Introduced by Committee on Budget (Blumenfield (Chair), Bloom, Bonilla, Campos, Chervno, Daly, Dickinson, Gordon, Jones-Sawyer, Mitchell, Mullin, Muratsuchi, Nazarian, Rendon, Skinner, Stone, and Ting)

January 10, 2013

An act relating to the Budget Act of 2013. An act to amend Sections 8150, 8151, 8152, 8153.5, 8154, 8155, 8239, 8263, 8263.1, 8335.4, 8335.5, 8335.7, 8344, 8346, 8447, 17457.5, 17463.7, 17592.71, 41203.1, 41325, 41329.52, 41329.53, 41329.55, 41329.57, 41365, 41366.6, 41367, 47612, 47614.5, 49430.5, 52055.770, 56520, 56523, 56525, 56836.02, 56836.08, 56836.10, 56836.11, 56836.15, 56836.22, 56836.23, 60810, 79146, 79148, and 84043 of, to amend, add, and repeal Section 84321.6 of, to add Sections 8150.5, 44374.5, 56521.1, 56521.2, 56836.145, 56836.31, 66025.92, 79149, 79149.1, 79149.2, 79149.3, 79149.4, 79149.5, and 79149.6 to, to add Article 11.5 (commencing with Section 8273) to Chapter 2 of Part 6 of Division 1 of Title 1 of, to add Article 3 (commencing with Section 84830) to Chapter 5 of Part 50 of Division 7 of Title 3 of, to repeal Sections 8156, 38092, 38102, 47614.7, 56836.12, 56836.13, 56836.14, 56836.24, 56836.25, and 56836.30 of, to repeal Article 7 (commencing with Section 84381) of Chapter 3 of Part 50 of Division 7 of Title 3 of, and to repeal and add Section 14041.6 of, the Education Code, to amend Sections 17581.5, 17581.6, 17581.7, 63049.67, and 63049.68 of the Government Code, and to repeal Section 10 of Chapter 325 of the Statutes of 2012, relating to education finance, and making an appropriation therefor, to take effect immediately, bill related to the budget.

(1) Existing law establishes procedures and reimbursement provisions for the attendance of apprentices at high schools, unified school districts, regional occupational centers or programs, community colleges, and adult schools under vocational education programs standards that are established with the participation of the State Department of Education, the Chancellor of the California Community Colleges, and the Division of Apprenticeship Standards of the Department of Industrial Relations.

This bill would revise the role of the State Department of Education in these programs, and would, among other things, establish standards for the provision of state funding and reimbursements for these programs at high schools, unified school districts, regional occupational centers or programs, and adult schools separate from these programs at community colleges. The bill would require, by March 15, 2014, the Chancellor of the California Community Colleges and the Division of Apprenticeship Standards of the Department of Industrial Relations, with equal participation by specified entities, to develop common administrative practices and treatment of costs and services, as well as other policies related to apprenticeship programs.

(2) Existing law, the Child Care and Development Services Act, administered by the State Department of Education, requires the Superintendent of Public Instruction to administer child care and development programs that offer a full range of services for eligible children from infancy to 13 years of age. Existing law requires the Superintendent to establish a fee schedule for families using child care and development services pursuant to the act, and limits a contractor’s ability to charge additional fees. Existing law exempts families that meet certain criteria from family fees for a cumulative period of up to 12 months.

This bill would instead require the Superintendent to establish a revised fee schedule for families using preschool and child care and development services. The bill would require the Superintendent to first submit the adjusted family fee schedule to the Department of Finance for approval. The bill would require that families be assessed a flat monthly fee, based on income, as specified, certified family need for full-time or part-time care services, and enrollment, and not based on attendance, as specified. The bill would require that the family fee
schedule differentiate between fees for part-time care and full-time care and that the family fee be assessed at initial enrollment and reassessed as specified. The bill would also state the Legislature’s intent that new family fees be cost neutral to the state and generate roughly the same amount of revenue as was generated under the previous family fee schedule. The bill would specify that the family fee schedule that was in effect for the 2012–13 fiscal year shall remain in effect for the 2013–14 fiscal year until as specified. The bill would make organizational, conforming, and nonsubstantive changes.

(3) Existing law requires the Superintendent of Public Instruction to encourage state preschool program applicants or contracting agencies to offer full-day services through a combination of part-day preschool slots and wraparound general child care and development programs, as defined. Existing law also requires fees to be assessed and collected for families with children in part-day preschool programs, or families receiving wraparound child care services, or both, as provided.

This bill would require the Superintendent to annually report to the Department of Finance, on or before October 1 of each year, the fees collected from families who have children enrolled in the California state preschool program, as specified.

(4) Existing law provides for income eligibility standards for families to receive child care and development services. Existing law provides that “income eligible,” for the purposes of the Child Care and Development Services Act, means that a family’s adjusted monthly income is at or below 70% of the state median income, adjusted for family size, and adjusted annually. Notwithstanding this provision, existing law requires, for the 2012–13 fiscal year, the income eligibility limits to be 70% of the state median income that was in use for the 2007–08 fiscal year, adjusted for family size.

This bill would require, notwithstanding these provisions, for the 2013–14 fiscal year, the income eligibility limits to be 70% of the state median income that was in use for the 2007–08 fiscal year, adjusted for family size.

(5) Existing law authorizes the City and County of San Francisco, until July 1, 2014, and as a pilot project, to develop and implement an individualized county child care subsidy plan, requires the city and county, on or before June 30, 2014, to submit a final report to the Legislature and other specified entities that summarizes the impact of the plan, requires the city and county to phase out the plan and
implement the state’s requirements for child care subsidies as of July 1, 2016, and repeals these provisions on January 1, 2017.

This bill would instead authorize the City and County of San Francisco to implement the individualized county child care subsidy plan until July 1, 2015, require the city and county to phase out the plan and implement the state’s requirements for child care subsidies as of July 1, 2017, require the city and county to submit the final report on or before June 30, 2015, and repeal these provisions on January 1, 2018.

(6) Existing law, until January 1, 2014, authorizes the County of San Mateo to implement an individualized county child care subsidy plan, and requires the county to phase out the plan between January 1, 2014, and January 1, 2016. Existing law provides for the repeal of these provisions on January 1, 2016.

This bill would instead authorize the County of San Mateo to implement the individualized county child care subsidy plan until January 1, 2015, require the county to phase out the plan between January 1, 2015, and January 1, 2017, and repeal these provisions on January 1, 2017.

(7) Existing law requires the Controller to draw warrants on the State Treasury in each month of the year for the purpose of funding school districts, county superintendents of schools, and community college districts. Existing law defers the drawing of specified warrants until later dates. This bill would revise and recast a provision authorizing the deferral of several specified warrants.

(8) Existing law, which becomes inoperative on June 30, 2013, and is repealed on January 1, 2014, requires the governing board of a school district seeking to sell or lease real property designed to provide direct instruction or instructional support that the governing board deems to be surplus property to first provide a written offer to sell or lease that property to any charter school that has submitted a written request to the school district to be notified of surplus real property offered by the school district for sale or lease, as specified.

This bill would delete the repeal provision, thereby extending the operation of this provision indefinitely. The bill would revise the procedures and requirements for the sale of surplus property to charter schools, and would limit the provisions to charter schools that, at the time of the offer, have projections of at least 80 units of in-district average daily attendance for the following fiscal year.
Existing law, until January 1, 2014, authorizes a school district to deposit the proceeds from the sale of surplus real property, together with any personal property located on that property, purchased entirely with local funds, into the general fund of the school district and to use those proceeds for any one-time general fund purpose. Existing law requires the Office of Public School Construction to submit a final report, by January 1, 2014, to the State Allocation Board and certain committees of the Legislature relating to school districts that have exercised authority pursuant to those provisions.

This bill would extend the operation of those provisions to January 1, 2016, and would revise the date on which the final report is required to be submitted from January 1, 2014, to January 1, 2015.

Existing law establishes the School Facilities Emergency Repair Account in the State Treasury, and requires the State Allocation Board to administer the account. Existing law establishes the Proposition 98 Reversion Account in the General Fund, and requires that the Legislature, from time to time, transfer into this account moneys previously appropriated in satisfaction of the constitutional minimum funding requirements that have not been disbursted or otherwise encumbered for the purposes for which they were appropriated. Existing law generally requires an amount, equaling 50% of the unappropriated balance of the Proposition 98 Reversion Account or $100,000,000, whichever is greater, to be transferred in the annual Budget Act from the Proposition 98 Reversion Account to the School Facilities Emergency Repair Account. However, the amount to be transferred under this provision was set at $0 for the 2009–10, 2010–11, 2011–12, and 2012–13 fiscal years.

This bill would also set the amount to be transferred for the 2013–14 fiscal year to $0.

Existing law authorizes the governing board of any school district with an average daily attendance of over 100,000 to allow as an expenditure from the cafeteria fund or account a share of money that is generated from the joint sale of items between the cafeteria and the associated student body student store, and also authorizes the governing board of a school district operating school cafeterias to establish and maintain a cafeteria equipment reserve, as specified.

This bill would repeal those provisions.

Existing law requires, for the 1990–91 fiscal year and each fiscal year thereafter, that moneys to be applied by the state for the support of school districts, community college districts, and direct
elementary and secondary level instructional services provided by the state be distributed in accordance with certain calculations governing the proration of those moneys among the 3 segments of public education. Existing law makes that provision inapplicable to the 1992–93 to 2012–13 fiscal years, inclusive.

This bill would also make that provision inapplicable to the 2013–14 fiscal year.

(13) Existing law provides that when a school district becomes insolvent and requires an emergency apportionment from the state, that the Superintendent of Public Instruction, operating through an appointed administrator, take specified actions, including, among others, implementing substantial changes in the school district’s fiscal policies and practices, and sets forth the administrator’s powers and responsibilities in that regard.

This bill would authorize the Superintendent to also appoint a trustee with the powers and responsibilities of an administrator.

(14) Existing law authorizes a school district to receive an advance of apportionments owed to the school district by the State School Fund in accordance with specified procedures and requirements.

This bill would specify that a school district is authorized to receive an advance of apportionments owed to the school district from the State School Fund and the Education Protection Account. The bill would also make conforming changes to related sections in the Government Code.

(15) Existing law establishes the Charter School Revolving Loan Fund in the State Treasury, and authorizes loans to be made from the fund to qualifying charter schools. Existing law establishes the Charter School Security Fund, and authorizes deposits to be made from that fund into the Charter School Revolving Loan Fund in case of a default on a loan made from the latter fund. Under existing law, these funds are administered by the State Department of Education.

This bill would require the California School Finance Authority to administer the Charter School Revolving Loan Fund and the Charter School Security Fund commencing with the 2013–14 fiscal year.

(16) Existing law establishes the Commission on Teacher Credentialing for, among other purposes, the establishment of professional standards, assessments, and examinations for entry and advancement in the teaching profession.
This bill would authorize the commission to charge fees to recover the costs of reviewing new educator preparation programs and specified accreditation activities, as provided.

This bill would revise certain of these procedures, and specifically prohibit a charter school pupil from generating more than one day of attendance in a calendar day.

(18) Existing law establishes the Charter School Facility Grant Program to provide assistance with facilities rent and lease costs for pupils in charter schools, and requires the State Department of Education to allocate annually facilities grants to eligible charter schools.

This bill would revise and recast the statutes controlling the Charter School Facility Grant Program, and, commencing with the 2013–14 fiscal year, place it under the administration of the California School Finance Authority rather than the department.

(19) Existing law sets the reimbursement a school receives for free and reduced-price meals sold or served to pupils in elementary, middle, or high schools to be $0.21, as adjusted annually for increases in cost of living, as specified.

This bill would set the reimbursement amount to $0.2229 per meal, and, for meals served in child care centers and homes, to $0.1660 per meal.

(20) The existing Quality Education Investment Act of 2006 effectuates the intent of the Legislature to implement the terms of the proposed settlement agreement of a specified legal action, to provide for the discharge of the minimum state educational funding requirement, to improve the quality of academic instruction and the level of pupil achievement in schools whose pupils have high levels of poverty and complex educational needs, to develop exemplary school district and school practices that will create working conditions and classroom learning environments that will attract and retain well qualified teachers, administrators, and other staff, and to focus school resources solely on instructional improvement and pupil services. The act appropriates specified funds for these purposes.

This bill would adjust certain calculations and appropriations made pursuant to these provisions.
(21) Existing law makes legislative findings and declarations that the state has continually sought to provide an appropriate and meaningful educational program in a safe and healthy environment for all children regardless of possible physical, mental, or emotionally disabling conditions and that teachers of children with special needs require training and guidance that provides positive ways for working successfully with children who have difficulties conforming to acceptable behavior patterns. Existing law provides for the implementation of a program governing the use of behavior interventions for individuals with exceptional needs.

This bill would delete the legislative finding and declaration relating to teachers of children with special needs, and add certain findings and declarations relating to behavioral interventions.

The bill would require that emergency behavioral interventions be used only to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs or others, and that cannot be prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. The bill would require that emergency interventions be documented in reports, as provided, and would require specified teams to review these reports. The bill would prohibit certain types of interventions by an agency serving individuals with exceptional needs, including electric shock, the release of toxic or noxious sprays or mists, or locked seclusion, except when seclusion is used as specified.

The bill would require the Superintendent of Public Instruction to repeal regulations regarding the use of behavioral interventions that are no longer supported by statute, as specified.

(22) Existing law provides for the calculation of apportionments to fund the provision of special education instruction and services for pupils who qualify for these programs.

This bill would make numerous adjustments in the calculations of apportionments related to the funding for special education.

(23) Existing law requires the Superintendent of Public Instruction to review existing tests that assess the English language development of pupils whose primary language is a language other than English. Existing law requires pupils in kindergarten and grade 1 to be assessed in English listening and speaking, and, once an assessment is developed, early literacy skills. Existing law requires an early literacy assessment to be administered for a period of 3 years or until July 1, 2012, whichever occurs first, and requires the State Department of Education
to report to the Legislature, no later than January 1, 2013, on early literacy assessment results.

The bill would instead require the early literacy assessment to be administered for 4 years or until July 1, 2014, and would require the department to submit the report on early literacy assessments results for the first 3 administered assessments no later than June 30, 2013.

(24) Existing law requires the California State University and each community college district, and requests the University of California, with respect to each campus in their respective jurisdictions that administers a priority enrollment system, to grant priority registration for enrollment to a foster youth or former foster youth, as defined.

This bill would require each community college district that administers a priority enrollment system to grant priority registration for enrollment to any student who is a recipient of aid under the California Work Opportunity and Responsibility to Kids program. By requiring additional students to receive priority registration at community college districts, the bill would impose a state-mandated local program.

(25) Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law, for the 2009–10 to 2014–15 fiscal years, inclusive, authorizes a community college district to use funds apportioned to the community college district for certain programs, including, among other programs, apprenticeship and matriculation programs, for purposes of a prescribed list of programs contained in the Budget Act of 2009.

