LEGISLATIVE COUNSEL'S DIGEST

SB 946, as amended, Committee on Health. Public health.

(1) Existing law defines “telemedicine” for purposes of various provisions of existing law relating to the practice of medicine, among other things.

This bill would replace the term with “telehealth.”

(2) Existing law authorizes a county to establish an emergency medical services fund for reimbursement of emergency medical services (EMS)-related costs, and requires an annual report to the Legislature on the implementation and status of the fund, including the fund balance

and the amount of moneys disbursed to physicians and surgeons, for hospitals, and for other emergency medical services purposes.

This bill would require the report to provide additional information regarding the moneys collected and disbursed, including, but not limited to, a description of the other emergency medical services purposes, and the total amount of allowable claims submitted, if the moneys are disbursed to hospitals on a claims basis, and the names and contact information of the entity responsible for the collection and disbursement of prescribed funds. By increasing the duties of local officials, this bill would impose a state-mandated local program.

(3) Existing law, the California Retail Food Code, establishes uniform health and sanitation standards for retail food facilities, as defined. The law requires the State Department of Public Health to adopt regulations to implement and administer those provisions, and delegates primary enforcement duties to local health agencies. A violation of any of these provisions is punishable as a misdemeanor.

The code requires food employees to report to the person in charge of a food facility when a food employee has a lesion or wound that is open or draining unless specified conditions to cover or protect the lesion are met. The code requires all employees to wash their hands in specified instances, including before donning gloves for working with food. The code also requires gloves to be worn when contacting food and food-contact surfaces under specified conditions, including when the employee has any cuts, sores, or rashes. Gloves are required to be changed, replaced, or washed as often as hand washing is required.

This bill would require hands to be washed before initially donning gloves and before donning gloves after specified instances where gloves were required to be changed or replaced. The bill would prohibit single-use gloves from being washed. The bill would also prohibit an employee who has a lesion or wound that is open or draining from handling food and would require a food employee who has any cuts, sores, rashes, lesions, or wounds to cover or protect the lesion, as specified.

This bill would define “hotdog” for purposes of the code.

By changing the definition of a crime and increasing the duties of local enforcement officials, this bill would impose a state-mandated local program.

(4) Existing law establishes various communicable disease prevention and control programs. Existing law requires the State Department of Public Health to establish a list of reportable diseases and conditions

and requires health care providers and laboratories to report cases of HIV infection to the local health officer using patient names and sets guidelines regarding these reports. Existing law requires the local health officers to report unduplicated HIV cases by name to the department.

This bill would authorize the department to revise the HIV reporting form without the adoption of a regulation, as specified.

(5) Existing law, the Health Insurance Portability and Accountability Implementation Act of 2001, provides, until January 1, 2013, for an office in the California Health and Human Services Agency to assume statewide leadership and perform related activities for the implementation of the federal Health Insurance Portability and Accountability Act (HIPAA). Under existing law, the director of the office is required to establish an advisory committee to obtain information on statewide activities to implement HIPAA that is required to meet, at a minimum, twice each year. Existing law required that, during 2002, state entities subject to HIPAA assess its impact on their operations and that the office report that information to the Legislature.

This bill would transfer responsibility for the statewide implementation of HIPAA to the Office of Health Information Integrity in the California Health and Human Services Agency. The bill would delete the requirement of 2 annual meetings for the advisory committee, providing for meetings as required for coordination purposes. The bill would also delete the assessment and reporting requirements for state entities and the office, which were required to be completed in 2002.

(6) Existing law, the federal Patient Protection and Affordable Care Act, prohibits a health insurance issuer offering group or individual health insurance coverage from imposing any preexisting condition for children with respect to plan years beginning on or after September 23, 2010, and for adults with respect to plan years beginning on or after January 1, 2014.

Existing law prohibits the exclusion or limitation of health care coverage for children due to any preexisting condition, except as specified. Existing law requires a carrier to fairly and affirmatively offer, market, and sell all of the carrier's health benefit plans that are offered and sold to a child in each service area in which the plan provides or arranges for health care coverage during any open enrollment period, as specified. Existing law imposes specified requirements on a carrier or solicitor when offering, marketing, or selling those plans.

This bill would make necessary technical changes to these provisions and correct erroneous cross-references. The bill would revise provisions

that reference “solicitor” to instead refer to an agent or broker, as specified.

(7) Under the Bronzan-McCorquodale Act, the State Department of Mental Health administers the provision of funds to counties for community mental health services programs. Existing law also permits counties to receive, under certain circumstances, Medi-Cal reimbursement for mental health services. Under existing law, negotiated net amounts or rates are used as the cost of services in contracts between the state and the county and between the county and a subprovider of services. Existing law establishes the method for computing negotiated rates. Existing law prohibits the charges for the care and treatment of each patient receiving service from a county mental health program from exceeding the actual or negotiated cost of the services.

