[Approved by Governor March 24, 2011. Filed with  
Secretary of State March 24, 2011.]

To the Members of the California State Senate:

I am signing Senate Bill 74 with the following objection:

I am deleting the appropriation in Section 17 of this bill, which provides \$1,000 General Fund to the State Department of Developmental Services for administrative costs.

Sufficient appropriation authority will be provided in the Budget Bill; therefore this additional appropriation is unnecessary.

Sincerely,

EDMUND G. BROWN JR., Governor

#### LEGISLATIVE COUNSEL'S DIGEST

SB 74, Committee on Budget and Fiscal Review. Developmental services.

Existing law, the Lanterman Developmental Disabilities Services Act, requires the State Department of Developmental Services to enter into contracts with private nonprofit corporations to operate regional centers for the provision of community services and support for persons with developmental disabilities and their families. Existing law sets forth the duties of the regional centers, including, but not limited to, development of individual program plans, the purchase of needed services to implement the plan, and monitoring of the delivery of those services.

This bill would require the department, in collaboration with stakeholders, to develop best practices for the administrative management of regional centers and for regional centers to use when purchasing services for consumers and families, as specified. The bill would require the department to submit the proposed best practices to the fiscal and applicable policy committees of the Legislature no later than May 15, 2011, and would make the best practices effective only upon subsequent legislative enactment.

Existing law establishes minimum requirements relating to the composition of the governing board of a regional center. Existing law requires the department to adopt and enforce conflict-of-interest regulations

to ensure that members of the governing board, program policy committee, and employees of the regional center make decisions with respect to the regional centers that are in the best interests of consumers and families.

This bill would require the regional center to annually submit to the department documentation demonstrating that the composition of the board is in compliance with the statutory provisions. This bill would require a regional center governing board to adopt a written policy requiring any regional center contract of \$250,000 or more to be approved by the regional center governing board, and would condition the validity of those contracts upon board approval in compliance with that policy. The bill would also require that the department adopt emergency and other regulations to establish standard conflict-of-interest reporting requirements to require regional center board members, directors, and identified employees to complete and file conflict-of-interest statements. The bill would make conforming changes and would delete provisions permitting persons who served on a board or program policy committee on January 1, 1982, to continue to serve. The bill would require each regional center to submit a conflict-of-interest policy to the department by July 1, 2011, and to post the policy on its Internet Web site by August 1, 2011.

Existing law requires the 5-year contracts between the department and the regional center to contain prescribed provisions, including, but not limited to, the requirement that the contracts include annual performance objectives.

This bill would, in addition, require that the contracts include provisions requiring the regional center to adopt, maintain, and post on its Internet Web site a transparency and public information policy containing prescribed components. The bill would require the department to establish a transparency portal on its Internet Web site to include, but not be limited to, a link to the regional center transparency and public information policy Internet Web sites, and other service monitoring and enforcement information.

The bill would require, notwithstanding any other provision of law, all regional center contracts with the department, and all regional center contracts or agreements with service providers, to require that not more than 15% of regional center funds be spent on administrative costs, as defined. This bill would require service providers and contractors, upon request, to provide regional centers with access to specified information pertaining to the service providers' and contractors' negotiated rates.

Existing law also requires the governing board of a regional center to annually contract with an independent accounting firm for an audited financial statement.

This bill would prohibit the audit of a regional center from being completed by the same accounting firm more than 5 times in every 10 years.

Under existing law, regional center contracts require certain specified staffing levels and expertise, which have been suspended from July 1, 2010, to June 30, 2011.

This bill would suspend those staffing requirements through June 30, 2012.

Under existing law, regional centers purchase needed services for individuals with developmental disabilities through approved service providers or arrange for their provision through other publicly funded agencies. Existing law provides for a vendorization process for service providers.

This bill would make certain persons or entities that have been convicted of prescribed crimes or have been found liable for fraud or abuse in any civil proceeding, or that have entered into a settlement in lieu of conviction for fraud or abuse in any government program, within the previous 10 years, ineligible to be regional center vendors, and would require the department to adopt related emergency and nonemergency regulations. The bill would require the State Department of Social Services and the State Department of Public Health to notify the department of any administrative action, as defined, initiated against a licensee serving consumers with developmental disabilities.

This bill would require an entity receiving payments from one or more regional centers, except for state and local governmental agencies, the University of California, or the California State University, to contract with an independent accounting firm for an audit or review of that entity's financial statements, as specified. The bill would require regional centers to review and require resolution by the entity for issues identified in the report that have a direct or indirect impact on regional center services and to take appropriate action, up to termination of vendorization, for lack of adequate resolution of issues. The bill would require a regional center to notify the department of all qualified opinion reports or reports noting significant issues that directly or indirectly impact regional center services within 30 days after receipt.