This bill would remove the authorization for a community college district to use funds appropriated for apprenticeship and matriculation for purposes of the prescribed list of programs contained in the Budget Act of 2009.

(26) Existing law creates in the State Treasury the Community College Fund for Instructional Improvement, which consists of a revolving loan program and a direct grant program to support alternative educational programs and services for California Community Colleges, as specified.

This bill would repeal those provisions.

(27) Existing law specifies noncredit courses and classes in the various campuses of the California Community Colleges that are eligible for state funding.
This bill would require the Chancellor of the California Community Colleges and the State Department of Education, pursuant to funding made available in the annual Budget Act, to jointly provide 2-year planning and implementation grants to regional consortia of community college districts and school districts for the purpose of developing regional plans for adult education, as specified. The bill would require the chancellor and the department to submit a joint report relating to the program to the Legislature and the Governor on or before March 1, 2014.

(28) Under the California Constitution, whenever the Legislature or a state agency mandates a new program or higher level of service on any local government, including a school district and a community college district, the state is required to provide a subvention of funds to reimburse the local government, with specified exceptions. Existing law provides that, under certain conditions, a school district or community college district is not required to implement or give effect to certain statutes, or portions of statutes, determined to mandate a new program or higher level of service.

This bill would expand the list of programs that a school district or community college district would not have to implement under those conditions.

(29) Existing law, commencing with the 2012–13 fiscal year, requires certain funds appropriated in the annual Budget Act for reimbursement of the cost of a new program or increased level of service of an existing program mandated by statute or executive order to be available as a block grant to school districts, charter schools, county offices of education, and community college districts, to support specified state-mandated local programs. Existing law provides that a school district, charter school, county office of education, or community college district that submits a letter of intent to the Superintendent of Public Instruction or the Chancellor of the California Community Colleges, as appropriate, and receives this block grant funding is not eligible to submit a claim for reimbursement for those specified mandated programs for the fiscal year for which the block grant funding is received.

This bill would prescribe procedures and requirements for school districts, county offices of education, charter schools, and community college districts that elect to receive block grant funding for designated mandated programs. The bill would revise the list of specified
state-mandated local programs that are subject to these provisions that authorize block grant funding in lieu of program-specific reimbursement.

(30) Existing law appropriates a sum of up to $29,000,000 from the General Fund to the Superintendent of Public Instruction for apportionment to the Inglewood Unified School District for the purpose of an emergency loan. Existing law requires the Inglewood Unified School District to enter into bank financing with the California Infrastructure and Economic Development Bank upon terms the bank, in its discretion, deems necessary or appropriate for purposes of financing or refinancing the emergency apportionment. Existing law authorizes the school district to augment the emergency loan with an additional $26,000,000 of bank financing, arranged as specified.

This bill would repeal the provisions requiring the Inglewood Unified School District to enter into bank financing or refinancing of the emergency apportionment and authorizing the school district to augment the emergency loan. The bill would instead authorize the Inglewood Unified School District, through the State Department of Education, to request cashflow loans from the General Fund for a total of $55,000,000. The bill would require the Controller, upon order of the Director of Finance, to draw warrants against General Fund cash to the Inglewood Unified School District once a loan is approved by the Director of Finance, thereby making an appropriation. The bill would specify conditions to be followed by the school district in receiving the funds and repaying the loan. The bill would make legislative findings and declarations as to the necessity of a special statute for the Inglewood Unified School District.

(31) This bill would provide that, of the amount allocated in a specified schedule of the Budget Act of 2011, $8,954,000 would be provided to fully fund maintenance of effort in the special education program in designated fiscal years.

(32) This bill would appropriate $1,250,000,000 from the General Fund to the Superintendent of Public Instruction for transfer to Section A of the State School Fund to support the integration of academic content standards in instruction, as specified. The bill would require the Superintendent to apportion these funds to school districts, county offices of education, charter schools, and the state special schools using an equal rate per pupil based on prior year enrollment. The bill would require the school districts, county offices of education, charter schools, or state special schools receiving these funds to use them for certain purposes, including professional development of teachers,
administrators, and paraprofessional educators or other classified employees involved in the direct instruction of pupils, as specified. The bill would require, as a condition of receiving funds apportioned pursuant to the bill, a school district, county office of education, charter school, or state special school to adopt a plan delineating how the funds shall be spent and to report detailed expenditure information to the State Department of Education on or before July 1, 2015, as specified. The bill would require the department to provide a summary of the expenditure information provided to it to the appropriate budget subcommittees and policy committees of the Legislature and to the Department of Finance on or before January 1, 2016.

(33) This bill would appropriate $250,000,000 from the General Fund to the Superintendent of Public Instruction for transfer to Section A of the State School Fund for establishment of the California Career Pathways Trust. The bill would require these funds to be apportioned, as specified, to school districts, county superintendents of schools, charter schools, and community college districts as competitive grants to be available for expenditure in the 2013–14 to 2015–16 fiscal years, inclusive. The bill would require the Superintendent to consult with the Chancellor of the California Community Colleges and organizations representing businesses in considering grant applications pursuant to those provisions. The bill would require recipients of grants and the Superintendent to report specified outcome measures to the Department of Finance and to the relevant policy and fiscal committees of the Legislature no later than December 1, 2016.

(34) This bill would require amounts to be determined by the Director of Finance to be appropriated from the General Fund to the Board of Governors of the California Community Colleges, on or before June 30, 2013, and on or before June 30, 2014, in the event that specified revenues distributed to community colleges are less than estimated amounts reflected in the Budget Acts of 2012 and 2013, respectively.

(35) This bill would require that an amount to be determined by the Director of Finance would be appropriated, on or before June 30, 2014, from the General Fund to the Superintendent of Public Instruction for specified special education programs.

(36) This bill would require that the funds appropriated pursuant to designated items of the Budget Act of 2013 be encumbered by July 31, 2014, thus extending the encumbrance authority connected with those items by one month. The bill would state that this extension is provided
due to the effect of the deferral of the June 2014 principal apportionment on those budget items.

(37) This bill would make conforming changes, correct cross-references, and make other nonsubstantive changes.

(38) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

(39) Funds appropriated by this bill would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

(40) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

This bill would express the intent of the Legislature to enact statutory changes relating to the Budget Act of 2013.

The people of the State of California do enact as follows:

SECTION 1. Section 8150 of the Education Code is amended to read:

8150. Attendance of apprentices enrolled in any class maintained by a high school, unified school district, regional occupational center or program, community college, or adult school, pursuant to Section 3074 of the Labor Code, shall be reimbursed pursuant to Section 8152 only if reported separately to the Superintendent of Public Instruction or Chancellor of the California Community Colleges, as appropriate. Attendance reported pursuant to this section shall be used only for purposes of calculating allowances pursuant to Section 8152.

8150. (a) The Chancellor of the California Community Colleges shall be responsible for allocating funds for apprenticeship programs in good standing and approved pursuant
to Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code for the secondary education system.

(b) Upon an appropriation by the Legislature, the Chancellor of the California Community Colleges shall allocate funds solely for the purposes of this article consistent with the subdivision (e) of Section 8152.

(c) For purposes of this article, a “local educational agency” is defined as a school district or a county office of education.

SEC. 2. Section 8150.5 is added to the Education Code, to read:

8150.5. Attendance of apprentices enrolled in any class maintained by a high school, unified school district, regional occupation center or program, or adult school, pursuant to Section 3074 of the Labor Code, shall be reimbursed pursuant to Section 8152 only if reported separately to the Chancellor of the California Community Colleges. Attendance reported pursuant to this section shall be used only for purposes of calculating allowances pursuant to Section 8152.

SEC. 3. Section 8151 of the Education Code is amended to read:

8151. An apprentice attending a high school, unified school district, regional occupational center or program, community college, or adult school in classes of related and supplemental instruction as provided under Section 3074 of the Labor Code and in accordance with the requirements of subdivision (d) of Section 3078 of the Labor Code shall be exempt from the requirements of any interdistrict attendance agreement for such those classes.

SEC. 4. Section 8152 of the Education Code is amended to read:

8152. (a) The reimbursement rate shall be established in the annual Budget Act and the rate shall be commonly applied to all providers of instruction specified in subdivision (d).

(b) For the purposes of this section, each hour of teaching time may include up to 10 minutes of passing time and breaks.

(c) This section also applies to isolated apprentices, as defined in Section 3074 of the Labor Code, for which alternative methods of instruction are provided.

(d) The Superintendent of Public Instruction or the Chancellor of the California Community Colleges, whichever is appropriate, shall make the reimbursements specified in this section
for teaching time provided by high schools, unified school districts,
regional occupational centers or programs, community colleges,
or adult schools.

(e) The hours for related and supplemental instruction derived
from funds appropriated pursuant to subdivision (b) of Section
8150 shall be allocated by the Chancellor of California Community
Colleges directly to participating local educational agencies that
contract with apprenticeship programs pursuant to subdivision
(f).

(f) Reimbursements may be made under this section for related
and supplemental instruction provided to indentured apprentices
only if the instruction is provided by a program approved by the
Division of Apprenticeship Standards in the Department of
Industrial Relations in accordance with Chapter 4 (commencing
with Section 3070) of Division 3 of the Labor Code.

(g) The initial allocation of hours made pursuant to subdivision
(e) for related and supplemental instruction at the beginning of
any fiscal year when multiplied by the hourly reimbursement rate
shall equal 100 percent of the total appropriation for
apprenticeships.

(h) If funds remain from the appropriation pursuant to
subdivision (b) of Section 8150, the Chancellor of the California
Community Colleges shall reimburse local educational agencies
for unfunded related and supplemental instruction hours from any
of the three previous fiscal years, in the following order:
(1) Reported related and supplemental instruction hours as
described in subdivision (b) of Section 8154 that were paid at a
rate less than the hourly rate specified in the Budget Act.
(2) Reported related and supplemental instruction hours that
were not reimbursed.

SEC. 5. Section 8153.5 of the Education Code is amended to
read:

8153.5. For purposes of the California Firefighter Joint
Apprenticeship Program, classes of related and supplemental
instruction which qualify for funding pursuant to Sections
8152 and 8153, Section 8152 include, but are not limited to, classes
which meet both of the following requirements:
(a) The classes are conducted at the workplace.
(b) The person providing instruction is qualified, by means of education or experience, as a journeyman and shares the responsibility for supervision of the apprentices participating in the classes with the certified community college or adult education coordinator.

SEC. 6. Section 8154 of the Education Code is amended to read:

8154. (a) The Superintendent of Public Instruction and the Chancellor of the California Community Colleges, in consultation with the Division of Apprenticeship Standards of the Department of Industrial Relations and the Superintendent, shall annually review the amount of state funding necessary to provide the reimbursements specified in Sections 8152 and 8153, Section 8152, and shall include an estimate of required funds in their budgets for each fiscal year.

(b) If the amounts appropriated in any fiscal year are insufficient to provide full reimbursement, the hourly rate specified in Section 8152 shall be reduced on a pro rata basis only for reported hours that are in excess of the number of hours allocated at the beginning of the fiscal year so that the entire appropriation is allocated. The Superintendent of Public Instruction and the Chancellor of the California Community Colleges may mutually agree to the transfer of moneys from one section of the State School Fund to the other in an amount necessary to provide for full reimbursement, or equal funding on a pro rata basis, of the rate specified in Section 8153 for school and community college districts. The amount upon which the superintendent and chancellor agree is reappropriated from the appropriate section of the State School Fund to the other section of the State School Fund for the purpose specified in the agreement.

(c) If the amount appropriated is in excess of the amounts needed for full reimbursement pursuant to subdivision (h) of Section 8152, any excess shall be allocated to school and community college districts to be used for the purpose of the state general apportionment from Sections A and B of the State School Fund.

SEC. 7. Section 8155 of the Education Code is amended to read:
8155. (a) The State Department of Education, the Chancellor of the California Community Colleges, Colleges and the Division of Apprenticeship Standards of the Department of Industrial Relations, in consultation with the Superintendent, shall jointly develop a model format for agreements between Joint Apprenticeship Training Councils apprenticeship programs and local-education educational agencies for instruction pursuant to Section 3074 of the Labor Code.

(b) The State Department of Education, the Chancellor of the California Community Colleges, and the Division of Apprenticeship Standards shall jointly develop a model format for agreements between Joint Apprenticeship Training Councils and local education agencies concerning the calculation and payment of excess costs pursuant to Section 3074 of the Labor Code.

(c) By March 15, 2014, the Chancellor of the California Community Colleges and the Division of Apprenticeship Standards of the Department of Industrial Relations, with equal participation by local educational agencies and community college apprenticeship administrators, shall develop common administrative practices and treatment of costs and services, as well as other policies related to apprenticeship programs. Any policies developed pursuant to this subdivision shall become operative upon approval by the California Apprenticeship Council.

(c) Apprenticeship programs offered through local educational agencies may maintain their existing curriculum and instructors separate from the requirements of the California Community Colleges. The person providing instruction may be a qualified journeyperson with experience and knowledge of the trade.

SEC. 8. Section 8156 of the Education Code is repealed.

8156. (a) For any apprenticeship program established pursuant to Section 3074 of the Labor Code for which there is a reimbursement entitlement under Section 8152 and that is transferred from a county office of education or a school district maintaining classes in kindergarten and any of grades 1 to 12, inclusive, to a community college district, the Controller, upon certification by the Superintendent of Public Instruction, shall transfer, prior to the first or second principal apportionment, as appropriate, from Section A of the State School Fund to Section B of the State School Fund an amount equal to the numbers of hours for which the apprenticeship program received funding in
the previous fiscal year multiplied by the appropriate reimbursement rate set forth in Section 8152.

(b) For any apprenticeship program for which there is a reimbursement entitlement under Section 8152 and that is transferred from a community college district to a school district maintaining classes in kindergarten and any of grades 1 to 12, inclusive, the Controller, upon certification by the Chancellor of the California Community Colleges, shall transfer, prior to certification of the first or second principal apportionments, as appropriate, from Section B of the State School Fund to Section A of the State School Fund an amount equal to the number of hours for which the apprenticeship program received funding in the previous fiscal year multiplied by the appropriate reimbursement rate set forth in Section 8152.

(c) In the event that a deficit occurs in either Section A or Section B of the State School Fund for apprenticeship programs established pursuant to Section 3074 of the Labor Code for which there is a reimbursement entitlement under Section 8152, the Director of the Department of Finance may transfer any unspent funds from one section of the State School Fund to fund a deficit in another section of the State School Fund.

(d) Any transfer authorized by this section shall be subject to the approval of the Director of the Department of Finance, provided that the transfer may not be authorized sooner than 30 days after written notification of the necessity therefor is provided to the chairpersons of the appropriate budget committees of the Legislature and to the Chairperson of the Joint Legislative Budget Committee, or sooner than any lesser period of time designated in each instance by the Director of the Department of Finance, or his or her designee.