This bill would only allow the use of negotiated net amounts as the cost of services in a contract between the state and a county and the county and a subprovider of services, and would eliminate the use of negotiated rates. The bill would also specify that the charges for the care and treatment of each patient receiving a service from a county mental health program shall not exceed the actual cost of the service.

(8) Existing law establishes the Medi-Cal program, administered by the State Department of Health Care Services, under which basic health care services are provided to qualified low-income persons. The Medi-Cal program is, in part, governed and funded by federal Medicaid provisions. Under existing law, the State Department of Health Care Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program. Existing law requires the State Department of Mental Health and the State Department of Health Care Services to jointly develop a ratesetting methodology for use in the Short-Doyle Medi-Cal system that maximizes federal funding and utilizes, as much as practicable, federal Medicare reimbursement principles. Existing law requires that this ratesetting methodology contain incentives relating to economy and efficiency.

The bill would delete the requirement that the ratesetting methodology in the Short-Doyle Medi-Cal system include incentives relating to economy and efficiency.

~~(9) The bill would also, with respect to the State Department of Health Care Services, delete an obsolete reporting requirement.~~

(10)

(9) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 2028.5 of the Business and Professions
2 Code is amended to read:

3 2028.5. (a) The board may establish a pilot program to expand
4 the practice of telemedicine, as defined in Section 2290.5, as it
5 read on January 1, 2011, in this state.

14 information on the best practices for chronic disease management
15 services and techniques and other health care information as
16 deemed appropriate.

17 (d) The board shall make a report with its recommendations
18 regarding its findings to the Legislature within one calendar year
19 of the commencement date of the pilot program. The report shall
20 include an evaluation of the improvement and affordability of
21 health care services and the reduction in the number of
22 complications achieved by the pilot program.

23 SEC. 2. Section 2290.5 of the Business and Professions Code
24 is amended to read:

25 2290.5. (a) (1) For the purposes of this section, “telehealth”
26 means the practice of health care delivery, diagnosis, consultation,

1 treatment, transfer of medical data, and education using interactive
2 audio, video, or data communications. Neither a telephone
3 conversation nor an electronic mail message between a health care
4 practitioner and patient constitutes “telehealth” for purposes of
5 this section.

6 (2) For purposes of this section, “interactive” means an audio,
7 video, or data communication involving a real time (synchronous)
8 or near real time (asynchronous) two-way transfer of medical data

16 care practitioner who has ultimate authority over the care or
17 primary diagnosis of the patient shall obtain verbal and written
18 informed consent from the patient or the patient’s legal
19 representative. The informed consent procedure shall ensure that
20 at least all of the following information is given to the patient or
21 the patient’s legal representative verbally and in writing:

22 (1) The patient or the patient’s legal representative retains the
23 option to withhold or withdraw consent at any time without
24 affecting the right to future care or treatment nor risking the loss
25 or withdrawal of any program benefits to which the patient or the
26 patient’s legal representative would otherwise be entitled.

27 (2) A description of the potential risks, consequences, and
28 benefits of telehealth.

29 (3) All existing confidentiality protections apply.

30 (4) All existing laws regarding patient access to medical
31 information and copies of medical records apply.

36 written statement prior to the delivery of health care via telehealth,
37 indicating that the patient or the patient’s legal representative
38 understands the written information provided pursuant to
39 subdivision (a), and that this information has been discussed with
40 the health care practitioner, or his or her designee.

1 (e) The written consent statement signed by the patient or the
2 patient’s legal representative shall become part of the patient’s
3 medical record.

4 (f) The failure of a health care practitioner to comply with this
5 section shall constitute unprofessional conduct. Section 2314 shall
6 not apply to this section.

7 (g) All existing laws regarding surrogate decisionmaking shall
8 apply. For purposes of this section, “surrogate decisionmaking”
9 means any decision made in the practice of medicine by a parent
10 or legal representative for a minor or an incapacitated or
11 incompetent individual.

12 (h) Except as provided in paragraph (3) of subdivision (c), this
13 section shall not apply when the patient is not directly involved in
14 the telehealth interaction, for example when one health care
15 practitioner consults with another health care practitioner.

16 (i) This section shall not apply in an emergency situation in
17 which a patient is unable to give informed consent and the
18 representative of that patient is not available in a timely manner.

19 (j) This section shall not apply to a patient under the jurisdiction
20 of the Department of Corrections or any other correctional facility.

21 (k) This section shall not be construed to alter the scope of
22 practice of any health care provider or authorize the delivery of
23 health care services in a setting, or in a manner, not otherwise
24 authorized by law.

34 ~~Nothing in this subdivision shall prevent collaboration among two~~
35 ~~or more licensees in a case or cases. However, no fee shall be~~

24 Facilities not located in this state shall conform to all licensing
25 and other requirements of the jurisdiction in which they are located.