Existing law, the California Early Intervention Services Act, provides various early intervention services for infants and toddlers who have disabilities to enhance their development and to minimize the potential for developmental delays. Existing law establishes procedures for the resolution of disputes between a regional center and a generic agency, as defined, over provision of, or payment for, services that are contained in an individualized family service plan or individual program plan for any child under 6 years of age.

This bill would establish procedures authorizing the department or regional center to institute legal proceedings against a 3rd party or insurance carrier, as specified, when developmental services are provided or will be provided to a developmental services consumer, or a child under 36 months of age who is eligible for the California Early Intervention Program, as a result of an injury for which the 3rd party or carrier is liable.

This bill would entitle the department or regional center to recover the reasonable value of services provided to the child or consumer from a person who has brought an action or claim against a 3rd party who may be liable for causing the death of the child or consumer. The bill would provide for

a similar recovery provision when the action is brought by the child or consumer, but would provide for the deduction of a share of the child's or consumer's attorney's fees and litigation costs from the reasonable value of the services provided, as specified. The bill would set forth the powers and duties of the department in recouping these amounts, and would prohibit the department or regional center from recovering an amount greater than the child or consumer.

This bill would establish procedures for the enforcement of a lien perfected by the department or regional center upon a judgment or award in favor of a child or consumer for a 3rd-party injury. This bill would require an insurer, as defined, to perform various duties relating to actions or claims brought pursuant to the bill, including a requirement to make requested information available to the department or regional center, pursuant to procedures set forth in a cooperative agreement entered into by the insurer and the department or regional center.

Existing law requires regional centers, in order to implement changes in the level of funding for regional center purchase of services, to reduce certain payments for services delivered by 4.25% from July 1, 2010, to June 30, 2011, except as specified, and authorizes the temporary modification of personnel requirements, functions, or qualifications, or staff training requirements, and suspends prescribed annual review and reporting requirements for affected providers, until June 30, 2011.

This bill would continue those provisions until June 30, 2012.

This bill would appropriate \$1,000 from the General Fund to the State Department of Developmental Services for administrative costs.

The California Constitution authorizes the Governor to declare a fiscal emergency and to call the Legislature into special session for that purpose. Governor Schwarzenegger issued a proclamation declaring a fiscal emergency, and calling a special session for this purpose, on December 6, 2010. Governor Brown issued a proclamation on January 20, 2011, declaring and reaffirming that a fiscal emergency exists and stating that his proclamation supersedes the earlier proclamation for purposes of that constitutional provision.

This bill would state that it addresses the fiscal emergency declared and reaffirmed by the Governor by proclamation issued on January 20, 2011, pursuant to the California Constitution.

This bill would declare that it is to take effect immediately as an urgency statute and a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

SEC. 4. Section 4626 of the Welfare and Institutions Code is amended to read:

4626. (a) The department shall give a very high priority to ensuring that regional center board members and employees act in the course of their duties solely in the best interest of the regional center consumers and their families without regard to the interests of any other organization with which they are associated or persons to whom they are related. Board members, employees, and others acting on the regional center's behalf, as defined in regulations issued by the department, shall be free from conflicts of interest that could adversely influence their judgment, objectivity, or loyalty to the regional center, its consumers, or its mission.

(A) All consumers three years of age and younger and for consumers enrolled in the Home and Community-based Services Waiver program for persons with developmental disabilities, an average service coordinator-to-consumer ratio of 1 to 62.

(B) All consumers who have moved from a developmental center to the community since April 14, 1993, and have lived continuously in the community for at least 12 months, an average service coordinator-to-consumer ratio of 1 to 62.

(C) All consumers who have not moved from the developmental centers to the community since April 14, 1993, and who are not described in subparagraph (A), an average service coordinator-to-consumer ratio of 1 to 66.

(4) For purposes of paragraph (3), service coordinators may have a mixed caseload of consumers three years of age and younger, consumers enrolled in the Home and Community-based Services Waiver program for persons with developmental disabilities, and other consumers if the overall average caseload is weighted proportionately to ensure that overall regional center average service coordinator-to-consumer ratios as specified in paragraph (3) are met. (d) For purposes of this section, “service coordinator” means a regional center employee whose primary responsibility includes preparing, implementing, and monitoring consumers’ individual program plans, securing and coordinating consumer services and supports, and providing placement and monitoring activities.

(1) Only include data on service coordinator positions as defined in subdivision (d). Regional centers shall identify the number of positions that perform service coordinator duties on less than a full-time basis. Staffing ratios reported pursuant to this subdivision shall reflect the appropriate proportionality of these staff to consumers served.

