Assembly Bill No. 110
CHAPTER 20

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, to take effect immediately, budget bill.

[Approved by Governor June 27, 2013. Filed with Secretary of State June 27, 2013.]

I object to the following appropriations contained in Assembly Bill 110.

Item 0250-101-0932—For local assistance, Judicial Branch. I revise this item by deleting Provision 15.

I am deleting Provision 15, eliminating the appropriation which would require the Judicial Council to spend local assistance funds to adopt rules of court for all groups that review issues for the Judicial Council. This spending provision would create cost pressures on trial courts. I urge the Judicial Council to continue efforts to provide greater public access to Judicial Branch committee activities.

Item 1110-001-0777—For support of Veterinary Medical Board. I reduce this item from $3,530,000 to $3,171,000 by reducing:

(1) 90-Veterinary Medical Board from $3,556,000 to $3,197,000.

I am reducing this item by $359,000 and 5 positions from the Board’s enforcement program because this augmentation is premature. In the coming year, my Administration will review the Department of Consumer Affairs’ enforcement workload for the healing arts boards, including the Veterinary Medical Board, to determine appropriate resource levels.

Item 2660-001-0042—For support of Department of Transportation. I revise this item by reducing:

(9) 40-Transportation Planning from $134,280,000 to $133,800,000, and
(16) Amount payable from the Public Transportation Account, State Transportation Fund (Item 2660-001-0046) from -$176,596,000 to -$176,116,000.

Consistent with my May Revision proposal, I am deleting $480,000 and 5 positions for the Complete Streets program. The program began in 2008 and the Department of Transportation (Caltrans) delivered the Complete Streets Implementation Action Plan in 2010. A zero-base budget review of the Planning program found that these positions are no longer necessary because the work has been completed. Caltrans has incorporated Complete Streets design concepts into the Highway Design Manual and the Project Development Procedures Manual used in collaboration with local transportation agencies. One position remains to continue providing Complete Streets program updates and support.

Item 2660-001-0046—For support of Department of Transportation. I reduce this item from $176,596,000 to $176,116,000.

I am reducing this item by $480,000 to conform to the action I have taken in Item 2660-001-0042.
Item 3720-001-0001—For support of California Coastal Commission. I sustain this item.

I am sustaining the $3,000,000 augmentation for the California Coastal Commission on a one-time basis. This augmentation is intended to address the current backlog of Local Coastal Plans awaiting review. I prefer to focus any additional resources on assisting local jurisdictions to complete and revise their plans in a timely manner. I am directing the Department of Finance to examine what level of resources, if any, the Coastal Commission requires for this purpose in 2014-15.

Item 3860-001-6029—For support of Department of Water Resources. I delete this item.

I am deleting $653,000 for the American River Water Information System. Although there may be a benefit to refining water flow measurements for the American River, previous Proposition 40 bond expenditures and high-priority activities funded in the Budget fully expend the allocation from which this augmentation would be drawn.

Item 3860-101-8018—For local assistance, Department of Water Resources. I delete this item.

I am deleting the $3,000,000 augmentation for extension of the Salton Sea Financial Assistance Program. While I am supportive of restoration efforts for the Sea, the Salton Sea Restoration Fund is limited. It is essential to reserve funds to implement recommendations based on the funding and feasibility study to be completed by the Secretary of Natural Resources Agency and the Salton Sea Authority.

Item 3930-001-0106—For support of Department of Pesticide Regulation. I reduce this item from $55,793,000 to $55,543,000 by reducing:

1. Pesticide Programs from $58,867,000 to $58,617,000.

I am reducing the augmentation to increase enforcement of state pesticide regulations by $250,000 and 2 positions. This reduction is necessary to help bring ongoing expenditures in line with ongoing revenues in the Department of Pesticide Regulation Fund. However, I am sustaining $383,000 and 3 positions to develop mitigation measures for toxic air contaminants. I will be working with the Legislature over the next few months to enact legislation that requires the development of control measures on pesticides.

Item 3940-001-0193—For support of State Water Resources Control Board. I reduce this item from $106,270,000 to $105,951,000 for the Irrigated Lands Regulatory Fee Program.

I am reducing the augmentation to increase enforcement under the Irrigated Lands Program by $319,000 and 2 positions. This reduction is necessary to prevent an excessive fee increase on farmers. However, I am sustaining $650,000 and 5 positions to develop greater expertise in agricultural production at the Central Coast Regional Water Quality Control Board and the Central Valley Regional Water Quality Control Board. The two largest agricultural regions of the state will benefit from the regional boards having greater internal expertise in agroecology, and agricultural soil and plant science.

Item 3940-001-0439—For support of State Water Resources Control Board. I revise this item by reducing:

1. Water Quality from $484,962,000 to $484,643,000, and

9. Amount payable from the Waste Discharge Permit Fund (Item 3940-001-0193) from -$106,270,000 to -$105,951,000.

I am revising this item to conform to the action I have taken in Item 3940-001-0193.
Item 5225-001-0001—For support of Department of Corrections and Rehabilitation. I revise this item by deleting Provisions 5 and 6.

I am deleting Provision 5, eliminating the appropriation which would require the Department of Corrections and Rehabilitation (CDCR) to spend funds reporting to the Legislature on cost containment efforts and cost drivers for legal services provided by the Department of Justice. This language is unnecessary, as the Legislature adopted Supplemental Report Language for the Attorney General to report on the hours and costs associated with handling CDCR’s legal cases.

I am deleting Provision 6, eliminating the appropriation which would require the expenditure of funds for parole agents to refer parolees to state-funded adult literacy programs at local libraries and require the California State Library to provide a list of those programs.

Item 5227-001-0001—For support of Board of State and Community Corrections. I revise this item by deleting Provision 2.

I am deleting Provision 2, eliminating the appropriation which would require the Board of State and Community Corrections to spend funds by dedicating 1 position to juvenile justice research.

This language is unnecessarily restrictive and interferes with the Board’s ability to manage its programs and resources. This requirement would restrict the Board’s ability to identify and prioritize overall research needs and advancements of best practices.

Item 6110-001-0001—For support of Department of Education. I revise this item by reducing:

(2) 20-Instructional Support from $148,334,000 to $148,109,000,
(9) Amount payable from the Federal Trust Fund (Item 6110-001-0890) from -$165,830,000 to -$165,605,000, and by deleting Provision 21.

I am deleting Provision 21, eliminating the appropriation which would require the State Department of Education to expend funds developing a child care preschool plan based on a proposal at the federal level for a universal preschool program. The state does not have sufficient funds to support universal preschool, and the federal government has not adopted funding for implementation of a universal preschool program involving states.

I am revising this item to conform to the action I have taken in Item 6110-001-0890.

Item 6110-001-0890—For support of Department of Education. I reduce this item from $165,830,000 to $165,605,000 and delete Provision 30.

I am reducing this item by $225,000 in federal Title III funding to eliminate one-time funding for the translation of parent notifications and templates. These funds are unnecessary as high priority translations have already been completed, and the remaining workload is not critical and can be absorbed by the Department.

I am deleting Provision 30 to conform to this action.

Item 6110-106-0001—For local assistance, Department of Education (Proposition 98).

I sustain this item.

I am sustaining funding for the California Collaborative for Educational Excellence. Although the Budget creates this entity to provide critical assistance to local education agencies, I believe additional work is necessary to properly define its governance composition and ongoing role within the accountability structure of the Local Control Funding Formula. As such, it is my expectation that subsequent legislation will be enacted this year to define the governance of and roles and responsibilities for the Collaborative for Educational Excellence, as well as, direct the expenditure of the monies appropriated in this item. Furthermore, it is my expectation that any expenditure of these monies will reflect
this forthcoming legislation and an agreed upon plan by the Department of Education, the State Board of Education, and the Department of Finance.

Item 6110-122-0001—For local assistance, Department of Education (Proposition 98).
I sustain this item.

I am sustaining funding for Special Secondary Programs for the 2013-14 fiscal year. This program was eliminated in my Local Control Funding Formula proposal consistent with my belief that local education agencies are in the best position to allocate their funding to meet local needs and priorities. Given the Legislature’s support of this program, I will direct my Administration to examine whether this funding should continue as a separate categorical program into the future.

Item 6110-161-0001—For local assistance, Department of Education (Proposition 98).
I reduce this item from $3,201,317,000 to $3,171,317,000 by reducing:

(1) 10.60.050.003—Special Education Instruction from $3,128,351,000 to $3,098,351,000, and by deleting Provision 25.

I am reducing $30,000,000 from the special education program and deleting Provision 25 to conform to this action. The proposed equalization of special education funding, when phased in, would have ongoing costs in excess of $300 million. This would reduce available resources to pay off deferrals and to implement the flexible Local Control Funding Formula.

Item 6110-167-0001—For local assistance, Department of Education (Proposition 98).
I sustain this item.

I am sustaining funding for the Agricultural Career Technical Education Incentive Program for the 2013-14 fiscal year. This program was eliminated in my Local Control Funding Formula proposal consistent with my belief that local education agencies are in the best position to allocate their funding to meet local needs and priorities. Given the Legislature’s support of this program, I will direct my Administration to examine whether this funding should continue as a separate categorical program into the future.

Item 6110-196-0001—For local assistance, Department of Education (Proposition 98).
I revise this item from $511,965,000 to $506,965,000 by reducing:

(1) 30.10.010—Special Program, Child Development, Preschool Education from $511,965,000 to $506,965,000.

I am reducing this item by $5,000,000. With this reduction, funding will be $25 million higher in the budget year, providing for increased pre-school slots consistent with the $25 million augmentation I sustained for increased child care slots. While I am sustaining this augmentation for the preschool program, I am doing so on a one-time basis. Providing this increase on an ongoing basis would reduce future resources available for K-14 programs.

Item 6440-001-0001—For support of University of California. I revise this item by deleting Provisions 6, 8, 10, 11, 12, 13, 14, 15, and 16.

I am deleting Provisions 6, 8, 10, 11, 12, 13, 14, and 15 because the requirements included in these provisions that the University of California expend funds for various purposes create cost pressures and unnecessary restrictions. Eliminating these earmarks will give the University greater flexibility to manage its resources to meet its obligations, operate its instructional programs more effectively, and avoid tuition and fee increases.

I am deleting Provision 16 as the appropriation establishes the expectation that the University will enroll 211,499 state-supported full-time equivalent students during the 2013-14 academic year. This provision would continue to make enrollment the primary
driver of state budgeting for higher education. Instead, the investments made in the University should be used to ensure the timely graduation of students and make improvements on other performance measures established in this Budget.

**Item 6440-301-0658**—For capital outlay, University of California. I delete this item.

I am deleting the $375,000 from the 1996 Higher Education Capital Outlay Bond Fund for the equipment phase of the Merced, Science and Engineering Building 2 project. The funding for this item is appropriated in a separate bill.

**Item 6610-001-0001**—For support of California State University. I revise this item by deleting Provisions 5, 8, 9, 10, 11, and 12.

I am deleting Provisions 5, 8, 9, 10, and 12 because the requirements included in these appropriations that the California State University (CSU) expend funds for various programs create cost pressures and unnecessary restrictions. Eliminating these earmarks will give CSU greater flexibility to manage its resources to meet its obligations, operate its instructional programs more effectively, and avoid tuition and fee increases.

I am deleting Provision 11 as the appropriation establishes the expectation that CSU will enroll 342,000 state-supported full-time equivalent students during the 2013-14 academic year. This provision would continue to make enrollment the primary driver of state budgeting for higher education. Instead, the investments made in CSU should be used to ensure the timely graduation of students and make improvements on other performance measures established in this Budget.

**Item 6980-101-0890**—For local assistance, Student Aid Commission. I revise this item by deleting Provision 4.

Provision 4 provides that if federal College Access Challenge Grant funds are not available by September 30, 2013, the Special Fund for Economic Uncertainties shall provide $7,332,000 to support existing outreach programs for state financial aid programs. This Provision constitutes an item of appropriation which I cannot support. I believe the Special Fund for Economic Uncertainties should be used only to meet critical needs, emergencies, and legal obligations. Because we have put substantial new resources into higher education this year, I anticipate that California will continue to receive federal grant funds for this program.

**Item 7730-001-0001**—For support of Franchise Tax Board. I reduce this item from $718,684,000 to $718,414,000 by reducing:

(1) 10-Tax Programs from $717,740,000 to $717,470,000.

