

Senate Bill No. 1290

CHAPTER 576

An act to amend Sections 47605, 47605.6, and 47607 of the Education Code, relating to charter schools.

[Approved by Governor September 26, 2012. Filed with
Secretary of State September 26, 2012.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1290, Alquist. Charter schools: establishment, renewal, and revocation.

(1) The Charter Schools Act of 1992 specifies the procedures for the submission, review, and approval or denial of a petition to establish a standard or countywide charter school, which include, but are not limited to, a requirement that the petition contain measurable pupil outcomes.

This bill would require those pupil outcomes to include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, which this bill would define.

(2) The Charter Schools Act of 1992 limits the duration of charters to a period not to exceed 5 years and authorizes the chartering authority to grant one or more subsequent renewals for an additional period of 5 years. To receive a renewal, existing law requires a charter school to meet at least one of several criteria.

This bill would revise the criteria relating to the attainment of the charter school's Academic Performance Index growth target in prior years and would require those growth targets to be met both schoolwide and for all groups of pupils served by the charter school. The bill also would require the chartering authority to consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to grant a charter renewal.

(3) Existing law authorizes a chartering authority to revoke a charter if it finds substantial evidence that the charter school committed one of several violations.

This bill would require a chartering authority to consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to revoke a charter.

The people of the State of California do enact as follows:

SECTION 1. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within a school district may be circulated by one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district, as long as each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions is met:

(A) The petition is signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation.

(B) The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (b) of Section 41365 may be circulated by one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition is signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having his or her child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to establish operations at one or more additional sites shall request a material revision to its charter and shall notify the authority that granted its charter of those additional locations. The authority that granted its charter shall consider whether to approve those additional locations at an open, public meeting. If the additional locations are approved, they shall be a material revision to the charter school's charter.

(5) A charter school that is unable to locate within the jurisdiction of the chartering school district may establish one site outside the boundaries of the school district, but within the county in which that school district is located, if the school district within the jurisdiction of which the charter school proposes to operate is notified in advance of the charter petition approval, the county superintendent of schools and the Superintendent are notified of the location of the charter school before it commences operations, and either of the following circumstances exists:

(A) The school has attempted to locate a single site or facility to house the entire program, but a site or facility is unavailable in the area in which the school chooses to locate.

(B) The site is needed for temporary use during a construction or expansion project.

(6) Commencing January 1, 2003, a petition to establish a charter school may not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the district, other employees of the district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) If the proposed school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter

school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured.

(D) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the school.

(F) The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

(G) The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(H) Admission requirements, if applicable.

(I) The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.

(O) A declaration whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school

for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(P) A description of the procedures to be used if the charter school closes. The procedures shall ensure a final audit of the school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(c) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall, on a regular basis, consult with their parents, legal guardians, and teachers regarding the school's educational programs.

(d) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of the characteristics listed in Section 220. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) If the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the district except as provided for in Section 47614.5. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and in no event shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(e) The governing board of a school district shall not require any employee of the school district to be employed in a charter school.

(f) The governing board of a school district shall not require any pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be used by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school and upon the school district. The description of the facilities to be used by the charter school shall specify where the school intends to locate. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032, as it read before July 19, 2006.

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The county board of education shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment of a charter school with the state board, and the state board may approve the petition, in accordance with subdivision (b). A charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location to which it would otherwise be subject if it received approval from the entity to which it originally submitted its petition. A charter petition that is submitted to either a county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(2) In assuming its role as a chartering agency, the state board shall develop criteria to be used for the review and approval of charter school petitions presented to the state board. The criteria shall address all elements required for charter approval, as identified in subdivision (b) and shall define “reasonably comprehensive” as used in paragraph (5) of subdivision (b) in a way that is consistent with the intent of this part. Upon satisfactory

completion of the criteria, the state board shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the state board fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district to deny a petition shall, thereafter, be subject to judicial review.

(5) The state board shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition to the department and the state board.

(k) (1) The state board may, by mutual agreement, designate its supervisory and oversight responsibilities for a charter school approved by the state board to any local educational agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local educational agency shall have all monitoring and supervising authority of a chartering agency, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the state board.

(3) A charter school that is granted its charter through an appeal to the state board and elects to seek renewal of its charter shall, before expiration of the charter, submit its petition for renewal to the governing board of the school district that initially denied the charter. If the governing board of the school district denies the school's petition for renewal, the school may petition the state board for renewal of its charter.