SEC. 9. Section 8239 of the Education Code is amended to read:

8239. The Superintendent shall encourage state preschool program applicants or contracting agencies to offer full-day services through a combination of part-day preschool slots and wraparound general child care and development programs. In order to facilitate a full-day of services, all of the following shall apply:

(a) Part-day preschool programs provided pursuant to this section shall operate between 175 and 180 days.
(b) Wraparound general child care and development programs provided pursuant to this section may operate a minimum of 246 days per year unless the child development contract specified a lower minimum days of operation. Part-day general child care and development programs may operate a full-day for the remainder of the year after the completion of the preschool program.

(c) Part-day preschool services combined with wraparound child care services shall be reimbursed at no more than the full-day standard reimbursement rate for general child care programs with adjustment factors, pursuant to Section 8265 and as determined in the annual Budget Act.

(d) Three- and four-year-old children are eligible for wraparound child care services to supplement the part-day California state preschool program if the family meets at least one of the criteria specified in paragraph (1) of subdivision (a) of Section 8263, and the parents meet at least one of the criteria specified in paragraph (2) of subdivision (a) of Section 8263.

(e) Fees shall be assessed and collected for families with children in part-day preschool programs, or families receiving wraparound child care services, or both, pursuant to subdivisions (g) and (h) of Section 8263. Article 11.5 (commencing with Section 8273).

(f) The Superintendent shall annually report to the Department of Finance, on or before October 1 of each year; the fees collected from families who have children enrolled in the California state preschool program. The report shall distinguish between family fees collected for part-day preschool programs and fees collected for wraparound child care services.

(g) For purposes of this section, “wraparound child care services” and “wraparound general child care and development programs” mean services provided for the remaining portion of the day or remainder of the year following the completion of part-day preschool services that are necessary to meet the child care needs of parents eligible pursuant to subdivision (a) of Section 8263. These services shall be provided consistent with the general child care and development programs provided pursuant to Article 8 (commencing with Section 8240).

SEC. 10. Section 8263 of the Education Code is amended to read:
8263. (a) The Superintendent shall adopt rules and regulations on eligibility, enrollment, and priority of services needed to implement this chapter. In order to be eligible for federal and state subsidized child development services, families shall meet at least one requirement in each of the following areas:

(1) A family is (A) a current aid recipient, (B) income eligible, (C) homeless, or (D) one whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) A family needs the child care services (A) because the child is identified by a legal, medical, or social services agency, or emergency shelter as (i) a recipient of protective services or (ii) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (B) because the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, (iii) seeking permanent housing for family stability, or (iv) incapacitated.

(b) Except as provided in Article 15.5 (commencing with Section 8350), priority for federal and state subsidized child development services is as follows:

(1) (A) First priority shall be given to neglected or abused children who are recipients of child protective services, or children who are at risk of being neglected or abused, upon written referral from a legal, medical, or social services agency. If an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(B) A family who is receiving child care on the basis of being a child at risk of abuse, neglect, or exploitation, as defined in subdivision (k) of Section 8208, is eligible to receive services pursuant to subparagraph (A) for up to three months, unless the family becomes eligible pursuant to subparagraph (C).

(C) A family may receive child care services for up to 12 months on the basis of a certification by the county child welfare agency that child care services continue to be necessary or, if the child is receiving child protective services during that period of time, and the family requires child care and remains otherwise eligible. This
time limit does not apply if the family’s child care referral is recertified by the county child welfare agency.

(2) Second priority shall be given equally to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income in relation to family size, as determined by a schedule adopted by the Superintendent, shall be admitted first. If two or more families are in the same priority in relation to income, the family that has a child with exceptional needs shall be admitted first. If there is no family of the same priority with a child with exceptional needs, the same priority family that has been on the waiting list for the longest time shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The Superintendent shall set criteria for, and may grant specific waivers of, the priorities established in this subdivision for agencies that wish to serve specific populations, including children with exceptional needs or children of prisoners. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(c) Notwithstanding any other law, in order to promote continuity of services, a family enrolled in a state or federally funded child care and development program whose services would otherwise be terminated because the family no longer meets the program income, eligibility, or need criteria may continue to receive child development services in another state or federally funded child care and development program if the contractor is able to transfer the family’s enrollment to another program for which the family is eligible before the date of termination of services or to exchange the family’s existing enrollment with the enrollment of a family in another program, provided that both families satisfy the eligibility requirements for the program in which they are being enrolled. The transfer of enrollment may be to another program within the same administrative agency or to another agency that administers state or federally funded child care and development programs.

(d) In order to promote continuity of services, the Superintendent may extend the 60-working-day period specified in subdivision
(a) of Section 18086.5 of Title 5 of the California Code of Regulations for an additional 60 working days if he or she determines that opportunities for employment have diminished to the degree that one or both parents cannot reasonably be expected to find employment within 60 working days and granting the extension is in the public interest. The scope of extensions granted pursuant to this subdivision shall be limited to the necessary geographic areas and affected persons, which shall be described in the Superintendent’s order granting the extension. It is the intent of the Legislature that extensions granted pursuant to this subdivision improve services in areas with high unemployment rates and areas with disproportionately high numbers of seasonal agricultural jobs.

(e) A physical examination and evaluation, including age-appropriate immunization, shall be required before, or within six weeks of, enrollment. A standard, rule, or regulation shall not require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because of a parent or guardian having filed the letter. However, if there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that the child is not suffering from that contagious or infectious disease.

(f) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Care Services relative to health care screening and the provision of health care services. The Superintendent shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of children who are ill or children with exceptional needs.

(g) (1) The Superintendent shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter, including families receiving services under paragraph (1) of subdivision (b). Families receiving services under subparagraph (B) of paragraph (1) of subdivision (b) may be
exempt from these fees for up to three months. Families receiving
services under subparagraph (C) of paragraph (1) of subdivision
(b) may be exempt from these fees for up to 12 months. The
cumulative period of time of exemption from these fees for families
receiving services under paragraph (1) of subdivision (b) shall not
exceed 12 months.

(2) The income of a recipient of federal supplemental security
income benefits pursuant to Title XVI of the federal Social Security
Act (42 U.S.C. Sec. 1381 et seq.) and state supplemental program
benefits pursuant to Title XVI of the federal Social Security Act
(42 U.S.C. Sec. 1381 et seq.) and Chapter 3 (commencing with
Section 12000) of Part 3 of Division 9 of the Welfare and
Institutions Code shall not be included as income for purposes of
determining the amount of the family fee:

(h) (1) The family fee schedule shall
provide, among other things, that a contractor or provider may
require parents to provide diapers. A contractor or provider offering
field trips either may include the cost of the field trips within the
service rate charged to the parent or may charge parents an
additional fee. Federal or state money shall not be used to
reimburse parents for the costs of field trips if those costs are
charged as an additional fee. A contractor or provider that charges
parents an additional fee for field trips shall inform parents, before
enrolling the child, that a fee may be charged and that no
reimbursement will be available:

(2) A contractor or provider may charge parents for field trips
or require parents to provide diapers only under the following
circumstances:

(A) The provider has a written policy that is adopted by the
agency’s governing board that includes parents in the
decisionmaking process regarding both of the following:

(i) Whether or not, and how much, to charge for field trip
expenses.

(ii) Whether or not to require parents to provide diapers.

(B) The maximum total of charges per child in a contract year
does not exceed twenty-five dollars ($25).

(C) A child shall not be denied participation in a field trip due
to the parent’s inability or refusal to pay the charge. Adverse action
shall not be taken against a parent for that inability or refusal.
(3) Each contractor or provider shall establish a payment system that prevents the identification of children based on whether or not their parents have paid a field trip charge.

(4) Expenses incurred and income received for field trips pursuant to this section shall be reported to the department. The income received for field trips shall be reported specifically as restricted income.

(g) The Superintendent shall establish guidelines for the collection of employer-sponsored child care benefit payments from a parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(h) The Superintendent shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(i) Public funds shall not be paid directly or indirectly to an agency that does not pay at least the minimum wage to each of its employees.

SEC. 11. Section 8263.1 of the Education Code is amended to read:

8263.1. (a) For purposes of this chapter, “income eligible” means that a family’s adjusted monthly income is at or below 70 percent of the state median income, adjusted for family size, and adjusted annually.

(b) Notwithstanding any other law, for the 2011–12 fiscal year, the income eligibility limits that were in effect for the 2007–08 fiscal year shall be reduced to 70 percent of the state median income that was in use for the 2007–08 fiscal year, adjusted for family size, effective July 1, 2011.

(c) Notwithstanding any other law, for the 2012–13 fiscal year, the income eligibility limits shall be 70 percent of the state median income that was in use for the 2007–08 fiscal year, adjusted for family size.
(d) Notwithstanding any other law, for the 2013–14 fiscal year, the income eligibility limits shall be 70 percent of the state median income that was in use for the 2007–08 fiscal year, adjusted for family size.

(e) The income of a recipient of federal supplemental security income benefits pursuant to Title XVI of the federal Social Security Act (42 U.S.C. Sec. 1381 et seq.) and state supplemental program benefits pursuant to Title XVI of the federal Social Security Act and Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code shall not be included as income for the purposes of determining eligibility for child care under this chapter.

SEC. 12. Article 11.5 (commencing with Section 8273) is added to Chapter 2 of Part 6 of Division 1 of Title 1 of the Education Code, to read:

Article 11.5. Family Fees

8273. (a) The Superintendent shall establish a fee schedule for families using preschool and child care and development services pursuant to this chapter, including families receiving services pursuant to paragraph (1) of subdivision (b) of Section 8263. It is the intent of the Legislature that the new fee schedule shall be simple and easy to implement.

(b) The family fee schedule shall retain a flat monthly fee per family. The schedule shall differentiate between fees for part-time care and full-time care.

(c) Using the most recently approved family fee schedule pursuant to subdivision (f) of Section 8447, families shall be assessed a flat monthly fee based on income, certified family need for full-time or part-time care services, and enrollment, and shall not be based on actual attendance. No recalculation of a family fee shall occur if attendance varies from enrollment unless a change in need for care is assessed.

(d) The Superintendent shall design the new family fee schedule based on the state median income data that was in use for the 2007–08 fiscal year, adjusted for family size. The revised family fee schedule shall begin at income levels at which families currently begin paying fees. The revised fees shall not exceed 10 percent of
the family’s monthly income. The Superintendent shall first submit
the adjusted fee schedule to the Department of Finance for
approval.
(e) The income of a recipient of federal supplemental security
income benefits pursuant to Title XVI of the federal Social Security
Act (42 U.S.C. Sec. 1381 et seq.) and state supplemental program
benefits pursuant to Title XVI of the federal Social Security Act
(42 U.S.C. Sec. 1381 et seq.) and Chapter 3 (commencing with
Section 12000) of Part 3 of Division 9 of the Welfare and
Institutions Code shall not be included in total countable income
for purposes of determining the amount of the family fee.
(f) Family fees shall be assessed at initial enrollment and
reassessed at update of certification or recertification.
(g) It is the intent of the Legislature that the new family fees
shall be cost neutral to the state and generate roughly the same
amount of revenue as was generated under the previous family fee
schedule.
8273.1. (a) Families receiving services pursuant to
subparagraph (B) of paragraph (1) of subdivision (b) of Section
8263 may be exempt from family fees for up to three months.
(b) Families receiving services pursuant to subparagraph (C)
of paragraph (1) of subdivision (b) of Section 8263 may be exempt
from family fees for up to 12 months.
(c) The cumulative period time of exemption from family fees
for families receiving services pursuant to paragraph (1) of
subdivision (b) of Section 8263 shall not exceed 12 months.
(d) Notwithstanding any other law, a family receiving
CalWORKs cash aid shall not be charged a family fee.
8273.2. (a) Notwithstanding paragraph (1) of subdivision (b)
of Section 8447, for the 2006–07 fiscal year, the department shall
update the family fee schedules by family size, based on the 2005
state median income survey data for a family of four. The family
fee schedule used during the 2005–06 fiscal year shall remain in
effect. However, the department shall adjust the family fee schedule
for families that are newly eligible to receive or will continue to
receive services under the new income eligibility limits. The family
fees shall not exceed 10 percent of the family’s monthly income.
(b) Notwithstanding any other law, the family fee schedule that
was in effect for the 2007–08, 2008–09, 2009–10, and 2010–11
fiscal years shall be adjusted to reflect the income eligibility limits
specified in subdivision (b) of Section 8263.1 for the 2011–12 fiscal
year, and shall retain a flat fee per family. The revised family fee
schedule shall begin at income levels at which families currently
begin paying fees. The revised family fees shall not exceed 10
percent of the family's monthly income. The department shall first
submit the adjusted family fee schedule to the Department of
Finance for approval in order for the adjusted family fee schedule
to be implemented by July 1, 2011.

(c) Notwithstanding any other law, the family fee schedule that
was in effect for the 2011–12 fiscal year pursuant to subdivision
(b) shall remain in effect for the 2012–13 fiscal year, and shall
retain a flat fee per family.

(d) Notwithstanding any other law, the family fee schedule that
was in effect for the 2012–13 fiscal year pursuant to subdivision
(c) shall remain in effect for the 2013–14 fiscal year until the first
day of a month that is at least 60 days after the new family fee
schedule developed pursuant to Section 8273 has been approved
by the Department of Finance and adopted.

8273.3. (a) The family fee schedule shall provide, among other
things, that a contractor or provider may require parents to provide
diapers. A contractor or provider offering field trips either may
include the cost of the field trips within the service rate charged
to the parent or may charge parents an additional fee. Federal or
state money shall not be used to reimburse parents for the costs
of field trips if those costs are charged as an additional fee. A
contractor or provider that charges parents an additional fee for
field trips shall inform parents, before enrolling the child, that a
fee may be charged and that no reimbursement will be available.

(b) A contractor or provider may require parents to provide
diapers or charge parents for field trips, subject to all of the
following conditions:

(1) The contractor or provider has a written policy adopted by
the agency's governing board that includes parents in the
decisionmaking process regarding both of the following:

(A) Whether or not, and how much, to charge for field trip
expenses.

(B) Whether or not to require parents to provide diapers.

(2) The contractor or provider does not charge fees in excess
of twenty-five dollars ($25) per child in a contract year.
(3) The contractor or provider does not deny participation in a field trip due to a parent’s inability or refusal to pay the fee.
(4) The contractor or provider does not take adverse action against a parent for the parent’s inability or refusal to pay the fee.
(c) A contractor or provider shall establish a payment system that prevents the identification of children based on whether or not a child’s family has paid field trip fees.
(d) The contractor or provider shall report expenses incurred and income received for field trips to the department. Income received shall be reported as restricted income.

(a) Upon approval of the plan by the Child Development Division of the department, the City and County of San Francisco shall annually prepare and submit to the Legislature, the State Department of Social Services, and the department a report that summarizes the success of the pilot project and the city and county’s ability to maximize the use of funds and to improve and stabilize child care in the city and county.
(b) The City and County of San Francisco shall submit an interim report to the Legislature, the State Department of Social Services, and the department on or before December 31, 2010, and shall submit a final report to those entities on or before June 30, 2014, summarizing the impact of the plan on the child care needs of working families in the city and county.