(2) Be reported separately for service coordinators whose caseload includes any of the following:

(A) Consumers who are three years of age and older and who have not moved from the developmental center to the community since April 14, 1993.

(B) Consumers who have moved from a developmental center to the community since April 14, 1993.

(C) Consumers who are younger than three years of age.

(D) Consumers enrolled in the Home and Community-based Services Waiver program.

(3) Not include positions that are vacant for more than 60 days or new positions established within 60 days of the reporting month that are still vacant.

(4) For purposes of calculating caseload ratios for consumers enrolled in the Home and Community-based Services Waiver program, vacancies shall not be included in the calculations.

(f) The department shall provide technical assistance and require a plan of correction for any regional center that, for two consecutive reporting periods, fails to maintain service coordinator caseload ratios required by this section or otherwise demonstrates an inability to maintain appropriate staffing patterns pursuant to this section. Plans of correction shall be developed following input from the local area board, local organizations representing consumers, family members, regional center employees, including recognized labor organizations, and service providers, and other interested parties.

(g) Contracts between the department and regional center shall require the regional center to have, or contract for, all of the following areas:

(1) Criminal justice expertise to assist the regional center in providing services and support to consumers involved in the criminal justice system as a victim, defendant, inmate, or parolee.

(2) Special education expertise to assist the regional center in providing advocacy and support to families seeking appropriate educational services from a school district.

(3) Family support expertise to assist the regional center in maximizing the effectiveness of support and services provided to families.

(4) Housing expertise to assist the regional center in accessing affordable housing for consumers in independent or supportive living arrangements.

(5) Community integration expertise to assist consumers and families in accessing integrated services and supports and improved opportunities to participate in community life.

(6) Quality assurance expertise, to assist the regional center to provide the necessary coordination and cooperation with the area board in conducting quality-of-life assessments and coordinating the regional center quality assurance efforts.

(7) Each regional center shall employ at least one consumer advocate who is a person with developmental disabilities.

(8) Other staffing arrangements related to the delivery of services that the department determines are necessary to ensure maximum

cost-effectiveness and to ensure that the service needs of consumers and families are met.

(h) Any regional center proposing a staffing arrangement that substantially deviates from the requirements of this section shall request a waiver from the department. Prior to granting a waiver, the department shall require a detailed staffing proposal, including, but not limited to, how the proposed staffing arrangement will benefit consumers and families served, and shall demonstrate clear and convincing support for the proposed staffing arrangement from constituencies served and impacted, that include, but are not limited to, consumers, families, providers, advocates, and recognized labor organizations. In addition, the regional center shall submit to the department any written opposition to the proposal from organizations or individuals, including, but not limited to, consumers, families, providers, and advocates, including recognized labor organizations. The department may grant waivers to regional centers that sufficiently demonstrate that the proposed staffing arrangement is in the best interest of consumers and families served, complies with the requirements of this chapter, and does not violate any contractual requirements. A waiver shall be approved by the department for up to 12 months, at which time a regional center may submit a new request pursuant to this subdivision.

(i) From February 1, 2009, to June 30, 2010, inclusive, the following shall not apply:

(1) The service coordinator-to-consumer ratio requirements of paragraph (1), and subparagraph (C) of paragraph (3), of subdivision (c).

(2) The requirements of subdivision (e). The regional centers shall, instead, maintain sufficient service coordinator caseload data to document compliance with the service coordinator-to-consumer ratio requirements in effect pursuant to this section.

(3) The requirements of paragraphs (1) to (6), inclusive, of subdivision (g).

(j) From July 1, 2010, to June 30, 2012, inclusive, the following shall not apply:

(1) The service coordinator-to-consumer ratio requirements of paragraph (1), and subparagraph (C) of paragraph (3), of subdivision (c).

(2) The requirements of paragraphs (1) to (6), inclusive, of subdivision (g).

(k) (1) Any contract between the department and a regional center entered into on and after January 1, 2003, shall require that all employment contracts entered into with regional center staff or contractors be available to the public for review, upon request. For purposes of this subdivision, an employment contract or portion thereof may not be deemed confidential nor unavailable for public review.

(2) Notwithstanding paragraph (1), the social security number of the contracting party may not be disclosed.

(3) The term of the employment contract between the regional center and an employee or contractor shall not exceed the term of the state's contract with the regional center.

SEC. 11. Section 4648.12 is added to the Welfare and Institutions Code, immediately following Section 4648.1, to read:

4648.12. (a) The Legislature finds and declares that under federal and state law, certain individuals and entities are ineligible to provide Medicaid services.