(l) Teachers in charter schools shall hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

(m) A charter school shall transmit a copy of its annual, independent financial audit report for the preceding fiscal year, as described in subparagraph (I) of paragraph (5) of subdivision (b), to its chartering entity, the Controller, the county superintendent of schools of the county in which the charter school is sited, unless the county board of education of the county in which the charter school is sited is the chartering entity, and the department by December 15 of each year. This subdivision does not apply if the audit of the charter school is encompassed in the audit of the chartering entity pursuant to Section 41020.

SEC. 2. Section 47605.6 of the Education Code is amended to read:

47605.6. (a) (1) In addition to the authority provided by Section 47605.5, a county board of education may also approve a petition for the operation of a charter school that operates at one or more sites within the geographic boundaries of the county and that provides instructional services that are not generally provided by a county office of education. A county board of education may approve a countywide charter only if it finds, in addition to the other requirements of this section, that the educational services to be provided by the charter school will offer services to a pupil population that will benefit from those services and that cannot be served as well by a charter school that operates in only one school district in the county. A petition for the establishment of a countywide charter school pursuant to this subdivision may be circulated throughout the county by any one or more persons seeking to establish the charter school. The petition may be submitted to the county board of education for review after either of the following conditions is met:

(A) The petition is signed by a number of parents or guardians of pupils residing within the county that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation and each of the school districts where the charter school petitioner proposes to operate a facility has received at least 30 days' notice of the petitioner's intent to operate a school pursuant to this section.

(B) The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation and each of the school districts where the charter school petitioner proposes to operate a facility has received at least 30 days' notice of the petitioner's intent to operate a school pursuant to this section.

(2) An existing public school may not be converted to a charter school in accordance with this section.

(3) After receiving approval of its petition, a charter school that proposes to establish operations at additional sites within the geographic boundaries of the county board of education shall notify the school districts where those sites will be located. The charter school shall also request a material revision of its charter by the county board of education that approved its charter and the county board of education shall consider whether to approve those additional locations at an open, public meeting, held no sooner than 30 days following notification of the school districts where the sites will be located. If approved, the location of the approved sites shall be a material revision of the school's approved charter.

(4) A petition shall include a prominent statement indicating that a signature on the petition means that the parent or guardian is meaningfully interested in having his or her child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(b) No later than 60 days after receiving a petition, in accordance with subdivision (a), the county board of education shall hold a public hearing

on the provisions of the charter, at which time the county board of education shall consider the level of support for the petition by teachers, parents or guardians, and the school districts where the charter school petitioner proposes to place school facilities. Following review of the petition and the public hearing, the county board of education shall either grant or deny the charter within 90 days of receipt of the petition. However, this date may be extended by an additional 30 days if both parties agree to the extension. A county board of education may impose any additional requirements beyond those required by this section that it considers necessary for the sound operation of a countywide charter school. A county board of education may grant a charter for the operation of a school under this part only if the board is satisfied that granting the charter is consistent with sound educational practice and that the charter school has reasonable justification for why it could not be established by petition to a school district pursuant to Section 47605. The county board of education shall deny a petition for the establishment of a charter school if the board finds one or more of the following:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) A description of the educational program of the school, designed, among other things, to identify those pupils whom the school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) If the proposed charter school will enroll high school pupils, a description of the manner in which the charter school will inform parents regarding the transferability of courses to other public high schools. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered to be transferable to other public high schools.

(iii) If the proposed charter school will enroll high school pupils, information as to the manner in which the charter school will inform parents as to whether each individual course offered by the charter school meets college entrance requirements. Courses approved by the University of California or the California State University as satisfying their prerequisites for admission may be considered as meeting college entrance requirements for purposes of this clause.

(B) The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and aptitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured.

(D) The location of each charter school facility that the petitioner proposes to operate.

(E) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

(F) The qualifications to be met by individuals to be employed by the school.

(G) The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

(H) The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(I) The manner in which annual, independent, financial audits shall be conducted, in accordance with regulations established by the state board, and the manner in which audit exceptions and deficiencies shall be resolved.

(J) The procedures by which pupils can be suspended or expelled.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.

(L) The procedures to be followed by the charter school and the county board of education to resolve disputes relating to provisions of the charter.

