CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 203

**Introduced by Assembly Member Stone
(Coauthor: Assembly Member Ting)**

January 30, 2013

An act to add Section 30825 to the Public Resources Code, relating to coastal resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 203, as amended, Stone. Coastal resources: coastal development permits: penalties.

The California Coastal Act of 1976 requires any person undertaking development in the coastal zone to obtain a coastal development permit issued by the California Coastal Commission in accordance with prescribed procedures. The act authorizes civil liability to be imposed on any person who performs or undertakes development that is in violation of the act or that is inconsistent with any previously issued coastal development permit, subject to specified maximum and minimum amounts, varying according to whether the violation is intentional and knowing.

~~The~~ *This* bill would prohibit the commission, with exceptions, from filing as complete, or acting upon, an application for a coastal development permit for a project on property that is subject to an existing violation case for which a violation notification letter has been sent by the commission, or a cease and desist order, restoration order,

or notice of violation has been issued or recorded until the violation has been resolved. The bill would authorize the commission to resolve any unresolved dispute between the executive director and an applicant regarding the implementation of the above provision at a noticed hearing. This bill would authorize the commission to file as complete an application for a coastal development permit for development on such a property if the violation is de minimis, as defined. This bill would prohibit the commission from taking action on the application until the de minimis violation has been resolved, as determined by the executive director. The bill would specify that those provisions shall not apply to a new development application for a development in a harbor, port, or marina for a project that is individually owned or leased by a separate party that is unaffiliated with an open, existing violation case, as described. *This bill would also specify that those provisions shall not apply to a new development application for a development that is a principally permitted agricultural use, agricultural activity, or agricultural facility on property zoned for agricultural production.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 30825 is added to the Public Resources
- 2 Code, to read:
- 3 30825. (a) Except as provided in subdivision (d), the
- 4 commission shall not file as complete or act upon an application
- 5 for a coastal development permit for a project on property that is

- 12 shall not require or preclude resolution of any new violation that
- 13 is identified during the permit application process.

9 not take action on the application until the violation has been fully
10 resolved, as determined by the executive director.

11 (2) For purposes of this subdivision, “de minimis violation”
12 means a violation that is so minor in nature that it may be easily
13 resolved through voluntary actions on the part of the property
14 owner.

15 (e) Subdivision (a) does not apply to an action by a local agency
16 that is associated with processing, submitting, certifying, or
17 implementing an amendment to, or original submission of, a local
18 coastal program, public works plan, or component of a local coastal
19 program or public works plan.
