ASSEMBLY BILL No. 2312

Introduced by Assembly Member Ammiano

February 24, 2012

An act to amend Sections 11362.775, 11362.81, and 11362.83 of, and to add Article 2.8 (commencing with Section 11362.84) to Chapter 6 of Division 10 of, the Health and Safety Code, and to add Chapter 4 (commencing with Section 7294) to Part 1.7 of Division 2 of the Revenue and Taxation Code, relating to controlled substances, and making an appropriation therefor.

LEGISLATIVE COUNSEL’S DIGEST

AB 2312, as introduced, Ammiano. Controlled substances.
(1) Existing law provides that qualified patients, persons with valid identification cards, and the designated primary caregivers of qualified patients and persons with identification cards who associate within the State of California in order to cultivate marijuana for medical purposes, collectively or cooperatively, shall not, solely on that basis, be subject to state criminal sanctions for the possession, sale, transport, or other proscribed acts relating to marijuana.

This bill instead authorizes qualified patients, persons with valid identification cards, and the designated primary caregivers of qualified patients and persons with identification cards, to associate within the State of California as collectives, cooperatives, and other business entities to cultivate, acquire, process, possess, transport, test, sell, and distribute marijuana for medical purposes. The bill would provide that these persons shall not be subject to arrest, prosecution, or specified sanctions for possessing, selling, transporting, or engaging in other...
proscribed acts relating to marijuana, unless they are not in compliance with the registration requirements described in this bill.

(2) Existing law makes it a misdemeanor offense to, among other things, fraudulently use or obtain a medical marijuana identification card.

This bill also would make it a misdemeanor offense to knowingly produce, issue, utilize, or sell a falsified, forged, or fraudulent physician’s recommendation for medical marijuana. By creating a new crime, the bill would impose a state-mandated local program.

(3) Existing law, the Compassionate Use Act of 1996, an initiative measure, prohibits prosecution for the possession or cultivation of marijuana of a patient or a patient’s primary caregiver who possesses or cultivates marijuana for the personal medical purposes of the patient upon the written or oral recommendation or approval of a physician. Existing law, the Medical Marijuana Program Act, exempts qualified patients who hold an identification card issued pursuant to the program, and the caregivers of those persons, from certain state criminal sanctions related to the possession, cultivation, transportation, processing, or use of limited amounts of marijuana, as specified.

This bill would establish the Medical Marijuana Regulation and Control Act for the purposes of regulating and controlling medical marijuana activities. The bill would establish the Board of Medical Marijuana Enforcement in the Department of Consumer Affairs, and require the board to perform specified duties relating to the regulation of medical marijuana facilities, as defined. The governing body of the board would consist of 9 members, appointed by the Governor, the Senate Committee on Rules, and the Speaker of the Assembly. The duties of the board would include, but not be limited to, issuing or denying registration applications, establishing fees for administering these provisions, adopting regulations in connection with these provisions, and issuing fines and penalties for the violation of these provisions.

The bill would preempt local laws regarding the regulation and control of medical marijuana and would prohibit a medical marijuana facility, as defined, from operating without state-approved registration, except as specified. The bill would generally require a city or county to permit no fewer than one medical marijuana dispensary, as defined, per 50,000 residents, provided that a city or county would be permitted to opt out of this requirement, pursuant to certain procedures. The bill would exempt from the bill’s provisions individual patients and caregivers
cultivating marijuana at their residences who do not sell or charge for the cultivation.

The bill would require the board to make available mandatory registration application forms no later than July 1, 2013, and to make a thorough investigation to determine whether the applicant meets specified criteria. The bill would require that all registration applications be approved unless the applicant fails to meet the criteria. The bill would require a registration application to be approved or denied no later than 180 days after the application is filed with the board, and, if the board fails to act within this time, would require that the application be deemed approved. The bill would require a person applying for the renewal of an existing registration to apply no less than 60 days prior to the expiration, and would require the board to act upon a timely filed registration renewal application no later than 10 days prior to the expiration of the registration.

This bill would create the Medical Marijuana Fund and would require that all moneys collected pursuant to the act be deposited into the Medical Marijuana Fund and would, except for moneys derived from penalties, continuously appropriate moneys in the fund for the purposes of implementing, enforcing, and administering the program.

