LEGISLATIVE COUNSEL'S DIGEST

SB 146, Wyland. Healing arts: professional clinical counselors.

Existing law, the Licensed Professional Clinical Counselor Act, provides for the licensure and regulation of professional clinical counselors by the Board of Behavioral Sciences. Existing law also governs the regulation of clinical counselor trainees and clinical counselor interns. A violation of the act is punishable as a crime.

This bill would make changes to various provisions concerning the practice of professional clinical counselors, clinical counselor trainees, and clinical counselor interns, including, but not limited to, provisions relating to education and training and licensure fees. The bill would authorize the formation of professional clinical counselor corporations for purposes of rendering professional services, subject to specified requirements. The bill would make conforming changes to the Moscone-Knox Professional Corporation Act and would authorize professional clinical counselors to be shareholders, officers, directors, or professional employees of other professional corporations, as specified. The bill would provide that a violation of these provisions constitutes a violation of the Licensed Professional Clinical Counselor Act,

the violation of which is punishable as a crime, thereby imposing a state-mandated local program.

Existing law imposes specified fees on applicants for licensure as professional clinical counselors and registration as clinical counselor interns, including examination fees.

This bill would impose additional fees on these applicants, licensees, and registrants for the rescoring of examinations of a license or for replacement or issuance of a certificate or letter of good standing.

Existing law requires certain licensees to complete training in human sexuality and authorizes the board to adopt education and training for licensees related to chemical dependency and the assessment and treatment of AIDS.

This bill would extend the application of these provisions to professional clinical counselors.

Existing law requires a health care practitioner to communicate to a patient his or her name, license type, and highest level of academic degree in writing or in a prominent display in an area visible to patients in his or her office. Existing law exempts from these requirements certain health care practitioners.

This bill would exempt professional clinical counselors from those requirements.

Existing law requires the board to provide on the Internet information regarding the status of every license issued by the board.

This bill would require the board to disclose information on licensed professional clinical counselors.

Existing law requires insurers that provide liability insurance to certain licensees, and state or local governmental agencies that self insure those licensees, to report to the board certain settlement or arbitration awards. Existing law requires certain licensees to report to the board certain settlements, judgments, or arbitration awards. The failure of a licensee to report this information constitutes a crime subject to specified fines.

This bill would extend the application of these provisions to professional clinical counselors. By expanding a crime, the bill would impose a state-mandated local program.

Existing law establishes a peer review process for certain healing arts licensees and requires peer review bodies to review licensee conduct under specified circumstances. The willful failure of a

peer review body to make specified reports is punishable as a crime.

This bill would apply these provisions to professional clinical counselors and set forth the criteria for the establishment of a peer review body, as specified. Because the willful failure of such a peer review body to make specified reports would be punishable as a crime, the bill would impose a state-mandated local program.

Existing law provides that there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, certain professional societies or its members for any act performed within the scope of the functions of that professional society or peer review or for the operation of a referral service, as specified.

This bill would extend the application of these provisions to a professional society consisting of professional clinical counselors and members of that society.

Existing law provides a cause of action against a psychotherapist, as defined, for injury caused by sexual contact with the psychotherapist.

This bill would extend the application of that cause of action to professional clinical counselors and registered clinical counselor interns or trainees, and their patients.

Existing law requests that the California State University, the University of California, and the California Community Colleges develop standards and guidelines for curriculum in gerontology, nursing, social work, psychology, marriage and family therapy, and rehabilitation therapies.

This bill would add to that requested curriculum professional clinical counseling.

Existing law makes admissible in a criminal proceeding the testimony of a witness who has previously undergone hypnosis for the purpose of recalling events that are the subject of the witness's testimony, if specified conditions are met, including that the hypnosis was performed by a licensed physician and surgeon, psychologist, licensed clinical social worker, or a licensed marriage and family therapist experienced in the use of hypnosis.

This bill would make admissible the testimony from a witness who has undergone hypnosis by a professional clinical counselor.

Existing law provides that a patient has a privilege to refuse to disclose, and to prevent another from disclosing, a confidential

communication between a patient and his or her psychotherapist, as defined.

This bill would extend the patient-psychotherapist privilege to confidential communications made between a patient and his or her professional clinical counselor, a registered clinical counselor intern or trainee, or a professional clinical counselor corporation. The bill would make a technical change to provisions that apply to associate clinical social workers.

Existing law provides that the proceedings and records of organized committees of healing arts professions or of a peer review body are not subject to discovery, except as specified.

This bill would provide that the proceedings and records of committees or peer review bodies of professional clinical counselors are not subject to discovery, except as specified.

Existing law authorizes the family law division of the superior court to contract with eligible providers of supervised visitation and exchange services, education, and group counseling to provide services.

This bill would authorize the family law division to contract with professional clinical counselors for those services.

Existing law sets forth the provisions that govern the provision of mental health treatment or counseling services and residential shelter services by professional persons, as defined.

This bill would extend the application of those provisions to professional clinical counselors and clinical counselor interns.

Existing law prohibits the licensure requirements of healing arts personnel in the state and other governmental health facilities licensed by the state from being any less than those of professional personnel in health facilities under private ownership, subject to specified waiver provisions.

This bill would extend the application of those provisions to professional clinical counselors who work in those facilities.

Existing law, the Knox-Keene Health Care Service Act of 1975 (Knox-Keene Act), provides for the licensure and regulation of health care service plans by the Department of Managed Health Care, and makes a willful violation of its provisions a crime. Existing law requires a health care service plan that provides, operates, or contracts for telephone medical advice services to ensure that the staff providing those services are properly licensed, as specified.

This bill would require a health care service plan that provides telephone medical advice services to ensure that any professional clinical counselors providing those services are licensed. Because a willful violation of these provisions would be punishable as a crime, the bill would impose a state-mandated local program.

Existing law requires a health care service plan to provide to an enrollee or prospective enrollee, upon request, a list of contracting providers within the enrollee's or prospective enrollee's general geographic area.

This bill would require a health care service plan to make that information available with regard to contracting providers who are professional clinical counselors. Because a willful violation of these provisions would be punishable as a crime, the bill would impose a state-mandated local program.

Under existing law, a health care service plan may not prohibit an enrollee from selecting certain healing art licensees for mental health services. Existing law also sets forth provisions that apply to health care service plan contracts or health insurance policies that are written or issued for delivery outside of California and where benefits are provided within the scope of practice of certain healing arts licensees.

This bill would add professional clinical counselors to the list of healing arts licensees in those provisions and would make similar changes to provisions that apply to insurance carriers. Because a willful violation of these provisions under the Knox-Keene Act would be punishable as a crime, the bill would impose a state-mandated local program.

Existing law sets forth provisions governing patient records and the responsibilities and duties of health care providers, as defined, with regard to those records, and as applied to other healing arts licensees when practicing at institutions for the developmentally disabled or mental hospitals.

This bill would apply the provisions that govern patient records to professional clinical counselors and clinical counselor interns.

Existing law requires a person who provides mental health services in local mental health facilities to be licensed. Existing law allows that licensure requirement to be waived in local facilities for psychologists, clinical social workers, and marriage and family therapists who are gaining the experience required for licensure.

This bill would apply those waiver provisions to the profession of clinical counseling.

Under the Child Abuse Neglect and Reporting Act, certain persons are mandated reporters, as defined. Failure of a mandated reporter to report an incident of known or reasonably suspected child abuse or neglect is a misdemeanor.

This bill would make professional clinical counselors, clinical counselor interns, and clinical counselor trainees mandated reporters. By expanding a crime, the bill would impose a state-mandated local program.

Existing law generally regulates the provision of community mental health services for the mentally disordered in every county. Existing law authorizes the establishment of regional, secure facilities, which are designed for the commitment and ongoing treatment of seriously emotionally disturbed minors who have been adjudged wards of the juvenile court. Among other things, existing law sets forth staffing requirements for the opening of one of these regional facilities, including requiring that the staff include a pediatrician, dentist, and marriage and family therapist, on an as-needed basis.

This bill would revise the staffing requirements for a regional facility to include a marriage and family therapist or professional clinical counselor, or both, on an as-needed basis. The bill would also authorize the position of director of local mental health services to be a professional clinical counselor and would make other conforming changes to the certification review provisions.

This bill would incorporate additional changes in Section 4999.120 of the Business and Professions Code, proposed by SB 704, to be operative only if SB 704 and this bill are both chaptered and become effective on or before January 1, 2012, and this bill is chaptered last.

