AMENDED IN SENATE APRIL 25, 2011

SENATE BILL

No. 317

Introduced by Senator Rubio

February 14, 2011

An act to add Section 1506 to the Fish and Game Code, relating to fisheries.

LEGISLATIVE COUNSEL'S DIGEST

SB 317, as amended, Rubio. Kings River Fisheries Management Program.

Existing law authorizes the Department of Fish and Game to enter into contracts for fish and wildlife habitat preservation, restoration, and enhancement with public and private entities whenever the department finds that the contracts will assist in meeting the department's duty to preserve, protect, and restore fish and wildlife.

Former law, repealed by its own provisions on January 1, 2011, adopted and authorized a fisheries management program described in the Kings River Fisheries Management Program Framework Agreement. That former law authorized the department to contribute up to 50% of any capital costs incurred by local agencies for the recreation and fish and wildlife features of the program.

This bill would reenact those provisions, to be operative indefinitely, and would require that expenditures made pursuant to those provisions only be funded, upon appropriation by the Legislature, from ~~the Hatchery and Inland Fisheries Fund~~ *moneys that are not from a General Fund or general obligation bond source.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