(b) An individual, partnership, group association, corporation, institution, or entity, and the officers, directors, owners, managing employees, or agents thereof, that has been convicted of any felony or misdemeanor involving fraud or abuse in any government program, or related to neglect or abuse of an elder or dependent adult or child, or in connection with the interference with, or obstruction of, any investigation into health care related fraud or abuse, or that has been found liable for fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse in any government program, within the previous 10 years, shall be ineligible to be a regional center vendor. The regional center shall not deny vendorization to an otherwise qualified applicant whose felony or misdemeanor charges did not result in a conviction solely on the basis of the prior charges.

(c) In order to ensure compliance with federal disclosure requirements and to preserve federal funding of consumer services, the department shall do all of the following:

(1) (A) Adopt emergency regulations to amend provider and vendor eligibility and disclosure criteria to meet federal participation requirements. These emergency regulations shall address, at a minimum, disclosure requirements of current and prospective vendors, including information about entity ownership and control, contracting interests, and criminal convictions or civil proceedings involving fraud or abuse in any government program, or abuse or neglect of an elder, dependent adult, or child.

(B) Adopt emergency regulations to meet federal requirements applicable to vouchered services.

(C) The adoption, amendment, repeal, or readoption of a regulation authorized by this paragraph is deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare, for purposes of Sections 11346.1 and 11349.9 of the Government Code, and the department is hereby exempted from that requirement. For purposes of subdivision (e) of Section 11346.1 of the Government Code, the 120-day period, as applicable to the effective period of an emergency regulatory action and submission of specified materials to the Office of Administrative Law, is hereby extended to 180 days.

(2) Adopt nonemergency regulations to implement the terms of paragraph (1) through the regular rulemaking process pursuant to Sections 11346 and 11349.1 of the Government Code within 18 months of the adoption of emergency regulations pursuant to paragraph (1).

SEC. 12. Section 4648.14 is added to the Welfare and Institutions Code, immediately preceding Section 4648.2, to read:

4648.14. Notwithstanding any other provision of law, the State Department of Social Services and the State Department of Public Health

shall notify the State Department of Developmental Services of any administrative action initiated against a licensee serving consumers with developmental disabilities. For the purposes of this section “administrative action” includes, but is not limited to, all of the following:

SEC. 13. Section 4652.5 is added to the Welfare and Institutions Code, to read:

4652.5. (a) (1) An entity receiving payments from one or more regional centers shall contract with an independent accounting firm for an audit or review of its financial statements subject to all of the following:

(A) When the amount received from the regional center or regional centers during the entity’s fiscal year is more than or equal to two hundred fifty thousand dollars (\$250,000) but less than five hundred thousand dollars (\$500,000), the entity shall obtain an independent audit or independent review report of its financial statements for the period. Consistent with Subchapter 21 (commencing with Section 58800) of Title 17 of the California Code of Regulations, this subdivision shall also apply to work activity program providers receiving less than two hundred fifty thousand dollars (\$250,000).

(B) When the amount received from the regional center or regional centers during the entity’s fiscal year is equal to or more than five hundred thousand dollars (\$500,000), the entity shall obtain an independent audit of its financial statements for the period.

(2) This requirement does not apply to payments made using usual and customary rates, as defined by Title 17 of the California Code of Regulations, for services provided by regional centers.

(3) This requirement does not apply to state and local governmental agencies, the University of California, or the California State University.

(b) An entity subject to subdivision (a) shall provide copies of the independent audit or independent review report required by subdivision (a), and accompanying management letters, to the vendoring regional center within 30 days after completion of the audit or review.

(c) Regional centers receiving the audit or review reports required by subdivision (b) shall review and require resolution by the entity for issues identified in the report that have an impact on regional center services. Regional centers shall take appropriate action, up to termination of vendorization, for lack of adequate resolution of issues.

(d) Regional centers shall notify the department of all qualified opinion reports or reports noting significant issues that directly or indirectly impact regional center services within 30 days after receipt. Notification shall include a plan for resolution of issues.

(e) For purposes of this section, an independent review of financial statements must be performed by an independent accounting firm and shall cover, at a minimum, all of the following:

(1) An inquiry as to the entity's accounting principles and practices and methods used in applying them.

(2) An inquiry as to the entity's procedures for recording, classifying, and summarizing transactions and accumulating information.

(3) Analytical procedures designed to identify relationships or items that appear to be unusual.

(4) An inquiry about budgetary actions taken at meetings of the board of directors or other comparable meetings.

(5) An inquiry about whether the financial statements have been properly prepared in conformity with generally accepted accounting principles and whether any events subsequent to the date of the financial statements would have a material effect on the statements under review.

(6) Working papers prepared in connection with a review of financial statements describing the items covered as well as any unusual items, including their disposition.