(4) Existing law authorizes the board of supervisors of a county and the governing body of a city to levy, increase, or extend a transactions and use tax at a rate of 0.25%, or a multiple thereof, at a combined rate not to exceed 2% if approved by the required vote of the board or governing body and the required vote of qualified voters.

This bill would additionally authorize the board of supervisors of a county and the governing body of a city to levy, increase, or extend a transactions and use tax on the sale of or storage, use, or other consumption of, medical marijuana or medical marijuana-infused products for general and specified purposes, as provided, at a combined rate not to exceed 2.5%. This bill would authorize the board of supervisors to levy, increase, or extend the tax at a rate of ____ percent, or a multiple thereof. This bill would authorize the governing body of a city to levy, increase, or extend the tax at a rate of ____ percent, or a multiple thereof.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the Medical Marijuana Regulation and Control Act.

SEC. 2. (a) The Legislature finds and declares all of the following:

(1) In 1996, the people of the State of California enacted the Compassionate Use Act of 1996, codified in Section 11362.5 of the Health and Safety Code. The people of the State of California declared that their purpose in enacting the measure was, among other things, “[t]o ensure that seriously ill Californians have the right to obtain and use marijuana for medical purposes where that medical use is deemed appropriate and has been recommended by a physician who has determined that the person’s health would benefit from the use of marijuana in the treatment of cancer, anorexia, AIDS, chronic pain, spasticity, glaucoma, arthritis, migraine, or any other illness for which marijuana provides relief.”

(2) The Compassionate Use Act of 1996 called on state government to implement a plan for the safe and affordable distribution of marijuana to all patients in medical need of marijuana.

(3) In 2003, the Legislature enacted the Medical Marijuana Program Act (MMPA), codified in Article 2.5 (commencing with Section 11362.7) of Chapter 6 of Division 10 of the Health and Safety Code. Under the guidance of the MMPA, approximately 60 California cities and counties have created medical marijuana access ordinances that can act as a guide for the state. However, many other cities and counties are calling for more guidance and regulation from the state and have passed bans or moratoria on medical marijuana cultivation and distribution while awaiting such guidance.

(4) Greater certainty and uniformity are urgently needed regarding the rights and obligations of medical marijuana facilities, and for the imposition and enforcement of regulations to prevent unlawful cultivation and the diversion of marijuana to nonmedical use.
(5) Despite the passage of the Compassionate Use Act of 1996
and the MMPA, because there is no effective statewide system for
regulating and controlling medical marijuana, local law
enforcement officials have been confronted with uncertainty about
the legality of some medical marijuana cultivation and distribution
activities, and many cities and counties have passed local
ordinances that in some cases ban the cultivation or distribution
of medical marijuana.

(6) Marijuana has widely accepted medical applications that
make it inappropriate to classify it as a Schedule I controlled
substance in the State of California. Furthermore, current marijuana
laws require costly, mandatory felony penalties for minor marijuana
offenses, imposing excessive legal costs in minor medical
marijuana cases and unduly burdening the state’s law enforcement
and prison system.

(7) For the protection of all Californians, the state must act to
regulate and control medical marijuana. Cities and counties should
be allowed to impose reasonable local taxes and enact reasonable
zoning regulations and other restrictions applicable to the
cultivation and distribution of medical marijuana based on local
needs.

(8) A state board shall be created to regulate and control the
mandatory registration of all individuals and entities involved in
the commercial cultivation, processing, manufacturing, testing,
transportation, distribution, and sale of medical marijuana in this
state.

(9) The provisions of this act are enacted pursuant to the powers
reserved to the State of California under the Tenth Amendment to
the United States Constitution.

(b) It is therefore the intent of the Legislature, in enacting this
act, to accomplish all of the following:

(1) To establish a statewide system for regulating and controlling
medical marijuana activities by creating a state board to enact and
enforce regulations governing the cultivation, processing,
manufacturing, testing, transportation, distribution, and sale of
medical marijuana.

(2) To allow cities and counties to enact reasonable zoning
regulations or other restrictions applicable to the cultivation,
processing, manufacturing, testing, and distribution of medical
marijuana based on local needs.
(3) To prohibit the issuance and use of fraudulent or forged physician’s recommendations for medical marijuana.