SEC. 14. Section 8335.5 of the Education Code is amended to read:
8335.5. The City and County of San Francisco may implement an individualized child care subsidy plan until July 1, 2014, at which date the city and county shall terminate the plan. Between July 1, 2014, and July 1, 2017, the city and county shall phase out the individualized county child care subsidy plan and, as of July 1, 2016, shall implement the state’s requirements for child care subsidies. A child enrolling for the first time for subsidized child care in the city and county after July 1, 2015, shall not be enrolled in the pilot program established pursuant to this article and is subject to existing state laws and regulations regarding child care eligibility and priority.

SEC. 15. Section 8335.7 of the Education Code is amended to read:
8335.7. This article shall become inoperative on July 1, 2016, 2017, and as of January 1, 2017, 2018, is repealed, unless a later enacted statute, that is enacted before January 1, 2017, 2018, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 16. Section 8344 of the Education Code is amended to read:

8344. The County of San Mateo may implement its individualized county child care subsidy plan until January 1, 2014, 2015, at which date the County of San Mateo shall terminate the plan. Between January 1, 2014, 2015, and January 1, 2016, 2017, the County of San Mateo shall phase out the individualized county child care subsidy plan and, as of January 1, 2016, 2017, shall implement the state’s requirements for child care subsidies. A child enrolling for the first time for subsidized child care in San Mateo County after January 1, 2014, 2015, shall not be enrolled in the pilot program established pursuant to this article and is subject to existing state laws and regulations regarding child care eligibility and priority.

SEC. 17. Section 8346 of the Education Code is amended to read:

8346. This article shall remain in effect only until January 1, 2016, 2017, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2016, 2017, deletes or extends that date.

SEC. 18. Section 8447 of the Education Code is amended to read:

8447. (a) The Legislature hereby finds and declares that greater efficiencies may be achieved in the execution of state subsidized child care and development program contracts with public and private agencies by the timely approval of contract provisions by the Department of Finance, the Department of General Services, and the State Department of Education and by authorizing the State Department of Education to establish a multiyear application, contract expenditure, and service review as may be necessary to provide timely service while preserving audit and oversight functions to protect the public welfare.

(b) (1) The Department of Finance and the Department of General Services shall approve or disapprove annual contract funding terms and conditions, including both family fee schedules
and regional market rate schedules that are required to be adhered to by contract, and contract face sheets submitted by the State Department of Education not more than 30 working days from the date of submission, unless unresolved conflicts remain between the Department of Finance, the State Department of Education, and the Department of General Services. The State Department of Education shall resolve conflicts within an additional 30 working day time period. Contracts and funding terms and conditions shall be issued to child care contractors no later than June 1. Applications for new child care funding shall be issued not more than 45 working days after the effective date of authorized new allocations of child care moneys.

(2) Notwithstanding paragraph (1), the State Department of Education shall implement the regional market rate schedules based upon the county aggregates, as determined by the Regional Market survey conducted in 2005.

(3) Notwithstanding paragraph (1), for the 2006–07 fiscal year, the State Department of Education shall update the family fee schedules by family size, based on the 2005 state median income survey data for a family of four. The family fee schedule used during the 2005–06 fiscal year shall remain in effect. However, the department shall adjust the family fee schedule for families that are newly eligible to receive or will continue to receive services under the new income eligibility limits. The family fees shall not exceed 10 percent of the family’s monthly income.

(4) Notwithstanding any other law, the family fee schedule that was in effect for the 2007–08, 2008–09, 2009–10, and 2010–11 fiscal years shall be adjusted to reflect the income eligibility limits specified in subdivision (b) of Section 8263.1 for the 2011–12 fiscal year, and shall retain a flat fee per family. The revised family fee schedule shall begin at income levels at which families currently begin paying fees. The revised family fees shall not exceed 10 percent of the family’s monthly income. The State Department of Education shall first submit the adjusted fee schedule to the Department of Finance for approval in order to be implemented by July 1, 2011.

(5) Notwithstanding any other law, the family fee schedule that was in effect for the 2011–12 fiscal year pursuant to paragraph (4) shall remain in effect for the 2012–13 fiscal year, and shall retain a flat fee per family.
(6) It is the intent of the Legislature to fully fund the third stage of child care for former CalWORKs recipients.

(c) With respect to subdivision (b), it is the intent of the Legislature that the Department of Finance annually review contract funding terms and conditions for the primary purpose of ensuring consistency between child care contracts and the child care budget. This review shall include evaluating any proposed changes to contract language or other fiscal documents to which the contractor is required to adhere, including those changes to terms or conditions that authorize higher reimbursement rates, that modify related adjustment factors, that modify administrative or other service allowances, or that diminish fee revenues otherwise available for services, to determine if the change is necessary or has the potential effect of reducing the number of full-time equivalent children that may be served.

(d) Alternative payment child care systems, as set forth in Article 3 (commencing with Section 8220), shall be subject to the rates established in the Regional Market Rate Survey of California Child Care Providers for provider payments. The State Department of Education shall contract to conduct and complete a Regional Market Rate Survey no more frequently than once every two years, consistent with federal regulations, with a goal of completion by March 1.

(e) By March 1 of each year, the Department of Finance shall provide to the State Department of Education the state median income amount for a four-person household in California based on the best available data. The State Department of Education shall adjust its fee schedule for child care providers to reflect this updated state median income; however, no changes based on revisions to the state median income amount shall be implemented midyear.

(f) Notwithstanding the June 1 date specified in subdivision (b), changes to the regional market rate schedules and fee schedules may be made at any other time to reflect the availability of accurate data necessary for their completion, provided these documents receive the approval of the Department of Finance. The Department of Finance shall review the changes within 30 working days of submission and the State Department of Education shall resolve conflicts within an additional 30 working day period. Contractors
shall be given adequate notice prior to the effective date of
the approved schedules. It is the intent of the Legislature that
contracts for services not be delayed by the timing of the
availability of accurate data needed to update these schedules.

(g) Notwithstanding any other provision of law, no family
receiving CalWORKs cash aid may be charged a family fee.

SEC. 19. Section 14041.6 of the Education Code is repealed.

14041.6.—(a) Notwithstanding subdivision (a) of Section 14041,
or any other law, from the 2008–09 fiscal year to the 2011–12
fiscal year, inclusive, warrants for the principal apportionments
for the month of February in the amount of two billion dollars
($2,000,000,000) instead shall be drawn in July of the same

SEC. 21. Section 17457.5 of the Education Code is amended to read:

17457.5. (a) Notwithstanding Article 8 (commencing with Section 54220) of Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, the governing board of a school district seeking to sell or lease real property designed to provide direct instruction or instructional support it deems to be surplus property shall first offer that property for sale or lease to any charter school that, at the time of the offer, has projections of at least 80 units of in-district average daily attendance for the following fiscal year,
and has submitted a written request to the school district to be notified of surplus property offered for sale or lease by the school district, pursuant to the following conditions:

(1) The real property sold or leased shall be used by the charter school exclusively to provide direct instruction or instructional support, for a period of not less than five years from the date upon which the real property is made available to that charter school, pursuant to the sale, or, in the event of a lease, until the real property is returned to the possession of the school district, whichever occurs earlier.

(2) In the event that the charter school fails to comply with the condition set forth in paragraph (1), the charter school that purchased the real property is required to immediately offer that real property for sale pursuant to this article and Article 5 (commencing with Section 17485) and to sell the property pursuant to those provisions. The charter school shall comply, in that regard, with all requirements under those provisions that would otherwise apply to a school district, except that a sale price computed under subdivision (a) of Section 17491 shall be based upon the cost of acquisition incurred by the school district that sold the property pursuant to this subdivision, rather than that incurred by the charter school. In the event, alternatively, of a lease of real property pursuant to this subdivision, the failure by the charter school to comply with paragraph (1) shall constitute a breach of the lease, entitling the school district to immediate possession of the real property, in addition to any damages to which the school district may be entitled under the lease agreement.

(2) If the charter school purchased real property pursuant to this section and fails to comply with paragraph (1), or otherwise desires to dispose of the real property, all of the following shall apply:

(A) The charter school shall immediately offer that real property for sale to the school district that previously owned the property. The charter school shall comply, in that regard, with all requirements under this section that would otherwise apply to a school district.

(B) If the school district does not desire to purchase that real property from the charter school, the school district shall furnish a list of charter schools that have requested notification of surplus property pursuant to subdivision (a). The charter school that owns
the real property shall offer that real property for sale to the
charter schools on this list and comply with all requirements under
this section that would otherwise apply to a school district. In the
event the charter school selling property receives more than one
offer, the charter school may determine to which charter school
it will sell the property. The charter school purchasing the real
property shall comply with all provisions of this section.

(C) If that real property remains unsold pursuant to
subparagraph (A) or (B), the charter school selling the real
property shall offer that property for sale pursuant to Article 5
(commencing with Section 17485). The charter school shall comply
with all requirements under that article that would otherwise apply
to a school district, except that a sale price computed under
subdivision (a) of Section 17491 shall be based upon the cost of
acquisition incurred by the school district that sold the property
pursuant to this subdivision, rather than that incurred by the
charter school.

(D) If all or part of the real property remains unsold pursuant
to subparagraph (C), the charter school selling that real property
shall dispose of the remaining property pursuant to subdivisions
(c), (d), (e), and (f) of Section 17464. References in Section 17464
to a school district shall mean the charter school selling the real
property.

(3) In the event, alternatively, of a lease of real property
pursuant to this subdivision, the failure by the charter school to
comply with paragraph (1) shall constitute a breach of the lease,
entitling the school district to immediate possession of the real
property, in addition to any damages to which the school district
may be entitled under the lease agreement.

(4) The school district, and each of the entities authorized to
receive offers of sale pursuant to this article or Article 5
(commencing with Section 17485), has standing to enforce the
conditions set forth in this subdivision, and shall be entitled to the
payment of reasonable attorney’s fees incurred as a prevailing
party in any action or proceeding brought to enforce any of those
conditions.

(b) A school district seeking to sell or lease real property
designed to provide direct instruction or instructional support it
deems to be surplus property shall provide a written offer to any
charter school that, at the time of the offer, has projections of at least 80 units of in-district average daily attendance for the following fiscal year, and has submitted a written request to the school district to be notified of surplus property offered for sale or lease by the school district. A charter school desiring to purchase or lease the property shall, within 60 days after a written offer is received, notify the school district of its intent to purchase or lease the property. In the event more than one charter school notifies the school district of their intent to purchase or lease the property, the governing board of the school district may determine to which charter school to sell or lease the property.

(c) The price at which property described in this section is sold pursuant to this section shall not exceed the school district’s cost of acquisition, adjusted by a factor equivalent to the percentage increase or decrease in the cost of living from the date of purchase to the year in which the offer of sale is made, plus the cost of any school facilities construction undertaken on the property by the school district since its acquisition of the land, adjusted by a factor equivalent to the increase or decrease in the statewide cost index for class B construction, as annually determined by the State Allocation Board pursuant to Section 17072.10, from the year the improvement is completed to the year in which the sale is made. In the event a statewide cost index for class B construction is not available, the school district shall use a factor equal to the average statewide cost index for class B construction for the preceding 10 calendar years. In no event shall the price be less than 25 percent of the fair market value of the property described in this section or less than the amount necessary to retire the share of local bonded indebtedness plus the amount of the original cost of the approved state aid applications on the property. The percentage of annual increase or decrease in the cost of living shall be the amount shown for January 1 of the applicable year by the then current Bureau of Labor Statistics Consumers Price Index for the area in which the schoolsite is located.

(d) Land that is leased pursuant to this section shall be leased at an annual rate of not more than 5 percent of the maximum sales price determined pursuant to subdivision (c), adjusted annually by a factor equivalent to the percentage increase or decrease in the cost of living for the immediately preceding year. The percentage of annual increase or decrease in the cost of living shall be the
amount shown for January 1 of the applicable year by the then current Bureau of Labor Statistics Consumers Price Index for the area in which the schoolsite is located.

(e) The sale or lease of the real property of a school district, as authorized under subdivision (a), shall not occur until the school district advisory committee has held hearings pursuant to subdivision (c) of Section 17390.

(f) This section shall only apply to real property identified by a school district as surplus property after July 1, 2012. A school district selling or leasing surplus property is not required to offer that property to a charter school pursuant to this section on or after July 1, 2016.

(g) This section shall become inoperative on June 30, 2013, and, as of January 1, 2014, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2014, deletes or extends the dates on which it becomes inoperative and is repealed.

(g) The construction of a school building, as defined in Section 17368, located on real property purchased by a charter school pursuant to this section shall comply with the design and construction requirements pursuant to Article 3 (commencing with Section 17280) and Article 6 (commencing with Section 17365). The reconstruction or alteration of, or an addition to, a school building, as defined in Section 17368, located on real property purchased by a charter school pursuant to this section is required to comply with the design and construction requirements pursuant to Article 3 (commencing with Section 17280) and Article 6 (commencing with Section 17365) only if the building complied with those sections on the date the real property was purchased by the charter school.

(h) A charter school selling real property obtained pursuant to this section shall use the proceeds only for capital outlay, maintenance, and other facility-related costs.

SEC. 22. Section 17463.7 of the Education Code is amended to read:

17463.7. (a) Notwithstanding any other law, a school district may deposit the proceeds from the sale of surplus real property, together with any personal property located on the property, purchased entirely with local funds, into the general fund of the school district and may use the proceeds for any one-time general
fund purpose. If the purchase of the property was made using the proceeds of a local general obligation bond or revenue derived from developer fees, the amount of the proceeds of the transaction that may be deposited into the general fund of the school district may not exceed the percentage computed by the difference between the purchase price of the property and the proceeds from the transaction, divided by the amount of the proceeds of the transaction. For the purposes of this section, proceeds of the transaction means either of the following, as appropriate:

1. The amount realized from the sale of property after reasonable expenses related to the sale.
2. For a transaction that does not result in a lump-sum payment of the proceeds of the transaction, the proceeds of the transaction shall be calculated as the net present value of the future cashflow generated by the transaction.

(b) The State Allocation Board shall reduce an apportionment of hardship assistance awarded to the particular school district pursuant to Article 8 (commencing with Section 17075.10) by an amount equal to the amount of the sale of surplus real property used for a one-time expenditure of the school district pursuant to this section.

c. If the school district exercises the authority granted pursuant to this section, the district is ineligible for hardship funding from the State School Deferred Maintenance Fund under Section 17587 for five years after the date proceeds are deposited into the general fund pursuant to this section.

d. Before a school district exercises the authority granted pursuant to this section, the governing board of the school district shall first submit to the State Allocation Board documents certifying the following:
1. The school district has no major deferred maintenance requirements not covered by existing capital outlay resources.
2. The sale of real property pursuant to this section does not violate the provisions of a local bond act.
3. The real property is not suitable to meet projected school construction needs for the next 10 years.
4. Before the school district exercises the authority granted pursuant to this section, the governing board of the school district at a regularly scheduled meeting shall present a plan for expending one-time resources pursuant to this section. The plan shall identify
the source and use of the funds and describe the reasons why the
expenditure will not result in ongoing fiscal obligations for the
school district.
(f) The Office of Public School Construction shall submit an
interim and a final report to the State Allocation Board and the
budget, education policy, and fiscal committees of the Legislature
that identifies the school districts that have exercised the authority
granted by this section, the amount of proceeds involved, and the
purpose purposes for which those proceeds were used. The interim
report shall be submitted by January 1, 2011, and the final report
(g) This section shall remain in effect only until January 1, 2014,
2016 and as of that date is repealed, unless a later enacted statute,
that is enacted before January 1, 2014, 2016 deletes or extends
that date.

