## CHAPTER \_\_\_\_\_

An act to amend Sections 1741, 1771.2, and 1776 of the Labor Code, relating to public works.

## LEGISLATIVE COUNSEL'S DIGEST

AB 1336, Frazier. Prevailing wages: payroll records.

Existing law requires the Labor Commissioner, if the commissioner or his or her designee determines after an investigation that there has been a violation of the public works provisions, to issue a civil wage and penalty assessment to the contractor or subcontractor, or both. The assessment is required to be in writing, describe the nature of the violation and the amount of wages, penalties, and forfeitures due, and include the basis for the assessment. The assessment is required to be served not later than 180 days after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 180 days after acceptance of the public work, whichever occurs last. If the assessment is served after the expiration of the 180-day period, but before the expiration of an additional 180 days, and the awarding body has not yet made full payment to the contractor, the assessment is valid up to the amount of the funds retained.

This bill would change the deadline for service of the assessment to not later than 18 months after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 18 months after acceptance of the public work, whichever occurs last. The bill would delete the provisions with regard to an assessment served after the expiration of the 180-day period.

Existing law requires contractors engaged in public works to pay employees the prevailing wage, as determined by the Director of Industrial Relations, and to comply with requirements relating to recordkeeping and employee work schedules. A joint labor-management committee, established pursuant to a specified provision of federal law, is authorized to bring an action against any employer who fails to pay prevailing wages as required by state law. The action is required to be commenced not later than

180 days after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work, or some part thereof, was performed, or not later than 180 days after acceptance of the public work, whichever occurs last.

This bill would delete the 180-day requirement and would instead require that the action be commenced not later than 18 months after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 18 months after acceptance of the public work, whichever occurs last. The bill would require, among other things, the court, in an action on prevailing wages, to award restitution to an employee for unpaid wages, plus interest, from the date the wages became payable, and liquidated damages equal to the amount of unpaid wages owed, and would authorize the imposition of civil penalties only against an employer that failed to pay the prevailing wage to its employees, injunctive relief, or any other appropriate equitable relief.

Existing law requires each contractor and subcontractor to keep accurate payroll records showing the name, address, social security number, work classification, straight time, and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with the public work. Any copy of records made available for inspection by, or furnished to, a joint labor-management committee is required to be marked or obliterated only to prevent disclosure of an individual's name and social security number.

This bill would instead require that any copy of payroll records made available for inspection by, or furnished to, a joint labor-management committee, established pursuant to federal law, is required to be marked or obliterated only to prevent disclosure of an individual's social security number. The bill would also require that any copy of records made available for inspection by, or furnished to, a multiemployer Taft-Hartley trust fund that requests the records for the purposes of allocating contributions to participants be marked or obliterated only to prevent disclosure of an individual's full social security number, but provide the last 4 digits of the social security number. The bill would make other technical, nonsubstantive changes to these provisions.

*The people of the State of California do enact as follows:*

SECTION 1. Section 1741 of the Labor Code is amended to read:

1741. (a) If the Labor Commissioner or his or her designee determines after an investigation that there has been a violation of this chapter, the Labor Commissioner shall with reasonable promptness issue a civil wage and penalty assessment to the contractor or subcontractor, or both. The assessment shall be in writing, shall describe the nature of the violation and the amount of wages, penalties, and forfeitures due, and shall include the basis for the assessment. The assessment shall be served not later than 18 months after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 18 months after acceptance of the public work, whichever occurs last. Service of the assessment shall be completed pursuant to Section 1013 of the Code of Civil Procedure by first-class and certified mail to the contractor, subcontractor, and awarding body. The assessment shall advise the contractor and subcontractor of the procedure for obtaining review of the assessment. The Labor Commissioner shall, to the extent practicable, ascertain the identity of any bonding company issuing a bond that secures the payment of wages covered by the assessment and any surety on a bond, and shall serve a copy of the assessment by certified mail to the bonding company or surety at the same time service is made to the contractor, subcontractor, and awarding body. However, no bonding company or surety shall be relieved of its responsibilities because it failed to receive notice from the Labor Commissioner.

(b) Interest shall accrue on all due and unpaid wages at the rate described in subdivision (b) of Section 3289 of the Civil Code. The interest shall accrue from the date that the wages were due and payable, as provided in Part 7 (commencing with Section 1720) of Division 2, until the wages are paid.

(c) (1) The Labor Commissioner shall maintain a public list of the names of each contractor and subcontractor who has been found to have committed a willful violation of Section 1775 or to whom a final order, which is no longer subject to judicial review, has been issued.

(2) The list shall include the date of each assessment, the amount of wages and penalties assessed, and the amount collected.

(3) The list shall be updated at least quarterly, and the contractor's or subcontractor's name shall remain on that list until the assessment is satisfied, or for a period of three years beginning from the date of the issuance of the assessment, whichever is later.

SEC. 2. Section 1771.2 of the Labor Code is amended to read:

1771.2. (a) A joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (29 U.S.C. Sec. 175a) may bring an action in any court of competent jurisdiction against an employer that fails to pay the prevailing wage to its employees, as required by this article. This action shall be commenced not later than 18 months after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 18 months after acceptance of the public work, whichever occurs last.