(4) To establish the Board of Medical Marijuana Enforcement to be located within the Department of Consumer Affairs to provide a governmental agency that will ensure the strict, honest, impartial, and uniform administration and enforcement of the medical marijuana laws throughout the state.

(5) To fulfill the promise of the Compassionate Use Act of 1996 to “implement a plan for the safe and affordable distribution of marijuana to all patients in medical need of marijuana.”

(6) To support the creation of a more appropriate schedule for marijuana that recognizes its medical use in the State of California.

(7) To reduce the cost of medical marijuana enforcement by providing law enforcement guidelines to more easily determine whether or not a person is acting in conformance with the state’s medical marijuana laws and by providing courts and prosecutors flexibility in the punishment of minor marijuana offenses.

SEC. 3. Section 11362.775 of the Health and Safety Code is amended to read:

11362.775. Qualified patients, persons with valid identification cards, and the designated primary caregivers of qualified patients and persons with identification cards, who may associate within the State of California in order collectively or cooperatively as collectives, cooperatives, and other business entities to cultivate, acquire, process, possess, transport, test, sell, and distribute marijuana for medical purposes, and shall not solely on the basis of that fact be subject to state criminal arrest, prosecution, or sanctions under Section 11357, 11358, 11359, 11360, 11366, 11366.5, 11379.6, or 11570 on the basis of that fact, unless those persons are not in compliance with the registration requirements of Section 11362.91. This section applies to all members of an entity formed pursuant to this section regardless of whether those members contribute to any of the activities of the entity.

SEC. 4. Section 11362.81 of the Health and Safety Code is amended to read:

11362.81. (a) A person specified in subdivision (b) shall be subject to the following penalties:

(1) For the first offense, imprisonment in the county jail for no more than six months or a fine not to exceed one thousand dollars ($1,000), or both.
(2) For a second or subsequent offense, imprisonment in the county jail for no more than one year, or a fine not to exceed one thousand dollars ($1,000), or both.

(b) Subdivision (a) applies to any of the following:

(1) A person who fraudulently represents a medical condition or fraudulently provides any material misinformation to a physician, county health department or the county’s designee, or state or local law enforcement agency or officer, for the purpose of falsely obtaining an identification card.

(2) A person who steals or fraudulently uses any person’s identification card in order to acquire, possess, cultivate, transport, use, produce, or distribute marijuana.

(3) A person who counterfeits, tampers with, or fraudulently produces an identification card.

(4) A person who breaches the confidentiality requirements of this article to information provided to, or contained in the records of, the department or of a county health department or the county’s designee pertaining to an identification card program.

(5) A person who knowingly produces, issues, utilizes, or sells a falsified, forged, or fraudulent physician’s recommendation for medical marijuana.

(c) In addition to the penalties prescribed in subdivision (a), any person described in subdivision (b) may be precluded from attempting to obtain, or obtaining or using, an identification card for a period of up to six months at the discretion of the court.

(d) In addition to the requirements of this article, the Attorney General shall develop and adopt appropriate guidelines to ensure the security and nondiversion of marijuana grown for medical use by patients qualified under the Compassionate Use Act of 1996.

SEC. 5. Section 11362.83 of the Health and Safety Code is amended to read:

11362.83. Nothing in this article shall prevent a city or other local governing body from adopting and enforcing any of the following:

(a) Adopting local ordinances that regulate the location, operation, or establishment of a medical marijuana cooperative or collective, consistent with this article and Article 2.8 (commencing with Section 11362.84).

(b) The civil and criminal enforcement of local ordinances described in subdivision (a).
(c) Enacting other laws consistent with this article.

SEC. 6. Article 2.8 (commencing with Section 11362.84) is added to Chapter 6 of Division 10 of the Health and Safety Code, to read:

Article 2.8. Medical Marijuana Regulation and Control

11362.84. For purposes of this article, the following definitions apply:

(a) “Act” means the Medical Marijuana Regulation and Control Act.

(b) “Board” means the Board of Medical Marijuana Enforcement.

(c) “Executive director” means the Executive Director of the Board of Medical Marijuana Enforcement.

(d) “Financial institution” means a bank, savings and loan association, or credit union chartered under the laws of this state or the United States.

