An act to add Section 47605.4 to the Education Code, relating to school districts.

LEGISLATIVE COUNSEL'S DIGEST

AB 622, as amended, Campos. School districts: charter school petitions: Internet posting.

Existing law authorizes one or more persons to circulate a petition for the establishment of a charter school within a school district, and authorizes the petitioners to submit the petition to the governing board of the school district for review and approval, as provided.

This bill would require the petitioners to post on the proposed or existing charter school's Internet Web site, if one is maintained, a copy of a summary of the petition, a copy of the initial petition, renewal petition, or appeal petition, and any substantive revisions to the petition, as provided. The bill would require all charter schools to post on their Internet Web sites a copy of the summary of the charter school's petition and the petition. The bill would also require a charter school authorizer, as defined, to post on its Internet Web site the summary of the petition and a copy of the initial petition, renewal petition, or appeal petition,

among other things, *as provided*. The bill would require an initial petition, a renewal petition, or an appeal petition submitted to a charter school authorizer to simultaneously include an electronic copy of the summary of the charter school petition and the petition. The bill would require any substantive changes to the initial petition or renewal petition to be submitted in electronic form. By requiring new duties on governing boards of school districts, county boards of education, and charter schools, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
 State-mandated local program: yes.

*The people of the State of California do enact as follows:*