To correct a technical error in the Budget Bill, I am reducing this item by $270,000. This technical veto is consistent with the legislative action taken to reduce the Franchise Tax Board’s budget to reflect savings from its withdrawal from the Multi-State Tax Commission, which ends its obligation to pay annual dues. These funds were inadvertently left in the final version of the Budget Bill.

**Item 8660-011-0462**—For transfer by the Controller to the Public Utilities Commission Ratepayer Advocate Account. I reduce this item from ($24,375,000) to ($24,354,000).

I am reducing this item by $21,000 to conform to a legislative reduction in Item 8660-001-3089. This technical veto is necessary to reflect this reduction in the transfer item and does not affect the amount of funds available for the Division of Ratepayer Advocates.

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 110.

EDMUND G. BROWN JR.

This bill would make appropriations for the support of state government for the 2013–14 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2013.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284 of the Statutes of 1978, and as amended by Chapter 1286 of the Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor’s Budget and the records of the Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

1. Appropriation item numbers have a code which is common to all the state’s fiscal systems. The meaning of this common coded item number is as follows:
   2720—Organization Code (this code represents the California Highway Patrol)
   001—Reference Code (first appropriation for a particular fund for support of each department)
   0044—Fund Code (Motor Vehicle Account, State Transportation Fund)

2. Appropriation items are organized in organization code order.

3. All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

4. Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor’s Budget and in the records of the Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of
unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2013–14 fiscal year beginning July 1, 2013, and ending June 30, 2014. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, and minor capital outlay appropriations are available for encumbrance until June 30, 2014.

(2) Construction appropriations are available for encumbrance until June 30, 2016, if allocated through fund transfer or approval to proceed to bid by the Department of Finance by June 30, 2014. Any funds not allocated by June 30, 2014, shall revert on July 1, 2014, to the fund from which the appropriation was made.

(3) All other capital outlay appropriations are available for encumbrance until June 30, 2016.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support, or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

SEC. 2.00. Items of appropriation.

2. Upon approval of the Administrative Director of the Courts, the Controller shall transfer up to $500,000 of the funding appropriated in Schedule (2) to Schedule (1.5) for administrative services provided by the Administrative Office of the Courts to implement and administer the Civil Representation Pilot Program.

3. Upon approval of the Administrative Director of the Courts, the amount available for expenditure in this item may be augmented by the amount of resources collected to support the implementation and administration of the Civil Representation Pilot Program.

0250-001-3037—For support of Judicial Branch, payable from the State Court Facilities Construction Fund.... 63,983,000

Schedule:

(2) 35-Judicial Branch Facility Program.......................................................... 66,026,000
(3) Reimbursements.......................... –10,000,000

Provisions:

1. The Director of Finance may augment this item by an amount not to exceed available funding in the State Court Facilities Construction Fund, after review of a request submitted by the Administrative Office of the Courts that demonstrates a need for additional resources associated with the rehabilitation of court facilities. This request shall be submitted no later than 60 days
prior to the effective date of the augmentation. Any augmentation shall be authorized not sooner than 30 days after notification in writing to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and appropriate subcommittees that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may determine.

2. Provisions:

1. The funding provided in Item 0840-001-0970 shall be in lieu of the appropriation in Section 1564 of the Code of Civil Procedure for all costs, expenses, or obligations connected with the administration of the Unclaimed Property Law, with the exception of payment of owners’ or holders’ claims pursuant to Section 1540, 1542, 1560, or 1561 of the Code of Civil Procedure, or of payment of the costs of compensating contractors for locating and recovering unclaimed property due the state.

2. The Controller may, with the concurrence of the Director of Finance and the Chairperson of the Joint Legislative Budget Committee, bill affected state departments for activities required by Section 20050 of the State Administrative Manual, relating to the administration of federal pass-through funds.
No billing may be sent to affected departments sooner than 30 days after the chairperson of the joint committee has been notified by the director that he or she concurs with the amounts specified in the billings.

3. (a) Notwithstanding subdivision (b) of Section 1531 of the Code of Civil Procedure, the Controller may publish notice in any manner that the Controller determines reasonable, provided that (1) none of the moneys used for this purpose is redirected from funding for the Controller’s audit activities, (2) no photograph is used in the publication of notice, and (3) no elected official’s name is used in the publication of notice.

(b) No funds appropriated in this act may be expended by the Controller to provide general information to the public, other than holders (as defined in subdivision (e) of Section 1501 of the Code of Civil Procedure) of unclaimed property, concerning the unclaimed property program or possible existence of unclaimed property held by the Controller’s office, except for informational announcements to the news media, through the exchange of information on electronic bulletin boards, or no more than $50,000 per year to inform the public about this program in activities already organized by the Controller for other purposes. This restriction does not apply to sending individual notices to property owners (as required by the Code of Civil Procedure).

4. Of the moneys appropriated to the Controller in this act, the Controller shall not expend more than $500,000 to conduct posteligibility fraud audits of the Supplemental Security Income/State Supplementary Payment Program.

5. The Commission on State Mandates shall provide, in applicable parameters and guidelines, as follows:

(a) If a local agency or school district contracts with an independent contractor for the preparation and submission of reimbursement claims, the costs reimbursable by the state for that purpose shall not exceed the lesser of (1) 10 percent of the amount of the
claims prepared and submitted by the independent contractor or (2) the actual costs that would necessarily have been incurred for that purpose if performed by employees of the local agency or school district.

(b) The maximum amount of reimbursement provided in subdivision (a) may be exceeded only if the local agency or school district establishes, by appropriate documentation, that the preparation and submission of these claims could not have been accomplished without incurring the additional costs claimed by the local agency or school district.

6. The funds appropriated to the Controller in this item may not be expended for any performance review or performance audit except pursuant to specific statutory authority. It is the intent of the Legislature that audits conducted by the Controller, or under the direction of the Controller, shall be fiscal audits that focus on claims and disbursements, as provided for in Section 12410 of the Government Code. Any report, audit, analysis, or evaluation issued by the Controller for the current fiscal year shall cite the specific statutory or constitutional provision authorizing the preparation and release of the report, audit, analysis, or evaluation.

7. The Controller shall deliver his or her monthly report on General Fund cash receipts and disbursements within 10 days after the close of each month to the Joint Legislative Budget Committee, the fiscal committees of each house of the Legislature, the Department of Finance, the Treasurer’s office, and the Legislative Analyst’s Office.

8. The Controller shall provide to the Department of Finance, the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees of each house of the Legislature a report that provides the following details by mandate: the level of claims requested, the amount reduced by the initial desk audit, the amount paid, the amount recouped, and the results of a final audit and subsequent funding adjustments. The report is due on June 30 of the current fiscal year, and will cover the fourth
quarter of the past fiscal year and the first three quarters of the current fiscal year.

9. The Controller’s estimate of the state’s liability for other postemployment benefits prepared to comply with Governmental Accounting Standards Board (GASB) Statement 45 shall include, in addition to all other items required under the accounting statement: (a) an identification and explanation of any significant differences in actuarial assumptions or methodology from any relevant similar types of assumptions or methodology used by the Public Employees’ Retirement System to estimate state pension obligations and (b) alternative calculations of the state’s liability for other postemployment benefits using different long-term rates of investment return consistent with a hypothetical assumption that the state will begin to deposit 100 percent or a lesser percent, respectively, of its annual required contribution under GASB Statement 45 to a retiree health and dental benefits trust fund. This provision shall not obligate the state to change the practice of funding health and dental benefits for annuitants currently required under state law.

10. The funds appropriated to the Controller in this item may not be expended on additional actuarial valuations, beyond the annual actuarial valuation, for other postemployment benefits, prior to obtaining concurrence in writing from the Department of Finance. The additional actuarial valuations shall only be performed to the extent resources exist, or if funds are provided by the requesting agency.

11. The Controller shall provide the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature a report on the Human Resources Management System specifying the dollars expended on the program in the previous fiscal year and over the life of the program and any known savings that have occurred in the prior fiscal year, to be submitted annually but no later than August 30 of each year. The report should compare the known savings with the most recent estimate of projected savings and explain
the methodology by which the savings were calculated.

12. The Controller shall deliver yearend financial data as specified by the Department of Finance, for the immediately preceding fiscal year, in hard copy and electronic format, by October 15 of each year and periodically as requested by the Department of Finance. This information is necessary for the Department of Finance to determine the proper beginning balance of the current fiscal year for budgetary purposes.

13. In the event new postage rates are adopted by the United States Postal Service, but not in time for inclusion in the 2013–14 May Revision, and the Controller’s office notifies the Department of Finance with its estimates of the increased postage costs within 15 calendar days of the adoption of new rates, the Director of Finance may authorize expenditures in excess of the amount appropriated in this item by an amount necessary to fund the postage increase. This authorization shall occur not less than 15 days after the Department of Finance notifies the Chairperson of the Joint Legislative Budget Committee.

14. Of the amount appropriated in Schedule 2-Operating Expenses and Equipment, $326,000 shall be used to reimburse the Department of Justice for legal services. In addition to the amount in Schedule 2, upon order of the Director of Finance, any non-General Fund Budget Act item for support of the Controller’s office may be augmented to reimburse the Department of Justice for legal services. No augmentation shall be made sooner than 30 days after the Joint Legislative Budget Committee has been notified in writing.

15. The Controller shall report to the Department of Finance, not later than September 15 of each year, commencing in September 2013, on the level of activity and workload associated with the Controller’s responsibilities relating to redevelopment agency asset transfers, recognized obligation payment schedules, and oversight of auditor-controller actions, pursuant to Chapter 5 of the 2011–12 First Extraordinary Session, including all necessary justification to continue positions and funding for the 2014–15 fiscal year.
and following fiscal years. Based on the information, the Department of Finance may reduce reimbursement expenditure authority and related positions to reflect a lower level of activity and workload starting in the 2014–15 fiscal year. No adjustments shall be made pursuant to this provision prior to a 30-day notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations.

16. Notwithstanding any other provision of law, the Department of Finance may augment this item and Section 25.25 by an amount not to exceed $2,266,000 from all fund sources of payment of data center costs to the Office of Technology Services (OTech) during the 2013–14 fiscal year related to the suspension of the 21st Century Project. The Controller shall include a full and detailed justification to support a request for additional spending authority, including estimates from OTech for data center costs and assumptions included in such estimates that are related to the suspension of the 21st Century Project. Any augmentation made pursuant to this provision shall be made no sooner than 30 days after written notification has been provided to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine.

17. Of the funds appropriated in this item, $11,919,000 shall be for support of the 21st Century Project. Of that amount, $1,986,500 shall be available for expenditure until August 31, 2013. The remaining balance of $9,932,500 shall be available for expenditure not sooner than September 1, 2013, after a legislative oversight hearing has taken place to discuss the update from the Controller on the status of the 21st Century Project. Additionally, any expenditure of the remaining balance of $9,932,500 shall be made no sooner than 30 days after written notification has been provided to the Chairperson
of the Joint Legislative Budget Committee and
the chairpersons of the committees of each house
of the Legislature that consider appropriations,

Chairperson of the Joint Legislative Budget
Committee, or his or her designee, may deter-

1. The Department of Water Resources shall notify the Joint Legislative Budget Committee within 30 days of expending funds from this item for flood emergency response.
2. The Department of Water Resources is authorized to use funds from this item only for emergency response if they are spent on activities to respond to a flood emergency event pursuant to the criteria identified in the Water Resources Engineering Memorandum Process. These criteria will specify conditions where an imminent threat of system failure has been identified based on (a) forecasts of riverflows to exceed flood stage or overtop levees or banks, (b) water flowing through a levee carrying sediment, or (c) the determination by a geotechnical engineer or flood-fight specialist that there is a need for
immediate levee or flood control structure repair or stabilization to prevent failure. 2. The Emergency Medical Services Authority shall use the following guidelines in administering state-funded grants to local agencies: (a) funding eligibility shall be limited to rural multicounty regions that demonstrate a heavy use of the emergency medical services system by nonresidents, (b) local agencies shall provide matching funds of at least $1 for each dollar of state funds received, (c) state funding shall be used to provide only essential minimum services necessary to operate the system, as defined by the authority, (d) no region shall receive both federal and state funds in the same fiscal year for the same purpose, and (e) the authority shall monitor the use of the funds by recipients to ensure that these funds are used in an appropriate manner.

