February 20, 2013

An act to amend Section 48645.3 of the Education Code, relating to pupils.

LEGISLATIVE COUNSEL'S DIGEST

AB 631, as amended, Fox. Pupils: juvenile court schools.

Existing law requires county boards of education to provide for the administration and operation of public schools in juvenile homes, juvenile halls, day centers, juvenile ranches, juvenile camps, regional youth educational facilities, Orange County youth correctional centers, or in any group home housing 25 or more children, as specified. These public schools are known under existing law as juvenile court schools. Existing law requires that juvenile court schools be conducted in a manner prescribed by the county board of education to best accomplish the purposes set forth in existing law.

This bill would authorize the county board of education to adopt and enforce a course of study that ~~increases~~ *enhances* instruction in mathematics and English language arts for pupils attending juvenile court schools, as determined by objective local evaluations and

assessments as approved by the county superintendent of schools. The bill would require an adopted enhanced course of study to meet specified standards, as appropriate, and be tailored to meet the needs of the individual pupil to increase the pupil's academic literacy and reading fluency.