This bill would incorporate additional changes in Section 4514 of the Welfare and Institutions Code, proposed by SB 368, to be operative only if SB 368 and this bill are both chaptered and become effective on or before January 1, 2012, and this bill is chaptered last.

This bill would make other conforming changes and enact related provisions.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the

state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. Section 25 of the Business and Professions Code is amended to read:

25. Any person applying for a license, registration, or the first renewal of a license, after the effective date of this section, as a licensed marriage and family therapist, a licensed clinical social worker, a licensed psychologist, or a licensed professional clinical counselor shall, in addition to any other requirements, show by evidence satisfactory to the agency regulating the business or profession, that he or she has completed training in human sexuality as a condition of licensure. The training shall be creditable toward continuing education requirements as deemed appropriate by the agency regulating the business or profession, and the course shall not exceed more than 50 contact hours.

The Board of Psychology shall exempt from the requirements of this section any persons whose field of practice is such that they are not likely to have use for this training.

The content and length of the training shall be determined by the administrative agency regulating the business or profession and the agency shall proceed immediately upon the effective date of this section to determine what training, and the quality of staff to provide the training, is available and shall report its determination to the Legislature on or before July 1, 1977.

(b) A board vested with the responsibility of regulating the following licensees shall consider including training regarding the characteristics and method of assessment and treatment of acquired immune deficiency syndrome (AIDS) in any continuing education or training requirements for those licensees: chiropractors, medical laboratory technicians, dentists, dental hygienists, dental assistants, physicians and surgeons, podiatrists, registered nurses, licensed vocational nurses, psychologists, physician assistants, respiratory therapists, acupuncturists, marriage and family therapists, licensed

Section 800 (except a person licensed pursuant to Chapter 3 (commencing with Section 1200) or Chapter 5 (commencing with Section 2000) or the Osteopathic Initiative Act) who does not possess professional liability insurance as to that claim shall, within 30 days after the written settlement agreement has been reduced to writing and signed by all the parties thereto or 30 days after service of the judgment or arbitration award on the parties, be reported to the agency that issued the license, certificate, or similar authority. A complete report shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be sent to the claimant through his or her counsel if the person is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the judgment or arbitration award on the parties, counsel for the claimant (or if the claimant is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make the complete report. Failure of the licensee or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars (\$50) or more than five hundred dollars (\$500). A complete report shall be made by appropriate means by the person or his or her counsel, with a copy of the communication to be sent to the claimant through his or her counsel if he or she is so represented, or directly if he or she is not. If, within 45 days of the conclusion of the written settlement agreement or service of the judgment or arbitration award on the parties, counsel for the claimant (or if he or she is not represented by counsel, the claimant himself or herself) has not received a copy of the report, he or she shall himself or herself make a complete report. Failure of the marriage and family therapist, clinical social worker, or professional clinical counselor or claimant (or, if represented by counsel, his or her counsel) to comply with this section is a public offense punishable by a fine of not less than fifty dollars (\$50) nor more than five hundred dollars (\$500). Knowing and intentional failure to comply with this section, or conspiracy or collusion not to comply with this section or to hinder or impede any other person in that compliance, is a public offense punishable by a fine of not less than five thousand dollars (\$5,000) nor more than fifty thousand dollars (\$50,000).

(2) “Licentiate” means a physician and surgeon, doctor of podiatric medicine, clinical psychologist, marriage and family therapist, clinical social worker, professional clinical counselor, or dentist. “Licentiate” also includes a person authorized to practice medicine pursuant to Section 2113 or 2168.

(3) “Agency” means the relevant state licensing agency having regulatory jurisdiction over the licentiates listed in paragraph (2).

(4) “Staff privileges” means any arrangement under which a licentiate is allowed to practice in or provide care for patients in a health facility. Those arrangements shall include, but are not limited to, full staff privileges, active staff privileges, limited staff privileges, auxiliary staff privileges, provisional staff privileges, temporary staff privileges, courtesy staff privileges, locum tenens arrangements, and contractual arrangements to provide professional services, including, but not limited to, arrangements to provide outpatient services.

(5) “Denial or termination of staff privileges, membership, or employment” includes failure or refusal to renew a contract or to renew, extend, or reestablish any staff privileges, if the action is based on medical disciplinary cause or reason.

(6) “Medical disciplinary cause or reason” means that aspect of a licentiate’s competence or professional conduct that is

reasonably likely to be detrimental to patient safety or to the delivery of patient care.

(7) “805 report” means the written report required under subdivision (b).

(b) The chief of staff of a medical or professional staff or other chief executive officer, medical director, or administrator of any peer review body and the chief executive officer or administrator of any licensed health care facility or clinic shall file an 805 report with the relevant agency within 15 days after the effective date on which any of the following occur as a result of an action of a peer review body:

(1) A licentiate’s application for staff privileges or membership is denied or rejected for a medical disciplinary cause or reason.

(2) A licentiate’s membership, staff privileges, or employment is terminated or revoked for a medical disciplinary cause or reason.

(3) Restrictions are imposed, or voluntarily accepted, on staff privileges, membership, or employment for a cumulative total of 30 days or more for any 12-month period, for a medical disciplinary cause or reason.

(c) If a licentiate takes any action listed in paragraph (1), (2), or (3) after receiving notice of a pending investigation initiated for a medical disciplinary cause or reason or after receiving notice that his or her application for membership or staff privileges is denied or will be denied for a medical disciplinary cause or reason, the chief of staff of a medical or professional staff or other chief executive officer, medical director, or administrator of any peer review body and the chief executive officer or administrator of any licensed health care facility or clinic where the licentiate is employed or has staff privileges or membership or where the licentiate applied for staff privileges or membership, or sought the renewal thereof, shall file an 805 report with the relevant agency within 15 days after the licentiate takes the action.

(1) Resigns or takes a leave of absence from membership, staff privileges, or employment.

(2) Withdraws or abandons his or her application for staff privileges or membership.

(3) Withdraws or abandons his or her request for renewal of staff privileges or membership.

(d) For purposes of filing an 805 report, the signature of at least one of the individuals indicated in subdivision (b) or (c) on the

completed form shall constitute compliance with the requirement to file the report.

(e) An 805 report shall also be filed within 15 days following the imposition of summary suspension of staff privileges, membership, or employment, if the summary suspension remains in effect for a period in excess of 14 days.

(f) A copy of the 805 report, and a notice advising the licentiate of his or her right to submit additional statements or other information, electronically or otherwise, pursuant to Section 800, shall be sent by the peer review body to the licentiate named in the report. The notice shall also advise the licentiate that information submitted electronically will be publicly disclosed to those who request the information.

The information to be reported in an 805 report shall include the name and license number of the licentiate involved, a description of the facts and circumstances of the medical disciplinary cause or reason, and any other relevant information deemed appropriate by the reporter.

A supplemental report shall also be made within 30 days following the date the licentiate is deemed to have satisfied any terms, conditions, or sanctions imposed as disciplinary action by the reporting peer review body. In performing its dissemination functions required by Section 805.5, the agency shall include a copy of a supplemental report, if any, whenever it furnishes a copy of the original 805 report.

If another peer review body is required to file an 805 report, a health care service plan is not required to file a separate report with respect to action attributable to the same medical disciplinary cause or reason. If the Medical Board of California or a licensing agency of another state revokes or suspends, without a stay, the license of a physician and surgeon, a peer review body is not required to file an 805 report when it takes an action as a result of the revocation or suspension.

(g) The reporting required by this section shall not act as a waiver of confidentiality of medical records and committee reports. The information reported or disclosed shall be kept confidential except as provided in subdivision (c) of Section 800 and Sections 803.1 and 2027, provided that a copy of the report containing the information required by this section may be disclosed as required

by Section 805.5 with respect to reports received on or after January 1, 1976.

(h) The Medical Board of California, the Osteopathic Medical Board of California, and the Dental Board of California shall disclose reports as required by Section 805.5.

(i) An 805 report shall be maintained electronically by an agency for dissemination purposes for a period of three years after receipt.

(j) No person shall incur any civil or criminal liability as the result of making any report required by this section.

