An act to add Section 10299.1 to the Public Contract Code, relating to state government, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

AB 650, as amended, Nazarian. State government: general services: Natural Gas Services Program.

Existing law authorizes the Department of General Services to contract with suppliers to obtain materials, supplies, equipment, and services.

This bill would require the director to operate the Natural Gas Services Program, pursuant to which the Director of General Services would make the services of the department with respect to the acquisition of natural gas and related services available, under agreed upon terms and conditions, to any city, county, city and county, district, or other local governmental body, and to nonprofit hospitals and educational institutions that expend public funds, and would enter into interagency agreements for acquisition of natural gas and related services, as defined.

The bill would require agencies that are in the executive branch of state government, except the Department of Water Resources, to use the department’s Natural Gas Services Program for noncore gas purchases of natural gas. ~~The bill would authorize the department to hire employees as required for this program.~~ The bill would create the Department of General Services Natural Gas Services Program Fund, and would continuously appropriate that fund to the department for purposes of operating the Natural Gas Services Program. The bill would state that funding for the department’s administrative costs in overseeing the program is to be provided for in the annual Budget Act.

Vote: 2/3. Appropriation: yes. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 10299.1 is added to the Public Contract

4 operate the Natural Gas Services Program to consolidate and  
5 address the needs of multiple state agencies for the procurement  
6 of natural gas and related services.  
7 (b) Procurement of natural gas and related services is vital to  
8 public sector facilities in California and, due to the volumes and  
9 costs involved, this section authorizes the following:  
10 (1) The director shall make the services of the department with

15 public funds.

19 may enter into contracts, master agreements, multiple award  
20 schedules, cooperative agreements, agreements with entities outside  
21 the state, and other types of agreements that leverage the state’s  
22 buying power through the use of a competitive bidding process.  
23 The state shall not incur financial responsibility in connection with  
24 the contracting of nonstate agencies under this section.

1 (3) The department may buy, sell, exchange, transfer, or

16 requirements.

17 (c) Agencies that are in the executive branch of the state  
18 government, except the Department of Water Resources, shall use  
19 the department's Natural Gas Services Program for noncore gas