(f) For purposes of this section, an independent review report shall cover, at a minimum, all of the following:

(1) Certification that the review was performed in accordance with standards established by the American Institute of Certified Public Accountants.

(2) Certification that the statements are the representations of management.

(3) Certification that the review consisted of inquiries and analytical procedures that are lesser in scope than those of an audit.

(4) Certification that the accountant is not aware of any material modifications that need to be made to the statements for them to be in conformity with generally accepted accounting principles.

(g) The department shall not consider a request for adjustments to rates submitted in accordance with Title 17 of the California Code of Regulations by an entity receiving payments from one or more regional centers solely to fund either anticipated or unanticipated changes required to comply with this section.

SEC. 14. Article 2.6 (commencing with Section 4659.10) is added to Chapter 5 of Division 4.5 of the Welfare and Institutions Code, to read:

#### Article 2.6. Third-Party Liability

4659.10. It is the intent of the Legislature that this article shall be implemented consistent with the responsibilities of the department and the regional centers to provide services and supports pursuant to the requirements of this division and the California Early Intervention Program. It is further the intent of the Legislature that the department and the regional centers

shall continue to be the payers of last resort consistent with the requirements of this division and the California Early Intervention Program.

4659.11. (a) When services are provided or will be provided to a consumer under this division, or to a child under 36 months of age who is eligible for the California Early Intervention Program pursuant to Title 14 (commencing with Section 95000) of the Government Code, as a result of an injury for which another person is liable, or for which an insurance carrier is liable in accordance with the provisions of any policy of insurance issued pursuant to Section 11580.2 of the Insurance Code, the department or the regional center from which the individual obtained services shall have a right to recover from the person or carrier the reasonable value of services so provided. To enforce that right, the department or the regional center may institute and prosecute legal proceedings against the third person or carrier who may be liable for the injury in an appropriate court, either in the name of the department or regional center or in the name of the child or consumer, his or her guardian, conservator, limited conservator, personal representative, estate, or survivors.

(b) The department and the regional center may compromise, or settle and release a claim as described in subdivision (a).

(c) The department may waive a claim as described in subdivision (a), in whole or in part, if the department determines that collection would not be cost efficient, would result in undue hardship upon the consumer or child who suffered the injury, or in a wrongful death action upon the heirs of the deceased.

(d) No action taken on behalf of the department or the regional center pursuant to this section or any judgment rendered in that action shall be a bar to any action upon the claim or cause of action of the child or consumer, his or her guardian, conservator, personal representative, estate, dependents, or survivors against the third party who may be liable for the injury, or shall operate to deny to the child or consumer the recovery for that portion of any damages not covered hereunder.

(e) The department, the State Department of Health Care Services, and the Department of Managed Health Care shall work together to ensure that the recovery sought by the department, regional centers, and the State Department of Health Care Services for services for Medi-Cal beneficiaries with developmental disabilities is appropriate.

4659.12. (a) Where an action is brought by the department or a regional center pursuant to Section 4659.11, it shall be commenced within the period prescribed in Section 338 of the Code of Civil Procedure.

(b) The death of a consumer or child under 36 months of age who is eligible for the California Early Intervention Program does not abate any right of action established by Section 4659.11.

(c) When an action or claim is brought by a person or persons entitled to bring the action or assert the claim against a third party who may be liable for causing the death of the child or consumer, any settlement, judgment, or award obtained is subject to the right of the department or the regional

center to recover from that party the reasonable value of the services provided to the consumer under this division.

(d) Where the action or claim is brought by the child or consumer alone, and the child or consumer incurs a personal liability to pay attorney's fees and costs of litigation, the claim for reimbursement by the department or the regional center of the services provided to the child or consumer shall be limited to the reasonable value of services less 25 percent, which represents the department's or the regional center's reasonable share of attorney's fees paid by the child or consumer, and that portion of the cost of litigation expenses determined by multiplying by the ratio of the full amount of the reasonable value of services so provided to the full amount of the judgment, award, or settlement.

4659.13. (a) If a consumer or child under 36 months of age who is eligible for the California Early Intervention Program, the department, or a regional center brings an action or claim against a third party or carrier, the consumer, child, regional center, or department, within 30 days of filing the action, shall provide the other persons or entities specified in this subdivision with written notice by personal service or registered mail of the action or claim, and of the name of the court or state or local agency in which the action or claim is brought. Proof of the notice shall be filed in the action or claim. If an action or claim is brought by the department, the regional center, the child, or the consumer, any of the other persons or entities described in this subdivision, at any time before trial on the facts, may become a party to, or shall consolidate, their action or claim with, another action or claim if brought independently.