1. Except as otherwise prohibited by law, the State Department of Public Health shall promulgate emergency regulations to adjust the public health fees set by regulation to an amount such that, if the new fees were effective throughout the 2013–14 fiscal year, the estimated revenues would be sufficient to offset at least 95 percent of the approved program level intended to be supported by those fees. The General Fund fees of the department that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code shall be increased by 17.67 percent. The special
fund fees of the department that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code may be increased by 17.67 percent only if the fund condition statement for a fund projects a reserve less than 10 percent of estimated expenditures and the revenues projected for the 2013–14 fiscal year are less than the appropriation contained in this act.

2. Notwithstanding subdivision (b) of Section 100450 of the Health and Safety Code, departmental fees that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100450 of the Health and Safety Code shall be increased by 2.62 percent, effective July 1, 2013. This adjustment shall not be applied to fees established by subdivisions (f), (g), (m), and (s) of Section 1300 of the Business and Professions Code.

3. The State Department of Public Health shall limit expenditures in this item to implement the Uniform Anatomical Gift Act (Ch. 829, Stats. 2000) to the amount of actual fees collected from tissue banks.

4. The State Department of Public Health shall use the standard state personnel year equivalent for all new positions funded in the 2013–14 fiscal year for licensing and certification activities related to health care facilities.

5. The Center for Environmental Health shall provide the fiscal committees of each house of the Legislature, by no later than January 10 and May 14 of each year, with a fiscal update that contains a summary of all water bond appropriation authority of the State Department of Public Health, bond proceeds, the status of project obligations, and any other relevant information regarding the department’s overall safe drinking water program.

The SDE shall provide caseloads, expenditures, allocations, unit costs, family fees, and other key variables and assumptions used in determining the sufficiency of state allocations. Detailed backup by month and on a county-by-county basis shall be provided to the DSS at least on a quarterly basis for comparisons with Stage 1 trends.

(f) On or before January 30, 2014, following consultation with the DSS, the SDE shall determine the adequacy of funding appropriated by the Legislature for CalWORKs Stage 2 and Stage 3. If the SDE determines that the Stage 2 appropriation exceeds the current year caseload needs and the Stage 3 appropriation is not sufficient to fully fund its caseload need, then the SDE shall submit a request to the Department of Finance to transfer the excess funds from Schedule (1.5)(e), CalWORKs Stage 2 child care to Schedule (1.5)(f), CalWORKs Stage 3 child care. Notwithstanding Section 26.00 or any other provision of law, the Department of Finance may, at its discretion, approve such a transfer.

(g) Notwithstanding any other provision of law or any other sections of this act, the Department of Finance may augment the appropriation for CalWORKs Stage 3 if the estimate of expenditures, as determined by the SDE, following consultation with the DSS, will exceed the expenditures authorized in Schedule (1.5)(f). The Department of Finance shall report any augmentation pursuant to this paragraph to the Joint Legislative Budget Committee. At the time the report is made, the amount of the appropriation made in Schedule (1.5)(f) shall be increased by the amount of the augmentation.

Further, funds appropriated in this item may be used for capital expenditures as well as payment of debt service associated with the Energy Partnership Program, whereby the University of California will receive financial incentives from state investor-owned utilities to undertake energy conservation projects. The use of state operations funding for these energy savings projects may not infringe on the university’s funding for its instructional support activities. The Director of Finance may authorize program expenditures for the list of planned projects not sooner than 30 days after notification in writing is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the state budget, and the Chairperson of the Joint Legislative

The list of planned projects submitted for approval by the university for a given funding cycle should be all-inclusive and may include projects that may not be initiated during that funding cycle. No later than November 15 of each year, the university shall prepare a report describing the identified projects funded under the Energy Partnership Program in the prior year. The University of California shall use this appropriation to fund the construction phase of the University of California, Merced Classroom and Academic Office Building. If the University of California plans to use any of its support appropriation to fund additional capital outlay projects for the 2013–14 fiscal year, the University of California shall, by August 1, 2013, submit a report simultaneously to the Joint Legislative Budget Committee and the Department of Finance, for review and approval. This report shall detail the scope of each project and how each project will be funded, and shall provide detailed information equivalent to a capital outlay budget change proposal. The Department of Finance and the Joint Legislative Budget Committee shall approve the report, in whole or part, for the 2013–14 fiscal year by September 1, 2013.

If the annuitant or family member is enrolled in Part A or Part B of Medicare, he or she may enroll in a supple-
ment to the Medicare plan. This provision does not apply to employees and family members who are specifically excluded from enrollment in a supplement to the Medicare plan by federal law or regulation.

3. The maximum monthly contribution shall be adjusted based on Section 22871 of the Government Code to reflect the health benefit plan premium rates approved by the Board of Administration of the Public Employees’ Retirement System for the 2014 calendar year.

5. Funds payable to Item 9650-001-0001 as a result of this item shall be used in lieu of the amounts that otherwise would have been paid by the General Fund for health benefits for annuitants in order to reduce state government’s General Fund contributions toward health benefits for annuitants, including prescription drug benefits for annuitants, consistent with Section 22910.5 of the Government Code.

6. Notwithstanding any other provision of law, upon approval of the Director of Finance, expenditure authority may be transferred between Item 9650-001-0950 and this item as necessary to fund costs for health benefits.

7. Up to $1,000,000 of this appropriation shall also be available for the purpose of reimbursing state annuitants’ share of health premiums from prior years or the current year due to a correction of errors or omissions in calculating service credits for the vesting of post-retirement health and dental benefits. The California Public Employees’ Retirement System shall report each of the following to the Legislature on or before October 1, 2013: (a) the number of annuitants who received or who will receive a reimbursement pursuant to this provision, (b) the amount of money reimbursed or that will be reimbursed to annuitants pursuant to this provision, (c) the number of annuitants who reimbursed or who will reimburse the state pursuant to this provision, and (d) the amount of money reimbursed.

Provisions:
1. The funds appropriated in this item are for transfer by the Controller during the 2013–14 fiscal year to Section B of the State School Fund.
3. The funds appropriated in Schedule (1) for apportionments include $31,409,000 to encourage district-level accountability efforts pursuant to Section 84754.5 of the Education Code. It is intended that the Office of the Chancellor of the California Community Colleges submit an annual report on district-specific accountability measures by March 31 of each year. This report shall reflect the outcomes from the most recently completed fiscal year for which data is available pursuant to Section 84754.5 of the Education Code.
13. Notwithstanding any other provision of law, apportionment funding for community college districts shall be based on the greater of the current year or prior year level of full-time equivalent students (FTES), consistent with K–12 declining enrollment practices pursuant to Section 42238.5 of the Education Code. Decreases in FTES shall result in a revenue reduction at the district’s average level of apportionment funding per FTES and shall be made in the year following the initial year of decrease in FTES.
14. Of the funds appropriated in Schedule (1), Apportionments:
   (a) Up to $100,000 is for a maintenance allowance, pursuant to Section 54200 of Title 5 of the California Code of Regulations.
   (b) Up to $500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date pursuant to Section 58508 of Title 5 of the California Code of Regulations.
15. Notwithstanding any other provision of law, the Chancellor of the California Community Colleges shall not reduce district workload obligations for a lack of a funded cost-of-living adjustment.
16. (a) The amount appropriated in Schedule (3) for the Apprenticeship Program shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college-related and supplemental instruction pursuant to Section 3074 of the Labor Code, as provided in Section 8152 of the Education Code. No community college district shall use funds available under this provision to offer any new apprenticeship training program or the expansion of any existing program unless the new program or expansion has been approved by the chancellor.

(b) Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of $5.04 per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.

17. Funds appropriated in Schedule (4), Growth for Apportionments, shall be available first to any districts bringing online newly accredited colleges or educational centers. It is the intent of the Legislature that increases in basic foundation allocations to each college be funded prior to additional growth in full-time equivalent students. The Chancellor of the California Community Colleges shall provide a report by November 1 of each year, to the Department of Finance and the Legislative Analyst, on the number of new centers and colleges added for the current fiscal year and those anticipated to be added for the prospective budget year. This report shall also detail the specific funding adjustments provided for basic foundation allocations to each college and center for the current fiscal year.

18. Notwithstanding any other provision of law, funds appropriated in Schedule (4), Growth for Apportionments, shall only be allocated for growth in full-time equivalent students (FTES), on a district-by-district basis, as determined by
the Chancellor of the California Community Colleges. The chancellor shall not include any FTES from concurrent enrollment in physical education, dance, recreation, study skills, and personal development courses and other courses in conflict with existing law for the purpose of calculating a district’s three-year overcap adjustment. The Board of Governors of the California Community Colleges shall implement the criteria required by subdivision (a) of Provision 5 of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003) for the allocation of funds appropriated in Schedules (1) and (3) of this item, so as to ensure that courses related to student needs for transfer, basic skills, and vocational/workforce training are accorded the highest priority and are provided to the maximum extent possible within budgeted funds.

19. The funds appropriated in Schedule (5), Student Success for Basic Skills Students, shall be allocated as follows:

(a) $969,000 for faculty and staff development to improve curriculum, instruction, student services, and program practices in the areas of basic skills and English as a Second Language (ESL) programs. The Office of the Chancellor of the California Community Colleges shall select a district, utilizing a competitive process, to carry out these faculty and staff development activities. All colleges receiving funds pursuant to subdivision (b) shall be provided with the opportunity to participate in the faculty and staff development programs specified in this subdivision. The chancellor shall report on the use of these funds by the selected district to the Legislative Analyst and the Department of Finance not later than September 1 of each year.

(b) $19,068,000 for allocation by the chancellor to community college districts for improving outcomes of students who enter college needing at least one course in ESL or basic skills, with particular emphasis on students transitioning from high school.

(c) Funding specified in subdivisions (a) and (b) shall be distributed to eligible applicants
pursuant to Chapter 489 of the Statutes of 2007.

(d) The Office of the Chancellor of the California Community Colleges shall work jointly with the Department of Finance and the Legislative Analyst to evaluate and refine, as necessary, the annual accountability measures for this program. It is the intent of the Legislature that annual performance accountability measures for this program utilize, to the extent possible, data available as part of the accountability system developed pursuant to Section 84754.5 of the Education Code. By September 1, 2010, the chancellor shall submit a report to the Governor and the Legislature on basic skills accountability using system- and college-level data and an annual report each year thereafter by September 1.

20. (a) Of the funds appropriated in Schedule (6) for Student Financial Aid Administration, not less than $15,185,000 is available to provide $0.91 per unit reimbursement to community college districts for the provision of board of governors (BOG) fee waiver awards pursuant to paragraph (2) of subdivision (m) of Section 76300 of the Education Code.

(b) Of the funds appropriated in Schedule (6), not less than $15,351,000 is available to provide reimbursement of 2 percent of total waiver value to community college districts for the provision of BOG fee waiver awards pursuant to paragraph (2) of subdivision (m) of Section 76300 of the Education Code.

(c) Funding provided to community college districts in subdivisions (a) and (b) is provided to directly offset any mandated costs claimed by community college districts pursuant to Commission on State Mandates Test Claims 99-TC-13 (Enrollment Fee Collection) and 00-TC-15 (Enrollment Fee Waivers).

(d) (1) Of the amount appropriated in Schedule (6), $2,800,000 shall be for a contract with a community college district to conduct a statewide media campaign to

...
promote the general message to prospective students as follows: (A) the California Community Colleges (CCC) remain affordable, (B) financial aid tax credits are available to cover enrollment fees and help with books and other costs, and (C) the active encouragement of contact between pupils and local CCC financial aid offices. Any funds used from this source to produce radio, television, or mail campaigns must emphasize the availability of financial aid, the easiest and most reliable method of accessing the aid, a contact telephone number, an Internet Web site address, where applicable, and the physical location of a financial aid office. Any mail campaign must give priority to existing pupils, recent high school graduates, and 12th graders. The outreach and information campaign should target its efforts in high schools, welfare offices, unemployment offices, churches, community centers, and any other location that will most effectively reach low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. The community college district awarded the contract shall consult with the Chancellor of the California Community Colleges and the Student Aid Commission prior to performing any activities to ensure appropriate coordination with any other state efforts in this area and ensure compliance with this provision.