27 be licensed or certified by their respective board or agency, where
28 licensure or certification is required by law.

34 at times as may be appropriate consistent with good professional
35 practice.

37 times to each enrollee consistent with good professional practice.
38 To the extent feasible, the plan shall make all services readily
39 accessible to all enrollees consistent with Section 1367.03.

1 (2) To the extent that telehealth services are appropriately
2 provided through telehealth, as defined in subdivision (a) of Section
3 2290.5 of the Business and Professions Code, these services shall
4 be considered in determining compliance with Section 1300.67.2
5 of Title 28 of the California Code of Regulations.

17 group contracts, and contracts with providers, and other persons
18 furnishing services, equipment, or facilities to or in connection
19 with the plan, shall be fair, reasonable, and consistent with the
20 objectives of this chapter. All contracts with providers shall contain
21 provisions requiring a fast, fair, and cost-effective dispute

11 (j) A health care service plan shall not require registration under
12 the Controlled Substances Act of 1970 (21 U.S.C. Sec. 801 et seq.)
13 as a condition for participation by an optometrist certified to use
14 therapeutic pharmaceutical agents pursuant to Section 3041.3 of
15 the Business and Professions Code.

16 Nothing in this section shall be construed to permit the director
17 to establish the rates charged subscribers and enrollees for
18 contractual health care services.

19 The director's enforcement of Article 3.1 (commencing with
20 Section 1357) shall not be deemed to establish the rates charged
21 subscribers and enrollees for contractual health care services.

22 The obligation of the plan to comply with this section shall not
23 be waived when the plan delegates any services that it is required
24 to perform to its medical groups, independent practice associations,

27 ~~amended to read:~~

28 ~~1374.13. (a) It is the intent of the Legislature to recognize the~~
29 ~~practice of telehealth as a legitimate means by which an individual~~
30 ~~may receive medical services from a health care provider without~~
31 ~~person-to-person contact with the provider.~~

32 ~~(b) For the purposes of this section, the meaning of "telehealth"~~
33 ~~is as defined in subdivision (a) of Section 2290.5 of the Business~~
34 ~~and Professions Code.~~

35 ~~(c) On and after January 1, 1997, no health care service plan~~
36 ~~contract that is issued, amended, or renewed shall require~~
37 ~~face-to-face contact between a health care provider and a patient~~
38 ~~for services appropriately provided through telehealth, subject to~~
39 ~~all terms and conditions of the contract agreed upon between the~~
40 ~~enrollee or subscriber and the plan. The requirement of this~~

1 ~~subdivision shall be operative for health care service plan contracts~~
2 ~~with the Medi-Cal managed care program only to the extent that~~
3 ~~both of the following apply:~~

4 ~~(1) Telehealth services are covered by, and reimbursed under,~~
5 ~~the Medi-Cal fee-for-service program, as provided in subdivision~~
6 ~~(e) of Section 14132.72.~~

23 providing to any subscriber or enrollee covered health care services,
24 the aggregate value of which exceeds five thousand dollars (\$5,000)
25 in any year, for the cost of covered health care services provided
26 to its members other than through the plan because medical
27 necessity required their provision before they could be secured
28 through the plan, and for not more than 90 percent of the amount
29 by which its costs for any of its fiscal years exceed 115 percent of
30 its income for that fiscal year.

31 (3) A procedure for prompt payment or denial of provider and
32 subscriber or enrollee claims, including those telehealth services,
33 as defined in subdivision (a) of Section 2290.5 of the Business and

37 93-406 (88 Stats. 829-1035, 29 U.S.C. Secs. 1001 et seq.) shall
38 satisfy this requirement.

1 (b) In determining whether the conditions of this section have
2 been met, the director shall consider, but not be limited to, the
3 following:

4 (1) The financial soundness of the plan's arrangements for health
5 care services and the schedule of rates and charges used by the
6 plan.

7 (2) The adequacy of working capital.

8 (3) Agreements with providers for the provision of health care
9 services.

36 membership include representatives from county government,
37 from consumers, and from a broad range of provider groups, such
38 as physicians and surgeons, clinics, hospitals, pharmaceutical
39 companies, health care service plans, disability insurers, long-term
40 care facilities, facilities for the developmentally disabled, and

1 mental health providers. The director shall invite key stakeholders
2 from the federal government, the Judicial Council, health care
3 advocates, nonprofit health care organizations, public health
4 systems, and the private sector to provide information to the
5 committee.

7 *SEC. 18.* Section 130309 of the Health and Safety Code is
8 repealed.

