(Coauthor: Senator Beall)

February 12, 2013

An act to amend Sections 18901 and 18904.25 of, and to repeal Section 18914 of, the Welfare and Institutions Code, relating to public social services.

LEGISLATIVE COUNSEL'S DIGEST

AB 309, as amended, Mitchell. CalFresh: homeless youth.

Existing federal law provides for the federal Supplemental Nutrition Assistance Program (SNAP), known in California as CalFresh, formerly the Food Stamp Program, under which supplemental nutrition assistance benefits allocated to the state by the federal government are distributed to eligible individuals by each county. Under existing law, households are eligible to receive CalFresh benefits to the extent permitted by federal law. Further, existing law requires county welfare departments to develop information, and make that information available to homeless shelters, emergency food programs, and other community agencies that provide services to homeless people, on expedited services targeted to the homeless and to provide training to homeless shelter operators on CalFresh application procedures.

This bill would clarify that eligibility for CalFresh benefits, including expedited services, is not dependent on the age of an applicant and would require county welfare departments, upon receipt of a signed CalFresh application from an unaccompanied child or youth under 18 years of age, to determine ~~without delay~~ his or her eligibility for benefits, as specified, and entitlement to expedited services, as specified. If the application is denied, the county welfare department would be required to notify the child or youth in writing of the reason for the denial. This bill would also require that county welfare departments make information about CalFresh expedited services targeted to the homeless population available to local educational agency liaisons, as defined, and include information regarding CalFresh eligibility for unaccompanied homeless children and youths in the training provided to homeless shelter operators.

By expanding the number of people a county welfare department must make information available to, and requiring county welfare departments to augment the training they provide to homeless shelter operators and provide notice, as specified, to an unaccompanied child or youth, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: yes.