(b) If an action or claim is brought by the department or the regional center pursuant to subdivision (a) of Section 4659.11, written notice to the child, consumer, guardian, conservator, personal representative, estate, or survivor given pursuant to this section shall advise him or her of his or her right to intervene in the proceeding, his or her right to obtain a private attorney of his or her choice, and the department's right to recover the reasonable value of the services provided.

4659.14. In the event of judgment or award in a suit or claim against a third party or carrier:

(a) If the action or claim is prosecuted by the child or consumer alone, the court or agency shall first order paid from any judgment or award the reasonable litigation expenses incurred in preparation and prosecution of the action or claim, together with reasonable attorney's fees, when an attorney has been retained. After payment of these expenses and attorney's fees the court or agency, on the application of the department or the regional center, shall allow as a lien against the amount of the settlement, judgment, or award, the reasonable value of additional services provided to the child under the California Early Intervention Program or consumer under this division, as provided in subdivision (d) of Section 4659.12.

(b) If the action or claim is prosecuted both by the consumer or child and the department or regional center, the court or agency shall first order paid from any judgment or award the reasonable litigation expenses incurred in

preparation and prosecution of the action or claim, together with reasonable attorney's fees based solely on the services rendered for the benefit of the child or consumer. After payment of these expenses and attorney's fees, the court or agency shall apply out of the balance of the judgment or award an amount sufficient to reimburse the department the full amount of the reasonable value of services provided.

4659.15. Upon further application at any time before the judgment or award is satisfied, the court shall allow as a further lien the reasonable value of additional services provided arising out of the same cause of action or claim provided on behalf of the consumer under this division, or child under the California Early Intervention Program, where the services were provided or became payable subsequent to the original order.

4659.16. (a) No settlement, judgment, or award in any action or claim by a consumer or child to recover damages for injuries, where the department or regional center has an interest, shall be deemed final or satisfied without first giving the department notice and a reasonable opportunity to perfect and to satisfy the department's or regional center's lien. Recovery of the lien from an injured consumer's or child's action or claim is limited to that portion of a settlement, judgment, or award that represents payment for services provided on behalf of the consumer under this division or a child under the California Early Intervention Program. All reasonable efforts shall be made to obtain the department's advance agreement to a determination as to what portion of a settlement, judgment, or award represents payment for services provided on behalf of the consumer under this division or the child under the California Early Intervention Program. Absent the department's advance agreement as to what portion of a settlement, judgment, or award represents payment for medical expenses, or medical care, provided to the child or consumer, the matter shall be submitted to a court for decision. The department, the regional center, or the child or consumer may seek resolution of the dispute by filing a motion, which shall be subject to regular law and motion procedures.

(b) If the child or consumer has filed a third-party action or claim, the court in which the action or claim was filed shall have jurisdiction over a dispute between the department or regional center and the child or consumer regarding the amount of a lien asserted pursuant to this section that is based upon an allocation of damages contained in a settlement or compromise of the third-party action or claim. If no third-party action or claim has been filed, any superior court in California where venue would have been proper, had a claim or action been filed, shall have jurisdiction over the motion. The motion may be filed as a special motion and treated as an ordinary law and motion proceeding subject to regular motion fees. The reimbursement determination motion shall be treated as a special proceeding of a civil nature pursuant to Part 3 (commencing with Section 1063) of the Code of Civil Procedure. When no action is pending, the person making the motion shall be required to pay a first appearance fee. When an action is pending, the person making the motion shall pay a regular law and motion fee. Notwithstanding Section 1064 of the Code of Civil Procedure, the child or

consumer, the regional center, or the department may appeal the final findings, decision, or order.

(c) The court shall issue its findings, decision, or order, which shall be considered the final determination of the parties' rights and obligations with respect to the department's lien, unless the settlement is contingent on an acceptable allocation of the settlement proceeds, in which case, the court's findings, decision, or order shall be considered a tentative determination. If the child or consumer does not serve notice of a rejection of the tentative determination, which shall be based solely upon a rejection of the contingent settlement, within 30 days of the notice of entry of the court's tentative determination, subject to further consideration by the court pursuant to subdivision (d), the tentative determination shall become final. Notwithstanding Section 1064 of the Code of Civil Procedure, the child, consumer, regional center, or department may appeal the final findings, decision, or order.

(d) If the consumer or child does not accept the tentative determination, which shall be based solely upon a rejection of the contingent settlement, any party may subsequently seek further consideration of the court's findings upon application to modify the prior findings, decision, or order based on new or different facts or circumstances. The application shall include an affidavit showing what application was made before, when, and to what judge, what order or decision was made, and what new or different facts or circumstances, including a different settlement, are claimed to exist. Upon further consideration, the court may modify the allocation in the interest of fairness and for good cause.