(2) Of the amount appropriated in Schedule (6), not more than $34,200,000 shall be for direct contact with potential and current financial aid applicants. Each CCC campus shall receive a minimum allocation of $50,000. The remainder of the funding shall be allocated to campuses based upon a formula reflecting full-time equivalent students (FTES) weighted by a measure of low-income populations demonstrated by BOG fee
waiver program participation within a district. It is the intent of the Legislature, to the extent that funds are provided in this item, that all campuses provide additional staff resources to increase both financial aid participation and student access to low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. Funds may be used for screening current students for possible financial aid eligibility and offering personal assistance to these students in accessing financial aid, providing individual help in multiple languages for families and students in filling out the necessary paperwork to apply for financial aid, and increasing financial aid staff to process additional financial aid forms.

(3) Funding provided to community college districts in paragraph (2) is provided to offset any mandated costs claimed by community college districts pursuant to the Commission on State Mandates Test Claims 02-TC-28 (Cal Grants) and 02-TC-21 (Tuition Fee Waivers).

(4) Funds allocated to a community college district for financial aid personnel, outreach determination of financial need, and delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 2001–02 or 2006–07 fiscal year, whichever is greater.

(5) It is the intent of the Legislature that the Office of the Chancellor of the California Community Colleges provide the Legislature with a report not later than April 1 of each year on the use of the funds allocated pursuant to paragraphs (1) and (2), including the distribution of the funds, specific uses of the funds, strategies employed to reach low-income and disadvantaged students potentially eligible for financial aid, and the
extent to which districts were successful in increasing the number of students accessing financial aid, particularly the maximum Pell Grant award.

(6) It is the intent of the Legislature that the chancellor report by May 15 of each year, in the manner and using the factors set forth in paragraph (5) of subdivision (c) of Provision 11 of Item 6870-101-0001 of the Budget Act of 2007 (Chs. 171 and 172, Stats. 2007), on the impact of outreach efforts on student headcount and FTES enrollment for the 2009–10 and 2010–11 academic years.

(e) Notwithstanding subdivision (m) of Section 76300 of the Education Code or any other provision of law, the amount of funds appropriated for the purpose of administering fee waivers for the 2013–14 fiscal year shall be determined in this act.

21. (a) The funds appropriated in Schedule (7) for the Disabled Students Program are for assisting districts in funding the excess direct instructional cost of providing special support services or instruction, or both, to disabled students enrolled at community colleges, and for state hospital programs, as mandated by federal law.

(b) Of the amount appropriated in Schedule (7), no less than $3,166,000 shall be used to address deficiencies identified by the federal Office for Civil Rights (OCR), as determined by the Office of the Chancellor of the California Community Colleges.

(c) Of the amount appropriated in Schedule (7), at least $757,000 shall be used for support of the High Tech Centers for activities including, but not limited to, training of district employees, staff, and students in the use of specialized computer equipment for the disabled. All High Tech Centers shall meet standards developed by the Office of the Chancellor. Colleges that receive these augmentations shall not supplant existing resources provided to the centers.

(d) Notwithstanding any other provision of law, of the funds appropriated in Schedule (7),
$1,000,000 shall be for state hospital adult education programs at the hospitals served by the Coast and Kern Community College Districts since the 1986–87 fiscal year. If adult education services at any of the two hospitals are not supported by the community colleges in any portion of the 2013–14 fiscal year, remaining funds shall, upon order of the Department of Finance, after 30 days’ notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the State Department of Developmental Services (DDS). For any transfer of funds to DDS during the 2013–14 fiscal year, the Proposition 98 base funding levels for community colleges and DDS shall be adjusted accordingly.

(e) Of the funds appropriated in Schedule (7) for the Disabled Student Services, no less than $7,704,000 shall be allocated to support high-cost sign language interpreter services and real-time captioning equipment or other communication accommodations for hearing-impaired students based on a 4-to-1 state-to-local district match.

22. The funds appropriated in Schedule (8), Special Services for CalWORKs Recipients, are for the purpose of assisting welfare recipient students and those in transition off of welfare to achieve long-term self-sufficiency through coordinated student services offered at community colleges, including workstudy, other educational related work experience, job placement services, child care services, and coordination with county welfare offices to determine eligibility and availability of services. All services funded in Schedule (8) shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash-assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing
funds and services provided for CalWORKs recipients attending community colleges. The Chancellor of the California Community Colleges shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:

(a) Job placement.
(b) Coordination with county welfare offices and other local agencies, including local workforce investment boards.
(c) Curriculum development and redesign.
(d) Child care and workstudy.
(e) Instruction.
(f) Postemployment skills training and related skills.
(g) Campus-based case management, limited to on-campus assistance and services not provided by county case workers that do not supplant other counseling and academic support services funded through existing California Community Colleges categorical programs.

Of the amount appropriated in Schedule (8), $9,188,000 is for child care and does not require a district match. For the remaining funds, districts shall, as a condition of receipt of these funds, provide a $1 match for every $1 provided by the state.

Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education in the 2013–14 fiscal year, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.
Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student educational programs and work participation requirements, provided that those payments may not exceed 75 percent of the wage for the workstudy positions, and the employers shall pay at least 25 percent of the wage for the workstudy positions. These funds may be expended only if the total hours of education, employment, and workstudy for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or non-credit classes for CalWORKs students if a district has committed all of its funded full-time equivalent students (FTES) and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall submit applications to the office of the chancellor by December 1 of each year. If the chancellor approves the use of funds for direct instructional workload, the Office of the Chancellor shall submit a report to the Department of Finance and the Joint Legislative Budget Committee by February 15 of each year that (a) identifies the enrollment of new CalWORKs students, (b) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (c) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (8), by the fourth week following the end of the semester or quarter term commencing in January 2014, participating community districts and colleges shall submit to the office of the chancellor a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care,
the number of workstudy hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practicable, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the office of the chancellor compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, the Department of Finance, and the State Department of Social Services by February 15 of each year.

First priority for expenditures of any funds appropriated in Schedule (8) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost-beneficial way, it is intended that up to $5,000,000 of the funds subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities that cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student’s need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than February 15 of each year in compliance with the Budget Acts of 1998 (Ch. 324, Stats. 1998) and 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of
postemployment services to districts for transitional students.

If a district is unable to fully expend its share of child care funds, it may request that the Office of the Chancellor approve a reallocation to other CalWORKs purposes authorized by this provision, subject to all pertinent limitations and district match required for these purposes under this provision.

Of the funds appropriated in Schedule (8) for the Special Services for CalWORKs Recipients Program, no less than $4,900,000 is to provide direct workstudy wage reimbursement for students served under this program, and $613,000 is available for campus job development and placement services.

23. Funds appropriated in Schedule (8) for the Special Services for CalWORKs Recipients Program have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance-of-effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

24. (a) Funds provided in Schedule (9) for the Foster Care Education Program shall be allocated to provide foster and relative/kinship care education and training. Districts shall ensure that education and training required by Sections 1529.1 and 1529.2 of the Health and Safety Code and Section 16003 of the Welfare and Institutions Code receive priority. Districts may use any remaining funds for additional parenting skills training.

(b) Funds provided in Schedule (9) shall be used for foster parent and relative/kinship care provider education training services consistent with the following criteria:

(1) The Chancellor of the California Community Colleges shall use these funds exclusively for foster parent and relative/kinship care provider education and training, as specified by the chancellor in consultation with an advisory committee that includes foster parents, represen-
tatives of statewide foster parent organizations, parent and relative/kinship care providers, and representatives from the State Department of Social Services.

(2) Acceptance of funds under this program shall constitute agreement by the district to comply with such reporting requirements, guidelines, and other conditions for receipt of funding as the chancellor may establish.

(3) Each college plan for foster and relative/kinship care education programs shall include the provision of training to facilitate the development of foster family homes, small family homes, and relative/kinship homes to care for no more than six children who have special mental, emotional, developmental, or physical needs.

(b) Of the amount appropriated in Schedule (10), $9,381,000 shall be allocated to community college districts on a one-to-one matching funds basis to provide matriculation services, including, but not limited to, orientation, assessment, and counseling, for students enrolled in designated noncredit classes and programs who may benefit most, as determined by the Chancellor of the California Community Colleges pursuant to Sections 78216 and 78218 of the Education Code.

(c) Of the funds appropriated in Schedule (10), up to $14,000,000 may be used by the Chancellor of the California Community Colleges for the purpose of procuring or developing E-Transcript, E-Planning, and

26. The funds in Schedule (14) for the Part-time Faculty Compensation Program shall be allocated solely to increase compensation for part-time faculty from the amounts previously authorized. Funds shall be distributed to districts based on the total actual full-time equivalent students served in the previous fiscal year and include a small district factor as determined by the Chancellor of the California Community Colleges. These funds are to be used to assist districts in making part-time faculty salaries more comparable to full-time salaries for similar work, as determined through each district’s local collective bargaining process. These funds shall not supplant the amount of resources each district used to compensate part-time faculty or be used to exceed parity of each part-time faculty employed by each district with regular full-time faculty at the same district, as certified by the chancellor. If a district achieves parity, its allocation may be used for any other educational purpose.

(2) Provision of systemwide Internet, audio bridging, and telephony.

(4) Ongoing support for the California Virtual Campus Distance Education Program.

(5) Ongoing support for programs designed to use technology in assisting accreditation and the alignment of curricula across K–20 segments in California.

(6) Support for technology pilots and ongoing technology programs and applications that serve to maximize the utility and economy of scale of the technology investments of the community college system towards improving learning outcomes.

(7) Support for the Student Friendly Services Program.

In addition, a portion of the funds provided in this subdivision shall be available for allocations to districts. It is the intent of the Legislature that these funds be used by colleges to maintain the technology capabilities specified in subdivision (a) of Provision 21 of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003). These funds shall not supplant existing funds used for those purposes, and colleges shall match maintenance and ongoing costs with other funds as provided by subdivision (a) of Provision 21 of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003).

(b) The Office of the Chancellor of the California Community Colleges shall develop the reporting criteria for all programs funded by this item and shall submit that for review along with an annual progress report on program implementation to the Legislative Analyst and the Department of Finance no later than December 1 of each year. Reporting shall include summaries of allocations
and expenditures by program and by district, where applicable.

(c) Of the funds provided in Schedule (16), $1,139,000 is for ongoing support and expansion of the California Partnership for Achieving Student Success (Cal-PASS) program. As a condition of receipt of these funds, the grantee shall submit to the office of the chancellor, by October 15 of each year, all of the following: (1) a report that includes the numbers and percentages of institutions and school districts that have signed agreements and the number and percentage that have actively submitted data in the current year and (2) an annual financial audit, as prescribed by the chancellor, that includes an accounting of all funding sources and all uses of funds by funding source. The report and audit also shall be submitted to the Legislative Analyst, the Department of Finance, and the appropriate budget subcommittees of the budget committees of each house of the Legislature. It is the intent of the Legislature that all reporting requirements contained in this subdivision shall be completed using funds provided to the grantee.

28. Of the amount appropriated in Schedule (17) for the Economic and Workforce Development Program, pursuant to Part 52.2 (commencing with Section 88600) of Division 7 of Title 3 of the Education Code, the following shall apply:

(a) Up to 10 percent may be allocated for state level technical assistance activities in support of the intent of Chapter 361 of the Statutes of 2012, including statewide network leadership, organizational development, coordination, information and support services, or other program purposes. Any augmentation to state level activities funding is subject to approval of the Department of Finance, not sooner than 30 days after the notification in writing to the chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee.
(b) All remaining funds shall be allocated for programming that target investment at priority and emergent sectors, including statewide and/or regional centers, hubs, collaborative communities, advisory bodies, and short-term grants. Short-term grants can include industry-driven regional education and training, Responsive Incumbent Worker Training, and Job Development Incentive Training.

(c) Prior to the expenditure of these funds, the Chancellor of the California Community Colleges shall submit a proposed expenditure plan and the rationale therefore, to the Department of Finance for approval. The expenditure plan shall include the following:

1. A statewide and regional delivery system.
2. A targeting of investments to competitive and emergent sectors important to regional economies as well as use of short-term grants to meet employer-driven training needs.
3. Program support to increase the impact of college career technical education (CTE) programs (including contextualized CTE programs) on regional economies; statewide accountability data collection and performance evaluation; statewide training, development, and coordination; labor market research; and continuous program improvements.

(d) The following provisions apply to the expenditures of these funds:

1. Funds applied to performance-based training shall be matched by a minimum of $1 of private business and industry funding for each $1 of state funds. The Chancellor of the California Community Colleges shall consider the level of involvement and financial commitments of business and industry in making awards for performance-based training.
2. Funds allocated by the Chancellor of the California Community Colleges under this program may not be used by community college districts to supplant ex-
isting contract education offerings. The chancellor shall ensure that funds are spent only for expanded services and shall implement accountability reporting for districts receiving these funds to ensure that training, credit, and noncredit programs remain relevant to business needs.

