An act to add Section 1799.103 to the Health and Safety Code, relating to emergency medical services.

LEGISLATIVE COUNSEL'S DIGEST

AB 633, as amended, Salas. Emergency medical services: civil liability.

Under existing law, a person who, in good faith and not for compensation, renders emergency medical or nonmedical care or assistance at the scene of an emergency is not liable for civil damages resulting from any act or omission, except as specified. Existing law further provides that a person who has completed a basic cardiopulmonary resuscitation course that complies with specified standards, and who in good faith renders emergency cardiopulmonary resuscitation at the scene of an emergency is not liable for any civil damages as a result of any act or omission, except as specified. Existing law provides that a health care provider, including any licensed clinic, health dispensary, or health facility, is not liable for professional negligence or malpractice for any occurrence or result solely on the basis that the occurrence or result was caused by the natural course of a disease or condition, or was the natural or expected result of reasonable treatment rendered for the disease or condition.

This bill would prohibit an employer from having a policy ~~precluding~~ *prohibiting* an employee from providing *voluntary* emergency medical services, including, but not limited to, cardiopulmonary resuscitation, in response to a medical emergency, *except as specified*. The bill would provide that an ~~employer~~ *employee* is not liable for any civil damages resulting from an act or omission ~~of its employee who, when he or she,~~ in good faith and not for compensation, renders emergency care at the scene of an emergency, *except as specified*.

Vote: majority. Appropriation: no. Fiscal committee: no.  
 State-mandated local program: no.
