An act to amend Section 1204.5 of the Health and Safety Code, relating to health care facilities.

LEGISLATIVE COUNSEL'S DIGEST

AB 297, as introduced, Chesbro. Primary care clinics.

Existing law requires the State Department of Public Health to license, regulate, and inspect clinics, as defined, including primary care clinics, as defined. Existing law authorizes a primary care clinic to submit verification of Joint Commission on Accreditation of Healthcare Organizations (JCAHO) certification to the Division of Licensing and Certification within the department for entry into the electronic Licensing Management System for purposes of data collection and extraction for licensing and certification fee calculations.

This bill would make technical, nonsubstantive changes to these provisions.