Notwithstanding Section 41203, and for purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for purposes of this calculation under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989–90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), the amount calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) Notwithstanding any other law, this section does not apply to the 1992–93 to 2012–13 2013–14 fiscal years, inclusive.

SEC. 27. Section 41325 of the Education Code is amended to read:

41325. (a) The Legislature finds and declares that when a school district becomes insolvent and requires an emergency apportionment from the state in the amount designated in this article, it is necessary that the Superintendent of Public Instruction assume control of the district in order to ensure the district’s return to fiscal solvency.
(b) It is the intent of the Legislature that the Superintendent of Public Instruction, operating through an appointed administrator, do all of the following:

(1) Implement substantial changes in the school district’s fiscal policies and practices, including, if necessary, the filing of a petition under Chapter 9 of the federal Bankruptcy Code for the adjustment of indebtedness.

(3) Encourage all members of the school community to accept a fair share of the burden of the school district’s fiscal recovery.

(4) Consult, for the purposes described in this subdivision, with the school district governing board, the exclusive representatives of the employees of the school district, parents, and the community.

(b) The initial emergency apportionment shall be an interim loan from the General Fund to the school district. General Fund money shall not be advanced to a school district until that district agrees to obtain a lease financing as described in subdivision (c) and the bank adopts a reimbursement resolution governing the lease financing. The interim loan shall be repaid in full, with interest, from the proceeds of the lease financing pursuant to subdivision (c) at a time mutually agreed upon between the Department of Finance and the bank. The interest rate on the interim loan shall be the rate earned by moneys in the Pooled Money Investment Account as of the date of the initial disbursement of emergency apportionments to the school district.
(c) The school district shall enter into a lease financing with the bank for the purpose of financing the emergency apportionment, including a repayment to the General Fund of the amount advanced pursuant to subdivision (b). In addition to the emergency apportionment, the lease financing may include funds necessary for reserves, capitalized interest, credit enhancements, and costs of issuance. The bank shall issue bonds for that purpose pursuant to the powers granted pursuant to the Bergeson-Peace Infrastructure and Economic Development Bank Act as set forth in Division 1 (commencing with Section 63000) of Part 6.7 of the Government Code. The term of the lease shall not exceed 20 years, except that if at the end of the lease term any rent payable is not fully paid, or if the rent payable has been abated, the term of the lease shall be extended for a period not to exceed 10 years.

SEC. 29. Section 41329.53 of the Education Code is amended to read:

(a) As an alternative to the lease financing pursuant to Section 41329.52, a school district may receive an emergency apportionment from the General Fund designed to provide an advance of apportionments owed to the district from the State School Fund and the Education Protection Account. The emergency apportionment shall be repaid within 20 years. The calculation of the amount of the apportionment, including implied costs, and the interest rate shall be calculated pursuant to subdivision (b). Each year the Superintendent of Public Instruction shall withhold from the apportionments to be made to the school district from the State School Fund and the Education Protection Account an amount equal to the emergency apportionment repayment that becomes due in the year.

(b) The determination by statute as to whether the emergency apportionment shall take the form of lease financing pursuant to Section 41329.52 or an emergency apportionment from the General Fund pursuant to this section shall be based upon the availability of funds within the General Fund and not on any cost differential between the two financing mechanisms. To ensure that the two alternatives are cost neutral, if the statute does not authorize a lease financing, the bank shall commission a cost study from financial advisers under contract with the bank to determine the interest rate, costs of issuance, and if it is more cost effective, credit enhancement costs likely if the financing was a lease financing.
rather than an emergency apportionment from the General Fund.
These implied lease costs shall be included as the fixed interest rate on the repayment of the emergency apportionment to the General Fund, repayable over 20 years.

SEC. 30. Section 41329.55 of the Education Code is amended to read:

41329.55. (a) Simultaneous with the execution of the lease financing authorized pursuant to Section 41329.52, the bank shall provide to the Controller and the school district a notification of its lease financing. The notice shall include a schedule of rent payments to become due to the bank from the school district and the bond trustee. The Controller shall make the apportionment to the bond trustee of those amounts on the dates shown on the schedule. The bank may further authorize the apportionments to be used to pay or reimburse the provider of any credit enhancement of bonds and other ongoing or periodic ancillary costs of the bond financing issued by the bank in connection with this article. If the amount of rent payments vary from the schedule as a result of variable interest rates on the bonds, early redemptions, or changes in expenses, the bank shall amend or supplement the schedule accordingly.

(b) Except where financing is for a community college district, the Controller shall make the apportionment only from moneys in Section A of the State School Fund and the Education Protection Account designated for apportionment to the district and any apportionment authorized pursuant to this subdivision shall constitute a lien senior to any other apportionment or payment of State School Fund and the Education Protection Account moneys to or for that district not made pursuant to this subdivision.

(c) If financing is for the Compton Community College District, the Controller shall make the apportionment only from moneys in Section B of the State School Fund. Any apportionment authorized pursuant to this subdivision shall constitute a lien senior to any other apportionment or payment of Section B State School Fund moneys.

(d) The amount apportioned for a school district pursuant to this section is an allocation to the school district for purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution. For purposes of computing revenue limits pursuant to Section 42238 for any school district, the revenue limit for any
fiscal year in which funds are apportioned for the school district pursuant to this section shall include any amounts apportioned by the Controller pursuant to subdivisions (a), (b), and (c), as well as Section 41329.57.

(e) No party, including the school district or any of its creditors, shall have any claim to the money apportioned or to be apportioned to the bond trustee by the Controller pursuant to this section.

SEC. 31. Section 41329.57 of the Education Code is amended to read:

41329.57. (a) (1) Pursuant to a schedule provided to the Controller by the bank, the Controller shall transfer from Section A of the State School Fund and the Education Protection Account the amount of funds necessary to pay the warrants issued pursuant to paragraph (2) so that the effective cost of the lease financing provided to the Oakland Unified School District, the Vallejo City Unified School District, and the West Contra Costa Unified School District pursuant to this article shall be equal to the cost of the original General Fund emergency loan made to each school district.

(A) For the purposes of determining the cost of the original emergency loan for the West Contra Costa Unified School District, the original interest rate is the rate established pursuant to Section 41474 of 1.532 percent.

(B) For the purposes of determining the cost of the original emergency loan for the Oakland Unified School District, the original interest rate is 1.778 percent. This rate shall also apply to any disbursements of the loan pursuant to Chapter 14 of the Statutes of 2003 that are subsequent to August 23, 2004.

(C) For the purposes of determining the cost of the original emergency loan for the Vallejo City Unified School District, the original interest rate is 1.5 percent. This rate shall also apply to any disbursements of the loan pursuant to Chapter 53 of the Statutes of 2004 that are subsequent to August 23, 2004.

(2) The executive director or chair of the bank shall periodically provide a schedule to the Controller and each school district of the actual amount of the difference between the cost of the lease financing compared to the cost of the original emergency loan for each school district for each year and the Controller shall issue warrants to each school district pursuant to the schedule. Payments to a school district shall occur only during the term of the loan for that district and shall be made no sooner than the corresponding
payments are made to the bond trustee under the lease financing for that district.

(3) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the warrants issued pursuant to paragraph (2) are “General Fund revenues appropriated to for school districts,” as defined in subdivision (c) of Section 41202 for the fiscal years in which the warrants are issued and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII—B,” as defined in subdivision (e) of Section 41202, for the fiscal years in which the warrants are issued.

(b) It is the intent of the Legislature that the financing cost subsidies funded in this section not be deemed precedent nor in conflict with Section 41329.53, as these school districts requested loans prior to before the enactment of this article.

(b) Commencing with the 2013–14 fiscal year, the Charter School Revolving Loan Fund shall be administered by the California School Finance Authority.

(b) Loans may be made from moneys in the Charter School Revolving Loan Fund to a chartering authority for charter schools that are not a conversion of an existing school, or directly to a charter school that qualifies to receive funding pursuant to Chapter 6 (commencing with Section 47630) that is not a conversion of an existing school, upon application of a chartering authority or charter school and approval by the Superintendent of Public Instruction California School Finance Authority. (5) Plans for creative uses of the funds received pursuant to this
section, such as loan guarantees or other types of credit
enhancements.
(6) The financial needs of the charter school.

(e) Priority for loans from the Charter School Revolving Loan
Fund shall be given to new charter schools for startup costs.

(f) Commencing with the first fiscal year following the fiscal
year the charter school receives the loan, the Controller shall deduct
from apportionments made to the chartering authority or charter
school, as appropriate, an amount equal to the annual repayment
of the amount loaned to the chartering authority or charter school
for the charter school under this section and pay the same amount
into the Charter School Revolving Loan Fund in the State Treasury.
Repayment of the full amount loaned to the chartering authority shall be deducted by the Controller in equal annual amounts over a number of years agreed upon between the loan recipient and the State Department of Education California School Finance Authority, not to exceed five years for any loan.

(f) (1) Notwithstanding any other provisions of law, a loan may be made directly to a charter school pursuant to this section only in the case of a charter school that is incorporated.

(2) Notwithstanding any other provisions of law, in the case of default of a loan made directly to a charter school pursuant to this section, the charter school shall be solely liable for repayment of the loan.

(h) The California School Finance Authority shall adopt emergency regulations to implement this section and Sections 41366.6 and 41367.

SEC. 33. Section 41366.6 of the Education Code is amended to read:

41366.6. (a) The department California School Finance Authority shall monitor the adequacy of the amount of funds in the Charter School Revolving Loan Fund and report annually to the Department of Finance and the Controller on the need, if any, to transfer funds from the Charter School Security Fund to the Charter School Revolving Loan Fund for the sole purpose of replacing funds lost in the Charter School Revolving Loan Fund due to loan defaults. Before requesting any transfer of funds from the Charter School Security Fund, the department California School Finance Authority shall make all reasonable efforts to recover funds directly from the defaulting loan recipient. To the extent that the department California School Finance Authority determines that a transfer from the Charter School Security Fund to the Charter School Revolving Loan Fund is necessary, the department California School Finance Authority shall obtain approval from the Director of Finance before a transfer of funds is made. Not sooner than 30 days after notification in writing to the Chairperson of the Joint Legislative Budget Committee, the Director of Finance shall direct the Controller to transfer the appropriate amount of funds.

(b) By October 1 of each year, the department California School Finance Authority shall provide detailed fund condition information
for the Charter School Revolving Loan Fund and the Charter School Security Fund to the Department of Finance and the Legislative Analyst’s Office. At a minimum, this information shall contain an accounting of actual beginning balances, revenues, itemized expenditures, and ending balances for the prior year, as well as projected beginning balances, revenues, itemized expenditures, and ending balances for the current year and budget year.

This includes, but is not necessarily limited to, accreditation revisits, addressing stipulations, or program assessment reviews beyond those supported within the standard costs of review. Institutions of higher education shall submit the established fee to the commission in the year that the extraordinary activities are performed. The commission may review the
established fee on a periodic basis, and adjust the fee as necessary. The commission shall notify the chairpersons of the committees and subcommittees in each house of the Legislature that consider the State Budget and the Department of Finance at least 30 days before implementing the fee and at least 30 days before making any subsequent fee adjustments.

47612. (a) A charter school shall be deemed to be under the exclusive control of the officers of the public schools for purposes of Section 8 of Article IX of the California Constitution, with regard to the appropriation of public moneys to be apportioned to any charter school, including, but not necessarily limited to, appropriations made for the purposes of this chapter.

(b) The average daily attendance in a charter school may not, in any event, be generated by a pupil who is not a California resident. To remain eligible for generating charter school apportionments, a pupil over 19 years of age shall be continuously enrolled in public school and make satisfactory progress towards award of a high school diploma. The State Board of Education shall, on or before January 1, 2000, adopt regulations defining “satisfactory progress.”

(c) A charter school shall be deemed to be a “school district” for purposes of Article 1 (commencing with Section 14000) of Chapter 1 of Part 9, Section 41301, Section 41302.5, Article 10 (commencing with Section 41850) of Chapter 5 of Part 24, Section 47638, and Sections 8 and 8.5 of Article XVI of the California Constitution.

(d) For purposes of calculating average daily attendance, no pupil shall generate more than one day of attendance in a calendar day. Notwithstanding any other law, a charter school that operates a multitask calendar shall comply with all of the following:

(1) Calculate attendance separately for each track. The divisor in the calculation shall be the calendar days in which school was taught for pupils in each track.

(2) Operate no more than five tracks.

(3) Operate each track for a minimum of 175 days. If the charter school is a conversion school, the charter school may continue its previous schedule as long as it provides no fewer than 163 days of instruction in each track.
(4) For each track, provide the total number of instructional minutes, as specified in Section 47612.5.

(5) No track shall have less than 55 percent of its school days before April 15.

SEC. 37. Section 47614.5 of the Education Code is amended to read:

47614.5. (a) The Charter School Facility Grant Program is hereby established, and, commencing with the 2013–14 fiscal year, shall be administered by the California School Finance Authority. The grant program is intended to provide assistance with facilities rent and lease costs for pupils in charter schools.

(b) Subject to the annual Budget Act, eligible schools shall receive an amount of up to, but not more than, seven hundred fifty dollars ($750) per unit of average daily attendance, as certified at the second principal apportionment, to provide an amount of up to, but not more than, 75 percent of the annual facilities rent and lease costs for the charter school. In any fiscal year, if the funds appropriated for the purposes of this section by the annual Budget Act are insufficient to fund the approved amounts fully, the Superintendent of the California School Finance Authority shall apportion the available funds on a pro rata basis.

(c) For purposes of this section, the California School Finance Authority shall do all of the following:

(1) Inform charter schools of the grant program.

(2) Upon application by a charter school, determine eligibility, based on the geographic location of the charter schoolsite, pupil eligibility for free or reduced-price meals, and a preference in admissions, as appropriate. Eligibility for funding shall not be limited to the grade level or levels served by the school whose attendance area is used to determine eligibility. Charter schoolsites are eligible for funding pursuant to this section if the charter schoolsite meets either of the following conditions:

(A) The charter schoolsite is physically located in the attendance area of a public elementary school in which 70 percent or more of
the pupil enrollment is eligible for free or reduced-priced meals and the schoolsite gives a preference in
admissions to pupils who are currently enrolled in that public elementary school and to pupils who reside in the elementary school attendance area where the charter schoolsite is located.