4659.17. When the department or regional center has perfected a lien upon a judgment or award in favor of a child eligible for the California Early Intervention Program or a consumer against any third party for an injury for which the consumer has received services pursuant to this division, the department or the regional center shall be entitled to a writ of execution as lien claimant to enforce payment of the lien against the third party with interest and other accruing costs as in the case of other executions. In the event the amount of the judgment or award so recovered has been paid to the child or consumer, the department or the regional center shall be entitled to a writ of execution against the child or consumer to the extent of the department's or the regional center's lien, with interest and other accruing costs as in the case of other executions.

4659.18. Notwithstanding any other provision of law, in no event shall the department or the regional center recover an amount greater than the child eligible for the California Early Intervention Program or consumer recovers after deducting from the settlement judgment, or award, attorney's fees and litigation costs paid for by the child or consumer. If the recovery of the department or regional center is determined under this section, the reductions in subdivision (d) of Section 4659.12 shall not apply.

4659.19. The amount recovered by the department or regional center shall not exceed the amount derived from applying Section 4659.12, 4659.16, or 4659.18, whichever is less.

4659.20. In the event that the child or consumer, his or her guardian, conservator, limited conservator, personal representative, estate, or survivors, or any of them brings an action against the third party that may be liable for the injury, notice of institution of legal proceedings, notice of settlement, and all other notices required by this article shall be given to the director of the department in Sacramento except in cases where the director specifies that notice shall be given to the Attorney General. All notices shall be given by insurance carriers, as described in Section 14124.70, having liability for the child's or consumer's claim, and by the attorney retained to assert the claim by the consumer or child, or by the injured child or consumer, his or her guardian, conservator, limited conservator, personal representative, estate, or survivors, if no attorney is retained.

4659.21. Notwithstanding any other provision of law, all carriers described in Section 14124.70, including automobile, casualty, property, and malpractice insurers, shall enter into agreements with regional centers and the department to permit and assist the matching of the eligibility files of the department and the regional centers against the carrier's claim files, utilizing, if necessary, social security numbers as common identifiers for the purpose of determining whether services were provided to a child eligible for the California Early Intervention Program or consumer because of an injury for which another person is liable, or for which a carrier is liable in accordance with the provisions of any policy of insurance. The carrier shall maintain a centralized file of claimants' names, mailing addresses, and social security numbers or dates of birth. This information shall be made available to the department and the regional center upon a reasonable request by the department or a regional center. The agreement described in this section shall include financial arrangements for reimbursing carriers for necessary costs incurred in furnishing requested information.

4659.22. (a) Every health insurer, self-insured plan, group health plan, as defined in Section 607(1) of the federal Employee Retirement Income Security Act of 1974 (29 U.S.C. Sec. 1001 et seq.), service benefit plan, managed care organization, including health care service plans as defined in subdivision (f) of Section 1345 of the Health and Safety Code, licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code), pharmacy benefit manager, or other party that is, by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service, upon request of the department or a regional center for any records, or any information contained in records pertaining to, an individual or group health insurance policy or plan issued by the insurer or plan against, or pertaining to, the services paid by or claims made against the insurer or plans under a policy or plan, shall make the requested records or information available upon a certification by the department or regional center that the individual is an applicant for or recipient of services under this division, is an applicant for or recipient of services under the California Early Intervention Program, or is a person who is legally responsible for the applicant or recipient, provided that the department and regional center

certifies its compliance with all state and federal laws pertaining to the confidentiality of medical information.

(b) The department or regional center shall enter into a cooperative agreement setting forth mutually agreeable procedures for requesting and furnishing appropriate information, consistent with laws pertaining to the confidentiality and privacy of medical information. These procedures shall include any financial arrangements as may be necessary to reimburse insurers or plans for necessary costs incurred in furnishing requested information, and the time and manner those procedures are to become effective. The department shall make every effort to coordinate with the State Department of Health Care Services to obtain this information for this purpose, avoid duplication and administrative costs, and to protect privacy of medical information pursuant to state and federal law.

(c) The information required to be made available pursuant to this section shall be limited to information necessary to determine whether health care services have been or should have been claimed and paid pursuant to an obligation of entities identified in subdivision (a) and the terms and conditions of the enrollee's contract or, in the case of a Medi-Cal beneficiary, pursuant to the scope of the contract between the State Department of Health Care Services and a Medi-Cal managed care health plan, with respect to services received by a particular individual for which services under this division or under the California Early Intervention Program would be available.