(3) Any funds that become available due to savings, discontinuance, or reduction of amounts shall be evaluated against labor market needs and regional economies for reallocation within the economic and workforce development program.

(e) Fiscal agents of program funds intended to serve statewide or regional functions do not have authority to flex program funds. The chancellor’s office may adjust allocations, as necessary, to preclude this action.

29. (a) The funds appropriated in Schedule (18) for the Transfer Education and Articulation Program are available to support transfer and articulation projects and common course numbering projects.

(b) Funding provided to community college districts from Schedule (18) is provided to directly offset any mandated costs claimed by community college districts pursuant to Chapter 737 of the Statutes of 2004.

(1) Scheduled maintenance and special repairs of facilities. The Chancellor of the California Community Colleges shall allocate funds to districts on the basis of actual reported full-time equivalent students (FTES), and may establish a minimum allocation per district. As a condition for receiving and expending these funds for maintenance or special repairs, a district shall certify that it will increase its operations and maintenance spending from the 1995–96 fiscal year by the amount it allocates from this appropriation for maintenance and special repairs, plus an equal amount to be pro-
vided from district discretionary funds. The chancellor may waive all or a portion of the matching requirement based upon a review of a district’s financial condition. The question of whether a district has complied with its resolution shall be reviewed under the annual audit of that district. For every $1 a district expends from any funds provided in this appropriation for scheduled maintenance and special repairs, the recipient district shall provide $1 in matching funds.

(2) Hazardous substances abatement, cleanup, and repairs.

(3) Architectural barrier removal projects that meet the requirements of the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.) and seismic retrofit projects limited to $400,000. Districts that receive funds for architectural barrier removal projects shall provide a $1 match for every $1 provided by the state.

(b) One-half of any funds appropriated in Schedule (19) are available for replacement of instructional equipment and library materials. For every $3 a district expends from any moneys provided in this appropriation for replacement of instructional equipment or library materials, the recipient district shall provide $1 in matching funds. The chancellor may waive all or a portion of the matching requirement based upon a review of a district’s financial condition. The funds provided for instructional equipment and library materials shall not be used for personal services costs or operating expenses. The chancellor shall allocate funds to districts on the basis of actual reported FTES and may establish a minimum allocation per district. The question of whether a district has complied with its resolution shall be reviewed under the annual audit of that district.

The Board of Governors of the California Community Colleges shall allocate funds on a priority basis to local programs on the basis of need for student services.

32. Of the funds appropriated in Schedule (20) for the Extended Opportunity Programs and Services and Special Services, no less than $4,972,000 shall be available to support additional textbook assistance grants to community college students as an allowable expenditure consistent with paragraph (10) of subdivision (b) of Section 69648 of the Education Code. In addition, these funds shall not supplant the amount of resources used for textbook grants in the 2001–02 fiscal year.

33. The funds appropriated in Schedule (21) for the Fund for Student Success are for additional targeted student services, to be expended as follows:

(a) $1,183,000 is for the Puente Project to support up to 75 colleges. All funding shall be allocated directly to participating districts in accordance with their participation agreement.

(b) Up to $1,515,000 is for the Mathematics, Engineering and Science Achievement
(MESA) program. For each $1 allocated, the recipient district shall provide $1 in matching funds.

(c) No less than $1,094,000 is for the Middle College High School Program. With the exception of fully compliant special part-time students at the community colleges pursuant to Sections 48802 and 76001 of the Education Code, student workload based on participation in the Middle College High School Program shall not be eligible for community college state apportionment. Further, no community college state apportionment shall be made available for physical education classes, noncredit classes, nor other courses specified in Provision 8.

Pursuant to Sections 69648.5, 78216, and 84850, and subdivision (b) of Section 87108, of the Education Code, the Board of Governors of the California Community Colleges may allocate funds appropriated in Schedules (7), (10), (12), and (20) by grant or contract, or through the apportionment process, to one or more districts for the purpose of providing program evaluation, accountability, monitoring, or program development services, as appropriate under the applicable statute.

35. (a) All funds appropriated in Schedule (22) for the Career Technical Education Program are for the purpose of aligning career technical education curriculum between K–12 and community colleges in targeted industry-driven programs offered through the Economic and Workforce Development Program. These funds shall be used only for the purpose of community college child care and development programs.

37. With regard to the funds appropriated in Schedule (24), Nursing Program Support, all of the following shall apply:
   (a) $8,475,000 shall be used to provide support for nursing program enrollment and equipment needs consistent with paragraph (2) of subdivision (a) of Section 2 of Chapter 514 of the Statutes of 2001. Funding for nursing enrollment shall provide a marginal increase in funding in addition to the amount provided for each full-time equivalent student for regular growth in apportionments.
   (b) $4,903,000 shall be used to provide diagnostic and support services, preentry coursework, alternative program delivery model development, and other services to reduce the incidence of student attrition in nursing programs.
   (c) Funds shall be allocated according to the following criteria:
      (1) The degree to which the funds provided would be used to increase student enrollment in nursing programs beyond the level of full-time equivalent students served in the 2011–12 academic year.
(2) The district’s level of attrition from nursing programs and the suitability of planned expenditures to address attrition levels.

(3) The degree to which funds provided would be used to support infrastructure or equipment needs with the intent of building capacity and increasing the number of nursing students served.

(4) For districts with attrition rates of 15 percent or more, new funding shall focus on attrition reduction. For districts with attrition rates below 15 percent, new funding shall focus on enrollment expansion.

(d) On or before March 1 of each year, the Chancellor of the California Community Colleges shall provide the Legislature and the Department of Finance with a report on the allocation of funding. For each district receiving funding under this item, the report shall include all of the following: (1) the amount of funding received, (2) the number of nursing full-time equivalent students served in the 2006–07 academic year, and the additional number of nursing full-time equivalent students served with funding provided in this item in each subsequent year, (3) the district’s attrition and completion rates in the 2006–07 academic year and subsequent years, (4) any equipment or infrastructure-related items acquired with the funds appropriated in this item, and (5) the number of new and existing faculty receiving annual stipend awards.

Pursuant to the conditions specified in that legislation, districts may utilize funds allocated from Schedules (11), (12), (13), (14), (15), (17), (18), (19), and (23) as further specified in that legislation. Notwithstanding this provision and subdivision (b) of Section 84043 of the Education Code, the chancellor may adjust allocations, as necessary, for funding provided pur-
suant to Schedules (11), (17), and (18) in support of statewide or regional functions.

39. Funding provided to community college districts in Schedule (1) is provided to directly offset any mandated costs claimed by community college districts for the Minimum Conditions for State Aid (02-TC-25 and 02-TC-31) mandated program as determined by the Commission on State Mandates.

(b) Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of $5.04 per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.

(c) No community college district shall use funds allocated pursuant to Schedule (3.5) to offer any new or expanded apprenticeship program unless the program has been approved by the Chancellor of the California Community Colleges.

(d) The Chancellor of the California Community Colleges shall report to the Department of Finance and the Legislature not later than February 1 of each year on the amount of funds expended for, and the hours of related and supplemental instruction offered in, the apprenticeship program during the prior fiscal year, with information to be provided by the community college district, program sponsor, and trade. The Chancellor of the California Community Colleges shall have the authority to determine which apprenticeship programs and which hours offered in those programs are eligible for reimbursement.

41. The amount appropriated in Schedule (25) shall be allocated by the Office of the Chancellor of the California Community Colleges as two-year planning and implement grants to regional consortia of community college districts and school districts jointly selected by the office of the chancellor and the State Department of Education for the purpose of developing applications of the Adult Education Partnership Program as described in Article 3 of Part 50 of Division 7 of Title 3 of the Education Code. For online-only courses, the chancellor shall ensure, to the extent possible, that the courses selected for this purpose can be articulated across all community college districts and shall additionally ensure that students enrolling and successfully completing these courses are granted degree-applicable cross-campus transfer credit. The chancellor shall also ensure that these online-only courses are made available to students systemwide, regardless of the campus where they are enrolled. The Legislature’s intent is to maximize the development of online courses available across campuses to alleviate shortages of certain core courses at certain campuses.

By March 1, 2014, the chancellor shall submit a report to the Department of Finance and the Joint Legislative Budget Committee detailing the use of these funds and any outcomes that may be attributed to their use. The report shall include the proposed use of these funds in the 2014–15 fiscal year.

Provisions:
1. Notwithstanding any other provision of law, revenues from the Legislative bills and publications received by the Legislative Bill Room shall be deposited in the Service Revolving Fund.
2. Notwithstanding any other provision of law, if the Director of General Services determines in writing that there is insufficient cash in a special fund under his or her authority to make one or more payments currently due and payable, he or she may order the transfer of moneys to that special fund in the amount necessary to make payment or payments, as loan from the Service Revolving Fund. That loan shall be subject to all of the following conditions:
   (a) No loan shall be made that would interfere with carrying out the object for which the Service Revolving Fund was created.
   (b) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than 18 months after the date of the loan. The amount loaned shall not exceed the amount that the fund or program is authorized at the time of the loan to expend during the 2013–14 fiscal year from the recipient fund except as otherwise provided in Provisions 4, 5, and 6.
   (c) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.
3. The Director of General Services may augment this item or any of Items 7760-001-0002, 7760-001-0003, 7760-001-0026, and 7760-001-0602, by up to an aggregate of 10 percent in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services.
Services (DGS) and the corresponding expenditure authority has not been provided in this item or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of General Services augments this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602, the DGS shall notify the Director of Finance within 30 days after that augmentation is made as to the amount, justification, and the program augmented. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services or the purchase of goods without the prior written consent of the Director of Finance. The Director of General Services shall not use this provision to augment this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602 for costs of which the DGS had knowledge in time to include in the May Revision.

4. If this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602 is augmented pursuant to Provision 3 by the maximum allowed under that provision, the Director of Finance may further augment the item or items in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services (DGS) and the corresponding expenditure authority has not been provided in these items or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. The Director of Finance shall not use this provision to augment this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602, for costs of which the Director of Finance or the DGS had knowledge in time to include in the May Revision.
5. The Director of General Services may augment this item and Items 7760-001-0003 and 7760-001-0026 to increase authorized expenditures by the Office of State Publishing, the Office of Risk and Insurance Management, and the Office of Fleet Administration. The augmentation shall be for the specific purpose of enabling the Office of State Publishing, the Office of Risk and Insurance Management, and the Office of Fleet Administration to provide competitive services to their customers (including local government entities or the federal government) and may be made only if the office has sufficient operating reserves available to fund the augmentation. If the Director of General Services proposes to augment any of the items in this provision, the director shall notify the Director of Finance, the chairpersons of the fiscal committees of each house of the Legislature, and the Chairperson of the Joint Legislative Budget Committee 30 days prior to making the augmentation, including the amount, justification, and the office augmented. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.

6. Any augmentation made pursuant to Provisions 3 and 4 shall be reported in writing to the chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee within 30 days of the date the augmentation is approved. This notification shall be provided in a format consistent with normal budget change requests, including identification of the amount of, and justification for, the augmentation, and the program that has been augmented. Copies of the notification shall be provided to the Director of Finance.

7. Notwithstanding any other provision of law, the Director of General Services or his or her designee, in lieu of the Director of Finance, is authorized to approve Budget Revision, Standard Form 26, subject to a copy being provided to the Department of Finance.

8. Notwithstanding any other provision of law, due to the inability to issue energy efficiency revenue
bonds pursuant to Chapter 2.7 (commencing with Section 15814.10) of Part 10b of Division 3 of Title 2 of the Government Code, in order to repay the General Fund for the cost of completing energy efficiency projects on specified buildings, the Department of General Services shall, within 10 fiscal years, recover an amount sufficient to repay the costs associated with completed energy efficiency projects plus 5-percent interest, through utility rates charged to tenants. On August 1 of each fiscal year beginning with the 2005–06 fiscal year, the Department of General Services shall transfer that amount to the General Fund. Once the General Fund has been fully repaid, the Department of General Services shall adjust utility rates for all tenants to accurately reflect the current rates.

