## CHAPTER \_\_\_\_\_

An act to repeal Section 44690 of, and to repeal and add Section 44691 of, the Education Code, and to amend Section 11165.7 of the Penal Code, relating to child abuse reporting.

## LEGISLATIVE COUNSEL'S DIGEST

AB 1432, Gatto. Mandated child abuse reporting: school employees: training.

The Child Abuse and Neglect Reporting Act requires a mandated reporter, which includes a teacher or one of certain other types of school employees, to report whenever he or she, in his or her professional capacity or within the scope of his or her employment, has knowledge of or has observed a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. Existing law requires the State Department of Education to develop staff development seminars and any other appropriate means of instructing school personnel in the detection of child abuse and neglect and the proper action that school personnel should take in suspected cases of child abuse and neglect. Existing law requires school districts that do not train their employees in the duties of mandated reporters under the child abuse reporting laws to report to the State Department of Education the reasons why this training is not provided.

This bill would require the State Department of Education, in consultation with the Office of Child Abuse Prevention in the State Department of Social Services, to develop and disseminate information to all school districts, county offices of education, state special schools and diagnostic centers operated by the State Department of Education, and charter schools, and their school personnel in California, regarding the detection and reporting of child abuse, to provide statewide guidance on the responsibilities of mandated reporters, and to develop appropriate means of instructing school personnel in the detection of child abuse and neglect and the proper action that school personnel should take in suspected cases of child abuse and neglect, including, but not limited to, an online training module to be provided by the State Department of Social Services.

The bill would require school districts, county offices of education, state special schools and diagnostic centers operated by the State Department of Education, and charter schools to do both of the following: (1) annually train, using the online training module provided by the State Department of Social Services, or other training, as specified, employees and persons working on their behalf who are mandated reporters on the mandated reporting requirements, as specified; and (2) develop a process for all persons required to receive training under the bill to provide proof of completing this training within the first 6 weeks of each school year or within 6 weeks of that person's employment. By imposing these additional duties on local educational agencies, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

*The people of the State of California do enact as follows:*

SECTION 1. Section 44690 of the Education Code is repealed.

SEC. 2. Section 44691 of the Education Code is repealed.

SEC. 3. Section 44691 is added to the Education Code, to read:

44691. (a) The State Department of Education, in consultation with the Office of Child Abuse Prevention in the State Department of Social Services, shall do all of the following:

(1) Develop and disseminate information to all school districts, county offices of education, state special schools and diagnostic centers operated by the State Department of Education, and charter schools, and their school personnel in California, regarding the detection and reporting of child abuse.

(2) Provide statewide guidance on the responsibilities of mandated reporters who are school personnel in accordance with the Child Abuse and Neglect Reporting Act (Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part

4 of the Penal Code). This guidance shall include, but not necessarily be limited to, both of the following:

- (A) Information on the identification of child abuse and neglect.
- (B) Reporting requirements for child abuse and neglect.

(3) Develop appropriate means of instructing school personnel in the detection of child abuse and neglect and the proper action that school personnel should take in suspected cases of child abuse and neglect, including, but not limited to, an online training module to be provided by the State Department of Social Services.

(b) School districts, county offices of education, state special schools and diagnostic centers operated by the State Department of Education, and charter schools shall do both of the following:

(1) Except as provided in subdivision (c), provide annual training, using the online training module provided by the State Department of Social Services, to their employees and persons working on their behalf who are mandated reporters, as defined in Section 11165.7 of the Penal Code, pursuant to this section and subdivision (d) of Section 11165.7 of the Penal Code on the mandated reporting requirements. Mandated reporter training shall be provided to school personnel hired during the course of the school year. This training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Section 11166 of the Penal Code, is a misdemeanor punishable by up to six months confinement in a county jail, or by a fine of one thousand dollars (\$1,000), or by both that imprisonment and fine.

(2) Develop a process for all persons required to receive training pursuant to this section to provide proof of completing the training within the first six weeks of each school year or within the first six weeks of that person's employment. The process developed under this paragraph may include, but not necessarily be limited to, the use of a sign-in sheet or the submission of a certificate of completion to the applicable governing board or body of the school district, county office of education, state special school and diagnostic center, or charter school.

(c) School districts, county offices of education, state special schools and diagnostic centers operated by the State Department of Education, and charter schools that do not use the online training module provided by the State Department of Social Services shall

report to the State Department of Education the training being used in its place.
