An act to amend Section 713, 714, 3031, 6596, 6596.1, 7149, and 7149.05 of the Fish and Game Code, and to amend Section 65042 of the Government Code, relating to fish and wildlife resources.

## LEGISLATIVE COUNSEL'S DIGEST

SB 1148, as introduced, Pavley. Fish and Game Commission.

(1) Under existing law, the changes in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services is used as the index to determine an annual rate of increase or decrease in the fees for hunting and fishing licenses, stamps, permits, and tags. Under existing law, the department issues lifetime sportsman's licenses, hunting licenses, sport fishing ocean enhancement stamps, commercial fishing ocean enhancement stamps, commercial fishing ocean enhancement validations, sport fishing ocean enhancement validations, and sport fishing licenses, and existing law establishes base fees for those entitlements, adjusted annually pursuant to the index.

This bill would require the Fish and Game Commission to establish base fees for lifetime sportsman's licenses, hunting licenses, sport fishing ocean enhancement stamps and validations, commercial fishing ocean enhancement stamps and validations, and sport fishing licenses for the 2013 license year, and would require those fees to be adjusted annually thereafter according to the index. The bill would require the commission to issue lifetime sportsman's licenses.

(2) Existing law relating to the Office of Planning and Research requires every officer, agency, department, or instrumentality of state government to cooperate in the preparation and maintenance of the State Environmental Goals and Policy Report and to ensure that their

entity's functional plan is consistent with specified state planning priorities and annually demonstrate, when requesting infrastructure as specified, how the plans are consistent with those priorities. Existing law requires those entities to comply with any request for advice, assistance, information, or other material.

This bill would specify that the subject entities include certain trustee agencies.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. The Legislature finds and declares the following:  
2 (a) In 2010, the Legislature passed and the Governor signed  
3 Assembly Bill 2376, which established a process to develop a  
4 strategic vision for the Department of Fish and Game and the Fish  
5 and Game Commission.  
6 (b) Pursuant to Assembly Bill 2376, the Natural Resources  
7 Agency appointed an executive committee, a blue ribbon  
8 commission, and a broad-based stakeholder group, and established  
9 a public process that is focused on improving and enhancing the  
10 capacity of both the department and the commission to protect and  
11 manage California's fish and wildlife.  
12 (c) All groups and individuals with an interest in improving the  
13 work of the department and the commission have been invited to  
14 participate in the stakeholder group process. Numerous public  
15 meetings have been held and extensive information on the process  
16 and the comments received to date are available on the Internet  
17 Web site of the Department of Fish and Game.  
18 (d) Assembly Member Huffman and Senator Pavley, as the  
19 policy chairs in their respective houses of committees with subject  
20 matter jurisdiction, will cooperate with proposed legislation that  
21 will address many of the draft recommendations of the California  
22 Fish and Wildlife Strategic Vision and other reforms necessary to  
23 satisfy the mandate of Assembly Bill 2376. Some of the content  
24 of the proposed legislation reflects suggestions contained in the  
25 draft interim strategic vision report released by the department and  
26 the commission on November 22, 2011. Each bill may be amended  
27 from time to time to reflect additional recommendations.

1 (e) It is the intent of the Legislature to focus more of the work  
2 of the commission on the implementation of the state's hunting  
3 and fishing and other wildlife-related regulations and the  
4 professional administration of those laws. Several fees related to  
5 hunting and fishing should therefore be reassigned from the  
6 department to the commission. It is also the intent of the Legislature  
7 to enhance the ability of the department to focus on the  
8 management and administration of its lands, its enforcement  
9 responsibilities, the conservation programs entrusted to it, and  
10 enhancing the scientific basis of conservation decisions made in  
11 California.

12 SEC. 2. Section 713 of the Fish and Game Code is amended  
13 to read:

14 713. (a) The changes in the Implicit Price Deflator for State  
15 and Local Government Purchases of Goods and Services, as  
16 published by the United States Department of Commerce, shall  
17 be used as the index to determine an annual rate of increase or  
18 decrease in the fees for licenses, stamps, permits, tags, or other  
19 entitlements issued by the department.

20 (b) (1) The department shall determine the change in the  
21 Implicit Price Deflator for State and Local Government Purchases  
22 of Goods and Services, as published by the United States  
23 Department of Commerce, for the quarter ending March 31 of the  
24 current year compared to the quarter ending March 31 of the  
25 previous year. The relative amount of the change shall be  
26 multiplied by the current fee for each license, stamp, permit, tag,  
27 or other entitlement issued by the department. ~~The~~

28 (2) ~~The~~ product shall be rounded to the nearest twenty-five cents  
29 (\$0.25), and the resulting amount shall be added to the fee for the  
30 current year. The resulting amount shall be the fee for the license  
31 year beginning on or after January 1 of the next succeeding  
32 calendar year for the license, stamp, permit, tag, or other  
33 entitlement that is adjusted under this section.

34 (c) Notwithstanding any other provision of law, the department  
35 may recalculate the current fees charged for each license, stamp,  
36 permit, tag, or other entitlement issued by the department, to  
37 determine that all appropriate indexing has been included in the  
38 current fees. This section shall apply to all licenses, stamps,  
39 permits, tags, or other entitlements, that have not been increased  
40 each year since the base year of the 1985–86 fiscal year.

1 (d) *The commission, with respect to any license, stamp, permit,*  
 2 *tag, or other entitlement issued by the commission shall comply*  
 3 *with subdivisions (a) to (c), inclusive.*

4 ~~(d)~~

5 (e) The calculations provided for in this section shall be reported  
 6 to the Legislature with the Governor's Budget Bill.

7 ~~(e)~~

8 (f) The Legislature finds that all revenues generated by fees for  
 9 licenses, stamps, permits, tags, and other entitlements, computed  
 10 under this section and used for the purposes for which they were  
 11 imposed, are not subject to Article XIII B of the California  
 12 Constitution.

13 ~~(f)~~

14 (g) The department *and the commission* shall, at least every five  
 15 years, analyze all fees for licenses, stamps, permits, tags, and other  
 16 entitlements issued by it to ensure the appropriate fee amount is  
 17 charged. Where appropriate, the department shall recommend to  
 18 the Legislature or the commission that fees established by the  
 19 commission or the Legislature be adjusted to ensure that those fees  
 20 are appropriate.
