Introduced by Assembly Members Chau and Gordon

February 22, 2013

An act to amend Sections 50901, 50902, ~~and 51502 of 51175, and 51504 of~~, and to add Section 51065.1 to, the Health and Safety Code, relating to the California Housing Finance Agency, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 984, as amended, Chau. The California Housing Finance Agency.

Existing law provides that there is the California Housing Finance Agency in the Department of Housing and Community Development administered by an 11-member board of directors that includes various state officers and 6 members appointed by the Governor.

This bill would add the Secretary of Veterans Affairs to the board. The bill would also increase the number of members appointed by the Governor to 7 and require that at least one member appointed by the Governor have specific knowledge of bonds and related financial instruments, interest rate swaps, and risk management. *The bill would specify, notwithstanding other provisions of the bill, that these provisions relating to the membership of the board would not become effective until January 1, 2014.*

~~Existing law, the California Homebuyer's Assistance Program, requires the agency to administer a downpayment assistance program, as specified.~~

~~This bill would make a technical, nonsubstantive change to those provisions.~~

Existing law authorizes the agency, among other things, to make or undertake commitments to make development loans, construction loans, mortgage loans, and property improvement loans to housing sponsors to finance housing developments, as specified.

This bill would authorize the agency to make grants to buyers of residential structures combined with first mortgage loans financed by the agency to be used in conjunction with the Federal Housing Administration (FHA) Energy Efficient Mortgage Program, for the purpose of making repairs or improvements to increase energy efficiency in the home, as specified.

Existing law provides that the agency shall not, except as provided, make construction loans or mortgage loans for the purpose of financing owner-occupied residential structures unless those loans are made through a qualified mortgage lender.

This bill would instead provide that the agency shall not make construction loans or first mortgage loans, except as provided, as specified above.

Existing law requires the agency to administer the California Homebuyer's Downpayment Assistance Program for the purpose of providing downpayment assistance to first-time low- and moderate-income home buyers. Existing law requires that the amount of the downpayment assistance shall be due and payable at the end of the term, or upon sale of or refinancing of the home, except that the agency may, in its discretion, permit the downpayment assistance to be subordinated to refinancing, as specified.

This bill would also provide that the downpayment assistance shall not be due and payable upon sale of the home if the first mortgage loan is insured by the FHA, transferred to the FHA, or the requirement is otherwise contrary to federal regulations, as specified.

This bill would declare that it is to take effect immediately as an urgency statute.

State-mandated local program: no.
