CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 35

Introduced by Assembly Member Roger Hernández

December 3, 2012

An act to add Section 22449 to the Business and Professions Code, to add Section 1251.5 to the Unemployment Insurance Code, and to amend Section 12801.6 of the Vehicle Code, ~~and to add Section 10001.7 to the Welfare and Institutions Code~~, relating to childhood arrivals.

LEGISLATIVE COUNSEL'S DIGEST

AB 35, as amended, Roger Hernández. Deferred action for childhood arrivals.

(1) Under existing federal law, the Secretary of the Department of Homeland Security has issued a directive allowing certain undocumented individuals who meet several key criteria for relief from removal from the United States or from entering into removal proceedings to be eligible to receive deferred action for a period of 2 years, subject to renewal, and who will be eligible to apply for work authorization.

Existing law provides for the regulation of immigration consultants by the Department of Consumer Affairs, the licensure and regulation of attorneys by the State Bar of California, and the commission of notaries public by the Secretary of State. A violation of certain of these provisions is a crime.

This bill would provide that immigration consultants, attorneys, and notaries public shall be the only individuals authorized to charge clients or prospective clients a fee for providing services associated with filing an application under the deferred action program. The bill also would prohibit immigration consultants, attorneys, and notaries public from

participating in practices that amount to price gouging, as defined, when a client or prospective client solicits these services. By expanding the definition of a crime, this bill would impose a state-mandated local program.

(2) Commencing January 1, 2013, state law provides that any federal document demonstrating favorable action by the federal government for acceptance of a person into this deferred action program shall satisfy specified requirements for the purposes of being authorized to receive an original driver's license from the Department of Motor Vehicles, as described.

This bill would provide that these provisions also apply for the purposes of being authorized to receive a California identification cards.

~~(3) Existing law provides for various public benefits, including, but not limited to, public social services such as CalWORKs, Medi-Cal, and CalFresh. Existing law provides that funds are continuously appropriated from the General Fund for the state's share of certain public social services programs, such as CalWORKs. Existing law also provides for unemployment compensation benefits to eligible persons who are unemployed through no fault of their own.~~

This bill would, to the extent permitted by federal law and contingent on the appropriation of funds, provide that a person who has received a notice of decision from the federal government granting deferred action under the deferred action program shall be eligible for ~~public benefits, including, but limited to, state-administered medical assistance and unemployment compensation benefits, to the same extent that a legal resident of California is eligible for those benefits. By increasing county duties by expanding eligibility for certain public social services, the bill would impose a state-mandated local program.~~

~~(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.~~

~~This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.~~

~~With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.~~

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state.

Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