9 ~~SEC. 21.~~

10 *SEC. 19.* Section 10123.13 of the Insurance Code is amended
11 to read:

12 10123.13. (a) Every insurer issuing group or individual policies
13 of health insurance that covers hospital, medical, or surgical
14 expenses, including those telehealth services covered by the insurer
15 as defined in subdivision (a) of Section 2290.5 of the Business and
16 Professions Code, shall reimburse claims or any portion of any
17 claim, whether in state or out of state, for those expenses as soon
18 as practical, but no later than 30 working days after receipt of the
19 claim by the insurer unless the claim or portion thereof is contested
20 by the insurer, in which case the claimant shall be notified, in
21 writing, that the claim is contested or denied, within 30 working
22 days after receipt of the claim by the insurer. The notice that a
23 claim is being contested or denied shall identify the portion of the
24 claim that is contested or denied and the specific reasons including
25 for each reason the factual and legal basis known at that time by
26 the insurer for contesting or denying the claim. If the reason is
27 based solely on facts or solely on law, the insurer is required to
28 provide only the factual or the legal basis for its reason for
29 contesting or denying the claim. The insurer shall provide a copy
30 of the notice to each insured who received services pursuant to the
31 claim that was contested or denied and to the insured's health care
32 provider that provided the services at issue. The notice shall advise
33 the provider who submitted the claim on behalf of the insured or
34 pursuant to a contract for alternative rates of payment and the
35 insured that either may seek review by the department of a claim
36 that the insurer contested or denied, and the notice shall include
37 the address, Internet Web site address, and telephone number of
38 the unit within the department that performs this review function.
39 The notice to the provider may be included on either the
40 explanation of benefits or remittance advice and shall also contain

1 a statement advising the provider of its right to enter into the
2 dispute resolution process described in Section 10123.137. The
3 notice to the insured may also be included on the explanation of
4 benefits.

5 (b) If an uncontested claim is not reimbursed by delivery to the
6 claimant's address of record within 30 working days after receipt,
7 interest shall accrue and shall be payable at the rate of 10 percent
8 per annum beginning with the first calendar day after the
9 30-working day period.

10 (c) For purposes of this section, a claim, or portion thereof, is
11 reasonably contested when the insurer has not received a completed
12 claim and all information necessary to determine payer liability
13 for the claim, or has not been granted reasonable access to
14 information concerning provider services. Information necessary
15 to determine liability for the claims includes, but is not limited to,
16 reports of investigations concerning fraud and misrepresentation,
17 and necessary consents, releases, and assignments, a claim on
18 appeal, or other information necessary for the insurer to determine
19 the medical necessity for the health care services provided to the
20 claimant. If an insurer has received all of the information necessary
21 to determine payer liability for a contested claim and has not
22 reimbursed a claim determined to be payable within 30 working
23 days of receipt of that information, interest shall accrue and be
24 payable at a rate of 10 percent per annum beginning with the first
25 calendar day after the 30-working day period.

26 (d) The obligation of the insurer to comply with this section
27 shall not be deemed to be waived when the insurer requires its
28 contracting entities to pay claims for covered services.

29 ~~SEC. 22.~~

30 *SEC. 20.* Section 10123.147 of the Insurance Code is amended
31 to read:

32 10123.147. (a) Every insurer issuing group or individual
33 policies of health insurance that covers hospital, medical, or
34 surgical expenses, including those telehealth services covered by
35 the insurer as defined in subdivision (a) of Section 2290.5 of the
36 Business and Professions Code, shall reimburse each complete
37 claim, or portion thereof, whether in state or out of state, as soon
38 as practical, but no later than 30 working days after receipt of the
39 complete claim by the insurer. However, an insurer may contest
40 or deny a claim, or portion thereof, by notifying the claimant, in

1 writing, that the claim is contested or denied, within 30 working
2 days after receipt of the complete claim by the insurer. The notice
3 that a claim, or portion thereof, is contested shall identify the
4 portion of the claim that is contested, by revenue code, and the
5 specific information needed from the provider to reconsider the
6 claim. The notice that a claim, or portion thereof, is denied shall
7 identify the portion of the claim that is denied, by revenue code,
8 and the specific reasons for the denial, including the factual and
9 legal basis known at that time by the insurer for each reason. If
10 the reason is based solely on facts or solely on law, the insurer is
11 required to provide only the factual or legal basis for its reason to
12 deny the claim. The insurer shall provide a copy of the notice
13 required by this subdivision to each insured who received services
14 pursuant to the claim that was contested or denied and to the
15 insured's health care provider that provided the services at issue.
16 The notice required by this subdivision shall include a statement
17 advising the provider who submitted the claim on behalf of the
18 insured or pursuant to a contract for alternative rates of payment
19 and the insured that either may seek review by the department of
20 a claim that was contested or denied by the insurer and the address,
21 Internet Web site address, and telephone number of the unit within
22 the department that performs this review function. The notice to
23 the provider may be included on either the explanation of benefits
24 or remittance advice and shall also contain a statement advising
25 the provider of its right to enter into the dispute resolution process
26 described in Section 10123.137. An insurer may delay payment
27 of an uncontested portion of a complete claim for reconsideration
28 of a contested portion of that claim so long as the insurer pays
29 those charges specified in subdivision (b).

