An act to amend Section 52324 of the Education Code, relating to career technical education.

LEGISLATIVE COUNSEL'S DIGEST

AB 940, as introduced, Morrell. Regional occupational centers and programs: attendance computation.

Existing law authorizes the county superintendent of schools of each county, with the consent of the State Board of Education, to establish and maintain, or with one or more counties to establish and maintain, a regional occupational center, or regional occupational program, in the county to provide education and training in career technical courses. For purposes of funding apportionments, existing law specifies the computation for determining units of average daily attendance in the regional occupational centers or regional occupational programs of a county for a fiscal year.

This bill would make nonsubstantive changes to that provision regarding the attendance computation.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.