(k) A willful failure to file an 805 report by any person who is designated or otherwise required by law to file an 805 report is punishable by a fine not to exceed one hundred thousand dollars (\$100,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. The fine shall be paid to that agency but not expended until appropriated by the Legislature. A violation of this subdivision may constitute unprofessional conduct by the licensee. A person who is alleged to have violated this subdivision may assert any defense available at law. As used in this subdivision, “willful” means a voluntary and intentional violation of a known legal duty.

(l) Except as otherwise provided in subdivision (k), any failure by the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report, shall be punishable by a fine that under no circumstances shall exceed fifty thousand dollars (\$50,000) per violation. The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file an 805 report is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. The fine shall be paid to that agency but not expended until appropriated by the Legislature. The amount of the fine imposed, not exceeding fifty thousand dollars (\$50,000) per

violation, shall be proportional to the severity of the failure to report and shall differ based upon written findings, including whether the failure to file caused harm to a patient or created a risk to patient safety; whether the administrator of any peer review body, the chief executive officer or administrator of any health care facility, or any person who is designated or otherwise required by law to file an 805 report exercised due diligence despite the failure to file or whether they knew or should have known that an 805 report would not be filed; and whether there has been a prior failure to file an 805 report. The amount of the fine imposed may also differ based on whether a health care facility is a small or rural hospital as defined in Section 124840 of the Health and Safety Code.

(m) A health care service plan licensed under Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code or a disability insurer that negotiates and enters into a contract with licentiates to provide services at alternative rates of payment pursuant to Section 10133 of the Insurance Code, when determining participation with the plan or insurer, shall evaluate, on a case-by-case basis, licentiates who are the subject of an 805 report, and not automatically exclude or deselect these licentiates.

SEC. 10. Section 809 of the Business and Professions Code is amended to read:

809. (a) The Legislature hereby finds and declares the following:

(1) In 1986, Congress enacted the federal Health Care Quality Improvement Act of 1986 (42 U.S.C. Sec. 11101 et seq.), to encourage physicians and surgeons to engage in effective professional peer review, but giving each state the opportunity to “opt-out” of some of the provisions of the federal act.

(2) Because of deficiencies in the federal act and the possible adverse interpretations by the courts of the federal act, it is preferable for California to “opt-out” of the federal act and design its own peer review system.

(3) Peer review, fairly conducted, is essential to preserving the highest standards of medical practice.

(4) Peer review that is not conducted fairly results in harm to both patients and healing arts practitioners by limiting access to care.

(5) Peer review, fairly conducted, will aid the appropriate state licensing boards in their responsibility to regulate and discipline errant healing arts practitioners.

(6) To protect the health and welfare of the people of California, it is the policy of the State of California to exclude, through the peer review mechanism as provided for by California law, those healing arts practitioners who provide substandard care or who engage in professional misconduct, regardless of the effect of that exclusion on competition.

(7) It is the intent of the Legislature that peer review of professional health care services be done efficiently, on an ongoing basis, and with an emphasis on early detection of potential quality problems and resolutions through informal educational interventions.

(8) Sections 809 to 809.8, inclusive, shall not affect the respective responsibilities of the organized medical staff or the governing body of an acute care hospital with respect to peer review in the acute care hospital setting. It is the intent of the Legislature that written provisions implementing Sections 809 to 809.8, inclusive, in the acute care hospital setting shall be included in medical staff bylaws that shall be adopted by a vote of the members of the organized medical staff and shall be subject to governing body approval, which approval shall not be withheld unreasonably.

(9) (A) The Legislature thus finds and declares that the laws of this state pertaining to the peer review of healing arts practitioners shall apply in lieu of Section 11101 and following of Title 42 of the United States Code, because the laws of this state provide a more careful articulation of the protections for both those undertaking peer review activity and those subject to review, and better integrate public and private systems of peer review. Therefore, California exercises its right to opt out of specified provisions of the federal Health Care Quality Improvement Act relating to professional review actions, pursuant to Section 11111(c)(2)(B) of Title 42 of the United States Code. This election shall not affect the availability of any immunity under California law.

(B) The Legislature further declares that it is not the intent or purpose of Sections 809 to 809.8, inclusive, to opt out of any

mandatory national data bank established pursuant to Section 11131 and following of Title 42 of the United States Code.

(b) For the purpose of this section and Sections 809.1 to 809.8, inclusive, “healing arts practitioner” or “licentiate” means a physician and surgeon, podiatrist, clinical psychologist, marriage and family therapist, clinical social worker, professional clinical counselor, or dentist; and “peer review body” means a peer review body as specified in paragraph (1) of subdivision (a) of Section 805, and includes any designee of the peer review body.

SEC. 11. Section 4990.20 of the Business and Professions Code is amended to read:

4990.20. (a) The board may adopt rules and regulations as necessary to administer and enforce the provisions of this chapter and the other chapters it administers and enforces. The adoption, amendment, or repeal of those rules and regulations shall be made in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) The board may formulate and enforce rules and regulations requiring the following:

(1) That the articles of incorporation or bylaws of a marriage and family therapist corporation, a licensed clinical social worker corporation, or a professional clinical counselor corporation include a provision whereby the capital stock of that corporation owned by a disqualified person, as defined in the Moscone-Knox Professional Corporation Act (Part 4 (commencing with Section 13400) of Division 3 of Title 1 of the Corporations Code), or a deceased person shall be sold to the corporation or to the remaining shareholders of that corporation within the time that the rules and regulations may provide.

(2) That a marriage and family therapist corporation, a licensed clinical social worker corporation, or a professional clinical counselor corporation shall provide adequate security by insurance or otherwise for claims against it by its patients arising out of the rendering of professional services.

SEC. 12. Section 4999.120 of the Business and Professions Code is amended to read:

4999.120. The board shall assess fees for the application for and the issuance and renewal of licenses and for the registration of interns to cover administrative and operating expenses of the

board related to this chapter. Fees assessed pursuant to this section shall not exceed the following:

(i) The fee for annual renewal of an intern registration shall be up to one hundred fifty dollars (\$150).

(j) The fee for two-year renewal of licenses shall be up to two hundred fifty dollars (\$250).

(k) The fee for issuance of a retired license shall be forty dollars (\$40).

(l) The fee for rescoring an examination shall be twenty dollars (\$20).

(m) The fee for issuance of a replacement license or registration shall be twenty dollars (\$20).

(n) The fee for issuance of a certificate or letter of good standing shall be twenty-five dollars (\$25).

SEC. 12.5. Section 4999.120 of the Business and Professions Code is amended to read:

4999.120. The board shall assess fees for the application for and the issuance and renewal of licenses and for the registration of interns to cover administrative and operating expenses of the board related to this chapter. Fees assessed pursuant to this section shall not exceed the following:

(f) The fee for the examination described in subdivision (b) of Section 4999.54 shall be up to one hundred dollars (\$100).

(h) The fee for annual renewal of licenses issued pursuant to Section 4999.54 shall be up to one hundred fifty dollars (\$150).

(i) The fee for annual renewal of an intern registration shall be up to one hundred fifty dollars (\$150).

(j) The fee for two-year renewal of licenses shall be up to two hundred fifty dollars (\$250).

(k) The fee for issuance of a retired license shall be forty dollars (\$40).

(l) The fee for rescoring an examination shall be twenty dollars (\$20).

(m) The fee for issuance of a replacement license or registration shall be twenty dollars (\$20).

(n) The fee for issuance of a certificate or letter of good standing shall be twenty-five dollars (\$25).

SEC. 13. Article 7 (commencing with Section 4999.123) is added to Chapter 16 of Division 2 of the Business and Professions Code, to read:

Article 7. Professional Clinical Counselor Corporations

4999.123. A professional clinical counselor corporation is a corporation that is authorized to render professional services, as defined in Section 13401 of the Corporations Code, so long as that corporation and its shareholders, officers, directors, and employees who are rendering professional services and who are licensed professional clinical counselors, marriage and family therapists, physicians and surgeons, psychologists, licensed clinical social

workers, registered nurses, chiropractors, or acupuncturists, are in compliance with the Moscone-Knox Professional Corporation Act (Part 4 (commencing with Section 13400) of Division 3 of Title 1 of the Corporations Code), this article, and any other statute or regulation pertaining to that corporation and the conduct of its affairs. With respect to a professional clinical counselor corporation, the term “governmental agency” in the Moscone-Knox Professional Corporation Act (Part 4 (commencing with Section 13400) of Division 3 of Title 1 of the Corporations Code) shall be construed to mean the Board of Behavioral Sciences.

