An act to add Section 10373 to the Public Contract Code, relating to public contracts.

LEGISLATIVE COUNSEL'S DIGEST

AB 1578, as introduced, Pan. Public contracts for services: online database: expenditures.

Existing law sets forth requirements for the acquisition of goods and services by state agencies and sets forth the various responsibilities of the Department of General Services and other state agencies in overseeing and implementing state contracting procedures and policies.

This bill would require the department to post specific information on its Internet Web site pertaining to California state government contracts for services, and would require the Governor's Budget to identify total expenditures for service contracts.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*