30 (b) If a complete claim, or portion thereof, that is neither
31 contested nor denied, is not reimbursed by delivery to the
32 claimant's address of record within the 30 working days after
33 receipt, the insurer shall pay the greater of fifteen dollars (\$15)
34 per year or interest at the rate of 10 percent per annum beginning
35 with the first calendar day after the 30-working-day period. An
36 insurer shall automatically include the fifteen dollars (\$15) per
37 year or interest due in the payment made to the claimant, without
38 requiring a request therefor.

39 (c) For the purposes of this section, a claim, or portion thereof,
40 is reasonably contested if the insurer has not received the completed

1 claim. A paper claim from an institutional provider shall be deemed
2 complete upon submission of a legible emergency department
3 report and a completed UB 92 or other format adopted by the
4 National Uniform Billing Committee, and reasonable relevant
5 information requested by the insurer within 30 working days of
6 receipt of the claim. An electronic claim from an institutional
7 provider shall be deemed complete upon submission of an
8 electronic equivalent to the UB 92 or other format adopted by the
9 National Uniform Billing Committee, and reasonable relevant
10 information requested by the insurer within 30 working days of
11 receipt of the claim. However, if the insurer requests a copy of the
12 emergency department report within the 30 working days after
13 receipt of the electronic claim from the institutional provider, the
14 insurer may also request additional reasonable relevant information
15 within 30 working days of receipt of the emergency department
16 report, at which time the claim shall be deemed complete. A claim
17 from a professional provider shall be deemed complete upon
18 submission of a completed HCFA 1500 or its electronic equivalent
19 or other format adopted by the National Uniform Billing
20 Committee, and reasonable relevant information requested by the
21 insurer within 30 working days of receipt of the claim. The provider
22 shall provide the insurer reasonable relevant information within
23 15 working days of receipt of a written request that is clear and
24 specific regarding the information sought. If, as a result of
25 reviewing the reasonable relevant information, the insurer requires
26 further information, the insurer shall have an additional 15 working
27 days after receipt of the reasonable relevant information to request
28 the further information, notwithstanding any time limit to the
29 contrary in this section, at which time the claim shall be deemed
30 complete.

31 (d) This section shall not apply to claims about which there is
32 evidence of fraud and misrepresentation, to eligibility
33 determinations, or in instances where the plan has not been granted
34 reasonable access to information under the provider's control. An
35 insurer shall specify, in a written notice to the provider within 30
36 working days of receipt of the claim, which, if any, of these
37 exceptions applies to a claim.

38 (e) If a claim or portion thereof is contested on the basis that
39 the insurer has not received information reasonably necessary to
40 determine payer liability for the claim or portion thereof, then the

1 insurer shall have 30 working days after receipt of this additional
2 information to complete reconsideration of the claim. If a claim,
3 or portion thereof, undergoing reconsideration is not reimbursed
4 by delivery to the claimant's address of record within the 30
5 working days after receipt of the additional information, the insurer
6 shall pay the greater of fifteen dollars (\$15) per year or interest at
7 the rate of 10 percent per annum beginning with the first calendar
8 day after the 30-working-day period. An insurer shall automatically
9 include the fifteen dollars (\$15) per year or interest due in the
10 payment made to the claimant, without requiring a request therefor.

11 (f) An insurer shall not delay payment on a claim from a
12 physician or other provider to await the submission of a claim from
13 a hospital or other provider, without citing specific rationale as to
14 why the delay was necessary and providing a monthly update
15 regarding the status of the claim and the insurer's actions to resolve
16 the claim, to the provider that submitted the claim.

17 (g) An insurer shall not request or require that a provider waive
18 its rights pursuant to this section.

19 (h) This section shall apply only to claims for services rendered
20 to a patient who was provided emergency services and care as
21 defined in Section 1317.1 of the Health and Safety Code in the
22 United States on or after September 1, 1999.

23 (i) This section shall not be construed to affect the rights or
24 obligations of any person pursuant to Section 10123.13.

25 (j) This section shall not be construed to affect a written
26 agreement, if any, of a provider to submit bills within a specified
27 time period.

28 ~~SEC. 23. Section 10123.85 of the Insurance Code is amended~~
29 ~~to read:~~

30 ~~10123.85. (a) It is the intent of the Legislature to recognize~~
31 ~~the practice of telehealth as a legitimate means by which an~~
32 ~~individual may receive medical services from a health care provider~~
33 ~~without person-to-person contact with the provider.~~

34 ~~(b) For the purposes of this section, the meaning of "telehealth"~~
35 ~~is as defined in subdivision (a) of Section 2290.5 of the Business~~

40 ~~health care provider and a patient for services appropriately~~

1 provided through telehealth, subject to all terms and conditions of
2 the contract agreed upon between the policyholder or
3 contractholder and the insurer.