9. The Director of Finance is authorized to increase this item for purposes of funding the backfill of vacant space, necessary restack studies, and other required building improvements within DGS office buildings related to the Governor’s Office Space Utilization Initiative. This provision shall only be used to augment expenditure authority for DGS office buildings where a $0.03 tenant improvement surcharge for DGS Individual Rate Buildings or a $0.02 tenant improvement surcharge for DGS Building Rental Account Buildings has been approved by the Director of Finance and is included in the monthly rental rate. Director of Finance approval is contingent upon justification for the proposed tenant improvement projects to be provided by the DGS including an analysis of cost impacts and how the tenant improvements will improve the state’s utilization of the facility. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services without the prior written consent of the Director of Finance. Any augmentation made pursuant to this provision may be authorized not sooner than 30 days after notification in writing to the chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee.

   (a) Not later than May 15, 2014, a copy of the proposed budget for PERS for the 2014–15 fiscal year as approved by the Board of Administration.

2. The Legislature finds and declares that PERS is accountable to members, governmental entities, and taxpayers with respect to the annual health premium increases that the Board of Administration adopts. The Board of Administration is encouraged to use the means at its disposal under law, consistent with requirements to provide benefits to public employees and others, to achieve low annual premium increases. To facilitate legislative oversight, the Board of Administration shall submit an annual report within 100 days of its adoption of annual health premium increases or decreases that describes the methods it employed to moderate annual increases in premiums when taking that action. In years when the Board of Administration adopts health premium increases in excess of those assumed in the most recent state retiree health program actuarial valuation, the report shall include a discussion of actions that the Board of Administration plans to take, if any, to attempt to reduce...
the rate of annual premium growth to levels below those assumed in this valuation for the next three years. This reporting requirement applies to the Board of Administration’s action in 2013 to adopt premium rates for 2014 and all Board of Administration actions to increase or decrease annual health premiums adopted thereafter. This reporting requirement does not obligate the Board of Administration to adopt any specific level of premium for any given year or to change any action it otherwise determines is necessary under state law. The Board of Administration may state in the report that it is unable to commit to specific actions to reduce the rate of health premium growth or does not know if future reductions in the rate of health premium growth can be achieved. PERS is requested to complete these reports with existing budgetary and staffing resources. The report shall be submitted to the Chairperson of the Joint Legislative Budget Committee, the chairpersons of the committees and subcommittees in each house of the Legislature that consider PERS’ budget and activities, the Controller, the Director of Finance, and the Legislative Analyst.

1. The amount appropriated in this item shall not be construed to control or influence collective bargaining between the state employer and employee representatives.
2. The funds appropriated in this item are for compensation increases and increases in benefits related thereto of employees whose compensation, or portion thereof, is chargeable to the General Fund, to be allocated by budget executive order by the Director of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.
3. It is the intent of the Legislature that all proposed augmentations for increased employee compensation costs, including, but not limited to, base salary increases, pay increases to bring one group of employees into a pay equity position with another group of public employees, and recruitment and retention differentials, be bud-

Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to collective bargaining, are considered. This provision shall not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group of employees or augmentations for increased compensation costs, or approvals for departments to provide increased employee compensation levels, that are included in bills separate from the Budget Act.

4. In the event that the Legislature does not approve separate legislation to authorize implementation of any of the pending agreements, the Director of Finance shall not allocate any funds related to those pending agreements pursuant to Provision 2, and the expenditure of funds for those pending agreements shall not be deemed to have been approved by the Legislature.

5. As of July 31, 2014, the unencumbered balances of the above appropriation shall revert to the General Fund.

6. The Director of Finance may adjust this item of appropriation to reflect the health benefit premium rates approved by the Board of Administration of the California Public Employees’ Retirement System for the 2014 calendar year and changes pursuant to existing statute. 3. Notwithstanding any other provision of law, upon approval of the Director of Finance, expenditure authority may be transferred between this item and Item 9800-001-0988 as necessary to fund costs for approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.
4. Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation
policies, including those adopted pursuant to collective bargaining, are considered. This provision shall not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group of employees or augmentations for increased compensation costs, or approvals for departments to provide increased employee compensation levels, that are included in bills separate from the Budget Act.

5. This item contains funds estimated to be necessary to implement side letters, appendices, or other addenda to a memorandum of understanding (collectively referred to as “pending agreements”) that have been determined by the Joint Legislative Budget Committee to require legislative approval prior to their implementation, but which may not have been approved in separate legislation as of the date of the passage of this act. In the event that the Legislature does not approve separate legislation to authorize implementation of any of the pending agreements, the Director of Finance shall not allocate any funds related to those pending agreements pursuant to Provision 2, and the expenditure of funds for those pending agreements shall not be deemed to have been approved by the Legislature.

6. As of July 31, 2014, the unencumbered balances of the above appropriation shall no longer be available for expenditure.

1. Subject to the conditions set forth in this item, amounts appropriated by this item shall be transferred, upon approval by the Director of Finance, to augment any other General Fund item of appropriation that is made under this act to an agency, department, board, commission, or other state entity. Such a transfer may be
made to fund unanticipated expenses to be incurred for the 2013–14 fiscal year under an existing program that is funded by that item of appropriation, but only in a case of actual necessity as determined by the Director of Finance. For purposes of this item, an “existing program” is one that is authorized by law.

2. 3. A transfer of funds approved by the Director of Finance under this item shall become effective no sooner than 30 days after the director files written notification thereof with the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees in each house of the Legislature, or no sooner than any lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine, except for an approval for an emergency expense as defined in Provision 5.

4. Each notification shall include all of the following: (a) the date the recipient state entity reported to the Director of Finance the need to increase its appropriation, (b) the reason for the expense, (c) the transfer amount approved by the Director of Finance, and (d) the basis of the director’s determination that the expense is actually needed. Each notification shall also include a determination by the director as to whether the expense was considered in a legislative budget committee and formal action was taken not to approve the expense for the 2013–14 fiscal year. Any increase in a department’s appropriation to fund unanticipated expenses shall be approved by the Director of Finance.

5. The Director of Finance may approve a transfer under this item for an emergency expense only
if the approval is set forth in a written notification that is filed with the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees in each house of the Legislature, no later than 10 days after the effective date of the approval. Each notification for an emergency expense shall state the reason for the expense, the transfer amount approved by the director, and the basis of the director’s determination that the expense is an emergency expense. For the purposes of this item, “emergency expense” means an expense incurred in response to conditions of disaster or extreme peril that threaten the immediate health or safety of persons or property in this state.

6. Within 15 days of receipt, the Director of Finance shall provide, to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature, copies of all requests, including any supporting documentation, from any agency, department, board, commission, or other state entity for a transfer under this item. The submission to the Legislature of a copy of such a request does not constitute approval of the request by the Director of Finance. Within 15 days of receipt, the director shall also provide copies to these chairpersons of all other requests received by the Director of Finance from any state agency, department, board, commission, or other state entity to fund a contingency or emergency through a supplemental appropriations bill augmenting this item.

7. For any transfer of funds pursuant to this item, the augmentation of a General Fund item of appropriation shall not exceed the following during any fiscal year:

   (b) 20 percent of the amount appropriated, for those appropriations made by this act that are more than $4,000,000.

8. The Director of Finance may withhold authorization for the expenditure of funds transferred pursuant to this item until such time as, and to
the extent that, preliminary estimates of potential unanticipated expenses are verified.

9. The Director of Finance shall submit any requests for supplemental appropriations in augmentation of this item to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature. Requests shall include the information and determinations required by Provision 4, excluding subdivision (c), and a determination that requests meet the requirements of Provision 2.

As of the effective date of this act, the state’s contributions as provided by Sections 22871 and 22881, and subdivision (b) of Section 22883, of the Government Code and for costs of any other employee benefits and the administrative costs associated with the provisions of these benefits established by any state agency legally authorized to negotiate and set salary and benefit levels for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20822, 20824, 22871, and 22881, and subdivision (b) of Section 22883, of the Government Code and by Sections 22950, 22951, and 23000 of the Education Code shall continue to be available for expenditure and shall be charged for any expenditure that is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The Director of Finance may adjust amounts in any appropriation item, or in any category thereof, as a result of changes from amounts budgeted for employer contributions for 2013–14 fiscal year retirement benefits to achieve the percentages specified in this subdivision. Beginning in 2013–14, adjustments to the California State University (CSU) rates will be applied to the actual pensionable 2013–14 payroll, as identified by the Controller, by funding source and state member categories. This process establishes pension funding for CSU, as reflected in provisional language in Item 6610-001-0001.

(b) Notwithstanding any other provision of law, the Director of Finance shall require retirement contributions computed pursuant to subdivision (a) to be offset by the Controller with surplus funds in the Public Employees’ Retirement Fund, employer surplus asset accounts.

(e) The Director of Finance may adjust the percentage levels of the employers’ retirement contributions listed in subdivisions (a) and (d) as a result of rates provided by the Board of Administration of the Public Employees’ Retirement System. The Director of Finance shall notify the Controller by executive order of adjustments made pursuant to this subdivision. Within 30 days of making an adjustment pursuant to this subdivision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

SEC. 4.05. Notwithstanding any other provision of law, each item of appropriation provided in this act or other spending authority provided outside of this act, with the exception of those for the California State University, the University of California, Hastings College of the Law, the Legislature, and the Judicial Branch, shall be adjusted, as appropriate, to reflect the net savings achieved through operational efficiencies and other cost reduction measures, including, but not limited to, reorganizations, eliminations of boards and commissions, rate changes, contract reductions, and elimination of excess positions. The Director of Finance shall allocate the necessary adjustment to each item of appropriation or other spending authority to reflect savings achieved. The Director of Finance may authorize an augmentation to any item of appropriation provided in this act or outside this act to reflect the costs related to reorganizations, consolidations, or eliminations of agencies, departments, boards, commissions, or programs. The Department of Finance shall make the final determination of the budgetary and accounting transactions to ensure proper implementation of reorganizations and eliminations.

The report provided by the Controller shall include the department, division, position classification, position number, and the date the position was established.
SEC. 4.20. Notwithstanding any other provision of law, the employer’s contributions to the Public Employees’ Contingency Reserve Fund, as required by Section 22885 of the Government Code, shall be 0.33 percent of the gross health insurance premiums paid by the employer and employee for administrative expenses. The Director of Finance may, not sooner than 30 days after notification to the Joint Legislative Budget Committee, adjust the rate to ensure a three-month reserve in the Public Employees’ Contingency Reserve Fund.

SEC. 4.30. (a) Notwithstanding any other provision of law, the Director of Finance may adjust amounts in appropriation items for rental payments on lease-purchase and lease-revenue bonds, or in any category thereof including fees, insurance, and reimbursements in this act as a result of changes from amounts budgeted for the costs for the 2013–14 fiscal year.

(b) Notwithstanding any other provision of law, the allocation may be made from funds appropriated for this purpose or from any other funds legally available for this purpose.

(c) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 4.70. (a) Notwithstanding any other provision of law, the Department of General Services (DGS) shall recover the Architecture Revolving Fund (ARF) deficit beginning in the 2008–09 fiscal year. DGS shall work with the Department of Finance to allocate and collect at least half of the $27,200,000 deficit incurred by client agencies as identified by DGS between the 2009–10 and 2014–15 fiscal years. DGS shall also assess a surcharge to specified new ARF projects during those fiscal years sufficient to recover the remainder of the ARF deficit.

(b) DGS shall provide to the chairpersons of the budget committees of each house of the Legislature and to the Legislative Analyst an annual written update on the following: DGS progress toward recovering the ARF deficit, the rate of the surcharge imposed on new ARF projects, ARF project management training and accountability enhancements, and any unfunded project costs incurred through June 30, 2015.

(c) In implementing this section, DGS may not establish a reserve in the ARF.

SEC. 4.75. The Director of Finance may adjust any item of appropriation for departmental support for the purpose of reimbursing the Department of General Services for centralized costs billed through the statewide surcharge.

SEC. 4.80. In the event bonds authorized for issuance by the State Public Works Board are not sold and interim financing costs have been incurred, departments that have incurred those costs shall commit a sufficient portion of their support appropriations to repay the interim financing costs.

SEC. 4.90. Notwithstanding any other provision of law, the Department of Finance may transfer any funds previously transferred from the General Fund to the Architecture Revolving Fund back to the General Fund.
SEC. 4.95. Notwithstanding any other provision of law, the Department of Finance may transfer any funds previously transferred from the General Fund to the Inmate Construction Revolving Account back to the General Fund.