(e) “Fund” means the Medical Marijuana Fund.

(f) “Mandatory registrant” means a person required to register with the board pursuant to the provisions of this article.

(g) “Mandatory registration” means a registration issued by the board pursuant to this article.

(h) “Medical marijuana dispensary” means any facility, building, structure, or location where medical marijuana is sold to qualified patients, primary caregivers, or persons with identification cards issued pursuant to Article 2.5 (commencing with Section 11362.7).

(i) “Medical marijuana facility” means any facility, building, structure, or location where medical marijuana is grown, processed, stored, manufactured, tested, or sold, other than a private residence where medical marijuana is grown for personal use and not for sale.

(j) “Person” includes any individual, partnership, joint venture, association, limited liability company, corporation, estate, trust, receiver, syndicate, or any other group or combination thereof acting as a unit.

11362.85. This article shall not apply to, and shall have no diminishing effect on, the rights and protections currently granted to individual patients and primary caregivers pursuant to Section 11362.5 or Article 2.5 (commencing with Section 11362.7).
1 11362.86. A medical marijuana facility shall operate in accordance with this article. Individual patients and caregivers cultivating marijuana at their private residences in accordance with local zoning and building codes who do not sell or charge for the cultivation of marijuana are not considered medical marijuana facilities, and are exempt from mandatory registration.
2
3 11362.87. (a) It is the intent of the Legislature that each city, county, and city and county permit the development of sufficient numbers and types of medical marijuana facilities as are commensurate with local needs, consistent with the provisions of this article.
4 (b) Except as provided in subdivision (d), (e), or (f), the provisions of this article shall preempt all local ordinances or regulations relating to the regulation and control of medical marijuana and shall apply equally to a charter city or county.
5 (c) Except as provided in subdivision (d), (e), or (f), a city or county shall not prohibit the operation of persons registered pursuant to this article or restrict their location or operation to frustrate the provisions of this article, to render the application or enforcement of this article impractical or impossible, or to restrict the location of medical marijuana dispensaries so as to authorize fewer than one medical marijuana dispensary per 50,000 residents.
6 (d) A city or county with a population of at least 50,000 may prohibit the establishment of medical marijuana dispensaries within its jurisdiction, or limit the number of allowed medical marijuana dispensaries to a number below one per 50,000 residents, if an ordinance or regulation authorizing that restriction has been approved by the voters of the city, county, or city and county in accordance with the provisions of Chapter 2 (commencing with Section 9100) or Chapter 3 (commencing with Section 9200) of Division 9 of the Elections Code. In no event may a city, county, or city and county enact legislation that impairs the rights granted to qualified patients and their caregivers pursuant to Section 11362.5 or Article 2.5 (commencing with Section 11362.7).
7 (e) A city or county with a population of less than 50,000 residents may prohibit the establishment of a medical marijuana dispensary within its jurisdiction provided that the legislative body of a city or county make a written finding to the board supported by evidence adduced during at least one public hearing that medical marijuana is reasonably available to its residents by other means.
(f) (1) A legislative body of a city or county with existing medical marijuana regulations may provide to the board a list of regulated persons that it finds to be in good standing under its local medical marijuana regulations in force as of the effective date of the act adding this article, which shall be accompanied by a certified copy of any ordinance regulating the location or operation of medical marijuana facilities in that jurisdiction. These persons shall automatically be deemed successful mandatory registrants for purposes of this article, and shall be exempt from renewal procedures for three years from the effective date of the act adding this article.

(2) Any person found to not be in good standing by the legislative body of a city, county, or city and county pursuant to paragraph (1) shall not be deemed successful mandatory registrants for purposes of this article.

(g) If a city or county does not enact a medical marijuana dispensary zoning ordinance, medical marijuana dispensaries in that jurisdiction shall be wholly regulated by the board pursuant to this article, and medical marijuana dispensaries that are mandatory registrants may locate in that jurisdiction in any location that the board finds to be appropriately zoned, subject to the restrictions of Section 11362.768.