4999.124. It shall constitute unprofessional conduct and a violation of this chapter for any person licensed under this chapter to violate, attempt to violate, directly or indirectly, or assist in, or abet the violation of, or conspire to violate, any provision or term of this article, the Moscone-Knox Professional Corporation Act (Part 4 (commencing with Section 13400) of Division 3 of Title 1 of the Corporations Code), or any regulation adopted under those laws.

4999.125. The name of a professional clinical counselor corporation and any name or names under which it may be rendering professional services shall contain the words “licensed professional clinical counselor” or “professional clinical counselor” and wording or abbreviations denoting a corporate existence. A professional clinical counselor corporation that conducts business under a fictitious business name shall not use any name that is false, misleading, or deceptive, and shall inform each patient, prior to commencement of treatment, that the business is conducted by a professional clinical counselor corporation.

4999.126. Except as provided in Section 13403 of the Corporations Code, each director, shareholder, and officer of a professional clinical counselor corporation shall be a licensed person, as defined in Section 13401 of the Corporations Code.

4999.127. The income of a professional clinical counselor corporation attributable to professional services rendered while a shareholder is a disqualified person, as defined in Section 13401 of the Corporations Code, shall not in any manner accrue to the benefit of that shareholder or his or her shares in the professional clinical counselor corporation.

4999.128. A professional clinical counselor corporation shall not perform or fail to perform any act the performance of which,

or for which the failure to perform, would constitute unprofessional conduct under any statute, rule, or regulation. In the conduct of its practice, a professional clinical counselor corporation shall observe and be bound by any statute, rule, or regulation that applies to a licensed professional clinical counselor.

4999.129. The board may formulate and enforce any rule or regulation to carry out the purposes and objectives of this article, including as follows:

(a) Any rule or regulation that requires that the articles of incorporation or bylaws of a professional clinical counselor corporation shall include a provision that requires the capital stock of the corporation owned by a disqualified person, as defined in Section 13401 of the Corporations Code, or a deceased person to be sold to the corporation or to the remaining shareholders of the corporation within the timeframe that the rule or regulation requires.

(b) Any rule or regulation that requires that a professional clinical counselor corporation shall provide adequate security by insurance or otherwise for claims against the corporation by its patients arising out of the rendering of professional services.

SEC. 14. Section 43.7 of the Civil Code is amended to read:

43.7. (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any member of a duly appointed mental health professional quality assurance committee that is established in compliance with Section 4070 of the Welfare and Institutions Code, for any act or proceeding undertaken or performed within the scope of the functions of the committee which is formed to review and evaluate the adequacy, appropriateness, or effectiveness of the care and treatment planned for, or provided to, mental health patients in order to improve quality of care by mental health professionals if the committee member acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he or she acts, and acts in reasonable belief that the action taken by him or her is warranted by the facts known to him or her after the reasonable effort to obtain facts.

(b) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society, any member of a duly appointed committee of a medical specialty society, or any member of a duly appointed committee

of a state or local professional society, or duly appointed member of a committee of a professional staff of a licensed hospital (provided the professional staff operates pursuant to written bylaws that have been approved by the governing board of the hospital), for any act or proceeding undertaken or performed within the scope of the functions of the committee which is formed to maintain the professional standards of the society established by its bylaws, or any member of any peer review committee whose purpose is to review the quality of medical, dental, dietetic, chiropractic, optometric, acupuncture, psychotherapy, or veterinary services rendered by physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, chiropractors, optometrists, acupuncturists, veterinarians, marriage and family therapists, professional clinical counselors, or psychologists, which committee is composed chiefly of physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, chiropractors, optometrists, acupuncturists, veterinarians, marriage and family therapists, professional clinical counselors, or psychologists for any act or proceeding undertaken or performed in reviewing the quality of medical, dental, dietetic, chiropractic, optometric, acupuncture, psychotherapy, or veterinary services rendered by physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, chiropractors, optometrists, acupuncturists, veterinarians, marriage and family therapists, professional clinical counselors, or psychologists or any member of the governing board of a hospital in reviewing the quality of medical services rendered by members of the staff if the professional society, committee, or board member acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he, she, or it acts, and acts in reasonable belief that the action taken by him, her, or it is warranted by the facts known to him, her, or it after the reasonable effort to obtain facts. "Professional society" includes legal, medical, psychological, dental, dental hygiene, dietetic, accounting, optometric, acupuncture, podiatric, pharmaceutical, chiropractic, physical therapist, veterinary, licensed marriage and family therapy, licensed clinical social work, licensed professional clinical counselor, and engineering organizations having as members at least 25 percent of the eligible persons or licentiates in the geographic area served by the particular society. However, if the society has fewer than 100 members, it shall have as members at

least a majority of the eligible persons or licentiates in the geographic area served by the particular society.

“Medical specialty society” means an organization having as members at least 25 percent of the eligible physicians and surgeons within a given professionally recognized medical specialty in the geographic area served by the particular society.

(c) This section does not affect the official immunity of an officer or employee of a public corporation.

(d) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any physician and surgeon, podiatrist, or chiropractor who is a member of an underwriting committee of an interindemnity or reciprocal or interinsurance exchange or mutual company for any act or proceeding undertaken or performed in evaluating physicians and surgeons, podiatrists, or chiropractors for the writing of professional liability insurance, or any act or proceeding undertaken or performed in evaluating physicians and surgeons for the writing of an interindemnity, reciprocal, or interinsurance contract as specified in Section 1280.7 of the Insurance Code, if the evaluating physician and surgeon, podiatrist, or chiropractor acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he or she acts, and acts in reasonable belief that the action taken by him or her is warranted by the facts known to him or her after the reasonable effort to obtain the facts.

(e) This section shall not be construed to confer immunity from liability on any quality assurance committee established in compliance with Section 4070 of the Welfare and Institutions Code or hospital. In any case in which, but for the enactment of the preceding provisions of this section, a cause of action would arise against a quality assurance committee established in compliance with Section 4070 of the Welfare and Institutions Code or hospital, the cause of action shall exist as if the preceding provisions of this section had not been enacted.

SEC. 15. Section 43.8 of the Civil Code is amended to read:

43.8. (a) In addition to the privilege afforded by Section 47, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any person on account of the communication of information in the possession of that person to any hospital, hospital medical staff, veterinary hospital staff, professional society, medical, dental, podiatric, psychology,

marriage and family therapy, professional clinical counselor, or veterinary school, professional licensing board or division, committee or panel of a licensing board, the Senior Assistant Attorney General of the Health Quality Enforcement Section appointed under Section 12529 of the Government Code, peer review committee, quality assurance committees established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code, or underwriting committee described in Section 43.7 when the communication is intended to aid in the evaluation of the qualifications, fitness, character, or insurability of a practitioner of the healing or veterinary arts.

(b) The immunities afforded by this section and by Section 43.7 shall not affect the availability of any absolute privilege that may be afforded by Section 47.

(c) Nothing in this section is intended in any way to affect the California Supreme Court’s decision in *Hassan v. Mercy American River Hospital* (2003) 31 Cal.4th 709, holding that subdivision (a) provides a qualified privilege.

SEC. 16. Section 43.93 of the Civil Code is amended to read:

43.93. (a) For the purposes of this section the following definitions are applicable:

(1) “Psychotherapy” means the professional treatment, assessment, or counseling of a mental or emotional illness, symptom, or condition.

(2) “Psychotherapist” means a physician and surgeon specializing in the practice of psychiatry, a psychologist, a psychological assistant, a marriage and family therapist, a registered marriage and family therapist intern or trainee, an educational psychologist, an associate clinical social worker, a licensed clinical social worker, a professional clinical counselor, or a registered clinical counselor intern or trainee.

(3) “Sexual contact” means the touching of an intimate part of another person. “Intimate part” and “touching” have the same meanings as defined in subdivisions (f) and (d), respectively, of Section 243.4 of the Penal Code. For the purposes of this section, sexual contact includes sexual intercourse, sodomy, and oral copulation.

(4) “Therapeutic relationship” exists during the time the patient or client is rendered professional service by the psychotherapist.

(5) “Therapeutic deception” means a representation by a psychotherapist that sexual contact with the psychotherapist is consistent with or part of the patient’s or former patient’s treatment.

(2) Within two years following termination of therapy.

(3) By means of therapeutic deception.

