, the acceptance by a school district of an apportionment made pursuant to Section 41320 that exceeds an amount equal to 200 percent of the amount of the reserve recommended for that school district under the standards and criteria adopted pursuant to Section 33127 constitutes the agreement by the school district to the conditions set forth in this article. Before applying for an emergency apportionment in the amount identified in this subdivision, the governing board of a school district shall discuss the need for that apportionment at a regular or special meeting of the governing board of the school district and, at that meeting, shall receive testimony regarding the apportionment from parents, exclusive representatives of employees of the school district, and other members of the community. (commencing with Section 10100) of Division 2 of the Public Contract Code.

(4) Notwithstanding any other law, the Superintendent may appoint an employee of the state or the office of the county superintendent of schools to act as administrator for up to the duration of the administratorship. During the tenure of his or her appointment, the administrator, if he or she is an employee of the state or the office of the county superintendent of schools, is an employee of the qualifying school district, but shall remain in the same retirement system under the same plan that has been provided by his or her employment with the state or the office of the county superintendent of schools. Upon the expiration or termination of the appointment, the employee shall have the right to return to his or her former position, or to a position at substantially the same level as that position, with the state or the office of the county superintendent of schools. The time served in the appointment shall be counted for all purposes as if the administrator had served that time in his or her former position with the state or the office of the county superintendent of schools.

(5) Except for an individual appointed as an administrator by the Superintendent pursuant to paragraph (4), the administrator shall be a member of the State Teachers’ Retirement System, if qualified, for the period of service as administrator, unless he or she elects in writing not to become a member. A person who is a member or retirant of the State Teachers’ Retirement System at the time of appointment shall continue to be a member or retirant of the system for the duration of the appointment. If the administrator chooses to become a member or is already a member, the administrator shall be placed on the payroll of the qualifying school district for purposes of providing appropriate contributions to the system. The Superintendent may also require the administrator to be placed on the payroll of the qualifying school district for purposes of remuneration, other benefits, and payroll deductions.

(6) For purposes of workers’ compensation benefits, the administrator is an employee of the qualifying school district, except that an administrator appointed pursuant to paragraph (4) may be deemed an employee of the state or office of the county superintendent of schools, as applicable.

(7) The qualifying school district shall add the administrator as a covered employee of the school district for all purposes of errors and omissions liability insurance policies.

(8) The salary and benefits of the administrator shall be established by the Superintendent and paid by the qualifying school district.

(9) The Superintendent or the administrator may, on a short-term basis, employ, at the expense of the school district, any staff necessary to assist the administrator, including, but not limited to, a certified public accountant.

(10) The administrator may do all of the following:

(c) (1) Except as provided in paragraph (2), for the period of time during which the Superintendent exercises the authority described in subdivision (b), the governing board of the qualifying school district shall serve as an advisory body reporting to the state-appointed administrator, and has no rights, duties, or powers, and is not entitled to any stipend, benefits, or other compensation from the qualifying school district.

(2) (A) After one complete fiscal year has elapsed following the qualifying school district’s acceptance of an emergency apportionment, the governing board of the qualifying school district may conduct an annual advisory evaluation of an administrator for the duration of the administratorship.

(B) An advisory evaluation of an administrator shall focus on the administrator’s effectiveness in leading the school district toward fiscal recovery and improved academic achievement. Advisory evaluation criteria shall be agreed upon by the governing board of the qualifying school district and the administrator before the advisory evaluation. The advisory evaluation shall include, but not be limited to, all of the following:

(i) Goals and standards consistent with Section 41327.1.

(ii) Commendations in the areas of the administrator’s strengths and achievements.

(iii) Recommendations for improving the administrator’s effectiveness in areas of concern and unsatisfactory performance.

(C) An advisory evaluation of an administrator conducted by the governing board of a qualifying school district shall be submitted to the Governor, the Legislature, the Superintendent, and the County Office Fiscal Crisis and Management Assistance Team.

(3) Upon the appointment of an administrator pursuant to this section, the district superintendent is no longer an employee of the school district.
(4) A determination of the severance compensation for the district superintendent shall be made pursuant to subdivision (j).

(d) Notwithstanding Section 35031 or any other law, the administrator may, after according the employee reasonable notice and the opportunity for a hearing, terminate the employment of a deputy, associate, assistant superintendent, or other school district level administrator who is employed by a qualifying school district under a contract of employment signed or renewed after January 1, 1992, if the employee fails to document, to the satisfaction of the administrator, that before the date of the acceptance of the emergency apportionment he or she either advised the governing board of the qualifying school district, or his or her superior, that actions contemplated or taken by the governing board of the qualifying school district could result in the fiscal insolvency of the qualifying school district, or took other appropriate action to avert that fiscal insolvency.

(e) The authority of the Superintendent, and the administrator, under this section shall continue until all of the following occur:

1. (A) After one complete fiscal year has elapsed following the qualifying school district’s acceptance of an emergency apportionment as described in subdivision (a), the administrator determines, and so notifies the Superintendent and the county superintendent of schools, that future compliance by the school district with the recovery plans approved pursuant to paragraph (2) is probable.

(B) The Superintendent may return power to the governing board of the qualifying school district for an area listed in subdivision (a) of Section 41327.1 if performance under the recovery plan for that area has been demonstrated to the satisfaction of the Superintendent.

2. The Superintendent has approved all of the recovery plans referred to in subdivision (a) of Section 41327 and the County Office Fiscal Crisis and Management Assistance Team completes the improvement plans specified in Section 41327.1 and has completed a minimum of two reports identifying the qualifying school district’s progress in implementing the improvement plans.

3. The administrator certifies that all necessary collective bargaining agreements have been negotiated and ratified, and that the agreements are consistent with the terms of the recovery plans.