11362.88. There is within the Department of Consumer Affairs a Board of Medical Marijuana Enforcement. The board shall be administered by a governing body as prescribed by Section 11362.881 and a civil executive officer, who shall be appointed by, and serve at the pleasure of, the Director of Consumer Affairs, and who shall be known as the Executive Director of the Board of Medical Marijuana Enforcement. Funds for the establishment and support of the board shall be advanced as a loan by the Department of Consumer Affairs and shall be repaid by the initial proceeds from fees collected pursuant to paragraph (7) of subdivision (a) of Section 11362.882.

11362.881. (a) The governing body of the board shall consist of nine members appointed as follows:

(1) One member, who is a licensed physician, shall be appointed by the Governor.

(2) One member, who is a full-time peace officer, shall be appointed by the Governor.
(3) Five members who are residents of California shall be appointed. Of these five, three members shall be appointed by the Governor, one shall be appointed by the Speaker of the Assembly, and one shall be appointed by the Senate Committee on Rules.

(4) One member, who is a medical marijuana patient advocate, shall be appointed by the Speaker of the Assembly.

(5) One member, who is a qualified medical marijuana patient, shall be appointed by the Senate Committee on Rules.

(b) In making appointments pursuant to this article, the Senate Committee on Rules and the Speaker of the Assembly shall make good faith efforts to ensure that their appointments reflect the economic, social, and geographic diversity of the state.

(c) The authority responsible for appointing a member of the governing body of the board shall appoint each member within 90 days of the effective date of the act adding this article.

(d) A majority of the total appointed membership of the governing body of the board shall constitute a quorum. Any action taken by the governing body of the board under this article requires a majority vote of the members present at the meeting of the governing body of the board, with a quorum being present, unless otherwise specifically provided for in this article.

(e) The governing body of the board shall elect a chairperson and vice chairperson from among its members and shall meet at least quarterly on call of the executive director, the chairperson, or three members of the governing body of the board.

(f) The terms of the members of the governing body of the board shall be three calendar years. No member shall serve more than two consecutive full terms. If a vacancy occurs prior to the expiration of the term for the vacated seat, the appointing authority of that vacant seat shall appoint a replacement member for the remainder of the unexpired term on or before 30 days after the occurrence of the vacancy.

11362.882. (a) The board shall do all of the following:

(1) (A) Approve or deny mandatory registration applications for the cultivation, processing, manufacturing, testing, transportation, distribution, and sale of medical marijuana as provided by state law.

(B) Suspend, fine, restrict, or revoke registration upon a violation of this article or a rule or regulation promulgated pursuant to this article.
(C) Impose any penalty authorized by this article or any rule or
regulation promulgated pursuant to this article.

(2) Adopt, amend, and rescind reasonable regulations, special
rulings, and findings as necessary for the regulation and control
of the cultivation, processing, manufacturing, testing,
transportation, distribution, and sale of medical marijuana, and to
govern the procedures of the board to exercise the powers and
perform the duties conferred upon it by this article, in accordance
with the provisions of Chapter 3.5 (commencing with Section
11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(3) (A) Hear and determine at a public hearing any appeals of
a mandatory registration application denial and any complaints
against a registered person.

(B) Administer oaths and issue subpoenas to require the presence
of individuals and the production of papers, books, and records
necessary to the determination of any hearing. Any hearing under
this section shall be conducted in accordance with Chapter 5
(commencing with Section 11500) of Part 1 of Division 3 of Title 2

(4) Maintain the confidentiality of any information obtained
from a registered person related to medical marijuana patients or
caregivers in strict compliance with the federal Health Insurance
Portability and Accountability Act (42 U.S.C. Sec. 1320d et seq.),
the Confidentiality of Medical Information Act (Part 2.6
(commencing with Section 56) of Division 1 of the Civil Code),
and the Insurance Information and Privacy Protection Act (Article
6.6 (commencing with Section 791) of Chapter 1 of Part 2 of
Division 1 of the Insurance Code).

(5) Develop any forms, identification cards, and applications
that are necessary or convenient in the reasonable discretion of the
board for the administration of this article or any of the rules or
regulations promulgated pursuant to this article.

(6) Oversee the operation of the Medical Marijuana Fund created
pursuant to Section 11362.89.

(7) Establish fees for processing all applications, registrations,
notices, or reports required to be submitted to the board. The
amount of fees shall reflect the direct and indirect costs of the
board in the administration and enforcement of this article and
shall be assessed on a sliding fee scale to reflect the projected

revenue of the particular registrant. Fees assessed pursuant to this paragraph shall be deposited into the Medical Marijuana Fund.