SEC. 5.25. (a) Payment of the attorney’s fees specified in paragraphs (1) and (2) arising from actions in state courts against the state, its officers, and officers and employees of state agencies, departments, boards, bureaus, or commissions, shall be paid from items of appropriation that support the state operations of the affected agency, department, board, bureau, or commission:

1) State court actions filed pursuant to Section 1021.5 of the Code of Civil Procedure, the “private attorney general” doctrine, or the “substantial benefit” doctrine.

2) Writ of mandate actions filed pursuant to Section 10962 of the Welfare and Institutions Code.

(b) Expenditures pursuant to subdivision (a) shall be made by the Controller, subject to the approval of the Director of Finance, and shall be charged to the fiscal year in which the disbursement is issued.

(c) A payment shall not be made by the Controller for expenditures pursuant to subdivision (a) except in full and final satisfaction of the claim, settlement, compromise, or judgment for attorney’s fees incurred in connection with a single action.

(d) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Senate Committee on Budget and Fiscal Review, and the Chairperson of the Assembly Committee on Budget pursuant to Items 9840-001-0001, 9840-001-0494, and 9840-001-0988 of Section 2.00 when there are insufficient funds appropriated in support of the state operations of the affected agency, department, board, bureau, or commission to satisfy the claim completely.

SEC. 6.00. No more than $100,000 of the funds appropriated for support purposes under Section 1.80 or any other sections of this act may be encumbered for acquisition or preliminary plans, working drawings, and construction of any project for the improvement of a state facility unless the Director of Finance determines that the proposed acquisition or improvement is critical and that it is necessary to proceed using funds appropriated for support purposes. Any approved critical project costing more than $100,000 shall be reported to the Chairperson of the Joint Legislative Budget Committee, or his or her designee, not less than 30 days prior to initiating the project or requesting acquisition approval. The report shall detail those factors that make the project so critical that it must proceed using support funds. No project described by this section may cost more than $610,000.

SEC. 8.00. (a) Notwithstanding Section 28.00, any amounts received from the federal government for the purposes of funding antiterrorism costs in the state that exceed the current appropriation of federal funds for that purpose, are hereby appropriated. These federal funds shall be allocated upon order of the Director of Finance to state departments for
state or local assistance purposes or directly to local governments to ad-
dress high-priority needs for costs of funding antiterrorism incurred in
the 2012–13 fiscal year and ongoing or new costs for the 2013–14 fiscal
year.

(b) Allocations made to state departments may be used to offset expen-
ditures paid or to be paid from other funding sources. Allocations made
for the purpose of an offset shall be applied as a negative expenditure to
the appropriation where the expenditure has been or will be charged.

(c) Allocations pursuant to this section may be authorized not sooner
than 30 days after notification to the Chairperson of the Joint Legislative
Budget Committee, or not sooner than whatever lesser time the Chairper-
son of the Joint Legislative Budget Committee, or his or her designee,
may in each instance determine.

SEC. 8.50. (a) In making appropriations to state agencies that are eli-
gible for federal programs, it is the intent and understanding of the Legis-
lature that applications made by the agencies for federal funds under
federal programs shall be for the maximum amount allowable under fed-
eral law. Therefore, any amounts received from the federal government
are hereby appropriated from federal funds for expenditure or for transfer
to, and disbursement from, the State Treasury fund established for the
purpose of receiving the federal assistance subject to any provisions of
this act that apply to the expenditure of these funds, including Section
28.00.

(b) However, if federal funds for block grant programs assumed by the
state or for any item receiving federal funds are reduced by more than 5
percent of the amount appropriated in this act, the Director of Finance
shall notify the chairpersons of the committees in each house of the Leg-
islature that consider appropriations, and the Chairperson of the Joint
Legislative Budget Committee, in writing within 30 days after notification
by the federal government that federal funds have been reduced, and shall
include an estimate of the amount of the available or anticipated federal
funds, the 2013–14 fiscal year expenditures of each program affected by
the reduction, the effect of reduced funding on service levels authorized
by this act, and a plan of reduced expenditures for each program affected
by the reduction. The plan shall be operational on an interim basis for up
to 45 days pending legislative review, after which time the plan shall be-
come permanent.

(c) Any expenditure of federal Temporary Assistance for Needy Fam-

appropriated in this act are subject to the notification procedures and re-
quirements set forth in Section 28.00, or Provision 4 of Item 5180-101-
0001, or Item 5180-402, of Section 2.00, whichever is applicable. The
notification and other requirements of Section 28.00 also shall apply to
any proposed substitution of TANF block grant funds for other state or
federal funds.

SEC. 8.51. Each state agency shall, by certification to the Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.52. (a) The Director of Finance may reduce items of appropriation upon receipt or expenditure of federal trust funds in lieu of the amount appropriated for the same purpose and may make allocations for the purpose of offsetting expenditures. Allocations made for the purpose of offsetting existing expenditures shall be applied as a negative expenditure to the appropriation where the expenditure was charged.

(b) The director shall notify in writing the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature not less than 30 days prior to the effective date of any adjustments to items of appropriations made pursuant to this section or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification shall include, but not be limited to, the basis for the proposed appropriation adjustments, a description of the fiscal assumptions used in making the appropriation adjustments, and any necessary background information regarding the programs to be adjusted. Any expenditure of federal funds for purposes other than offsetting other fund appropriations shall continue to be subject to the provisions of Section 28.00.

SEC. 8.53. It is the intent of the Legislature that reductions to federal funds appropriated in the Budget Bill enacted for each fiscal year, resulting from federal audits, be communicated to the Legislature in a timely manner. Therefore, notwithstanding any other provision of law, an agency, department, or other state entity receiving a final federal audit or deferral letter shall provide a copy of it to the Chairperson of the Joint Legislative Budget Committee within 30 days.

SEC. 8.54. (a) It is the intent of the Legislature that the State of California collect federally allowable statewide indirect costs, except where prohibited by federal statutes. If the Director of Finance determines a state agency is not recovering allowable statewide indirect costs from the federal government as required by Sections 13332.01 and 13332.02 of the Government Code, the director may reduce any appropriation for state operations for the state agency by an amount not to exceed 1 percent and transfer that amount to the Central Service Cost Recovery Fund, the General Fund, or both, as allocated by the director.

(b) The Director of Finance shall notify in writing the Chairperson of the Joint Legislative Budget Committee not less than 30 days prior to the effective date of any reductions to items of appropriation made pursuant to this section or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. The notification shall contain the following: (1) the state agency name, (2) the amount of central services costs that was not recovered, (3) the item of appropriation that will be reduced, and (4) the amount of the re-
duction to the appropriation and the amount of the transfer to the Central Service Cost Recovery Fund, the General Fund, or both.

SEC. 8.56. (a) It is the intent of the Legislature in enacting this section to provide administrative authority to reduce items of appropriation to conform with reductions in federal funds pursuant to federal government sequestration. However, this section does not provide an alternative budget process, and proposals for reduced spending authority ordinarily shall be considered in the annual State Budget or other state legislation. Reductions for items pursuant to federal actions unrelated to federal government sequestration shall be submitted pursuant to Section 8.50 or 28.00.

(b) The Director of Finance may authorize the reduction of the amounts available for expenditure for any programs, projects, or functions in the schedule of any appropriation in this act consistent with the reduction in federal funds pursuant to federal government sequestration.

(c) In cases in which this act or bills providing for appropriations related to this act include provisions that specify how the director is to implement reductions to specific programs, projects, or functions pursuant to federal government sequestration, the director shall conform to those provisions in making the reductions authorized by this section.

(d) Any reduction made under this section may be authorized not sooner than 30 days after the director provides notification in writing of the necessity therefor to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. The notification required by this section shall comply with all of the following:

1. Describe the relationship of the adjustment to federal government sequestration.
2. Include the amount of the proposed appropriation reduction, the program affected, the number of positions affected, and a description of the assumptions used in making the adjustment.
3. Describe whether other options were or are available to prevent the reduction of appropriations referenced in this section, including, but not limited to, use of other available appropriations that otherwise would be unspent.
4. Be in lieu of Sections 8.50 and 28.00.
5. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2014.

SEC. 8.88. Notwithstanding any other provision of law, a sum not to exceed $79,843,000 is appropriated from various special and nongovernmental cost funds to the Financial Information System for California (Fiscal) Project. These appropriated funds shall be transferred to the Fiscal Internal Services Fund for payment of costs to replace the systems
that support the state’s business operations. Upon order of the Director of Finance, in terms of timing and amounts, the Controller shall transfer from these funds sufficient amounts to pay for the authorized FISCal Project costs that are attributable to such funds. These transfers shall be treated as expenditure transfers, and total transfers for the 2013–14 fiscal year shall not exceed the total authorized for the FISCal Project that is attributable to those funds in the fiscal year.

SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with any appropriation contained in this act for acquisition of property pursuant to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code) shall be limited to the amount specified for those costs in the Supplemental Report of the Budget Act of 2013. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board.

Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized by existing law.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the Controller shall so notify the Department of Finance. The Department of Finance shall then notify the Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.45. (a) Any state agency, department, board, or commission shall provide notification to the Department of Finance and the Joint Legislative Budget Committee not less than 30 days prior to committing funding from Proposition 40 (California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002), Proposition 50 (Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002), or Proposition 84 (Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006), if all of the following criteria apply:

1. The funds will be used, either directly or through a grant, for the purchase of interests in or the restoration or rehabilitation of property.
2. The funds will be used for a grant or project that is not appropriated in statute by name or description.
3. The total expenditure for the project, including, but not limited to, Proposition 40, 50, or 84 funds is in excess of $25,000,000.
(b) The notification shall include a detailed description of the portion of the project being funded and a detailed description of the whole project. For the purposes of this section, the criteria set forth in subdivision (a) shall apply to both single transactions and cumulative transactions that involve the purchase of properties near or adjacent to each other.

(c) For purchases and grants meeting the criteria set forth in subdivision (a), the state agency, department, board, or commission may take public actions and hold public meetings prior to 30 days following notification only if such actions are expressly approved pending the completion of the 30-day review by the Department of Finance and the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The seller or grantee shall be explicitly notified in writing of this condition 10 days prior to any action taken.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. (a) A state agency to which state funds are appropriated by one or more statutes, including this act, for an information technology project may not enter into, or agree to, any contract or any contract amendment in the 2013–14 fiscal year that results, in the aggregate, in an increase in the budgeted cost of the project exceeding $500,000, or 10 percent of the budgeted cost of the project, whichever is less, unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall (1) explain the necessity and rationale for the proposed contract or amendment, (2) identify the cost savings, revenue increase, or other fiscal benefit of the proposed contract or amendment, and (3) identify the funding source for the proposed contract or amendment.

(b) Subdivision (a) does not apply to a resulting increase in the budgeted cost of a project that is less than $100,000, or that is funded by an augmentation authorized pursuant to Section 26.00.

(c) The following definitions apply for the purposes of this section:
(1) “Budgeted cost of a project” means the total cost of the project as identified in the most recent feasibility study report, special project report, or equivalent document submitted to the Legislature in connection with its consideration of a bill that appropriated any state funding for that project.

(2) “State agency” means each agency of the state that is subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost allocation methodology, and a funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall:

(1) Explain the necessity and rationale for the proposed agreement.
(2) Identify the cost savings, revenue increase, or other fiscal benefit of the proposed agreement.
(3) Identify the funding source for the proposed agreement.

(b) For purposes of this section, “statewide software license agreement” means a software license contract that can be used by multiple state agencies subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than $1,000,000 in the aggregate.
SEC. 11.11. In order to protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advices to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advices is protected from unauthorized access. The Department of Human Resources shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state “appropriations limit” of $89,716,000,000 for the 2013–14 fiscal year.

Any judicial action or proceeding to attack, review, set aside, void, or annul the “appropriations limit” for the 2013–14 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2013–14 Final Change Book for the 2013–14 fiscal year ending balance. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording “Proposition 98.” In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or his or her designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2013–14 fiscal year are $39,054,689,000 or 41.0 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for school districts are $35,254,534,000 or 37.0 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for community college districts are $3,722,313,000 or 3.9 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General
Fund and Education Protection Account revenues appropriated for other state agencies that provide direct elementary and secondary level education, as defined in Section 41302.5 of the Education Code, are $77,842,000 or 0.1 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit.