4 ~~(d) Disability insurers shall not be required to pay for~~
5 ~~consultation provided by the health care provider by telephone or~~
6 ~~facsimile machines.~~

8 *SEC. 21* Section 10181.11 of the Insurance Code is amended
9 to read:

10 10181.11. (a) Whenever it appears to the department that any
11 person has engaged, or is about to engage, in any act or practice
12 constituting a violation of this article, including the filing of
13 inaccurate or unjustified rates or inaccurate or unjustified rate
14 information, the department may review the rate filing to ensure
15 compliance with the law.

16 (b) The department may review other filings.

17 (c) The department shall accept and post to its Internet Web site
18 any public comment on a rate increase submitted to the department
19 during the 60-day period described in subdivision (d) of Section
20 10181.7.

21 (d) The department shall report to the Legislature at least
22 quarterly on all unreasonable rate filings.

23 (e) The department shall post on its Internet Web site any
24 changes submitted by the insurer to the proposed rate increase,
25 including any documentation submitted by the insurer supporting
26 those changes.

27 (f) If the department finds that an unreasonable rate increase is
28 not justified or that a rate filing contains inaccurate information,
29 the department shall post its finding on its Internet Web site.

30 (g) Nothing in this article shall be construed to impair or impede
31 the department's authority to administer or enforce any other
32 provision of this code.

33 ~~SEC. 25.~~

34 *SEC. 22.* Section 10198.7 of the Insurance Code is amended
35 to read:

36 10198.7. (a) No health benefit plan that covers three or more
37 persons and that is issued, renewed, or written by any insurer,
38 nonprofit hospital service plan, self-insured employee welfare
39 benefit plan, fraternal benefits society, or any other entity shall
40 exclude coverage for any individual on the basis of a preexisting

1 condition provision for a period greater than six months following
2 the individual's effective date of coverage, nor shall limit or
3 exclude coverage for a specific insured person by type of illness,
4 treatment, medical condition, or accident except for satisfaction
5 of a preexisting clause pursuant to this article. Preexisting condition
6 provisions contained in health benefit plans may relate only to
7 conditions for which medical advice, diagnosis, care, or treatment,
8 including use of prescription drugs, was recommended or received
9 from a licensed health practitioner during the six months
10 immediately preceding the effective date of coverage.

11 (b) No health benefit plan that covers one or two individuals
12 and that is issued, renewed, or written by any insurer, self-insured
13 employee welfare benefit plan, fraternal benefits society, or any
14 other entity shall exclude coverage on the basis of a preexisting
15 condition provision for a period greater than 12 months following
16 the individual's effective date of coverage, nor shall limit or
17 exclude coverage for a specific insured person by type of illness,
18 treatment, medical condition, or accident, except for satisfaction
19 of a preexisting condition clause pursuant to this article. Preexisting
20 condition provisions contained in health benefit plans may relate
21 only to conditions for which medical advice, diagnosis, care, or
22 treatment, including use of prescription drugs, was recommended
23 or received from a licensed health practitioner during the 12 months
24 immediately preceding the effective date of coverage.

25 (c) (1) Notwithstanding subdivision (a), a health benefit plan
26 for group coverage shall not impose any preexisting condition
27 provision upon any child under 19 years of age.

28 (2) Notwithstanding subdivision (b), a health benefit plan for
29 individual coverage that is not a grandfathered plan within the
30 meaning of Section 1251 of the federal Patient Protection and
31 Affordable Care Act (Public Law 111-148) shall not impose any
32 preexisting condition provision upon any child under 19 years of
33 age.

34 (d) A carrier that does not utilize a preexisting condition
35 provision may impose a waiting or affiliation period not to exceed
36 60 days, before the coverage issued subject to this article shall
37 become effective. During the waiting or affiliation period, the
38 carrier is not required to provide health care services and no
39 premium shall be charged to the subscriber or enrollee.

1 (e) A carrier that does not utilize a preexisting condition
2 provision in health plans that cover one or two individuals may
3 impose a contract provision excluding coverage for waived
4 conditions. No carrier may exclude coverage on the basis of a
5 waived condition for a period greater than 12 months following
6 the individual's effective date of coverage. A waived condition
7 provision contained in health benefit plans may relate only to
8 conditions for which medical advice, diagnosis, care, or treatment,
9 including use of prescription drugs, was recommended or received
10 from a licensed health practitioner during the 12 months
11 immediately preceding the effective date of coverage.