(b) (1) In an action brought pursuant to this section, the court shall award restitution to an employee for unpaid wages, plus interest, under Section 3289 of the Civil Code from the date that the wages became due and payable, and liquidated damages equal to the amount of unpaid wages owed, and may impose civil penalties, only against an employer that failed to pay the prevailing wage to its employees, in accordance with Section 1775, injunctive relief, or any other appropriate form of equitable relief. The court shall follow the same standards and have the same discretion in setting the amount of penalties as are provided by subdivision (a) of Section 1775. The court shall award a prevailing joint labor-management committee its reasonable attorney's fees and costs incurred in maintaining the action, including expert witness fees.

(2) An action pursuant to this section shall not be based on the employer's misclassification of the craft of a worker in its certified payroll records.

(3) Liquidated damages shall be awarded only if the complaint alleges with specificity the wages due and unpaid to the individual workers, including how that amount was calculated, and the defendant fails to pay the wages, deposit that amount with the court to be held in escrow, or provide proof to the court of an adequate surety bond to cover the wages, within 60 days of service

of the complaint. Liquidated damages shall be awarded only on the wages found to be due and unpaid. Additionally, if the defendant demonstrates to the satisfaction of the court that the defendant had substantial grounds for contesting that a portion of the allegedly unpaid wages were owed, the court may exercise its discretion to waive the payment of the liquidated damages with respect to that portion of the unpaid wages.

(4) This subdivision does not limit any other available remedies for a violation of this chapter.

SEC. 3. Section 1776 of the Labor Code is amended to read:

1776. (a) Each contractor and subcontractor shall keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with the public work. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:

(1) The information contained in the payroll record is true and correct.

(2) The employer has complied with the requirements of Sections 1771, 1811, and 1815 for any work performed by his or her employees on the public works project.

(b) The payroll records enumerated under subdivision (a) shall be certified and shall be available for inspection at all reasonable hours at the principal office of the contractor on the following basis:

(1) A certified copy of an employee's payroll record shall be made available for inspection or furnished to the employee or his or her authorized representative on request.

(2) A certified copy of all payroll records enumerated in subdivision (a) shall be made available for inspection or furnished upon request to a representative of the body awarding the contract and the Division of Labor Standards Enforcement of the Department of Industrial Relations.

(3) A certified copy of all payroll records enumerated in subdivision (a) shall be made available upon request by the public for inspection or for copies thereof. However, a request by the public shall be made through either the body awarding the contract or the Division of Labor Standards Enforcement. If the requested

payroll records have not been provided pursuant to paragraph (2), the requesting party shall, prior to being provided the records, reimburse the costs of preparation by the contractor, subcontractors, and the entity through which the request was made. The public may not be given access to the records at the principal office of the contractor.

(c) The certified payroll records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information as the forms provided by the division. The payroll records may consist of printouts of payroll data that are maintained as computer records, if the printouts contain the same information as the forms provided by the division and the printouts are verified in the manner specified in subdivision (a).

(d) A contractor or subcontractor shall file a certified copy of the records enumerated in subdivision (a) with the entity that requested the records within 10 days after receipt of a written request.

(e) Except as provided in subdivision (f), any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by the awarding body or the Division of Labor Standards Enforcement shall be marked or obliterated to prevent disclosure of an individual's name, address, and social security number. The name and address of the contractor awarded the contract or the subcontractor performing the contract shall not be marked or obliterated. Any copy of records made available for inspection by, or furnished to, a multiemployer Taft-Hartley trust fund (29 U.S.C. Sec. 186(c)(5)) that requests the records for the purposes of allocating contributions to participants shall be marked or obliterated only to prevent disclosure of an individual's full social security number, but shall provide the last four digits of the social security number. Any copy of records made available for inspection by, or furnished to, a joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (29 U.S.C. Sec. 175a) shall be marked or obliterated only to prevent disclosure of an individual's social security number.

(f) (1) Notwithstanding any other provision of law, agencies that are included in the Joint Enforcement Strike Force on the Underground Economy established pursuant to Section 329 of the Unemployment Insurance Code and other law enforcement

agencies investigating violations of law shall, upon request, be provided nonredacted copies of certified payroll records. Any copies of records or certified payroll made available for inspection and furnished upon request to the public by an agency included in the Joint Enforcement Strike Force on the Underground Economy or to a law enforcement agency investigating a violation of law shall be marked or redacted to prevent disclosure of an individual's name, address, and social security number.

(2) An employer shall not be liable for damages in a civil action for any reasonable act or omission taken in good faith in compliance with this subdivision.

(g) The contractor shall inform the body awarding the contract of the location of the records enumerated under subdivision (a), including the street address, city, and county, and shall, within five working days, provide a notice of a change of location and address.

(h) The contractor or subcontractor has 10 days in which to comply subsequent to receipt of a written notice requesting the records enumerated in subdivision (a). In the event that the contractor or subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit one hundred dollars (\$100) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Labor Standards Enforcement, these penalties shall be withheld from progress payments then due. A contractor is not subject to a penalty assessment pursuant to this section due to the failure of a subcontractor to comply with this section.

(i) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section.

(j) The director shall adopt rules consistent with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) and the Information Practices Act of 1977 (Title 1.8 (commencing with Section 1798) of Part 4 of Division 3 of the Civil Code) governing the release of these records, including the establishment of reasonable fees to be charged for reproducing copies of records required by this section.

Approved \_\_\_\_\_, 2013

---

*Governor*