(c) Notwithstanding any preexisting budgetary or accounting requirements to the contrary, the Department of Finance shall make the final determination of the proper budgeting and accounting of the revenues received by and disbursements from the Education Protection Account.

SEC. 12.35. Notwithstanding any provision of law, the Student Aid Commission shall not implement any change in policy or practice that would have an annualized fiscal effect exceeding $5,000,000 to Item 6980-101-0001 unless the change is first approved by the Director of Finance and written notification is provided by the Director of Finance to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval. Each notification shall (a) explain the necessity and rationale for the proposed change in policy or practice and (b) identify the fiscal effect of the proposed change in the current fiscal year and subsequent fiscal years. In adopting this section, it is the intent of the Legislature not to affect the entitlement aspect of the Cal Grant Program.

SEC. 12.45. The Director of Finance shall, for all agencies and departments paid through the Uniform State Payroll System (including the California State University), adjust as necessary any items to recognize the change in the accounting method for the payment of state employee salaries, pursuant to Section 13302 of the Government Code, and all benefits, including, but not limited to, both salary-driven benefits, not otherwise deferred, and health care costs.

SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Items 0160-001-0001 and 0160-001-9740 of Section 2.00 or any appropriation in augmentation of those items shall be exempt from Chapter 5.5 (commencing with Section 11531) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, or successor statutes, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor’s Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(b) Notwithstanding any other provision of law, the unencumbered balances as of June 30, 2014, of the appropriations made by Items 0160-001-0001 and 0160-001-9740 of Section 2.00 are reappropriated and shall be available for encumbrance until June 30, 2015, for the same programs and purposes for which appropriations for these items have been made by this act.
(c) Notwithstanding any other provision of law, all moneys that are received as payment for the sale of services or personal property by the agency that have not been taken into consideration in the schedule of Item 0160-001-0001 of Section 2.00 or are in excess of the amount so taken into consideration are to be credited to that item and are hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

1. No loan from a special fund shall be made that would interfere with the carrying out of the purpose for which the special fund was created.

2. The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

3. The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2013–14 fiscal year from the recipient fund.

4. The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2013–14 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

A. The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the purpose for which that special fund was created.
(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2013–14 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by March 1, 2014, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds $200,000 or (2) the aggregate amount of loans from any one fund exceeds $200,000.

SEC. 15.25. (a) Notwithstanding any other provision of law, the Director of Finance may adjust amounts in any item of appropriation in Section 2.00 resulting from changes in rates for data center services in the 2013 or 2014 calendar year.

(b) The aggregate amount of General Fund appropriation increases provided under this section during the fiscal year may not exceed the aggregate amount of General Fund appropriation decreases.

(c) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 15.45. The Controller shall offset General Fund payments to the Trial Court Trust Fund from Item 0250-111-0001 of Section 2.00 with any funds received from county offices of education for reimbursement of trial court costs pursuant to Section 2578 of the Education Code. These offsets shall be recorded as a reduction of total expenditures and shall not be a reduction to any department or program budget item.

sively for regular apportionments for school districts serving pupils in kindergarten or any of grades 1 to 12, inclusive, and 15 percent to Section B of the fund exclusively for community college district regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or B of the State School Fund are disbursed for regular apportionments.

SEC. 24.03. Notwithstanding any other provision of law, funds appropriated by Section 2.00, 8.50, 28.00, 28.50, or any other provision of this act may not be expended for the support of any program, network, or material, with the exception of instruction to pupils who are identified as deaf or hearing impaired pursuant to paragraphs (3) and (5) of Section 300.8(c) of Title 34 of the Code of Federal Regulations, that promotes or uses reading instruction methodologies that emphasize contextual clues in lieu of fluent decoding.

SEC. 24.10. (a) Notwithstanding Section 1464 of the Penal Code or Section 41304 of the Education Code, the amount reflected in Item 6110-001-0178 of Section 2.00 shall have first priority of the amount received by the Driver Training Penalty Assessment Fund for the 2013–14 fiscal year. The amount retained by the Driver Training Penalty Assessment Fund for the purposes of Item 6110-001-0178 may be adjusted by the Department of Finance for actions pursuant to any section of this act.

(b) After moneys are retained by the Driver Training Penalty Assessment Fund pursuant to subdivision (a), the Controller shall transfer any remaining balances as follows: $4,121,000 to the Victim-Witness Assistance Fund; $3,800,000 to the Corrections Training Fund; and $14,000,000 to the Peace Officers’ Training Fund. Any remaining unallocated moneys in the Driver Training Penalty Assessment Fund shall be transferred to the General Fund.

SEC. 24.30. Notwithstanding any other provision of law, the Controller, upon the order of the Director of Finance, shall transfer sale and lease revenues received pursuant to Sections 17089 and 17089.2 of the Education Code, in an amount determined by the Department of Finance, from the State School Building Aid Fund to the General Fund.

SEC. 24.60. Each state entity receiving lottery funds shall annually report to the Governor and the Legislature on or before May 15 the amount of lottery funds that the entity received and the purposes for which those funds were expended in the prior fiscal year, including administrative costs. The Department of Education shall report on behalf of K–12 entities. If applicable, the entity shall also report the amount of lottery funds received on the basis of adult education average daily attendance (ADA) and the amount of lottery funds expended for adult education.

SEC. 24.70. From the funds appropriated to the State Department of Education for local assistance, the department shall ensure that the expenditure of funds allocated to a local educational agency (LEA), through a contract between the department and the LEA or through a grant from the department to the LEA, shall be subject to the LEA’s fiscal account-
ability policies and procedures. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 25.25. (a) Notwithstanding any other provision of law, a sum not to exceed $2,637,000 is appropriated from various special and nongovernmental cost funds and reimbursements to the Controller for payment of costs to support specific efforts relating to the 21st Century Project, including legal services, payroll migration, payroll stabilization, and payroll reconciliation. The Controller shall charge these funds in sufficient amounts to pay for the authorized 21st Century Project costs that are attributable to these funds pursuant to Section 12432 of the Government Code. Charges in support of the expenditures for the 21st Century Project shall be made every two months and the total amounts charged from these funds in the 2013–14 fiscal year shall not exceed the total expenditures incurred by the Controller for the 21st Century Project that are attributable to these funds in the 2013–14 fiscal year.

(b) Of the funds appropriated by this section, a total of $439,500 ($166,667 from reimbursements and $272,833 from special and nongovernmental cost funds) is available for expenditure through August 31, 2013.

(c) The remaining balance, a total of $2,197,500 ($833,333 from reimbursements and $1,364,167 from various special and nongovernmental cost funds), is available for expenditure not earlier than September 1, 2013, after a legislative oversight hearing has taken place to discuss the update from the Controller on the status of the 21st Century Project. An expenditure pursuant to this paragraph shall not be made sooner than 30 days after written notification has been provided to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine.

SEC. 25.50. Notwithstanding any other provision of law, an amount not to exceed $885,000 is hereby appropriated from various funds to the Controller, as specified below, for reimbursement of costs for the ongoing maintenance and support of the Apportionment Payment System:

The Controller shall assess these funds for the costs of the Apportionment Payment System because apportionment payments in excess of $10,000,000 are made annually from these funds. Assessments in support of the expenditures for the Apportionment Payment System shall be made monthly, and the total amount assessed from these funds may not exceed the total expenditures incurred by the Controller for the Apportionment Payment System for the 2013–14 fiscal year.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2013–14 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the State Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

1. 20 percent of the amount so scheduled on that line for those appropriations made by this act that are $2,000,000 or less.

2. $400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than $2,000,000 but equal to or less than $4,000,000.
(3) 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than $4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of $200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2013–14 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2014–15 fiscal year should be included in the administration’s 2014–15 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2013–14 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.
(4) The need exists to expend the additional funding during the 2013–14 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) $400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency’s written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2014.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2013–14 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.
(b) For any expenditure of reimbursements or any transfer for the 2013–14 fiscal year that exceeds $200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not later than whatever lesser amount of time prior to that effective date the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

(c) (1) Upon written notification from the Senate Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0110-001-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Senate and the entity receiving the additional funding under the latter item.

(2) Upon written notification from the Assembly Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0120-011-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Assembly and the entity receiving the additional funding under the latter item.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total positions for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor’s Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor’s Budget shall contain actual filled positions for the past year, an estimate of positions for the current year, and proposed positions for the budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of positions proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of positions for the fiscal year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2014, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years, may be en-
cumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

(1) The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

(3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2014.

(4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

(5) The scheduled disbursement of any motor vehicle license fee revenues to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of departmental budgets approved by the Department of Finance.

(b) The departmental budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to a monthly salary rate of $7,012 or above (which is equivalent to the monthly maximum salary of the Staff Services Manager II Managerial classification as of July 1, 2013) and (2) the establishment of any new position not (A) specifically identified in the Governor’s Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in subdivision (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2013–14 fiscal year shall terminate on June 30, 2014, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2014–15 fiscal year as new positions or (2) approved by the Department
of Finance after the 2014–15 Governor’s Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2014. The positions identified in (2) above may be reestablished by the Department of Finance during the 2014–15 fiscal year, provided that these positions are shown in the Governor’s Budget for the 2015–16 fiscal year as submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2014–15 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2014–15 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2013–14 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2014–15 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d) shall include information on the date the positions were administratively established. This information shall be included in the administration’s budget change proposals and finance letters. If the administration requests to establish new positions in the 2014–15 fiscal year, and subsequently decides to administratively establish the positions in the 2013–14 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

SEC. 31.10. Notwithstanding any other provision of law, and prior to June 30, 2014, the Director of Finance may adjust position authority in any department or agency in which position authority was adjusted pursuant to the Department of Finance Budget Letter 12-03 and submitted to the Legislature on May 14, 2012. The Department of Finance shall report to the Legislature all adjustments made pursuant to this section by July 31, 2014.
SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other provision of law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of State Hospitals, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director’s notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.21. Notwithstanding any other law, the Department of Finance shall not use the estimated net final payment accrual methodology for the
accrual of revenues, except for tax revenues that are accrued pursuant to an initiative measure that is enacted on or after January 1, 2012.

SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10, and subdivision (g) of Section 12, of Article IV of the California Constitution, “General Fund revenues” means the total resources available to the General Fund for a fiscal year before any transfer to the Budget Stabilization Account.

(b) For purposes of subdivision (g) of Section 12 of Article IV of the California Constitution, “all appropriations from the General Fund for that fiscal year” shall not include any transfer to the Budget Stabilization Account to retire Economic Recovery Bonds because that amount is reflected in the “amount of any General Fund moneys transferred to the Budget Stabilization Account.”

(c) For purposes of subdivision (g) of Section 12 of Article IV of the California Constitution, the estimate of General Fund revenues for the 2013–14 fiscal year pursuant to this act, as passed by the Legislature, is $97,970,000,000.

(d) For purposes of subdivision (b) of Section 20 of Article XVI of the California Constitution, General Fund revenues shall be defined as revenues and transfers before any transfer to the Budget Stabilization Account, excluding any proceeds from Economic Recovery Bonds, as estimated in the enacted State Budget.

SEC. 35.60. (a) Whenever the Director of Finance determines that there is a shortfall in the General Fund reserve, the director shall order transferred from the Budget Stabilization Account to the General Fund an amount determined by the director to be sufficient to ensure there is a prudent General Fund reserve. Upon receipt of the order from the director, the Controller shall make the transfer in the amount ordered.

(b) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations not more than 15 days after ordering the transfer pursuant to this section.

SEC. 38.00. This act is a Budget Bill within the meaning of subdivision (e) of Section 12 of Article IV of the California Constitution and shall take effect immediately.

SEC. 39.00. The Legislature hereby finds and declares that the following bills are other bills providing for appropriations related to the Budget Bill within the meaning of subdivision (e) of Section 12 of Article IV of the California Constitution: AB 74, AB 75, AB 76, AB 77, AB 78, AB 79, AB 80, AB 81, AB 82, AB 83, AB 84, AB 85, AB 86, AB 87, AB 88, AB 89, AB 90, AB 91, AB 92, AB 93, AB 94, AB 95, AB 96, AB 97, AB 98, AB 99, AB 100, SB 66, SB 70, SB 71, SB 72, SB 73, SB 74, SB 75, SB 76, SB 77, SB 80, SB 81, SB 82, SB 83, SB 84, SB 85, SB 86, SB 87, SB 88, SB 89, SB 90, SB 91, SB 92, SB 93, and SB 94.