(8) Develop zoning standards for purposes of implementing subdivision (g) of Section 11362.87.

(b) Regulations promulgated pursuant to paragraph (2) of subdivision (a) shall include, but are not necessarily limited to, the following:

(1) Procedures and grounds for issuing, renewing, denying, suspending, issuing fines in connection with, restricting, or revoking a mandatory registration issued pursuant to this article.

(2) Civil penalties for violation of the provisions of this article, including fines imposed pursuant to subdivision (g) of Section 11362.91.

(3) Prohibition of misrepresentation and unfair practices.

(4) Best practices guiding advertisements promoting the purchase of medical marijuana.

(5) Security requirements for premises subject to mandatory registration pursuant to this article, including lighting, physical security, alarm, and reporting requirements for changes, alterations, or modifications to the premises.

(6) Regulations for the storage and transportation of medical marijuana.

(7) Requirements for waste disposal and recycling.

(8) Best practices relating to the labeling, packaging, and testing of medical marijuana.

(9) Guidelines regarding cultivation, including use of pesticides and fungicides and the reduction of environmental impacts.

(10) Establishment of exemptions from registration or reduced fees for noncommercial collectives, not-for-profit registrants, and other qualified persons.

(11) Protocols to prevent unlawful diversion of marijuana.

(12) Any other regulation in furtherance of this article.

(c) Nothing in this article shall be construed as authorizing the board to set prices for medical marijuana.

11362.89. (a) All moneys collected pursuant to this article shall be deposited in the Medical Marijuana Fund, which is hereby created in the State Treasury.

(b) There is hereby established the Medical Marijuana Enforcement Penalty Account within the fund, to receive the penalty amounts collected pursuant to subdivision (g) of Section
11362.91 and any other penalty amounts levied pursuant to this article. Moneys in the account shall be available, upon appropriation by the Legislature, for purposes of this article.

(c) Notwithstanding Section 16305.7 of the Government Code, the fund shall also include any interest and dividends earned on money in the fund.

(d) Notwithstanding Section 13340 of the Government Code, all moneys in the fund, except for moneys in the Medical Marijuana Enforcement Penalty Account, are hereby continuously appropriated, without regard to fiscal year, to the board solely for the purpose of fully funding all costs associated with implementing, enforcing, and administering this article with respect to the purpose for which those moneys were collected. From moneys in the fund, the board shall reimburse the Department of Consumer Affairs for its administrative expenses incurred on behalf of the board.

11362.90. All applicable provisions of Division 1 (commencing with Section 100) of the Business and Professions Code shall govern and apply to the conduct of the board.

11362.901. Except as specified in Section 11362.881, the executive director shall be the appointing authority of all employees within the board. All heads of divisions and committees and other employees within the board shall be responsible to the executive director for the proper carrying out of the duties and responsibilities of their respective positions.

11362.902. The executive director may bring an action to enjoin a violation or a threatened violation of any provision of this article. The action may be brought in the county in which the violation occurred or is threatened to occur. Any proceeding brought pursuant to this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure.

11362.91. (a) Except as otherwise provided in this article, a medical marijuana facility shall not operate until it has filed a mandatory registration application with the board and the board has approved the mandatory registration application pursuant to this article. For the purpose of regulating the cultivation, processing, manufacturing, testing, transportation, distribution, and sale of medical marijuana, the board, in its reasonable discretion, may establish various classes or types of registrations for specific medical marijuana-related activities, subject to the
provisions and restrictions provided by this article. A mandatory registration application or renewal shall be approved unless the board determines that any of the following are true:

(1) An applicant, or the medical marijuana facility location for which the applicant is applying for mandatory registration, fails to meet the requirements of this article or any regulation promulgated pursuant to this article.

(2) An applicant is under 21 years of age.

(3) An applicant has failed to provide information reasonably necessary for completion of registration or has knowingly answered a question or request for information falsely on the application form.