(B) Seventy percent or more of the pupil enrollment at the charter schoolsite is eligible for free or reduced-price meals.

(3) Inform charter schools of their grant eligibility.

(4) Allocate funding to charter schools for eligible expenditures in a timely manner.

(5) No later than June 30, 2005, report to the Legislature on the number of charter schools that have participated in the grant program pursuant to the expanded eligibility prescribed in paragraph (2). In addition, the report shall provide recommendations and suggestions on improving the grant program.

(4) Commencing with the 2013–14 fiscal year, make apportionments to a charter school for eligible expenditures according to the following schedule:

(A) An initial apportionment by August 31 of each fiscal year or 30 days after enactment of the annual Budget Act, whichever is later, provided the charter school has submitted a timely application for funding, as determined by the California School Finance Authority. The initial apportionment shall be 50 percent of the school’s estimated annual entitlement as determined by this section.

(B) A second apportionment by March 1 of each fiscal year. This apportionment shall be 75 percent of the charter school’s estimated annual entitlement, as adjusted for any revisions in cost, enrollment, and other data relevant to computing the charter school’s annual entitlement, less any funding already apportioned to the charter school.

(C) A third apportionment within 30 days of the end of each fiscal year or 30 days after receiving the data and documentation needed to compute the charter school’s total annual entitlement, whichever is later. This apportionment shall be the charter school’s total annual entitlement less any funding already apportioned to the charter school.

(D) Notwithstanding subparagraph (A), the initial apportionment in the 2013–14 fiscal year shall be made by October
15, 2013, or 105 days after enactment of the Budget Act of 2013, whichever is later.

(d) For the purposes of this section:
(1) The California School Finance Authority shall use prior year data on pupil eligibility for free or reduced-price meals for the charter schoolsite and prior year rent or lease costs provided by charter schools to determine eligibility for the grant program until current year data and actual rent or lease costs become known or until June 30 of each fiscal year.
(2) If prior year rent or lease costs are unavailable, and the current year lease and rent costs are not immediately available, the California School Finance Authority shall use rent or lease cost estimates provided by the charter school.
(3) The California School Finance Authority shall verify that the grant amount awarded to each charter school is consistent with eligibility requirements as specified in this section and in regulations adopted by the authority. If it is determined by the California School Finance Authority that a charter school did not receive the proper grant award amount, either the charter school shall transfer funds back to the authority as necessary within 60 days of being notified by the authority, or the authority shall provide an additional apportionment as necessary to the charter school within 60 days of notifying the charter school, subject to the availability of funds.

(e) Funds appropriated for purposes of this section shall not be apportioned for any of the following:
(1) Units of average daily attendance generated through nonclassroom-based instruction as defined by paragraph (2) of subdivision (d) of Section 47612.5 or that does not comply with conditions or limitations set forth in regulations adopted by the state board pursuant to this section.
(2) Charter schools occupying existing school district or county office of education facilities, except that charter schools shall be eligible for the portions of their facilities that are not existing school district or county office of education facilities.
(3) Charter schools receiving reasonably equivalent facilities from their chartering authorities pursuant to Section 47614, except that charter schools shall be eligible for the portions
of their facilities that are not reasonably equivalent facilities
received from their chartering authorities.

(e) Funds appropriated for purposes of this section shall be used
for costs associated with facilities rents and leases, consistent with
the definitions used in the California School Accounting Manual
or regulations adopted by the California School Finance Authority.
These funds also may be used for costs, including, but not limited
to, costs associated with remodeling buildings, deferred
maintenance, initially installing or extending service systems and
other built-in equipment, and improving sites.

(f)

(g) If an existing charter school located in an elementary
attendance area in which less than 50 percent of pupil enrollment
is eligible for free or reduced-price meals relocates
to an attendance area identified in paragraph (2) of subdivision
(c), admissions preference shall be given to pupils who reside in
the elementary school attendance area into which the charter school
is relocating.

(h) The Superintendent of California School Finance Authority
annually shall report to the State Board of Education and the Director
of Finance, and post information on its Internet Web site, regarding
the use of funds that have been made available during the fiscal
year to each charter school pursuant to the grant program.

(i) It is the intent of the Legislature that not less than eighteen
million dollars ($18,000,000) annually be appropriated for purposes
of the grant program on the same basis as other elementary and
secondary education categorical programs.

(i) The Superintendent of California School Finance Authority,
commencing with the 2013–14 fiscal year, shall annually allocate
the facilities grants to eligible charter schools no later than October
1 of each fiscal year or 90 days after enactment of the annual
Budget Act, whichever is later, according to the schedule in
paragraph (4) of subdivision (c) for the current school year rent
and lease costs. However, the Department of Finance Authority shall first use the funding appropriated for this
program to reimburse eligible charter schools for unreimbursed
rent or lease costs for the prior school year.
(j) It is the intent of the Legislature that the funding level for the Charter School Facility Grant Program for the 2012–13 fiscal year be considered the base level of funding for subsequent fiscal years.

(k) The Controller shall include instructions appropriate to the enforcement of this section in the audit guide required by subdivision (a) of Section 14502.1.

(l) The California School Finance Authority, effective with the 2013–14 fiscal year, shall be considered the senior creditor for purposes of satisfying audit findings pursuant to the audit instructions to be developed pursuant to subdivision (k).

(m) The California School Finance Authority shall adopt emergency regulations to implement this section.

(c) If the Budget Act for any of the 2009–10 to 2012–13 fiscal years, inclusive, does not reflect the reallocation of funds specified in subdivision (a), the Director of Finance, upon notice to the Joint Legislative Budget Committee, shall transfer an amount appropriated in Item 6110-224-0001 of Section 2.00 of the Budget Act for any of those fiscal years, as applicable, to Item 6110-200-0001 of Section 2.00 of the Budget Act in order to accomplish the reallocation of funds specified in
subdivision (a). The total amount of the reallocation in each fiscal year pursuant to this subdivision shall be no less than the applicable amount specified in the following schedule:

SEC. 41. Section 56520 of the Education Code is amended to
read:

56520. (a) The Legislature finds and declares all of the
following:

(1) That the state has continually sought to provide an
appropriate and meaningful educational program in a safe and
healthy environment for all children regardless of possible physical,
mental, or emotionally disabling conditions.

(2) That teachers of children with special needs require training
and guidance that provides positive ways for working successfully
with children who have difficulties conforming to acceptable
behavioral patterns in order to provide an environment in which
learning can occur.

(2) That some schoolage individuals with exceptional needs
have significant behavioral challenges that have an adverse impact
on their learning or the learning of other pupils, or both.

(3) That Section 1400(c)(5)(F) of Title 20 of the United States
Code states that research and experience demonstrate that the
education of children with disabilities can be made more effective
by providing incentives for positive behavioral interventions and
supports to address the learning and behavioral needs of those
children.

(4) That procedures for the elimination of maladaptive behaviors
shall not include those deemed unacceptable under Section 49001
or those that cause pain or trauma.

(b) It is the intent of the Legislature:

(1) That children exhibiting serious behavioral challenges
receive timely and appropriate assessments and positive supports
and interventions in accordance with the federal Individuals with
Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.) and its
implementing regulations.
That assessments and positive behavioral interventions and supports be developed and implemented in a manner informed by guidance from the United States Department of Education and technical assistance centers sponsored by the Office of Special Education Programs of the United States Department of Education.

That behavioral intervention plans be developed and used, to the extent possible, in a consistent manner when the pupil is also the responsibility of another agency for residential care or related services.

That a statewide study be conducted of the use of behavioral interventions with California individuals with exceptional needs receiving special education and related services.

That training programs be developed and implemented in institutions of higher education that train teachers and that in-service training programs be made available as necessary in school districts and county offices of education to ensure that adequately trained staff are available to work effectively with the behavioral intervention needs of individuals with exceptional needs.

SEC. 42. Section 56521.1 is added to the Education Code, to read:

56521.1. (a) Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior.

(b) Emergency interventions shall not be used as a substitute for the systematic behavioral intervention plan that is designed to change, replace, modify, or eliminate a targeted behavior.
(c) No emergency intervention shall be employed for longer than is necessary to contain the behavior. A situation that requires prolonged use of an emergency intervention shall require the staff to seek assistance of the schoolsite administrator or law enforcement agency, as applicable to the situation.

(d) Emergency interventions shall not include:

1. Locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
2. Employment of a device, material, or objects that simultaneously immobilize all four extremities, except that techniques such as prone containment may be used as an emergency intervention by staff trained in those procedures.
3. An amount of force that exceeds that which is reasonable and necessary under the circumstances.

(e) To prevent emergency interventions from being used in lieu of planned, systematic behavioral interventions, the parent, guardian, and residential care provider, if appropriate, shall be notified within one schoolday if an emergency intervention is used or serious property damage occurs. A behavioral emergency report shall immediately be completed and maintained in the file of the individual with exceptional needs. The behavioral emergency report shall include all of the following:

1. The name and age of the individual with exceptional needs.
2. The setting and location of the incident.

4. A description of the incident and the emergency intervention used, and whether the individual with exceptional needs is currently engaged in any systematic behavioral intervention plan.
5. Details of any injuries sustained by the individual with exceptional needs, or others, including staff, as a result of the incident.

(f) All behavioral emergency reports shall immediately be forwarded to, and reviewed by, a designated responsible administrator.

(g) If a behavioral emergency report is written regarding an individual with exceptional needs who does not have a behavioral intervention plan, the designated responsible administrator shall, within two days, schedule an individualized education program (IEP) team meeting to review the emergency report, to determine the necessity for a functional behavioral assessment, and to
determine the necessity for an interim plan. The IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both.

(h) If a behavioral emergency report is written regarding an individual with exceptional needs who has a positive behavioral intervention plan, an incident involving a previously unseen serious behavior problem, or where a previously designed intervention is ineffective, shall be referred to the IEP team to review and determine if the incident constitutes a need to modify the positive behavioral intervention plan.

SEC. 43. Section 56521.2 is added to the Education Code, to read:

56521.2. (6) Locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.

(7) An intervention that precludes adequate supervision of the individual.

(8) An intervention that deprives the individual of one or more of his or her senses.
(b) In the case of a child whose behavior impedes the child’s learning or that of others, the individualized education program team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

(1) For the 1999–2000 fiscal year, divide the amount of funding for the special education local plan area computed for the 1998–99 fiscal year pursuant to subdivision (a) of Section 56836.08 by the number of units of average daily attendance upon which funding is based pursuant to subdivision (a) of Section 56836.15 for the special education local plan area for the 1998–99 fiscal year.

(2) For the 2000–01 fiscal year and each fiscal year thereafter, continuing through the 2012–13 fiscal year, inclusive, divide the amount of funding for the special education local plan area computed for the prior fiscal year pursuant to subdivision (b) of Section 56836.08 by the number of units of average daily attendance upon which funding is based pursuant to subdivision (a) of Section 56836.15 for the special education local plan area for the prior fiscal year.

(c) Notwithstanding any other law, for the 2013–14 fiscal year, the superintendent shall make the following computations to determine the amount of funding per unit of average daily attendance for each special education local plan area:

pursuant to subdivision (a) of Section 56836.15 for the special
education local plan area for the 2012–13 fiscal year.

(d) For the 2014–15 fiscal year, and each fiscal year thereafter,
divide the amount of funding for the special education local plan
area computed for the prior fiscal year pursuant to subdivision
(b) of Section 56836.08 by the number of units of average daily
attendance upon which funding is based pursuant to subdivision
(a) of Section 56836.15 for the special education local plan area
for the prior fiscal year. For the 2014–15 fiscal year, the amount
of funding per unit of average daily attendance for each special
education local plan area shall include funding provided pursuant
to Section 56836.145.

SEC. 49. Section 56836.11 of the Education Code is amended
to read:

56836.11. (a) For the purpose of computing the equalization
adjustment for special education local plan areas for the
1998–99 fiscal year, the Superintendent shall make the following
computations to determine the statewide target amount per unit of
average daily attendance for special education local plan areas:

(1) Total the amount of funding computed for each special
education local plan area exclusive of the amount of funding
computed for the special education local plan area identified as
the Los Angeles County Juvenile Court and Community
School/Division of Alternative Education Special Education Local
Plan Area, pursuant to Section 56836.09 for the 1997–98 fiscal
year.

(2) Total the number of units of average daily attendance
reported for each special education local plan area for the
1997–98 fiscal year, exclusive of average daily attendance for
absences excused pursuant to subdivision (b) of Section 46010 as
that section read on July 1, 1996, and exclusive of the units of
average daily attendance computed for the special education local
plan area identified as the Los Angeles County Juvenile Court and
Community School/Division of Alternative Education Special
Education Local Plan Area.

(3) Divide the sum computed in paragraph (1) by the sum
computed in paragraph (2) to determine the statewide target amount
for the 1997–98 fiscal year.

(4) Add the amount computed in paragraph (3) to the inflation
adjustment computed pursuant to subdivision (d) of Section
56836.08 for the 1998–99 fiscal year to determine the statewide target amount for the 1998–99 fiscal year.

(b) Commencing with the 1999–2000 fiscal year to the 2004–05 fiscal year, inclusive, to determine the statewide target amount per unit of average daily attendance for special education local plan areas, the Superintendent shall multiply the statewide target amount per unit of average daily attendance computed for the prior fiscal year pursuant to this section by one plus the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

(c) Commencing with the 2005–06 fiscal year and each fiscal year thereafter, to determine the statewide target amount per unit of average daily attendance for special education local plan areas for the purpose of computing the incidence multiplier pursuant to Section 56836.155, the Superintendent shall add the statewide target amount per unit of average daily attendance computed for the prior fiscal year for this purpose to the amount computed in paragraph (2) of subdivision (d) or paragraph (2) of subdivision (e), as appropriate.

(d) For the 2005–06 fiscal year, the Superintendent shall make the following computation to determine the statewide target amount per unit of average daily attendance to determine the inflation adjustment pursuant to paragraph (2) of subdivision (d) of Section 56836.08 and growth pursuant to subdivision (c) of Section 56836.15, as follows:

(1) The 2004–05 fiscal year statewide target amount per unit of average daily attendance less the sum of the 2004–05 fiscal year total amount of federal funds apportioned pursuant to Schedule (1) in Item 6110-161-0890 of Section 2.00 of the Budget Act of 2004 for the purposes of special education for individuals with exceptional needs enrolled in kindergarten and grades 1 to 12, inclusive, divided by the total average daily attendance computed for the 2004–05 fiscal year.

(2) Multiply the amount computed in paragraph (1) by the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

(3) Add the amounts computed in paragraphs (1) and (2).

(e) Commencing with the 2006–07 fiscal year and each fiscal year thereafter continuing through the 2012–13 fiscal year,
inclusive, the Superintendent shall make the following computation

to determine the statewide target amount per unit of average daily
attendance for special education local plan areas for the purpose
of computing the inflation adjustment pursuant to paragraph (2)
of subdivision (d) of Section 56836.08 and growth pursuant to
subdivision (c) of Section 56836.15:

(1) The statewide target amount per unit of average daily
attendance computed for the prior fiscal year pursuant to this
section.

