

## Senate Bill No. 972

### CHAPTER 218

An act to amend Sections 21083.9 and 21092.2 of, and to repeal Section 21162 of, the Public Resources Code, relating to environmental quality.

[Approved by Governor August 29, 2012. Filed with  
Secretary of State August 29, 2012.]

#### LEGISLATIVE COUNSEL'S DIGEST

SB 972, Simitian. Environmental quality: California Environmental Quality Act: scoping meeting and notice of completion.

(1) The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment, or to adopt a negative declaration if it finds that the project will not have that effect.

CEQA requires a lead agency to provide to, among others, an organization or individual who has filed a written request a notice of at least one scoping meeting for projects of statewide, regional, or areawide significance.

This bill would additionally require the lead agency to provide the above notice to a public agency that has filed a written request for the notice, thereby imposing a state-mandated local program.

(2) CEQA requires that notices regarding a lead agency determination to require an EIR or other actions taken pursuant to that act be mailed to every person who files a written request.

This bill would additionally require a notice of completion of an EIR by a public agency to be mailed upon request, thereby imposing a state-mandated local program by imposing new duties upon local agencies.

(3) CEQA requires the State Clearinghouse to provide to a legislator in whose district a project has an environmental impact the notice of completion of an EIR on the project if the legislator requests the notice and the State Clearinghouse has received the notice.

This bill would instead require the State Clearinghouse to provide a notice of a determination by a lead agency that an EIR is required for a project and a notice of completion of an EIR by a public agency if the legislator requests the notice and the State Clearinghouse has received the requested notice.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

*The people of the State of California do enact as follows:*

SECTION 1. Section 21083.9 of the Public Resources Code is amended to read:

21083.9. (a) Notwithstanding Section 21080.4, 21104, or 21153, a lead agency shall call at least one scoping meeting for either of the following:

(1) A proposed project that may affect highways or other facilities under the jurisdiction of the Department of Transportation if the meeting is requested by the department. The lead agency shall call the scoping meeting as soon as possible, but not later than 30 days after receiving the request from the Department of Transportation.

(2) A project of statewide, regional, or areawide significance.

(b) The lead agency shall provide notice of at least one scoping meeting held pursuant to paragraph (2) of subdivision (a) to all of the following:

(1) A county or city that borders on a county or city within which the project is located, unless otherwise designated annually by agreement between the lead agency and the county or city.

(2) A responsible agency.

(3) A public agency that has jurisdiction by law with respect to the project.

(4) A transportation planning agency or public agency required to be consulted pursuant to Section 21092.4.

(5) A public agency, organization, or individual who has filed a written request for the notice.

(c) For a public agency, organization, or individual that is required to be provided notice of a lead agency public meeting, the requirement for notice of a scoping meeting pursuant to subdivision (b) may be met by including the notice of a scoping meeting in the public meeting notice.

(d) A scoping meeting that is held in the city or county within which the project is located pursuant to the federal National Environmental Policy Act of 1969 (42 U.S.C. Sec. 4321 et seq.) and the regulations adopted pursuant to that act shall be deemed to satisfy the requirement that a scoping meeting be held for a project subject to paragraph (2) of subdivision (a) if the lead agency meets the notice requirements of subdivision (b) or subdivision (c).

(e) The referral of a proposed action to adopt or substantially amend a general plan to a city or county pursuant to paragraph (1) of subdivision (a) of Section 65352 of the Government Code may be conducted concurrently with the scoping meeting required pursuant to this section, and the city or county may submit its comments as provided pursuant to subdivision (b) of that section at the scoping meeting.

SEC. 2. Section 21092.2 of the Public Resources Code is amended to read:

21092.2. (a) The notices required pursuant to Sections 21080.4, 21083.9, 21092, 21108, 21152, and 21161 shall be mailed to every person who has filed a written request for notices with either the clerk of the governing body or, if there is no governing body, the director of the agency. If the agency offers to provide the notices by email, upon filing a written request for

notices, a person may request that the notices be provided to him or her by email. The request may also be filed with any other person designated by the governing body or director to receive these requests. The agency may require requests for notices to be annually renewed. The public agency may charge a fee, except to other public agencies, that is reasonably related to the costs of providing this service.

(b) Subdivision (a) shall not be construed in any manner that results in the invalidation of an action because of the failure of a person to receive a requested notice, if there has been substantial compliance with the requirements of this section.

(c) The notices required pursuant to Sections 21080.4 and 21161 shall be provided by the State Clearinghouse to any legislator in whose district the project has an environmental impact, if the legislator requests the notice and the State Clearinghouse has received it.

SEC. 3. Section 21162 of the Public Resources Code is repealed.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.