(d) Not later than the date upon which the procedures agreed to pursuant to subdivision (b) become effective, the director shall establish guidelines to ensure that information relating to an individual certified to be an applicant child or consumer, furnished to any insurer or plan pursuant to this section, is used only for the purpose of identifying the records or information requested in the manner so as not to violate the confidentiality of an applicant or recipient.

(e) The department shall implement this section no later than July 1, 2011.

4659.23. In order to assess overlapping or duplicate health coverage, every health insurer, self-insured plan, group health plan, as defined in Section 607(1) of the federal Employee Retirement Income Security Act of 1974 (29 U.S.C. Sec. 1001 et seq.), service benefit plan, managed care organization, including health care service plans as defined in subdivision (f) of Section 1345 of the Health and Safety Code, licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code), pharmacy benefit manager, or other party that is, by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service shall maintain a centralized file of the subscribers', policyholders', or enrollees' names, mailing addresses, and social security numbers or date of birth, and where available, for all other covered persons, the names and social security numbers or dates of births. This information shall be made available to the department or a regional center upon

reasonable request. Notwithstanding Section 20230 of the Government Code, the Board of Administration of the California Public Employees' Retirement System and affiliated systems or contract agencies shall permit data matches with the state department to identify consumers with third-party health coverage or insurance.

4659.24. (a) When the rights of a consumer or a child receiving services under the California Early Intervention Program to recovery from an insurer have been assigned to the department or a regional center, an insurer shall not impose any requirement on the department or the regional center that is different from any requirement applicable to an agent or assignee of the covered consumer or child.

(b) The department may garnish the wages, salary, or other employment income of, and withhold amounts from state tax refunds from, any person to whom both of the following apply:

(1) The person is required by a court or administrative order to provide coverage of the costs of services provided to a child under the California Early Intervention Program or a consumer under this division.

(2) The person has received payment from a third party for the costs of the services for the child or consumer, but he or she has not used the payments to reimburse, as appropriate, either the other parent or the person having custody of the child or consumer, or the provider of the services, to the extent necessary to reimburse the department for expenditures for those costs under this division. All claims for current or past due child support shall take priority over claims made by the department or the regional center.

(c) For purposes of this section, "insurer" includes every health insurer, self-insured plan, group health plan, as defined in Section 607(1) of the federal Employee Retirement Income Security Act of 1974 (29 U.S.C. Sec. 1001 et seq.), service benefit plan, managed care organization, including health care service plans as defined in subdivision (f) of Section 1345 of the Health and Safety Code, licensed pursuant to the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code), pharmacy benefit manager, or other party that is, by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service.

SEC. 15. Section 4791 of the Welfare and Institutions Code is amended to read:

4791. (a) Notwithstanding any other provision of law or regulation, between July 1, 2010, and June 30, 2012, inclusive, regional centers may temporarily modify personnel requirements, functions, or qualifications, or staff training requirements for providers, except for licensed or certified residential providers, whose payments are reduced by 4.25 percent pursuant to the amendments to Section 10 of Chapter 13 of the Third Extraordinary Session of the Statutes of 2009, as amended by Section 164 of Chapter 717 of the Statutes of 2010.

(b) A temporary modification pursuant to subdivision (a), effective during any agreed upon period of time between July 1, 2010, and June 30, 2012,

inclusive, may only be approved when the regional center determines that the change will not do any of the following:

(1) Adversely affect the health and safety of a consumer receiving services or supports from the provider.

(2) Result in a consumer receiving services in a more restrictive environment.

(3) Negatively impact the availability of federal financial participation.

(4) Violate any state licensing or labor laws or other provisions of Title 17 of the California Code of Regulations not eligible for modification pursuant to this section.

(c) A temporary modification pursuant to subdivision (a) shall be described in a written services contract between the regional center purchasing the services and the provider, and a copy of the written services contract and any related documentation shall be retained by the provider and the regional center purchasing the services from the provider.

(d) Notwithstanding any other provision of law or regulation, the department shall suspend, from July 1, 2010, to June 30, 2012, inclusive, the requirements described in Sections 56732 and 56800 of Title 17 of the California Code of Regulations requiring community-based day programs and in-home respite agencies to conduct annual reviews and to submit written reports to vendoring regional centers, user regional centers, and the department.

(e) Notwithstanding any other provision of law or regulation, from July 1, 2010, to June 30, 2012, inclusive, a residential service provider, vendored by a regional center and whose payment is reduced by 4.25 percent pursuant to the amendments to Section 10 of Chapter 13 of the Third Extraordinary Session of the Statutes of 2009, as amended by Section 164 of Chapter 717 of the Statutes of 2010, shall not be required to complete quarterly and semiannual progress reports required in subdivisions (b) and (c) of Section 56026 of Title 17 of the California Code of Regulations.