(2) Multiply the amount computed in paragraph (1) by the
inflation factor computed pursuant to subdivision (b) of Section
42238.1 for the fiscal year in which the computation is made.

(3) Add the amounts computed in paragraphs (1) and (2).

(f) For the 2013–14 fiscal year, the Superintendent shall make
the following computations to determine the statewide target
amount per unit of average daily attendance to determine the
inflation adjustment pursuant to subdivision (g) of Section
56836.08 and growth pursuant to subdivision (c) of Section
56836.15, as follows:

(1) Total the amount of funding computed for each special
education local plan area pursuant to the amount computed in
subdivision (b) of Section 56836.08 exclusive of the amount of
funding computed for the special education local plan area
identified as the Los Angeles County Juvenile Court and
Community School/Division of Alternative Education Special
Education Local Plan Area, for the 2013–14 fiscal year.

(2) Total the number of units of average daily attendance
reported for each special education local plan area for the 2012–13
fiscal year, exclusive of the units of average daily attendance
computed for the special education local plan area identified as
the Los Angeles County Juvenile Court and Community
School/Division of Alternative Education Special Education Local
Plan Area.

(3) Divide the sum computed in paragraph (1) by the sum
computed in paragraph (2).

(g) Commencing with the 2014–15 fiscal year and continuing
each fiscal year thereafter, the Superintendent shall make the
following computations to determine the statewide target amount
per unit of average daily attendance for special education local
plan areas for the purpose of computing the inflation adjustment
pursuant to subdivision (g) of Section 56836.08 and growth pursuant to subdivision (c) of Section 56836.15:

(1) The statewide target amount per unit of average daily attendance computed for the prior fiscal year pursuant to this section.

(2) Multiply the amount computed in paragraph (1) by the inflation factor computed pursuant to Section 42238.1, as that section read on January 1, 2013, or any successor section of law enacted by the Legislature that specifies the inflation factor contained in Section 42238.1, as that section read on January 1, 2013, for application to the 2014–15 fiscal year and each fiscal year thereafter.

(3) Add the amounts computed in paragraphs (1) and (2).

SEC. 50. Section 56836.12 of the Education Code is repealed.

56836.12. (a) For the purpose of computing the equalization adjustment for special education local plan areas for the 1998–99 fiscal year, the superintendent shall make the following computations to determine the amount that each special education local plan area that has an amount per unit of average daily attendance that is below the statewide target amount per unit of average daily attendance may request as an equalization adjustment:

(1) Subtract the amount per unit of average daily attendance computed for the special education local plan area pursuant to subdivision (a) of Section 56836.10 from the statewide target amount per unit of average daily attendance determined pursuant to subdivision (a) of Section 56836.11.

(2) If the remainder computed in paragraph (1) is greater than zero, multiply that remainder by the number of units of average daily attendance reported for the special education local plan area for the 1997–98 fiscal year, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010, as that section read on July 1, 1996.

(b) Commencing with the 1999–2000 fiscal year, through and including the fiscal year in which equalization among the special education local plan areas has been achieved, the superintendent shall make the following computations to determine the amount that each special education local plan area that has an amount per unit of average daily attendance that is below the statewide target
amount per unit of average daily attendance may request as an
equalization adjustment:

(1) Add to the amount per unit of average daily attendance
computed for the special education local plan area pursuant to
subdivision (b) of Section 56836.10 for the fiscal year in which
the computation is made the inflation adjustment computed
pursuant to subdivision (d) of Section 56836.08 for the fiscal year
in which the computation is made:

(2) Subtract the amount computed pursuant to paragraph (1)
from the statewide target amount per unit of average daily
attendance computed pursuant to subdivision (b) of Section
56836.11 for the fiscal year in which the computation is made.

(3) If the remainder computed in paragraph (2) is greater than
zero, multiply that remainder by the number of units of average
daily attendance reported for the special education local plan area
for the prior fiscal year, exclusive of average daily attendance for
absences excused pursuant to subdivision (b) of Section 46010,
as that section read on July 1, 1996.

(c) This section shall not apply to the special education local
plan area identified as the Los Angeles County Juvenile Court and
Community School/Division of Alternative Education Special
Education Local Plan Area.

SEC. 51. Section 56836.13 of the Education Code is repealed.

56836.13. Commencing with the 1998–99 fiscal year, through
and including the fiscal year in which equalization among the
special education local plan areas has been achieved, the
superintendent shall make the following computations to determine
the amount available for making equalization adjustments for the
fiscal year in which the computation is made:

(a) Subtract the prior fiscal year funds pursuant to paragraph
(1) of subdivision (c) of Section 56836.08 from the current fiscal
year funds pursuant to paragraph (1) of subdivision (c) of Section
56836.08.

(b) The amount of any increase in federal funds computed
pursuant to subdivision (a) shall result in a reduction in state
general funds computed pursuant to paragraph (3) of subdivision
(c) of Section 56836.08. This is the amount of state general funds
that shall be designated in the annual Budget Act for the purpose
of Section 56836.12, as augmented by any deficiency
appropriation, for the purposes of equalizing funding for special education local plan areas pursuant to this chapter.

(c) Until the actual amount of any increase in federal funds pursuant to subdivision (a) can be determined for the current fiscal year, equalization apportionments pursuant to Section 56836.12 shall be certified based on the authority available in Item 6110–161–0001 of the Budget Act of 1998, or its successor in the annual Budget Act.

SEC. 52. Section 56836.14 of the Education Code is repealed.

56836.14. Commencing with the 1998–99 fiscal year, through and including the fiscal year in which equalization among the special education local plan areas has been achieved, the superintendent shall make the following computations to determine the actual amount of the equalization adjustment for each special education local plan area that has an amount per unit of average daily attendance that is below the statewide target amount per unit of average daily attendance:

(a) Add the amount determined for each special education local plan area pursuant to Section 56836.12 for the fiscal year in which the computation is made to determine the total statewide aggregate amount necessary to fund each special education local plan area at the statewide target amount per unit of average daily attendance for special education local plan areas.

(b) Divide the amount computed in subdivision (a) by the amount computed pursuant to Section 56836.13 to determine the percentage of the total amount of funds necessary to fund each special education local plan area at the statewide target amount per unit of average daily attendance for special education local plan areas that are actually available for that purpose.

(c) To determine the amount to allocate to the special education local plan area for a special education local plan area equalization adjustment, multiply the amount computed for the special education local plan area pursuant to Section 56836.12, if any, by the percentage determined in subdivision (b).

SEC. 53. Section 56836.145 is added to the Education Code, to read:

56836.145. (a) For the 2013–14 fiscal year, the Superintendent shall compute an equalization adjustment for each special education local plan area, exclusive of the special education local plan area identified as the Los Angeles County Juvenile Court and
Community School/Division of Alternative Education Special Education Local Plan Area, so that the special education funding rate per unit of average daily attendance calculated pursuant to subdivision (c) of Section 56836.10 of a special education local plan area is not less than the special education funding rate per unit of average daily attendance calculated pursuant to subdivision (c) of Section 56836.10 that does not fall below more than 10 percent of the total statewide units of average daily attendance for each special education local plan area.

(b) The Superintendent shall compute an equalization adjustment for each special education local plan area’s special education funding rate per unit of average daily attendance, exclusive of the special education local plan area identified as the Los Angeles County Juvenile Court and Community School/Division of Alternative Education Special Education Local Plan Area, as follows:

(1) Multiply the amount computed for each special education local plan area pursuant to subdivision (a) by the average daily attendance used to calculate the special education local plan area’s special education funding for the 2013–14 fiscal year.

(2) Divide the amount appropriated for purposes of this section for the 2013–14 fiscal year by the statewide sum of the amount computed pursuant to paragraph (1).

(3) Multiply the amount computed for the special education local plan area pursuant to subdivision (a) by the amount computed pursuant to paragraph (2).

(c) For purposes of this section, the statewide 90th percentile special education funding rate determined pursuant to subdivision (a), and the fraction computed pursuant to paragraph (2) of subdivision (b) for the 2012–13 second principal apportionment, shall be final, and shall not be recalculated at subsequent apportionments. The fraction computed pursuant to paragraph (2) of subdivision (b) shall not exceed 1.00.

SEC. 54. Section 56836.15 of the Education Code is amended to read:

56836.15. (a) In order to mitigate the effects of any declining enrollment, commencing in the 1998–99 fiscal year, and each fiscal year thereafter, the Superintendent shall calculate allocations to special education local plan areas based on the average daily attendance reported for the special education local
plan area for the fiscal year in which the computation is made or
the prior fiscal year, whichever is greater. However, the prior fiscal
year average daily attendance reported for the special education
local plan area shall be adjusted for any loss or gain of average
daily attendance reported for the special education local plan area
due to a reorganization or transfer of territory in the special
education local plan area.
(b) For the 1998–99 fiscal year only, the prior year average
daily attendance used in this section shall be the 1997–98 average
daily attendance reported for the special education local plan area,
exclusive of average daily attendance for absences excused
pursuant to subdivision (b) of Section 46010, as that section read
on July 1, 1996.
(c) If in the fiscal year for which the computation is made, the
number of units of average daily attendance upon which allocations
to the special education local plan area are based is greater than
the number of units of average daily attendance upon which
allocations to the special education local plan area were based in
the prior fiscal year, the special education local plan area shall be
allocated a growth adjustment equal to the product determined by
multiplying the amounts determined under paragraphs (1) and (2).
(1) The statewide target amount per unit of average daily
attendance for special education local plan areas determined
pursuant to Section 56836.11, added to the amount determined in
paragraph (1) of subdivision (d) of Section 56836.155.
(2) The difference between the number of units of average daily
attendance upon which allocations to the special education local
plan area are based for the fiscal year in which the computation is
made and the number of units of average daily attendance upon
which allocations to the special education local plan area were
based for the prior fiscal year.
(d) If in the fiscal year for which the computation is made, the
number of units of average daily attendance upon which allocations
to the special education local plan area are based is less than the
number of units of average daily attendance upon which allocations
to the special education local plan area were based in the prior
fiscal year, the special education local plan area shall receive a
funding reduction equal to the product determined by multiplying
the amounts determined under paragraphs (1) and (2):
(1) The amount of funding per unit of average daily attendance computed for the special education local plan area for the prior fiscal year. For the 2013–14 fiscal year only, the amount of funding per unit of average daily attendance computed for the special education local plan area for the 2013–14 fiscal year shall be used for this purpose.

(2) The difference between the number of units of average daily attendance upon which allocations to the special education local plan area are based for the fiscal year in which the computation is made and the number of units of average daily attendance upon which allocations to the special education local plan area were based for the prior fiscal year.

(e) If, in the fiscal year for which the computation is made, the number of units of average daily attendance upon which the allocations to the special education local plan area identified as the Los Angeles County Juvenile Court and Community School/Division of Alternative Education Special Education Local Plan Area are based is greater than the number of units of average daily attendance upon which the allocations to that special education local plan area were based in the prior fiscal year, that special education local plan area shall be allocated a growth adjustment equal to the product determined by multiplying the amounts determined under paragraphs (1) and (2).

(1) The amount of funding per unit of average daily attendance computed for the special education local plan area pursuant to Section 56836.10 multiplied by one plus the inflation adjustment factor computed pursuant to Section 42238.1 for the fiscal year in which the computation is being made, as that section read on January 1, 2013, or any successor section of law enacted by the Legislature that specifies the inflation factor contained in Section 42238.1, as that section read on January 1, 2013. For the 2013–14 fiscal year only, the amount of funding per unit of average daily attendance computed for the special education local plan area for the 2013–14 fiscal year shall be used, and multiplied by one plus the inflation factor computed pursuant to Section 42238.1, as that section read on January 1, 2013, or any successor section of law enacted by the Legislature that specifies the inflation factor contained in Section 42238.1, as that section read on January 1, 2013, for application to the 2013–14 fiscal year and each fiscal year thereafter.
(2) The difference between the number of units of average daily attendance upon which allocations to the special education local plan area are based for the fiscal year in which the computation is made and the number of units of average daily attendance upon which allocations to the special education local plan area were based for the prior fiscal year.

SEC. 55. Section 56836.22 of the Education Code is amended to read:

56836.22. (a) Commencing with the 1985–86 fiscal year, and for each fiscal year thereafter, funds to support specialized books, materials, and equipment for special education and related services as required under the individualized education program for each pupil with low-incidence disabilities, as defined in Section 56026.5, shall be determined by dividing the total number of pupils with low-incidence disabilities in the state, as reported on December 1 of the prior fiscal year, into the annual appropriation provided for this purpose in the Budget Act.

(b) The per-pupil entitlement determined pursuant to subdivision (a) shall be multiplied by the number of pupils with low-incidence disabilities in each special education local plan area to determine the total funds available for each local plan.

(c) The [Superintendent] shall apportion the amount determined pursuant to subdivision (b) to the special education local plan area for purposes of purchasing and coordinating the use of specialized books, materials, and equipment providing special education and related services as required under the individualized education program for each pupil with low-incidence disabilities.

(d) As a condition of receiving these funds, the special education local plan area shall ensure that the appropriate books, materials, and equipment are purchased, that the use of the equipment is coordinated as necessary, and that the books, materials, and equipment are reassigned to local educational agencies within the special education local plan area once the agency that originally received the books, materials, and equipment no longer needs them.

(e) It is the intent of the Legislature that special education local plan areas share unused specialized books, materials, and equipment with neighboring special education local plan areas.
SEC. 56. Section 56836.23 of the Education Code is amended to read:

56836.23. Funds. Each special education local plan area shall dedicate a portion of the funds it receives pursuant to Section 56836.10 for regionalized operations and services and the direct instructional support of program specialists shall be apportioned to the special education local plan areas. As a condition to receiving those funds, the special education local plan area shall ensure that all functions listed below are performed in accordance with the description set forth in its local plan adopted pursuant to Section 56205:

(a) Coordination of the special education local plan area and the implementation of the local plan.
(b) Coordinated system of identification and assessment.

(h) Coordination of interagency agreements.
(i) Coordination of services to medical facilities.
(j) Coordination of services to licensed children’s institutions and foster family homes.
(k) Preparation and transmission of required special education local plan area reports.
(l) Fiscal and logistical support of the community advisory committee.
(m) Coordination of transportation services for individuals with exceptional needs.

(o) Assurance of full educational opportunity.
(p) Fiscal administration and the allocation of state and federal funds pursuant to Section 56836.01.
(q) Direct instructional program support that may be provided by program specialists in accordance with Section 56368.
SEC. 57. Section 56836.24 of the Education Code is repealed.

56836.24. Commencing with the 1998–99 fiscal year and each year thereafter, the superintendent shall make the following computations to determine the amount of funding for the purposes specified in Section 56836.23 to apportion to each special education local plan area for the fiscal year in which the computation is made:

(a) For the 1998–99 fiscal year the superintendent shall make the following computations:

(1) Multiply the total amount of state General Fund money allocated to the special education local plan areas in the 1997–98 fiscal year, for the purposes of Article 9 (commencing with Section 56780) of Chapter 7, as that chapter existed on December 31, 1998, by one plus the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the 1998–99 fiscal year.