(M) A declaration whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for purposes of the Educational Employment Relations Act (Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code).

(N) Admission requirements of the charter school, if applicable.

(O) The public school attendance alternatives for pupils residing within the county who choose not to attend the charter school.

(P) A description of the rights of an employee of the county office of education, upon leaving the employment of the county office of education, to be employed by the charter school, and a description of any rights of return to the county office of education that an employee may have upon leaving the employ of the charter school.

(Q) A description of the procedures to be used if the charter school closes. The procedures shall ensure a final audit of the school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of public records.

(6) Any other basis that the county board of education finds justifies the denial of the petition.

(c) A county board of education that approves a petition for the operation of a countywide charter may, as a condition of charter approval, enter into an agreement with a third party, at the expense of the charter school, to oversee, monitor, and report to the county board of education on the operations of the charter school. The county board of education may prescribe the aspects of the charter school's operations to be monitored by the third party and may prescribe appropriate requirements regarding the reporting of information concerning the operations of the charter school to the county board of education.

(d) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall on a regular basis consult with their parents and teachers regarding the school's educational programs.

(e) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of ethnicity, national origin, gender, gender identity, gender expression, or disability. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or guardian, within this state.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) If the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the county except as provided for in Section 47614.5. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the county board of education shall make reasonable efforts to accommodate the growth of the charter school and in no event shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(f) The county board of education shall not require any employee of the county or a school district to be employed in a charter school.

(g) The county board of education shall not require any pupil enrolled in a county program to attend a charter school.

(h) The county board of education shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be used by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school, any school district where the charter school may operate, and upon the county board of education. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation.

(i) In reviewing petitions for the establishment of charter schools within the county, the county board of education shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032, as it read before July 19, 2006.

(j) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the school districts within the county, the Superintendent, and to the state board.

(k) If a county board of education denies a petition, the petitioner may not elect to submit the petition for the establishment of the charter school to the state board.

(l) Teachers in charter schools shall be required to hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and shall be subject to periodic inspection by the chartering authority.

(m) A charter school shall transmit a copy of its annual, independent, financial audit report for the preceding fiscal year, as described in subparagraph (I) of paragraph (5) of subdivision (b), to the county office of education, the Controller, and the department by December 15 of each year. This subdivision shall not apply if the audit of the charter school is encompassed in the audit of the chartering entity pursuant to Section 41020.

SEC. 3. Section 47607 of the Education Code is amended to read:

47607. (a) (1) A charter may be granted pursuant to Sections 47605, 47605.5, and 47606 for a period not to exceed five years. A charter granted by a school district governing board, a county board of education, or the state board may be granted one or more subsequent renewals by that entity. Each renewal shall be for a period of five years. A material revision of the provisions of a charter petition may be made only with the approval of the authority that granted the charter. The authority that granted the charter may inspect or observe any part of the charter school at any time.

(2) Renewals and material revisions of charters are governed by the standards and criteria in Section 47605, and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of

charter schools enacted into law after the charter was originally granted or last renewed.

(3) (A) The authority that granted the charter shall consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to grant a charter renewal.

(B) For purposes of this section, “all groups of pupils served by the charter school” means a numerically significant pupil subgroup, as defined by paragraph (3) of subdivision (a) of Section 52052, served by the charter school.

(b) Commencing on January 1, 2005, or after a charter school has been in operation for four years, whichever date occurs later, a charter school shall meet at least one of the following criteria before receiving a charter renewal pursuant to paragraph (1) of subdivision (a):

(1) Attained its Academic Performance Index (API) growth target in the prior year or in two of the last three years both schoolwide and for all groups of pupils served by the charter school.

(2) Ranked in deciles 4 to 10, inclusive, on the API in the prior year or in two of the last three years.

(3) Ranked in deciles 4 to 10, inclusive, on the API for a demographically comparable school in the prior year or in two of the last three years.

(4) (A) The entity that granted the charter determines that the academic performance of the charter school is at least equal to the academic performance of the public schools that the charter school pupils would otherwise have been required to attend, as well as the academic performance of the schools in the school district in which the charter school is located, taking into account the composition of the pupil population that is served at the charter school.

(B) The determination made pursuant to this paragraph shall be based upon all of the following:

(i) Documented and clear and convincing data.

