LEGISLATIVE COUNSEL'S DIGEST

AB 297, as amended, Chesbro. Primary care clinics.

Existing law requires the State Department of Public Health to license, regulate, and inspect clinics, as defined, including primary care clinics, as defined. Existing law authorizes a primary care clinic to submit verification of Joint Commission on Accreditation of Healthcare Organizations (JCAHO) certification to the Licensing and Certification Division within the department for entry into the electronic Licensing Management System for purposes of data collection and extraction for licensing and certification fee calculations.

This bill would additionally authorize a primary care clinic to submit verification of certification from the ~~National Committee for Quality Assurance or the Accreditation Association for Ambulatory Health Care~~ to the Licensing and Certification Division for those purposes.