(2) Divide the amount calculated in paragraph (1) by the units of average daily attendance, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010 as that subdivision read on July 1, 1997, reported for the special education local plan area for the 1997–98 fiscal year.

(3) To determine the amount to be allocated to each special education local plan area in the 1998–99 fiscal year, the superintendent shall multiply the amount computed in paragraph (2) by the number of units of average daily attendance reported for the special education local plan area for the 1998–99 fiscal year, except that a special education local plan area designated as a necessary small special education local plan area in accordance with Section 56212 and reporting fewer than 15,000 units of average daily attendance for the 1998–99 fiscal year shall be deemed to have 15,000 units of average daily attendance, and no special education local plan area shall receive less than it received in the 1997–98 fiscal year.

(b) For the 1999–2000 fiscal year and each fiscal year thereafter, the superintendent shall make the following calculations:

(1) Multiply the amount determined in paragraph (2) of subdivision (a) by one plus the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the current fiscal year.

(2) Multiply the amount determined in paragraph (1) by the number of units of average daily attendance reported for the special education local plan area for the current fiscal year, except that a special education local plan area designated as a necessary small
special education local plan area in accordance with Section 56212
and reporting fewer than 15,000 units of average daily attendance
for the current fiscal year shall be deemed to have 15,000 units of
average daily attendance:

SEC. 58. Section 56836.25 of the Education Code is repealed.

56836.25. Funds received pursuant to this article shall be
expended for the purposes specified in Section 56836.23.

SEC. 59. Section 56836.30 of the Education Code is repealed.

56836.30. If special education local plan areas reorganize,
including any mergers or divisions, the department shall adjust
rates for payments to and from the resulting plan areas so that
overall funding neither increases nor decreases from what it would
have been prior to the reorganization. The effect of this section
may be modified for any specific reorganization by enactment of
legislation.

SEC. 60. Section 56836.31 is added to the Education Code, to
read:

56836.31. To accomplish the activities set forth in Section
56836.23, supplemental funds shall be apportioned to special
education local plan areas that are designated as necessary small
special education local plan areas in accordance with Section
56212 and that report fewer than 15,000 units of average daily
attendance.

(a) For 2013–14 fiscal year and each fiscal year thereafter, the
Superintendent shall allocate this supplemental amount based on
the following computations:

(1) Calculate the difference between the number of units of
average daily attendance reported for the necessary small special
education local plan area for the current fiscal year and 15,000
units of average daily attendance.

(2) Multiply the amount calculated in paragraph (1) by the rate
calculated in subdivision (b).

(b) For the 2013–14 fiscal year, the supplemental rate per unit
of average daily attendance shall be fifteen dollars ($15). For the
2014–15 fiscal year and each fiscal year thereafter, the
supplemental rate per unit of average daily attendance shall be
fifteen dollars ($15) multiplied by one plus the inflation factor
computed pursuant to subdivision (b) of Section 42238.1 for the
current fiscal year.
SEC. 61. Section 60810 of the Education Code is amended to read:

60810. (a) (1) The Superintendent shall review existing tests that assess the English language development of pupils whose primary language is a language other than English. The tests shall include, but not be limited to, an assessment of achievement of these pupils in English reading, speaking, and written skills. The Superintendent shall determine which tests, if any, meet the requirements of subdivisions (b) and (c). If any existing test or series of tests meets these criteria, the Superintendent, with approval of the state board, shall report to the Legislature on its findings and recommendations.

(2) If no suitable test exists, the Superintendent shall explore the option of a collaborative effort with other states to develop a test or series of tests and share test development costs. If no suitable test exists, the Superintendent, with approval of the state board, may contract to develop a test or series of tests that meets the criteria of subdivisions (b) and (c) or may contract to modify an existing test or series of tests so that it will meet the requirements of subdivisions (b) and (c).

(3) The Superintendent and the state board shall release a request for proposals for the development of the test or series of tests required by this subdivision. The state board shall select a contractor or contractors for the development of the test or series of tests required by this subdivision, to be available for administration during the 2000–01 school year.

(4) The Superintendent shall apportion funds appropriated to enable school districts to meet the requirements of subdivision (d). The state board shall establish the amount of funding to be apportioned per test administered, based on a review of the cost per test.

(5) An adjustment to the amount of funding to be apportioned per test is not valid without the approval of the Director of Finance. A request for approval of an adjustment to the amount of funding to be apportioned per test shall be submitted in writing to the Director of Finance and the chairpersons of the fiscal committees of both houses of the Legislature with accompanying material justifying the proposed adjustment. The Director of Finance is authorized to approve only those adjustments related to activities required by statute. The Director of Finance shall approve or
disapprove the amount within 30 days of receipt of the request and shall notify the chairpersons of the fiscal committees of both houses of the Legislature of the decision.

(b) (1) The test or series of tests developed or acquired pursuant to subdivision (a) shall have sufficient range to assess pupils in grades 2 to 12, inclusive, in English listening, speaking, reading, and writing skills. Pupils in kindergarten and grade 1 shall be assessed in English listening and speaking, and, once an assessment is developed, early literacy skills. The early literacy assessment shall be administered for a period of three years beginning after the initial administration of the assessment or until July 1, 2012, 2014, whichever occurs first. Six months after the results of the last administered assessment are collected, but no later than January 1, June 30, 2013, the department shall report to the Legislature on the administration of the kindergarten and grade 1 early literacy assessment results, as well as on the administrative process, in order to determine whether reauthorization of the early literacy assessment is appropriate.

(2) In the development and administration of the assessment for pupils in kindergarten and grade 1, the department shall minimize any additional assessment time, to the extent possible. To the extent that it is technically possible, items that are used to assess listening and speaking shall be used to measure early literacy skills. The department shall ensure that the test and procedures for its administration are age and developmentally appropriate. Age and developmentally appropriate procedures for administration may include, but are not limited to, one-on-one administration, a small group setting, and orally responding or circling a response to a question.

(c) The test or series of tests shall meet all of the following requirements:

(1) Provide sufficient information about pupils at each grade level to determine levels of proficiency ranging from no English proficiency to fluent English proficiency with at least two intermediate levels.

(2) Have psychometric properties of reliability and validity deemed adequate by technical experts.

(3) Be capable of administration to pupils with any primary language other than English.

(4) Be capable of administration by classroom teachers.
(5) Yield scores that allow comparison of the growth of a pupil over time, can be tied to readiness for various instructional options, and can be aggregated for use in the evaluation of program effectiveness.

(6) Not discriminate on the basis of race, ethnicity, or gender.

(7) Be aligned with the standards for English language development adopted by the state board pursuant to Section 60811.

(8) Be age and developmentally appropriate for pupils.

(d) The test shall be used for the following purposes:

(1) To identify pupils who are limited English proficient.

SEC. 80. Section 63049.67 of the Government Code is amended to read:

63049.67. (a) Notwithstanding any other provision of this division, a financing of emergency apportionments upon the request of a school district pursuant to Article 2.7 (commencing with Section 41329.50) of Chapter 3 of Part 24 of Division 3 of Title 2 of the Education Code, is deemed to be in the public interest and eligible for financing by the bank. Article 3 (commencing with
Section 63040), Article 4 (commencing with Section 63042), and Article 5 (commencing with Section 63043) do not apply to the financing provided by the bank in connection with an emergency apportionment.

(b) The bank may issue bonds pursuant to Chapter 5 (commencing with Section 63070) and provide the proceeds to a school district pursuant to a lease agreement. The proceeds may be used as an emergency apportionment, to reimburse the interim emergency apportionment from the General Fund authorized pursuant to subdivision (b) of Section 41329.52 of the Education Code, or to refund bonds previously issued under this section. Bond proceeds may also be used to fund necessary reserves, capitalized interest, credit enhancement costs, and costs of issuance.

(c) Bonds issued under this article are not deemed to constitute a debt or liability of the state or of any political subdivision of the state, other than a limited obligation of the bank, or a pledge of the faith and credit of the state or of any political subdivision. All bonds issued under this article shall contain on the face of the bonds a statement to the same effect.

(d) Any fund or account established in connection with the bonds shall be established outside of the centralized treasury system. Notwithstanding any other law, the bank shall select the financing team and the trustee for the bonds, and the trustee shall be a corporation or banking association authorized to exercise corporate trust powers.

(e) Pursuant to Section 41329.55 of the Education Code, a school district other than the Compton Community College District shall instruct the Controller to repay the lease from moneys in the State School Fund and the Education Protection Account designated for apportionment to the school district. Pursuant to Section 41329.55 of the Education Code, if the school district is the Compton Community College District, the Controller shall be instructed to repay the lease from moneys in Section B of the State School Fund. Any amounts necessary to make this repayment shall be drawn from the total statewide funding available for community college apportionment consisting of funds in Section B of the State School Fund. Thereafter the Controller shall transfer to Section B of the State School Fund, either in a single or multiple transfers, an amount equal to the total repayment, which amount shall be transferred from the amount designated for apportionment to the
Compton Community College District from the State School Fund.
If these transfers from the district prove inadequate to repay any
repayments for any reason, the Compton Community College
District is required to use any revenue sources available to it for
transfer and repayment purposes.
(f) Notwithstanding any other law, as long as any bonds issued
pursuant to this section are outstanding, the following requirements
apply:
(1) The school district for which the bonds were issued is not
eligible to be a debtor in a case under Chapter 9 of the United
States Bankruptcy Code, as it may be amended from time to time,
and no governmental officer or organization is or may be
empowered to authorize the school district to be a debtor under
that chapter.
(2) It is the intent of the Legislature that the Legislature should
not in the future abolish the Compton Community College District
or take any action that would prevent the Compton Community
College from entering into or performing binding agreements or
invalidate any prior binding agreements of the Compton
Community College District, where invalidation may have a
material adverse effect on the bonds issued pursuant to this section.
(3) The Compton Community College District shall not be
reorganized or merged with another community college district
unless all of the following apply:
(A) The successor district becomes by operation of law the
owner of all property previously owned by the Compton
Community College District.
(B) Any agreement entered into by the Compton Community
College District in connection with bonds issued pursuant to this
section are assumed by the successor district.
(C) The apportionment authorized by subdivision (e) remains
in effect.
(D) Receipt by the bank of an opinion of bond counsel that the
bonds issued for the Compton Community College District will
remain tax exempt following the reorganization or merger.
(g) Nothing in this section limits the authority of the Legislature
to abolish the Compton Community College District when bonds
issued for that district are no longer outstanding. Further, the
Legislature may provide for the redemption or defeasance of the
bonds at any time so that no bonds are outstanding. If the
Legislature provides for the redemption or defeasance of the bonds issued for the Compton Community College District in order to abolish that district, it is the intent of the Legislature that the funds required for the redemption or defeasance should be appropriated from Section B of the State School Fund.

(h) The bank may enter into contracts or agreements with banks, insurers, or other financial institutions or parties that it determines are necessary or desirable to improve the security and marketability of, or to manage interest rates or other risks associated with, the bonds issued pursuant to this section. The bank may pledge apportionments made by the Controller directly to the bond trustee pursuant to Section 41329.55 of the Education Code as security for repayment of any obligation owed to a bank, insurer, or other financial institution pursuant to this subdivision.

SEC. 81. Section 63049.68 of the Government Code is amended to read:

63049.68. The State of California pledges that (a) the state will not alter the directive to the Controller to make apportionments to the bond trustee of moneys in the State School Fund and the Education Protection Account from that set forth in Section 41329.55 of the Education Code, and (b) the state will not amend or repeal subdivision (f) of Section 63049.67, in each case in any manner that would materially impair the security or other interests of holders of any bonds issued pursuant to this article. The bank is authorized to include this pledge in the bonds, or other documents entered into in connection with the bonds, as a covenant for the benefit of the bondholders.

SEC. 82. Section 10 of Chapter 325 of the Statutes of 2012 is repealed.

SEC. 10. The Inglewood Unified School District shall enter into bank financing with the California Infrastructure and Economic Development Bank pursuant to the bank’s powers under the Bergeson-Peace Infrastructure and Economic Development Bank Act as set forth in Division 1 (commencing with Section 63000) of Title 6.7 of the Government Code and Sections 41329.52 and 41329.55 of the Education Code, upon terms the bank, in its discretion, deems necessary or appropriate for purposes of financing or refinancing the emergency apportionment, including a repayment to the General Fund of the amount advanced pursuant to Section 8 of this act. In addition to the financing or refinancing
of the emergency apportionment, the bank financing made pursuant
to this section may include funds necessary for reserves, capitalized
interest, credit enhancements, and costs of issuance. In addition
to the amount advanced pursuant to Section 8 of this act, the school
district may augment the emergency apportionment or loan with
an additional twenty-six million dollars ($26,000,000) of bank
financing in order to increase the emergency apportionment or
loan to a total of no more than fifty-five million dollars
($55,000,000) as the principal financing amount plus the amount
of funds necessary for reserves, capitalized interests, credit
enhancements, and costs of issuance associated with each bank
financing and, as a result, increase the amount of the bank
financing. If a bank financing has been made, the Inglewood
Unified School District may prepay its bank financing obligations
in accordance with the terms of the bank financing documents.

SEC. 83. (a) Notwithstanding any other law, the Inglewood
Unified School District, through the State Department of
Education, may request cashflow loans from the General Fund
for a total of up to fifty-five million dollars ($55,000,000) for
emergency operational purposes.

(b) Unless otherwise specified in this section, the terms and
conditions of any General Fund cashflow loan provided pursuant
to this section shall be subject to approval by the Director of
Finance and shall be consistent with the terms and conditions of
the General Fund emergency apportionment issued pursuant to
Chapter 325 of the Statutes of 2012. Notwithstanding the interest
rates specified in the terms and conditions of the General Fund
loan issued pursuant to Chapter 325 of the Statutes of 2012, the
interest on these loans shall be charged at the annual rate of return
of the Pooled Money Investment Account, plus an additional 2
percent.

(c) Once a General Fund cashflow loan is approved pursuant
to this section, and upon the order of the Director of Finance, the
Controller shall draw warrants against General Fund cash to the
Inglewood Unified School District to provide a cashflow loan.

(d) Upon approval of a General Fund cashflow loan pursuant
to this section, a repayment schedule shall be determined by the
Department of Finance. If a required payment is not made within
60 days after a scheduled date, upon order of the Department of
Finance, the Controller shall pay the defaulted General Fund
cashflow loan repayment by withholding that amount from the next available payment that would otherwise be made to the county treasurer on behalf of the school district pursuant to Section 14041 of the Education Code.

(e) The Department of Finance shall notify the Legislature within 15 days of authorizing a General Fund cashflow loan pursuant to this section.

(f) A cashflow loan from the General Fund authorized by this section does not constitute budgetary expenditures. A cashflow loan, and the repayment of a cashflow loan, made under this section shall not affect the General Fund reserve.
