AMENDED IN ASSEMBLY MARCH 19, 2013

CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 196

Introduced by Assembly Member Mansoor
(Coauthor: Assembly Member Maienschein)

January 28, 2013

An act to add Section 16000.8 to the Welfare and Institutions Code, relating to foster care.

LEGISLATIVE COUNSEL'S DIGEST

AB 196, as amended, Mansoor. Foster parent evaluations.

Under existing law, it is the policy of the state that all children in foster care have specified rights, including the right to live in a safe, healthy, and comfortable home where they are treated with respect, the right to be free from physical, sexual, emotional, or other abuse, or corporal punishment, and the right to receive adequate and healthy food, adequate clothing, and medical, dental, vision, and mental health services.

This bill would require the State Department of Social Services, in consultation with the County Welfare Directors Association, foster parents, caregivers, and current and former foster youth, to develop and implement a foster parent evaluation process. The bill would require that evaluation process to include a process to allow foster youth over 10 years of age and nonminor dependents to provide feedback on the quality of care received in licensed ~~county or private~~ *or certified* foster homes and group homes at least every 6 months and upon any exit from those homes. The bill would also require the evaluation process to

include the development of an evaluation tool in partnership with current and former youth and caregivers that allows youth to provide feedback on the quality of care received, as specified, including feedback on the caregivers’ honoring of the rights of foster youth. The bill would require the department to implement the foster parent evaluation process and promulgate all necessary regulations pursuant to this provision on or before January 1, 2015.