12 (f) In determining whether a preexisting condition provision, a
13 waived condition provision, or a waiting or affiliation period
14 applies to any person, all health benefit plans shall credit the time
15 the person was covered under creditable coverage, provided the
16 person becomes eligible for coverage under the succeeding health
17 benefit plan within 62 days of termination of prior coverage,
18 exclusive of any waiting or affiliation period, and applies for
19 coverage under the succeeding plan within the applicable
20 enrollment period. A health benefit plan shall also credit any time
21 an eligible employee must wait before enrolling in the health
22 benefit plan, including any affiliation or employer-imposed waiting
23 period. However, if a person's employment has ended, the
24 availability of health coverage offered through employment or
25 sponsored by an employer has terminated or, an employer's
26 contribution toward health coverage has terminated, a carrier shall
27 credit the time the person was covered under creditable coverage
28 if the person becomes eligible for health coverage offered through
29 employment or sponsored by an employer within 180 days,
30 exclusive of any waiting or affiliation period, and applies for
31 coverage under the succeeding plan within the applicable
32 enrollment period.

33 (g) No health benefit plan that covers three or more persons and
34 that is issued, renewed, or written by any insurer, nonprofit hospital
35 service plan, self-insured employee welfare benefit plan, fraternal
36 benefits society, or any other entity may exclude late enrollees
37 from coverage for more than 12 months from the date of the late
38 enrollee's application for coverage. No insurer, nonprofit hospital
39 service plan, self-insured employee welfare benefit plan, fraternal
40 benefits society, or any other entity shall require any premium or

1 other periodic charge to be paid by or on behalf of a late enrollee
2 during the period of exclusion from coverage permitted by this
3 subdivision.

4 (h) An individual's period of creditable coverage shall be
5 certified pursuant to subdivision (e) of Section 2701 of Title XXVII
6 of the federal Public Health Services Act, 42 U.S.C. Sec. 300gg(e).

7 (i) A group health benefit plan may not impose a preexisting
8 condition exclusion to a condition relating to benefits for pregnancy
9 or maternity care.

10 (j) Any entity providing aggregate or specific stop loss coverage
11 or any other assumption of risk with reference to a health benefit
12 plan shall provide that the plan meets all requirements of this article
13 concerning waiting periods, preexisting condition provisions, and
14 late enrollees.

15 ~~SEC. 26.~~

16 *SEC. 23.* Section 10953 of the Insurance Code is amended to
17 read:

18 10953. (a) Upon the effective date of this chapter, a carrier
19 shall fairly and affirmatively offer, market, and sell all of the
20 carrier's health benefit plans that are offered and sold to a child
21 or the responsible party for a child in each service area in which
22 the plan provides or arranges for health care coverage during any
23 open enrollment period, to late enrollees, and during any other
24 period in which state or federal law, rules, regulations, or guidance
25 expressly provide that a carrier shall not condition offer or
26 acceptance of coverage on any preexisting condition.

27 (b) No carrier, agent, or broker shall, directly or indirectly,
28 engage in the following activities:

29 (1) Encourage or direct a child or responsible party for a child
30 to refrain from filing an application for coverage with a carrier
31 because of the health status, claims experience, industry,
32 occupation, or geographic location, provided that the location is
33 within the carrier's approved service area, of the child.

34 (2) Encourage or direct a child or responsible party for a child
35 to seek coverage from another carrier because of the health status,
36 claims experience, industry, occupation, or geographic location,
37 provided that the location is within the carrier's approved service
38 area, of the child.

39 (c) A carrier shall not, directly or indirectly, enter into any
40 contract, agreement, or arrangement with an agent or broker of the

1 carrier that provides for or results in the payment of compensation
2 to the agent or broker for the sale of a health benefit plan to be
3 varied because of the health status, claims experience, industry,
4 occupation, or geographic location of the child. This subdivision
5 does not apply to a compensation arrangement that provides
6 compensation to an agent or broker of a carrier on the basis of
7 percentage of premium, provided that the percentage shall not vary
8 because of the health status, claims experience, industry,
9 occupation, or geographic area of the child.

10 ~~SEC. 27.~~

11 *SEC. 24.* Section 10959 of the Insurance Code is amended to
12 read:

13 10959. (a) All health benefit plans offered to a child or on
14 behalf of a child to a responsible party for a child shall conform
15 to the requirements of Sections 10127.18, 10273.6, and 12682.1,
16 and shall be renewable at the option of the child or responsible
17 party for a child on behalf of the child except as permitted to be
18 canceled, rescinded, or not renewed pursuant to Section 10273.6.

19 (b) Any carrier that ceases to offer for sale new individual health
20 benefit plans pursuant to Section 10273.6 shall continue to be
21 governed by this chapter with respect to business conducted under
22 this chapter.

23 (c) Except as authorized under Section 10958, a carrier that as
24 of the effective date of this chapter does not write new health
25 benefit plans for children in this state or that after the effective
26 date of this chapter ceases to write new health benefit plans for
27 children in this state shall be prohibited from offering for sale new
28 individual health benefit plans or in this state for a period of five
29 years from the date of notice to the commissioner.