(4) An applicant, or any of its officers or directors, has been convicted in the previous five years of a violent felony, as specified in subdivision (c) of Section 667.5 of the Penal Code, a serious felony, as specified in subdivision (c) of Section 1192.7 of the Penal Code, a felony offense involving fraud or deceit, or any other felony that, in the board’s estimation, would impair the applicant’s ability to appropriately operate a medical marijuana facility.

(5) An applicant is a licensed physician making patient recommendations for medical marijuana.

(6) An applicant, or any of its officers or directors, has been sanctioned by the board for operating an unregistered medical marijuana facility or has had a mandatory registration revoked in the previous three years.

(b) No later than July 1, 2013, the board shall make available mandatory registration application forms for all persons subject to mandatory registration. Upon receipt of an application for mandatory registration and the applicable fee, the board shall make a thorough investigation to determine whether the applicant and the premises for which a mandatory registration is applied qualify for registration, and comply with local ordinances and zoning, and whether the provisions of this article have been complied with. The board shall deny an application for mandatory registration if either the applicant or the premises for which a registration is applied do not qualify for registration under this article. A mandatory registration application shall be approved or denied no later than 180 days after a mandatory registration application is filed with the board. If the board fails to act on an application within 180 days, it shall be deemed approved.
(c) Each mandatory registration application approved by the board pursuant to this article is separate and distinct. An applicant may apply for a mandatory registration in more than one class of specific medical marijuana activities.

(d) All mandatory registration applications that are approved by the board pursuant to this article shall be valid for a period not to exceed two years from the date of approval unless revoked or suspended pursuant to this article or the rules or regulations promulgated pursuant to this article.

(e) Ninety days prior to the expiration date of an existing mandatory registration, the board shall notify the person of the expiration date by first-class mail at the person’s address of record with the board. A person shall apply for the renewal of an existing mandatory registration to the board not less than 60 days prior to the expiration. The board, in its discretion and based upon reasonable grounds, may waive the 60-day time requirement set forth in this subdivision. The board shall act upon a timely filed registration renewal application no later than 10 days prior to the expiration of the registration.

(f) A medical marijuana facility operating in conformance with local zoning requirements as of the effective date of this article may continue its operations until such time as its application for mandatory registration has been approved or denied.

(g) Operating a medical marijuana facility without an approved mandatory registration may result in fines of up to twenty-five thousand dollars ($25,000), and the board may order the destruction of any marijuana being cultivated or possessed in violation of this article. Any fines collected pursuant to this subdivision shall be deposited into the Medical Marijuana Enforcement Penalty Account established pursuant to subdivision (b) of Section 11362.89.

(a) A person whose mandatory registration application has been approved by the board shall not be subject to arrest, prosecution, or other criminal, civil, or administrative sanctions under state or local law for actions approved by the board in accordance with its registration application, including, as applicable, the cultivation, processing, manufacturing, testing, transportation, distribution, sale, or possession, of medical marijuana.
(b) Nothing in this article shall prevent a city, county, or city and county from enforcing a zoning ordinance or law of general application, except as specified in this article.

(c) No funds shall be spent by state or local officials to assist federal authorities in enforcing marijuana prohibitions with regard to activities carried out by persons in compliance with the provisions of this article. Nothing in this article shall be construed to limit a law enforcement agency’s ability to investigate unlawful activity in relation to a mandatory registrant.

11362.93. A financial institution may provide lending services to persons whose mandatory registration application has been approved by the board pursuant to this article and may secure any such loans to those persons with assets of those persons. Any financial institution owning or possessing medical marijuana or warehouse receipts as security for an obligation or as a result of enforcement of a security interest may, after permission has been given by the board, sell the medical marijuana or warehouse receipts to a registrant authorized to sell for resale that medical marijuana or those warehouse receipts.

SEC. 7. Chapter 4 (commencing with Section 7294) is added to Part 1.7 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 4. LOCAL MEDICAL MARIJUANA TAXES

Article 1. Counties Medical Marijuana Tax

7294. Notwithstanding any other law, the board of supervisors of any county may levy, increase, or extend a transactions and use tax on the sale of medical marijuana or medical marijuana-infused products for general purposes at a rate of ____ percent, or a multiple thereof, if the ordinance proposing that tax is approved by a two-thirds vote of all members of the board of supervisors and the tax is approved by a majority vote of the qualified voters of the county voting in an election on the issue.