(c) The patient or former patient may recover damages from a psychotherapist who is found liable for sexual contact. It is not a defense to the action that sexual contact with a patient occurred outside a therapy or treatment session or that it occurred off the premises regularly used by the psychotherapist for therapy or treatment sessions. No cause of action shall exist between spouses within a marriage.

(d) In an action for sexual contact, evidence of the plaintiff’s sexual history is not subject to discovery and is not admissible as evidence except in either of the following situations:

(1) The plaintiff claims damage to sexual functioning.

(2) The defendant requests a hearing prior to conducting discovery and makes an offer of proof of the relevancy of the history, and the court finds that the history is relevant and the probative value of the history outweighs its prejudicial effect.

The court shall allow the discovery or introduction as evidence only of specific information or examples of the plaintiff’s conduct that are determined by the court to be relevant. The court’s order shall detail the information or conduct that is subject to discovery.

SEC. 17. Section 43.95 of the Civil Code is amended to read:

43.95. (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society or any nonprofit corporation authorized by a professional society to operate a referral service, or their agents, employees, or members, for referring any member of the public to any professional member of the society or service, or for acts of negligence or conduct constituting unprofessional conduct committed by a professional to whom a member of the public was referred, so long as any of the foregoing persons or entities has

acted without malice, and the referral was made at no cost added to the initial referral fee as part of a public service referral system organized under the auspices of the professional society. Further, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society for providing a telephone information library available for use by the general public without charge, nor against any nonprofit corporation authorized by a professional society for providing a telephone information library available for use by the general public without charge. "Professional society" includes legal, psychological, architectural, medical, dental, dietetic, accounting, optometric, podiatric, pharmaceutical, chiropractic, veterinary, licensed marriage and family therapy, licensed clinical social work, professional clinical counselor, and engineering organizations having as members at least 25 percent of the eligible persons or licentiates in the geographic area served by the particular society. However, if the society has less than 100 members, it shall have as members at least a majority of the eligible persons or licentiates in the geographic area served by the particular society. "Professional society" also includes organizations with referral services that have been authorized by the State Bar of California and operated in accordance with its Minimum Standards for a Lawyer Referral Service in California, and organizations that have been established to provide free assistance or representation to needy patients or clients.

(b) This section shall not apply whenever the professional society, while making a referral to a professional member of the society, fails to disclose the nature of any disciplinary action of which it has actual knowledge taken by a state licensing agency against that professional member. However, there shall be no duty to disclose a disciplinary action in either of the following cases:

(1) Where a disciplinary proceeding results in no disciplinary action being taken against the professional to whom a member of the public was referred.

(2) Where a period of three years has elapsed since the professional to whom a member of the public was referred has satisfied any terms, conditions, or sanctions imposed upon the professional as disciplinary action; except that if the professional is an attorney, there shall be no time limit on the duty to disclose.

At the hearing, each side shall have the right to present expert testimony and to cross-examine witnesses.

(b) Nothing in this section shall be construed to limit the ability of a party to attack the credibility of a witness who has undergone hypnosis, or to limit other legal grounds to admit or exclude the testimony of that witness.

A waiver granted pursuant to this paragraph shall not exceed three years from the date the employment commences in this state in the case of psychologists, or four years from commencement of the employment in this state in the case of marriage and family therapists, clinical social workers, and professional clinical counselors, at which time licensure shall have been obtained or the employment shall be terminated, except that an extension of a waiver of licensure for marriage and family therapists, clinical social workers, and professional clinical counselors may be granted for one additional year, based on extenuating circumstances determined by the state department pursuant to subdivision (e). For persons employed as psychologists, clinical social workers, marriage and family therapists, or professional clinical counselors less than full time, an extension of a waiver of licensure may be granted for additional years proportional to the extent of part-time employment, as long as the person is employed without interruption in service, but in no case shall the waiver of licensure exceed six years in the case of clinical social workers, marriage and family therapists, or professional clinical counselors, or five years in the case of psychologists.

(4) The durational limitation upon waivers pursuant to paragraph (3) shall not apply to any of the following:

(c) A special permit shall be issued by the state department when it finds that the staff, both professional and nonprofessional, and the standards of care and services are adequate and appropriate, and that the special services unit is operated in the manner required in this chapter and by the rules and regulations adopted hereunder.

(d) The state department shall apply the same standards to state and other governmental health facilities that it licenses as it applies to health facilities in private ownership, including standards

specifying the level of training and supervision of all unlicensed practitioners. Except for psychologists, the department may grant an extension of a waiver of licensure for personnel recruited from outside this state for one additional year, based upon extenuating circumstances as determined by the department pursuant to subdivision (e).

(A) For full service health care service plans, the staff hold a valid California license as a registered nurse or a valid license in the state within which they provide telephone medical advice services as a physician and surgeon or physician assistant, and are

operating in compliance with the laws governing their respective scopes of practice.

(B) (i) For specialized health care service plans providing, operating, or contracting with a telephone medical advice service in California, the staff shall be appropriately licensed, registered, or certified as a dentist pursuant to Chapter 4 (commencing with Section 1600) of Division 2 of the Business and Professions Code, as a dental hygienist pursuant to Article 7 (commencing with Section 1740) of Chapter 4 of Division 2 of the Business and Professions Code, as a physician and surgeon pursuant to Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code or the Osteopathic Initiative Act, as a registered nurse pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, as a psychologist pursuant to Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code, as an optometrist pursuant to Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code, as a marriage and family therapist pursuant to Chapter 13 (commencing with Section 4980) of Division 2 of the Business and Professions Code, as a licensed clinical social worker pursuant to Chapter 14 (commencing with Section 4991) of Division 2 of the Business and Professions Code, as a professional clinical counselor pursuant to Chapter 16 (commencing with Section 4999.10) of Division 2 of the Business and Professions Code, or as a chiropractor pursuant to the Chiropractic Initiative Act, and operating in compliance with the laws governing their respective scopes of practice.

(ii) For specialized health care service plans providing, operating, or contracting with an out-of-state telephone medical advice service, the staff shall be health care professionals, as identified in clause (i), who are licensed, registered, or certified in the state within which they are providing the telephone medical advice services and are operating in compliance with the laws governing their respective scopes of practice. All registered nurses providing telephone medical advice services to both in-state and out-of-state business entities registered pursuant to this chapter shall be licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code.

(3) Ensure that every full service health care service plan provides for a physician and surgeon who is available on an on-call

basis at all times the service is advertised to be available to enrollees and subscribers.

(4) Ensure that staff members handling enrollee or subscriber calls, who are not licensed, certified, or registered as required by paragraph (2), do not provide telephone medical advice. Those staff members may ask questions on behalf of a staff member who is licensed, certified, or registered as required by paragraph (2), in order to help ascertain the condition of an enrollee or subscriber so that the enrollee or subscriber can be referred to licensed staff. However, under no circumstances shall those staff members use the answers to those questions in an attempt to assess, evaluate, advise, or make any decision regarding the condition of an enrollee or subscriber or determine when an enrollee or subscriber needs to be seen by a licensed medical professional.

(5) Ensure that no staff member uses a title or designation when speaking to an enrollee or subscriber that may cause a reasonable person to believe that the staff member is a licensed, certified, or registered professional described in Section 4999.2 of the Business and Professions Code unless the staff member is a licensed, certified, or registered professional.

(6) Ensure that the in-state or out-of-state telephone medical advice service designates an agent for service of process in California and files this designation with the director.

(7) Requires that the in-state or out-of-state telephone medical advice service makes and maintains records for a period of five years after the telephone medical advice services are provided, including, but not limited to, oral or written transcripts of all medical advice conversations with the health care service plan's enrollees or subscribers in California and copies of all complaints. If the records of telephone medical advice services are kept out of state, the health care service plan shall, upon the request of the director, provide the records to the director within 10 days of the request.

(8) Ensure that the telephone medical advice services are provided consistent with good professional practice.

(b) The director shall forward to the Department of Consumer Affairs, within 30 days of the end of each calendar quarter, data regarding complaints filed with the department concerning telephone medical advice services.

(c) For purposes of this section, “telephone medical advice” means a telephonic communication between a patient and a health care professional in which the health care professional’s primary function is to provide to the patient a telephonic response to the patient’s questions regarding his or her or a family member’s medical care or treatment. “Telephone medical advice” includes assessment, evaluation, or advice provided to patients or their family members.

