CHAPTER 295

An act to amend Sections 11343, 11343.4, and 11344 of the Government Code, and to amend Section 116064 of the Health and Safety Code, relating to regulations.

[Approved by Governor September 11, 2012. Filed with Secretary of State September 11, 2012.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1099, Wright. Regulations.

(1) The Administrative Procedure Act generally sets forth the requirements for the adoption, publication, review, and implementation of regulations by state agencies. The act specifically provides that a regulation or order of repeal required to be filed with the Secretary of State shall become effective on the 30th day after the date of filing, subject to certain exceptions.

This bill would instead provide that a regulation or order of repeal is effective on January 1, April 1, July 1, or October 1, as specified, subject to certain exceptions, including, but not limited to, specified regulations adopted by the Fish and Game Commission.

(2) The act requires the Office of Administrative Law to make a free copy of the full text of the California Code of Regulations available on its Internet Web site.

This bill would also require the office to provide on its Internet Web site a list of, and a link to the full text of, each regulation filed with the Secretary of State that is pending effectiveness, as specified.

(3) Existing law requires that every state agency subject to the act that maintains an Internet Web site or similar forum for the electronic publication or distribution of written material publish on that Internet Web site or other forum specified information regarding a proposed regulation or regulatory repeal or amendment.

This bill would also require a state agency to post on its Internet Web site each regulation that is filed with the Secretary of State, as specified, and to send to the office the Internet Web site link of the regulation. The bill would not apply to a state agency that does not maintain an Internet Web site.

This bill would also make a conforming change.

This bill would incorporate additional changes in Section 116064 of the Health and Safety Code, proposed by AB 2114, to be operative only if AB 2114 and this bill are both chaptered and become effective on or before January 1, 2013, and this bill is chaptered last.