(ii) Pupil achievement data from assessments, including, but not limited to, the Standardized Testing and Reporting Program established by Article 4 (commencing with Section 60640) of Chapter 5 of Part 33 for demographically similar pupil populations in the comparison schools.

(iii) Information submitted by the charter school.

(C) A chartering authority shall submit to the Superintendent copies of supporting documentation and a written summary of the basis for any determination made pursuant to this paragraph. The Superintendent shall review the materials and make recommendations to the chartering authority based on that review. The review may be the basis for a recommendation made pursuant to Section 47604.5.

(D) A charter renewal may not be granted to a charter school prior to 30 days after that charter school submits materials pursuant to this paragraph.

(5) Qualified for an alternative accountability system pursuant to subdivision (h) of Section 52052.

(c) (1) A charter may be revoked by the authority that granted the charter under this chapter if the authority finds, through a showing of substantial evidence, that the charter school did any of the following:

(A) Committed a material violation of any of the conditions, standards, or procedures set forth in the charter.

(B) Failed to meet or pursue any of the pupil outcomes identified in the charter.

(C) Failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.

(D) Violated any provision of law.

(2) The authority that granted the charter shall consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to revoke a charter.

(d) Before revocation, the authority that granted the charter shall notify the charter school of any violation of this section and give the school a reasonable opportunity to remedy the violation, unless the authority determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils.

(e) Before revoking a charter for failure to remedy a violation pursuant to subdivision (d), and after expiration of the school's reasonable opportunity to remedy without successfully remedying the violation, the chartering authority shall provide a written notice of intent to revoke and notice of facts in support of revocation to the charter school. No later than 30 days after providing the notice of intent to revoke a charter, the chartering authority shall hold a public hearing, in the normal course of business, on the issue of whether evidence exists to revoke the charter. No later than 30 days after the public hearing, the chartering authority shall issue a final decision to revoke or decline to revoke the charter, unless the chartering authority and the charter school agree to extend the issuance of the decision by an additional 30 days. The chartering authority shall not revoke a charter, unless it makes written factual findings supported by substantial evidence, specific to the charter school, that support its findings.

(f) (1) If a school district is the chartering authority and it revokes a charter pursuant to this section, the charter school may appeal the revocation to the county board of education within 30 days following the final decision of the chartering authority.

(2) The county board of education may reverse the revocation decision if the county board of education determines that the findings made by the chartering authority under subdivision (e) are not supported by substantial evidence. The school district may appeal the reversal to the state board.

(3) If the county board of education does not issue a decision on the appeal within 90 days of receipt, or the county board of education upholds the revocation, the charter school may appeal the revocation to the state board.

(4) The state board may reverse the revocation decision if the state board determines that the findings made by the chartering authority under subdivision (e) are not supported by substantial evidence. The state board

may uphold the revocation decision of the school district if the state board determines that the findings made by the chartering authority under subdivision (e) are supported by substantial evidence.

(g) (1) If a county office of education is the chartering authority and the county board of education revokes a charter pursuant to this section, the charter school may appeal the revocation to the state board within 30 days following the decision of the chartering authority.

(2) The state board may reverse the revocation decision if the state board determines that the findings made by the chartering authority under subdivision (e) are not supported by substantial evidence.

(h) If the revocation decision of the chartering authority is reversed on appeal, the agency that granted the charter shall continue to be regarded as the chartering authority.

(i) During the pendency of an appeal filed under this section, a charter school, whose revocation proceedings are based on subparagraph (A) or (B) of paragraph (1) of subdivision (c), shall continue to qualify as a charter school for funding and for all other purposes of this part, and may continue to hold all existing grants, resources, and facilities, in order to ensure that the education of pupils enrolled in the school is not disrupted.

(j) Immediately following the decision of a county board of education to reverse a decision of a school district to revoke a charter, the following shall apply:

(1) The charter school shall qualify as a charter school for funding and for all other purposes of this part.

(2) The charter school may continue to hold all existing grants, resources, and facilities.

(3) Any funding, grants, resources, and facilities that had been withheld from the charter school, or that the charter school had otherwise been deprived of use, as a result of the revocation of the charter shall be immediately reinstated or returned.

(k) A final decision of a revocation or appeal of a revocation pursuant to subdivision (c) shall be reported to the chartering authority, the county board of education, and the department.
