The people of the State of California do enact as follows:

1 SECTION 1. *Section 54690 of the Education Code, as amended*
2 *by Section 1 of Chapter 650 of the Statutes of 2010, is amended*
3 *to read:*

4 54690. (a) The Legislature hereby finds and declares that the
5 partnership academies program has proven to be a highly effective
6 state-school-private sector partnership, providing combined
7 academic and occupational training to high school pupils who
8 present a high risk of dropping out of school, and motivating those
9 pupils to stay in school and graduate. Partnership academies are
10 functioning in high schools across the state, with occupational
11 education and skills development successfully offered in
12 California's 15 different industry sectors, including electronics,
13 computer technology, finance, agribusiness, alternative energy,
14 environmental design and construction, graphic arts and printing,
15 international business, and space. Partnership academies have been
16 honored with national awards for excellence, and the California
17 partnership academies have been given high accolades in various
18 textbooks and studies addressing career technical education
19 programs.

20 (b) The Legislature finds *that* the partnership academies are in
21 the forefront of school efforts to integrate academic and career
22 technical education and that they can be effective in providing an
23 integrated learning program and high motivation toward pursuing
24 skilled occupational fields to pupils at risk of dropping out of
25 school and to pupils not motivated by the regular educational
26 curriculum. Further, the Legislature finds the partnership academies
27 can make a very positive contribution towards meeting the needs
28 of the state for a highly skilled and educated workforce in the 21st
29 century.

30 (c) Therefore, the Legislature hereby states its intent to expand
31 the number of partnership academies in this state's high schools,
32 hereafter to be known as California Partnership Academies; to
33 broaden the availability of these learning experiences to interested
34 pupils who do not meet the criteria of "at-risk" pupils; and to
35 encourage the establishment of academies whose occupational
36 fields address the needs of developing technologies. *The*
37 *Legislature further states its intent to preserve support and funding*

on June 30, 2012. This commitment ensures that work with high school pupils can continue without interruption, thereby increasing the likelihood of graduation, postsecondary education, credentialed training, or gainful employment. This commitment also strengthens the economy by creating and sustaining a skilled workforce for the state.

(d) For purposes of this article, an “at-risk” pupil means a pupil enrolled in high school who is at risk of dropping out of school, as indicated by at least three of the following criteria:

(1) Past record of irregular attendance. For purposes of this section, “irregular attendance” means absence from school 20 percent or more of the school year.

(e) Up to one-half of the pupils enrolled at a partnership academy may be pupils who do not meet the criteria of “at-risk” pupils.

SEC. 2. (a) The sum of six million seventy-five thousand dollars (\$6,075,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for the 2012–13 fiscal year for allocation pursuant to subdivision (b).

(b) Commencing with the 2012–13 fiscal year, the Superintendent shall allocate funds to California Partnership Academies that received funding pursuant to the enactment of Chapter 352 of the Statutes of 2005. This funding shall be awarded on a competitive basis, pursuant to the provisions of Article 5 (commencing with Section 54690) of Chapter 9 of Part 29 of Division 4 of Title 2 of the Education Code.

1 (c) *For purposes of making the computations required by Section*
