An act to amend Section 1191 of the Harbors and Navigation Code, relating to bar pilotage.

LEGISLATIVE COUNSEL'S DIGEST

AB 2287, as introduced, Swanson. Bar pilotage: rates.

Existing law provides for the licensing and regulation of pilots for Monterey Bay, and the Bays of San Francisco, San Pablo, and Suisun, and the payment of specified pilotage rates and charges imposed on vessels piloted in those bays. In that connection, existing law requires the Board of Pilot Commissioners for Monterey Bay, and the Bays of San Francisco, San Pablo, and Suisun Bays to recommend that the Legislature, by statute, adopt a schedule of pilotage rates providing fair and reasonable return to pilots engaged in ship movements or special operations if rates for those movements or operations are not specified by law.

This bill would make technical, nonsubstantive changes in those provisions relating to the schedule of pilotage rates.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.