4. The qualifying school district has completed all reports required by the Superintendent and the administrator.

5. The Superintendent determines that future compliance by the qualifying school district with the recovery plans approved pursuant to paragraph (2) is probable.

(f) When the conditions stated in subdivision (e) have been met, and at least 60 days after the Superintendent has notified the Legislature, the Department of Finance, the Controller, and the county superintendent of schools that he or she expects the conditions prescribed pursuant to this section to be met, the governing board of the qualifying school district shall regain all of its legal rights, duties, and powers, except for the powers held by the trustee provided for pursuant to Article 2 (commencing with Section 93 — Ch. 429 —).
The Superintendent shall appoint a trustee under Section 41320.1 to monitor and review the operations of the qualifying school district until the conditions of subdivision (b) of that section have been met.

(g) Notwithstanding subdivision (f), if the qualifying school district violates a provision of the recovery plans approved by the Superintendent pursuant to this article within five years after the trustee appointed pursuant to Section 41320.1 is removed or after the emergency apportionment is repaid, whichever occurs later, the Superintendent may repossess, either directly or through an administrator appointed in accordance with this section, all of the legal rights, duties, and powers of the governing board of the qualifying school district. The Superintendent shall return to the governing board of the qualifying school district all of its legal rights, duties, and powers reassumed under this subdivision when he or she determines that future compliance with the approved recovery plans is probable, or after a period of one year, whichever occurs later.

(i) It is the intent of the Legislature that the legislative budget subcommittees annually conduct a review of each qualifying school district that includes an evaluation of the financial condition of the qualifying school district, the impact of the recovery plans upon the qualifying school district’s educational program, and the efforts made by the state-appointed administrator to obtain input from the community and the governing board of the school district.

(j) (1) The district superintendent is entitled to a due process hearing for purposes of determining final compensation. The final compensation of the district superintendent shall be between zero and six times his or her monthly salary. (2) This subdivision applies only to a contract for employment negotiated on or after June 21, 2004.

(k) (1) When the Superintendent assumes control over a school district pursuant to subdivision (b), he or she shall, in consultation with the County Office Fiscal Crisis and Management Assistance Team, review the fiscal oversight of the qualifying school district by the county superintendent of schools. The Superintendent may consult with other fiscal experts, including other county superintendents of schools and regional fiscal teams, in conducting this review.

(2) Within three months of assuming control over a qualifying school district, the Superintendent shall report his or her findings to the Legislature and shall provide a copy of that report to the Department of Finance. failed to carry out his or her responsibilities for fiscal oversight as required by this code, the Superintendent may exercise the authority of the county superintendent of schools who has oversight responsibilities for a qualifying school district. If the Superintendent finds, based on the report required in paragraph (2), that the county superintendent of schools failed to appropriately take into account particular types of indicators of financial distress, or failed to take appropriate remedial actions in the qualifying school district, the Superintendent shall further investigate whether the county superintendent of schools failed to take into account those indicators, or similarly failed to take appropriate actions in other school districts with negative or qualified certifications, and shall provide an additional report on the fiscal oversight practices of the county superintendent of schools to the appropriate policy and fiscal committees of each house of the Legislature and the Department of Finance.

The Superintendent shall return to the governing board of the qualifying school district all of its legal rights, duties, and powers reassumed under this subdivision when he or she determines that future compliance with the approved recovery plans is probable, or after a period of one year, whichever occurs later.

(h) Article 2 (commencing with Section 41320) shall apply except as otherwise specified in this article.

(i) It is the intent of the Legislature that the legislative budget subcommittees annually conduct a review of each qualifying school district that includes an evaluation of the financial condition of the qualifying school district, the impact of the recovery plans upon the qualifying school district’s educational program, and the efforts made by the state-appointed administrator to obtain input from the community and the governing board of the qualifying school district.

(j) (1) The district superintendent is entitled to a due process hearing for purposes of determining final compensation. The final compensation of the district superintendent shall be between zero and six times his or her monthly salary. The outcome of the due process hearing shall be reported to the Superintendent and the public. The information provided to the public shall explain the rationale for the compensation.

(2) This subdivision applies only to a contract for employment negotiated on or after June 21, 2004.

(k) (1) When the Superintendent assumes control over a school district pursuant to subdivision (b), he or she shall, in consultation with the County Office Fiscal Crisis and Management Assistance Team, review the fiscal oversight of the qualifying school district by the county superintendent of schools. The Superintendent may consult with other fiscal experts, including other county superintendents of schools and regional fiscal teams, in conducting this review.

(2) Within three months of assuming control over a qualifying school district, the Superintendent shall report his or her findings to the Legislature and shall provide a copy of that report to the Department of Finance. This report shall include findings as to fiscal oversight actions that were or were
not taken and may include recommendations as to an appropriate legislative response to improve fiscal oversight.

(3) If, after performing the duties described in paragraphs (1) and (2), the Superintendent determines that the county superintendent of schools failed to carry out his or her responsibilities for fiscal oversight as required by this code, the Superintendent may exercise the authority of the county superintendent of schools who has oversight responsibilities for a qualifying school district. If the Superintendent finds, based on the report required in paragraph (2), that the county superintendent of schools failed to appropriately take into account particular types of indicators of financial distress, or failed to take appropriate remedial actions in the qualifying school district, the Superintendent shall further investigate whether the county superintendent of schools failed to take into account those indicators, or similarly failed to take appropriate actions in other school districts with negative or qualified certifications, and shall provide an additional report on the fiscal oversight practices of the county superintendent of schools to the appropriate policy and fiscal committees of each house of the Legislature and the Department of Finance.

It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2013, (2) each bill amends Section 41326 of the Education Code, and (3) this bill is enacted after Assembly Bill 2662, in which case Section 2 of this bill shall not become operative.
