An act relating to energy.

LEGISLATIVE COUNSEL'S DIGEST

SB 142, as introduced, Rubio. Energy.

Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations and gas corporations, as defined. Existing law authorizes the commission to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable.

This bill would state the intent of the Legislature to enact legislation to address the lack of interregional parity of single rate structures when applied to differing climate regions.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. It is the intent of the Legislature to enact
- 2 legislation to address the lack of interregional parity of single rate
- 3 structures when applied to differing climate regions.