SEC. 29. Section 1367.26 of the Health and Safety Code is amended to read:

1367.26. (a) A health care service plan shall provide, upon request, a list of the following contracting providers, within the enrollee’s or prospective enrollee’s general geographic area:

- (1) Primary care providers.
- (2) Medical groups.
- (3) Independent practice associations.
- (4) Hospitals.

(5) All other available contracting physicians and surgeons, psychologists, acupuncturists, optometrists, podiatrists, chiropractors, licensed clinical social workers, marriage and family therapists, professional clinical counselors, and nurse midwives to the extent their services may be accessed and are covered through the contract with the plan.

(b) This list shall indicate which providers have notified the plan that they have closed practices or are otherwise not accepting new patients at that time.

(c) The list shall indicate that it is subject to change without notice and shall provide a telephone number that enrollees can contact to obtain information regarding a particular provider. This information shall include whether or not that provider has indicated that he or she is accepting new patients.

(d) A health care service plan shall provide this information in written form to its enrollees or prospective enrollees upon request. A plan may, with the permission of the enrollee, satisfy the requirements of this section by directing the enrollee or prospective enrollee to the plan’s provider listings on its Internet Web site. Plans shall ensure that the information provided is updated at least quarterly. A plan may satisfy this update requirement by providing an insert or addendum to any existing provider listing. This

requirement shall not mandate a complete republishing of a plan's provider directory.

(e) Each plan shall make information available, upon request, concerning a contracting provider's professional degree, board certifications, and any recognized subspecialty qualifications a specialist may have.

(f) Nothing in this section shall prohibit a plan from requiring its contracting providers, contracting provider groups, or contracting specialized health care plans to satisfy these requirements. If a plan delegates the responsibility of complying with this section to its contracting providers, contracting provider groups, or contracting specialized health care plans, the plan shall ensure that the requirements of this section are met.

(g) Every health care service plan shall allow enrollees to request the information required by this section through their toll-free telephone number or in writing.

SEC. 30. Section 1373 of the Health and Safety Code is amended to read:

1373. (a) A plan contract may not provide an exception for other coverage if the other coverage is entitlement to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code, or Medicaid benefits under Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

Each plan contract shall be interpreted not to provide an exception for the Medi-Cal or Medicaid benefits.

A plan contract shall not provide an exemption for enrollment because of an applicant's entitlement to Medi-Cal benefits under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code, or Medicaid benefits under Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

A plan contract may not provide that the benefits payable thereunder are subject to reduction if the individual insured has entitlement to the Medi-Cal or Medicaid benefits.

(b) A plan contract that provides coverage, whether by specific benefit or by the effect of general wording, for sterilization operations or procedures shall not impose any disclaimer,

restriction on, or limitation of, coverage relative to the covered individual's reason for sterilization.

As used in this section, "sterilization operations or procedures" shall have the same meaning as that specified in Section 10120 of the Insurance Code.

(c) Every plan contract that provides coverage to the spouse or dependents of the subscriber or spouse shall grant immediate accident and sickness coverage, from and after the moment of birth, to each newborn infant of any subscriber or spouse covered and to each minor child placed for adoption from and after the date on which the adoptive child's birth parent or other appropriate legal authority signs a written document, including, but not limited to, a health facility minor release report, a medical authorization form, or a relinquishment form, granting the subscriber or spouse the right to control health care for the adoptive child or, absent this written document, on the date there exists evidence of the subscriber's or spouse's right to control the health care of the child placed for adoption. No plan may be entered into or amended if it contains any disclaimer, waiver, or other limitation of coverage relative to the coverage or insurability of newborn infants of, or children placed for adoption with, a subscriber or spouse covered as required by this subdivision.

(d) (1) Every plan contract that provides that coverage of a dependent child of a subscriber shall terminate upon attainment of the limiting age for dependent children specified in the plan, shall also provide that attainment of the limiting age shall not operate to terminate the coverage of the child while the child is and continues to meet both of the following criteria:

(A) Incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition.

(B) Chiefly dependent upon the subscriber for support and maintenance.

(2) The plan shall notify the subscriber that the dependent child's coverage will terminate upon attainment of the limiting age unless the subscriber submits proof of the criteria described in subparagraphs (A) and (B) of paragraph (1) to the plan within 60 days of the date of receipt of the notification. The plan shall send this notification to the subscriber at least 90 days prior to the date the child attains the limiting age. Upon receipt of a request by the subscriber for continued coverage of the child and proof of the

criteria described in subparagraphs (A) and (B) of paragraph (1), the plan shall determine whether the child meets that criteria before the child attains the limiting age. If the plan fails to make the determination by that date, it shall continue coverage of the child pending its determination.

(3) The plan may subsequently request information about a dependent child whose coverage is continued beyond the limiting age under this subdivision but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

(4) If the subscriber changes carriers to another plan or to a health insurer, the new plan or insurer shall continue to provide coverage for the dependent child. The new plan or insurer may request information about the dependent child initially and not more frequently than annually thereafter to determine if the child continues to satisfy the criteria in subparagraphs (A) and (B) of paragraph (1). The subscriber shall submit the information requested by the new plan or insurer within 60 days of receiving the request.

(5) (A) Except as set forth in subparagraph (B), under no circumstances shall the limiting age be less than 26 years of age with respect to plan years beginning on or after September 23, 2010.

(B) For plan years beginning before January 1, 2014, a group health care service plan contract that qualifies as a grandfathered health plan under Section 1251 of the federal Patient Protection and Affordable Care Act (Public Law 111-148) and that makes available dependent coverage of children may exclude from coverage an adult child who has not attained 26 years of age only if the adult child is eligible to enroll in an eligible employer-sponsored health plan, as defined in Section 5000A(f)(2) of the Internal Revenue Code, other than a group health plan of a parent.

(C) (i) With respect to a child (I) whose coverage under a group or individual plan contract ended, or who was denied or not eligible for coverage under a group or individual plan contract, because under the terms of the contract the availability of dependent coverage of children ended before the attainment of 26 years of age, and (II) who becomes eligible for that coverage by reason of the application of this paragraph, the health care service plan shall

give the child an opportunity to enroll that shall continue for at least 30 days. This opportunity and the notice described in clause (ii) shall be provided not later than the first day of the first plan year beginning on or after September 23, 2010, consistent with the federal Patient Protection and Affordable Care Act (Public Law 111-148), as amended by the federal Health Care and Education Reconciliation Act of 2010 (Public Law 111-152), and any additional federal guidance or regulations issued by the United States Secretary of Health and Human Services.

(ii) The health care service plan shall provide written notice stating that a dependent described in clause (i) who has not attained 26 years of age is eligible to enroll in the plan for coverage. This notice may be provided to the dependent's parent on behalf of the dependent. If the notice is included with other enrollment materials for a group plan, the notice shall be prominent.

(iii) In the case of an individual who enrolls under this subparagraph, coverage shall take effect no later than the first day of the first plan year beginning on or after September 23, 2010.

(iv) A dependent enrolling in a group health plan for coverage pursuant to this subparagraph shall be treated as a special enrollee as provided under the rules of Section 146.117(d) of Title 45 of the Code of Federal Regulations. The health care service plan shall offer the recipient of the notice all of the benefit packages available to similarly situated individuals who did not lose coverage by reason of cessation of dependent status. Any difference in benefits or cost-sharing requirements shall constitute a different benefit package. A dependent enrolling in a group health plan for coverage pursuant to this subparagraph shall not be required to pay more for coverage than similarly situated individuals who did not lose coverage by reason of cessation of dependent status.

(D) Nothing in this section shall require a health care service plan to make coverage available for a child of a child receiving dependent coverage. Nothing in this section shall be construed to modify the definition of "dependent" as used in the Revenue and Taxation Code with respect to the tax treatment of the cost of coverage.

(e) A plan contract that provides coverage, whether by specific benefit or by the effect of general wording, for both an employee and one or more covered persons dependent upon the employee and provides for an extension of the coverage for any period

following a termination of employment of the employee shall also provide that this extension of coverage shall apply to dependents upon the same terms and conditions precedent as applied to the covered employee, for the same period of time, subject to payment of premiums, if any, as required by the terms of the policy and subject to any applicable collective bargaining agreement.

(f) A group contract shall not discriminate against handicapped persons or against groups containing handicapped persons. Nothing in this subdivision shall preclude reasonable provisions in a plan contract against liability for services or reimbursement of the handicap condition or conditions relating thereto, as may be allowed by rules of the director.

