February 7, 2013

An act to amend Sections 8335.1, 8335.4, 8335.5, 8335.7, 8344, and 8346 of, and to add Article 15.4 (commencing with Section 8347) to Chapter 2 of Part 6 of Division 1 of Title 1 of the Education Code, relating to child care and development services.

LEGISLATIVE COUNSEL'S DIGEST

AB 260, as amended, Gordon. Individualized county child care subsidy plans.

Existing law authorizes the City and County of San Francisco and the County of San Mateo, as a pilot projects, to develop and implement individualized county child care subsidy plans for the purpose of ensuring that child care subsidies received in those counties are used to address local needs, conditions, and priorities of working families. The provisions authorizing those pilot programs are similar, but not identical. Existing law repeals the provisions relating to the City and County of San Francisco pilot project on January 1, 2017, and repeals the provisions relating to the San Mateo pilot program on January 1, 2016.

This bill would require the City and County of San Francisco to terminate the individualized county child care subsidy plan on July 1, 2016, and would require the city and county from July 1, 2016, to July 1, 2018, inclusive, to phase out the plan, and, beginning July 1, 2018, implement the state’s requirements for child care subsidies.

The bill would require the City and County of San Francisco to submit a specified report on the pilot project’s operation between the 2011–12 and 2013–14 fiscal years to the Legislature, the State Department of Social Services, and the State Department of Education on or before December 31, 2014. The bill would make those provisions relating to the City and County of San Francisco’s individualized county child care subsidy plan inoperative on July 1, 2018, and would repeal those provisions on January 1, 2019.

The bill would make those provisions relating to the County of San Mateo inoperative on July 1, 2014, and as of that date, would authorize the County of San Mateo’s individualized county child care subsidy plan to continue in accordance with specified requirements. The bill would require the Child Development Division of the State Department of Education to review and approve or disapprove modifications to the plans. The bill would require each county to annually prepare and submit to the Legislature, the State Department of Social Services, and the State Department of Education a report that contains specified information relating to the success of the county’s plan.

The bill would also make conforming and related changes and nonsubstantive changes.

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 8335.1 of the Education Code is amended
- 2 to read:
- 3 8335.1. Before implementing the local subsidy plan, the City
- 4 and County of San Francisco, in consultation with the department,
- 5 shall develop an individualized county child care subsidy plan for
- 6 the city and county that includes the following four elements:
- 7 (a) An assessment to identify the city and county’s goal for its
- 8 subsidized child care system. The assessment shall examine
- 9 whether the current structure of subsidized child care funding
- 10 adequately supports working families in the city and county and

1 whether the city and county's child care goals coincide with the
2 state's requirements for funding, eligibility, priority, and
3 reimbursement. The assessment shall also identify barriers in the
4 state's child care subsidy system that inhibit the city and county
5 from meeting its child care goals. In conducting the assessment,
6 the city and county shall consider all of the following:

7 (1) The general demographics of families who are in need of
8 child care, including employment, income, language, ethnic, and
9 family composition.

10 (2) The current supply of available subsidized child care.

11 (3) The level of need for various types of subsidized child care
12 services including, but not limited to, infant care, after-hours care,
13 and care for children with exceptional needs.

14 (4) The city and county's self-sufficiency income level.

15 (5) Income eligibility levels for subsidized child care.

16 (6) Family fees.

17 (7) The cost of providing child care.

18 (8) The regional market rates, as established by the department,
19 for different types of child care.

20 (9) The standard reimbursement rate or state per diem for centers
21 operating under contracts with the department.

22 (10) Trends in the county's unemployment rate and housing
23 affordability index.

24 (b) Development of a local policy to eliminate state-imposed
25 regulatory barriers to the city and county's achievement of its
26 desired outcomes for subsidized child care.

27 (1) The local policy shall do all of the following:

28 (A) Prioritize lowest income families first.

29 (B) Follow the family fee schedule established pursuant to
30 subdivision (f) of Section 8263 for those families that are income
31 eligible, as defined by Section 8263.1.

32 (C) Meet local goals that are consistent with the state's child
33 care goals.

34 (D) Identify existing policies that would be affected by the city
35 and county's child care subsidy plan.

36 (E) (i) Authorize any agency that provides child care and
37 development services in the city and county through a contract
38 with the department to apply to the department to amend existing
39 contracts in order to benefit from the local policy once it is adopted.

1 (ii) The department shall approve an application to amend an
 2 existing contract if the child care subsidy plan is approved pursuant
 3 to subdivision (b) of Section 8335.3, or modified pursuant to
 4 subdivision (c) of Section 8335.3.

5 (iii) The contract of a department contractor who does not elect
 6 to request an amendment to its contract remains operative and
 7 enforceable.

8 (2) (A) The city and county shall, by the end of the first fiscal
 9 year of operation under the approved child care subsidy plan,
 10 demonstrate an increase in the aggregate child days of enrollment
 11 in the county as compared to the enrollment in the final quarter of
 12 the ~~2010-11~~ 2004-05 fiscal year.

13 (B) The amount of the increase shall be at least equal to the
 14 aggregate child days of enrollment in the final quarter of the
 15 ~~2010-11~~ 2004-05 fiscal year for all contracts amended as provided
 16 in subparagraph (E) of paragraph (1), under which the contractor
 17 receives an increase in its reimbursement rate, times 2 percent.

18 (C) The amount of the increase shall also be proportional to the
 19 total contract maximum reimbursable amount to reflect the changes
 20 in the budget allocation for each fiscal year of the pilot *project*.

21 (3) The local policy may supersede state law concerning child
 22 care subsidy programs with regard only to the following factors:

23 (A) Eligibility criteria including, but not limited to, age, family
 24 size, time limits, income level, inclusion of former and current
 25 CalWORKs participants, and special needs considerations, except
 26 that the local policy may not deny or reduce eligibility of a family

 33 fees, and copayments for those families that are not income eligible,

35 (C) Reimbursement rates.

36 (D) Methods of maximizing the efficient use of subsidy funds,
 37 including, but not limited to, multiyear contracting with the

 39 that allow for flexible and temporary transfer of funds among
 40 agencies.

1 (c) Recognition that all funding sources utilized by direct service
2 contractors that provide child care and development services in
3 the city and county are eligible to be included in the child care
4 subsidy plan of the city and county.

5 (d) Establishment of measurable outcomes to evaluate the
6 success of the plan to achieve the city and county's child care goals
7 and to overcome any barriers identified in the state's child care
8 subsidy system. The State Department of Social Services shall
9 have an opportunity to review and comment on the proposed
10 measurable outcomes before they are submitted to the local child
11 care planning council for approval pursuant to Section 8335.3.