31 *SEC. 25.* Section 5705 of the Welfare and Institutions Code is
32 amended to read:

33 5705. (a) It is the intent of the Legislature that the use of
34 negotiated net amounts, as provided in this section, be given
35 preference in contracts for services under this division.

36 (b) Negotiated net amounts may be used as the cost of services
37 in contracts between the state and the county or contracts between
38 the county and a subprovider of services, or both. A negotiated
39 net amount shall be determined by calculating the total budget for
40 services for a program or a component of a program, less the

1 amount of projected revenue. All participating government funding
2 sources, except for the Medi-Cal program (Chapter 7 (commencing
3 with Section 14000) of Part 3 of Division 9), shall be bound to
4 that amount as the cost of providing all or part of the total county
5 mental health program as described in the county performance
6 contract for each fiscal year, to the extent that the governmental
7 funding source participates in funding the county mental health
8 programs. Where the State Department of Health Care Services
9 promulgates regulations for determining reimbursement of
10 Short-Doyle mental health services allowable under the Medi-Cal
11 program, those regulations shall be controlling as to the rates for
12 reimbursement of Short-Doyle mental health services allowable
13 under the Medi-Cal program and rendered to Medi-Cal
14 beneficiaries. Providers under this subdivision shall report to the
15 State Department of Mental Health and local mental health
16 programs any information required by the State Department of
17 Mental Health in accordance with procedures established by the
18 Director of Mental Health.

19 (c) Notwithstanding any other provision of this division or
20 Division 9 (commencing with Section 10000), absent a finding of
21 fraud, abuse, or failure to achieve contract objectives, no
22 restrictions, other than any contained in the contract, shall be placed
23 upon a provider's expenditure pursuant to this section.

24 ~~SEC. 29.~~

25 *SEC. 26.* Section 5708 of the Welfare and Institutions Code is
26 amended to read:

27 5708. To maintain stability during the transition, counties that
28 contracted with the department during the 1990–91 fiscal year on
29 a negotiated net amount basis may continue to use the same funding
30 mechanism.

31 ~~SEC. 30.~~

32 *SEC. 27.* Section 5710 of the Welfare and Institutions Code is
33 amended to read:

34 5710. (a) Charges for the care and treatment of each patient
35 receiving service from a county mental health program shall not
36 exceed the actual cost thereof as determined or approved by the
37 Director of Mental Health in accordance with standard accounting
38 practices. The director may include the amount of expenditures
39 for capital outlay or the interest thereon, or both, in his or her
40 determination of actual cost. The responsibility of a patient, his or

1 her estate, or his or her responsible relatives to pay the charges
2 and the powers of the director with respect thereto shall be
3 determined in accordance with Article 4 (commencing with Section
4 7275) of Chapter 3 of Division 7.

5 (b) The Director of Mental Health may delegate to each county
6 all or part of the responsibility for determining the financial liability
7 of patients to whom services are rendered by a county mental
8 health program and all or part of the responsibility for determining
9 the ability of the responsible parties to pay for services to minor
10 children who are referred by a county for treatment in a state
11 hospital. Liability shall extend to the estates of patients and to
12 responsible relatives, including the spouse of an adult patient and
13 the parents of minor children. The Director of Mental Health may
14 also delegate all or part of the responsibility for collecting the
15 charges for patient fees. Counties may decline this responsibility
16 as it pertains to state hospitals, at their discretion. If this
17 responsibility is delegated by the director, the director shall
18 establish and maintain the policies and procedures for making the
19 determinations and collections. Each county to which the
20 responsibility is delegated shall comply with the policy and
21 procedures.

22 (c) The director shall prepare and adopt a uniform sliding scale
23 patient fee schedule to be used in all mental health agencies for
24 services rendered to each patient. In preparing the uniform patient
25 fee schedule, the director shall take into account the existing
26 charges for state hospital services and those for community mental
27 health program services. If the director determines that it is not
28 practicable to devise a single uniform patient fee schedule
29 applicable to both state hospital services and services of other
30 mental health agencies, the director may adopt a separate fee
31 schedule for the state hospital services which differs from the
32 uniform patient fee schedule applicable to other mental health
33 agencies.

34 ~~SEC. 31.~~

35 *SEC. 28.* Section 5716 of the Welfare and Institutions Code is
36 amended to read:

37 5716. Counties may contract with providers on a negotiated
38 net amount basis in the same manner as set forth in Section 5705.

1 ~~SEC. 32.~~

2 *SEC. 29.* Section 5724 of the Welfare and Institutions Code is
3 amended to read:

4 5724. (a) The department and the State Department of Health
5 Care Services shall jointly develop a new ratesetting methodology
6 for use in the Short-Doyle Medi-Cal system that maximizes federal
7 funding and utilizes, as much as practicable, federal medicare