(g) Every group contract shall set forth the terms and conditions under which subscribers and enrollees may remain in the plan in the event the group ceases to exist, the group contract is terminated, or an individual subscriber leaves the group, or the enrollees' eligibility status changes.

(h) (1) A health care service plan or specialized health care service plan may provide for coverage of, or for payment for, professional mental health services, or vision care services, or for the exclusion of these services. If the terms and conditions include coverage for services provided in a general acute care hospital or an acute psychiatric hospital as defined in Section 1250 and do not restrict or modify the choice of providers, the coverage shall extend to care provided by a psychiatric health facility as defined in Section 1250.2 operating pursuant to licensure by the State Department of Mental Health. A health care service plan that offers outpatient mental health services but does not cover these services in all of its group contracts shall communicate to prospective group contractholders as to the availability of outpatient coverage for the treatment of mental or nervous disorders.

(2) No plan shall prohibit the member from selecting any psychologist who is licensed pursuant to the Psychology Licensing Law (Chapter 6.6 (commencing with Section 2900) of Division 2 of the Business and Professions Code), any optometrist who is the holder of a certificate issued pursuant to Chapter 7 (commencing with Section 3000) of Division 2 of the Business and Professions Code or, upon referral by a physician and surgeon licensed pursuant to the Medical Practice Act (Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code), (A)

any marriage and family therapist who is the holder of a license under Section 4980.50 of the Business and Professions Code, (B) any licensed clinical social worker who is the holder of a license under Section 4996 of the Business and Professions Code, (C) any registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code, who possesses a master's degree in psychiatric-mental health nursing and is listed as a psychiatric-mental health nurse by the Board of Registered Nursing, (D) any advanced practice registered nurse certified as a clinical nurse specialist pursuant to Article 9 (commencing with Section 2838) of Chapter 6 of Division 2 of the Business and Professions Code who participates in expert clinical practice in the specialty of psychiatric-mental health nursing, to perform the particular services covered under the terms of the plan, and the certificate holder is expressly authorized by law to perform these services, or (E) any professional clinical counselor who is the holder of a license under Chapter 16 (commencing with Section 4999.10) of Division 2 of the Business and Professions Code.

(3) Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience.

(4) For the purposes of this section:

(A) "Marriage and family therapist" means a licensed marriage and family therapist who has received specific instruction in assessment, diagnosis, prognosis, and counseling, and psychotherapeutic treatment of premarital, marriage, family, and child relationship dysfunctions, which is equivalent to the instruction required for licensure on January 1, 1981.

(B) "Professional clinical counselor" means a licensed professional clinical counselor who has received specific instruction in assessment, diagnosis, prognosis, counseling, and psychotherapeutic treatment of mental and emotional disorders, which is equivalent to the instruction required for licensure on January 1, 2012.

(5) Nothing in this section shall be construed to allow a member to select and obtain mental health or psychological or vision care services from a certificate holder or licenseholder who is not

directly affiliated with or under contract to the health care service plan or specialized health care service plan to which the member belongs. All health care service plans and individual practice associations that offer mental health benefits shall make reasonable efforts to make available to their members the services of licensed psychologists. However, a failure of a plan or association to comply with the requirements of the preceding sentence shall not constitute a misdemeanor.

(6) As used in this subdivision, “individual practice association” means an entity as defined in subsection (5) of Section 1307 of the federal Public Health Service Act (42 U.S.C. Sec. 300e-1(5)).

(7) Health care service plan coverage for professional mental health services may include community residential treatment services that are alternatives to inpatient care and that are directly affiliated with the plan or to which enrollees are referred by providers affiliated with the plan.

(i) If the plan utilizes arbitration to settle disputes, the plan contracts shall set forth the type of disputes subject to arbitration, the process to be utilized, and how it is to be initiated.

(j) A plan contract that provides benefits that accrue after a certain time of confinement in a health care facility shall specify what constitutes a day of confinement or the number of consecutive hours of confinement that are requisite to the commencement of benefits.

(k) If a plan provides coverage for a dependent child who is over 26 years of age and enrolled as a full-time student at a secondary or postsecondary educational institution, the following shall apply:

(1) Any break in the school calendar shall not disqualify the dependent child from coverage.

(2) If the dependent child takes a medical leave of absence, and the nature of the dependent child’s injury, illness, or condition would render the dependent child incapable of self-sustaining employment, the provisions of subdivision (d) shall apply if the dependent child is chiefly dependent on the subscriber for support and maintenance.

(3) (A) If the dependent child takes a medical leave of absence from school, but the nature of the dependent child’s injury, illness, or condition does not meet the requirements of paragraph (2), the dependent child’s coverage shall not terminate for a period not to

exceed 12 months or until the date on which the coverage is scheduled to terminate pursuant to the terms and conditions of the plan, whichever comes first. The period of coverage under this paragraph shall commence on the first day of the medical leave of absence from the school or on the date the physician and surgeon determines the illness prevented the dependent child from attending school, whichever comes first. Any break in the school calendar shall not disqualify the dependent child from coverage under this paragraph.

(B) Documentation or certification of the medical necessity for a leave of absence from school shall be submitted to the plan at least 30 days prior to the medical leave of absence from the school, if the medical reason for the absence and the absence are foreseeable, or 30 days after the start date of the medical leave of absence from school and shall be considered prima facie evidence of entitlement to coverage under this paragraph.

(4) This subdivision shall not apply to a specialized health care service plan or to a Medicare supplement plan.

SEC. 31. Section 1373.8 of the Health and Safety Code is amended to read:

1373.8. A health care service plan contract where the plan is licensed to do business in this state and the plan provides coverage that includes California residents, but that may be written or issued for delivery outside of California, and where benefits are provided within the scope of practice of a licensed clinical social worker, a registered nurse licensed pursuant to Chapter 6 (commencing with Section 2700) of Division 2 of the Business and Professions Code who possesses a master's degree in psychiatric-mental health nursing and is listed as a psychiatric-mental health nurse by the Board of Registered Nursing, an advanced practice registered nurse who is certified as a clinical nurse specialist pursuant to Article 9 (commencing with Section 2838) of Chapter 6 of Division 2 of the Business and Professions Code who participates in expert clinical practice in the specialty of psychiatric-mental health nursing, a marriage and family therapist who is the holder of a license under Section 4980.50 of the Business and Professions Code, or a professional clinical counselor who is the holder of a license under Chapter 16 (commencing with Section 4999.10) of Division 2 of the Business and Professions Code shall not be deemed to prohibit persons covered under the contract from

selecting those licensed persons in California to perform the services in California that are within the terms of the contract even though the licensees are not licensed in the state where the contract is written or issued for delivery.

It is the intent of the Legislature in amending this section in the 1984 portion of the 1983–84 Legislative Session that persons covered by the contract and those providers of health care specified in this section who are licensed in California should be entitled to the benefits provided by the plan for services of those providers rendered to those persons.

SEC. 32. Section 1373.95 of the Health and Safety Code is amended to read:

1373.95. (a) (1) A health care service plan, other than a specialized health care service plan that offers professional mental health services on an employer-sponsored group basis, shall file a written continuity of care policy as a material modification with the department before March 31, 2004.

(2) A health care service plan shall include all of the following in its written continuity of care policy:

(A) A description of the plan's process for the block transfer of enrollees from a terminated provider group or hospital to a new provider group or hospital.

(B) A description of the manner in which the plan facilitates the completion of covered services pursuant to Section 1373.96.

(C) A template of the notice the plan proposes to send to enrollees describing its policy and informing enrollees of their right to completion of covered services.

(D) A description of the plan's process to review an enrollee's request for the completion of covered services.

(E) A provision ensuring that reasonable consideration is given to the potential clinical effect on an enrollee's treatment caused by a change of provider.

(3) If approved by the department, the provisions of the written continuity of care policy shall replace all prior continuity of care policies. The plan shall file a revision of the policy with the department if it makes a material change to it.

(b) (1) The provisions of this subdivision apply to a specialized health care service plan that offers professional mental health services on an employer-sponsored group basis.

(2) The plan shall file with the department a written policy describing the manner in which it facilitates the continuity of care for a new enrollee who has been receiving services from a nonparticipating mental health provider for an acute, serious, or chronic mental health condition when his or her employer changed health plans. The written policy shall allow the new enrollee a reasonable transition period to continue his or her course of treatment with the nonparticipating mental health provider prior to transferring to a participating provider and shall include the provision of mental health services on a timely, appropriate, and medically necessary basis from the nonparticipating provider. The policy may provide that the length of the transition period take into account on a case-by-case basis, the severity of the enrollee's condition and the amount of time reasonably necessary to effect a safe transfer. The policy shall ensure that reasonable consideration is given to the potential clinical effect of a change of provider on the enrollee's treatment for the condition. The policy shall describe the plan's process to review an enrollee's request to continue his or her course of treatment with a nonparticipating mental health provider. Nothing in this paragraph shall be construed to require the plan to accept a nonparticipating mental health provider onto its panel for treatment of other enrollees. For purposes of the continuing treatment of the transferring enrollee, the plan may require the nonparticipating mental health provider, as a condition of the right conferred under this section, to enter into its standard mental health provider contract.

(3) A plan may require a nonparticipating mental health provider whose services are continued pursuant to the written policy, to agree in writing to the same contractual terms and conditions that are imposed upon the plan's participating providers, including location within the plan's service area, reimbursement methodologies, and rates of payment. If the plan determines that an enrollee's health care treatment should temporarily continue with his or her existing provider or nonparticipating mental health provider, the plan shall not be liable for actions resulting solely from the negligence, malpractice, or other tortious or wrongful acts arising out of the provisions of services by the existing provider or a nonparticipating mental health provider.

(4) The written policy shall not apply to an enrollee who is offered an out-of-network option or to an enrollee who had the

option to continue with his or her previous specialized health care service plan that offers professional mental health services on an employer-sponsored group basis or mental health provider and instead voluntarily chose to change health plans.

(5) This subdivision shall not apply to a specialized health care service plan that offers professional mental health services on an employer-sponsored group basis if it includes out-of-network coverage that allows the enrollee to obtain services from his or her existing mental health provider or nonparticipating mental health provider.

(c) The health care service plan, including a specialized health care service plan that offers professional mental health services on an employer-sponsored group basis, shall provide to all new enrollees notice of its written continuity of care policy and information regarding the process for an enrollee to request a review under the policy and shall provide, upon request, a copy of the written policy to an enrollee.

(d) Nothing in this section shall require a health care service plan or a specialized health care service plan that offers professional mental health services on an employer-sponsored group basis to cover services or provide benefits that are not otherwise covered under the terms and conditions of the plan contract.

(e) The following definitions apply for the purposes of this section:

(1) “Hospital” means a general acute care hospital.

(d) “Patient records” means records in any form or medium maintained by, or in the custody or control of, a health care provider relating to the health history, diagnosis, or condition of a patient, or relating to treatment provided or proposed to be provided to the patient. “Patient records” includes only records pertaining to the patient requesting the records or whose representative requests the records. “Patient records” does not include information given in confidence to a health care provider by a person other than another health care provider or the patient, and that material may be removed from any records prior to inspection or copying under Section 123110 or 123115. “Patient records” does not include information contained in aggregate form, such as indices, registers, or logs.

(e) “Patient’s representative” or “representative” means any of the following:

- (1) A parent or guardian of a minor who is a patient.
- (2) The guardian or conservator of the person of an adult patient.

(f) “Alcohol and drug abuse records” means patient records, or discrete portions thereof, specifically relating to evaluation and treatment of alcoholism or drug abuse.

SEC. 34. Section 123115 of the Health and Safety Code is amended to read:

123115. (a) The representative of a minor shall not be entitled to inspect or obtain copies of the minor’s patient records in either of the following circumstances:

- (1) With respect to which the minor has a right of inspection under Section 123110.
- (2) Where the health care provider determines that access to the patient records requested by the representative would have a detrimental effect on the provider’s professional relationship with the minor patient or the minor’s physical safety or psychological well-being. The decision of the health care provider as to whether or not a minor’s records are available for inspection or copying

under this section shall not attach any liability to the provider, unless the decision is found to be in bad faith.

(b) When a health care provider determines there is a substantial risk of significant adverse or detrimental consequences to a patient in seeing or receiving a copy of mental health records requested by the patient, the provider may decline to permit inspection or provide copies of the records to the patient, subject to the following conditions:

SEC. 36. Section 10133.55 of the Insurance Code is amended to read:

10133.55. (a) (1) Except as provided in paragraph (2), every disability insurer covering hospital, medical, and surgical expenses on a group basis that contracts with providers for alternative rates pursuant to Section 10133 and limits payments under those policies to services secured by insureds and subscribers from providers charging alternative rates pursuant to these contracts, shall file with the Department of Insurance, a written policy describing how the insurer shall facilitate the continuity of care for new insureds or enrollees receiving services during a current episode of care for an acute condition from a noncontracting provider. This written policy shall describe the process used to facilitate continuity of care, including the assumption of care by a contracting provider.

(2) On or before July 1, 2002, every disability insurer covering hospital, medical, and surgical expenses on a group basis that contracts with providers for alternative rates pursuant to Section 10133 and limits payments under those policies to services secured by insureds and subscribers from providers charging alternative rates pursuant to these contracts, shall file with the department a written policy describing how the insurer shall facilitate the continuity of care for new enrollees who have been receiving services for an acute, serious, or chronic mental health condition from a nonparticipating mental health provider when the enrollee's employer has changed policies. Every written policy shall allow the new enrollee a reasonable transition period to continue his or her course of treatment with the nonparticipating mental health provider prior to transferring to another participating provider and shall include the provision of mental health services on a timely, appropriate, and medically necessary basis from the nonparticipating provider. The policy may provide that the length of the transition period take into account the severity of the enrollee's condition and the amount of time reasonably necessary to effect a safe transfer on a case-by-case basis. Nothing in this paragraph shall be construed to require the insurer to accept a

nonparticipating mental health provider onto its panel for treatment of other enrollees. For purposes of the continuing treatment of the transferring enrollee, the insurer may require the nonparticipating mental health provider, as a condition of the right conferred under this section, to enter into the standard mental health provider contract.

(b) Notice of the policy and information regarding how enrollees may request a review under the policy shall be provided to all new enrollees, except those enrollees who are not eligible as described in subdivision (e). A copy of the written policy shall be provided to eligible enrollees upon request. The written policy required to be filed under subdivision (a) shall describe how requests to continue services with an existing noncontracting provider are reviewed by the insurer. The policy shall ensure that reasonable consideration is given to the potential clinical effect that a change of provider would have on the insured's or subscriber's treatment for the acute condition.

(c) An insurer may require any nonparticipating provider whose services are continued pursuant to the written policy to agree in writing to meet the same contractual terms and conditions that are imposed upon the insurer's participating providers, including location within the service area, reimbursement methodologies, and rates of payment. If the insurer determines that a patient's health care treatment should temporarily continue with the patient's existing provider or nonparticipating mental health provider, the insurer shall not be liable for actions resulting solely from the negligence, malpractice, or other tortious or wrongful acts arising out of the provision of services by the existing provider or nonparticipating mental health provider.

(d) Nothing in this section shall require an insurer to cover services or provide benefits that are not otherwise covered under the terms and conditions of the policy contract.

(e) The written policy shall not apply to any insured or subscriber who is offered an out-of-network option, or who had the option to continue with his or her previous health benefits carrier or provider and instead voluntarily chose to change.

(f) This section shall not apply to insurer contracts that include out-of-network coverage under which the insured or subscriber is able to obtain services from the insured's or subscriber's existing provider or nonparticipating mental health provider.

(g) (1) For purposes of this section, “provider” refers to a person who is described in subdivision (f) of Section 900 of the Business and Professions Code.

(2) For purposes of this section, “nonparticipating mental health provider” refers to a psychiatrist, licensed psychologist, licensed marriage and family therapist, licensed clinical social worker, or licensed professional clinical counselor who is not part of the insurer’s contracted provider network.

(h) This section shall only apply to a group disability insurance policy if it provides coverage for hospital, medical, or surgical benefits.

Unless the policy or contract expressly includes acupuncture as a benefit, no person who is the holder of any license or certificate set forth in this section shall be paid or reimbursed under the policy for acupuncture.

(d) Nothing in this section shall be construed to allow any certificate holder or licensee enumerated in this section to perform professional mental health services beyond his or her field or fields of competence as established by his or her education, training, and experience.

(e) For the purposes of this section:
