Assembly Bill No. 1664

CHAPTER 262

An act to amend Sections 17462.3 and 17489 of the Education Code, relating to school facilities.

[Approved by Governor August 22, 2014. Filed with Secretary of State August 22, 2014.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1664, Hagman. School facilities: sale or lease of real property.
(1) Existing law authorizes the State Allocation Board to establish a program under which it would require a school district, county office of education, or charter school that sells real property that was purchased with or modernized with, or on which improvements were constructed that were funded with, any moneys from a state school facilities funding program, to return to the board the moneys the school district, county office of education, or charter school received from the state school facilities funding program for the purchase, modernization, or construction if certain conditions are met. Under this program, moneys received within 10 years before the real property is sold would be required to be returned if the real property is not sold to a charter school, a school district, a county office of education, or an agency that will use the property exclusively for the delivery of child care and development services, in accordance with a statute that requires property first be offered to a charter school before alternate disposition.

This bill would specify that, under the authorized program, the moneys would have to be returned if the real property is not sold to a charter school in accordance with that statute, or if the real property is not sold to a school district, a county office of education, or an agency that will use the property exclusively for the delivery of child care and development services if the real property has been deemed to be surplus and a charter school has not accepted an offer to purchase or lease.

(2) Existing law requires the governing board of a school district, before selling or leasing a schoolsite consisting in whole or in part of land suited or used for outdoor recreation, if a charter school has not accepted an offer to purchase or lease the schoolsite pursuant to a specified statute, to first offer to sell or lease that portion of the schoolsite suited for outdoor recreation, to the extent not retained by the governing board, to one of specified local agencies.

This bill would exempt from this requirement land to which this provision would otherwise apply, but which is subject to the provisions described in (1) above because it was purchased with or modernized with, or improvements were constructed on it that were funded with, any moneys from a state school facilities funding program. The bill would authorize the
governing board of a school district in this instance, after first offering the
schoolsite for sale or lease to a charter school pursuant to a prescribed statute,
to offer to sell or lease the property to another school district, a county office
of education, or a governmental entity that provides child care and
development services before offering to sell or lease the property to one of
the local agencies referenced above.

The people of the State of California do enact as follows:

SECTION 1. Section 17462.3 of the Education Code is amended to read:

17462.3. (a) The State Allocation Board may establish a program that
requires a school district, county office of education, or charter school that
sells real property that was purchased with or modernized with, or on which
improvements were constructed that were funded with, any moneys from
a state school facilities funding program, to return to the State Allocation
Board the moneys the school district, county office of education, or charter
school received from the state school facilities funding program for the
purchase, modernization, or construction if all of the following conditions
are met:

(1) The real property is not sold to a charter school pursuant to Section
17457.5, a school district, a county office of education, or an agency that
will use the property exclusively for the delivery of child care and
development services pursuant to Section 17458.

(2) The proceeds from the sale of the real property are not used for capital
outlay.

(3) The real property was purchased, or the improvements were
constructed or modernized on the real property, within 10 years before the
real property is sold.

(b) The moneys to be returned to the State Allocation Board under this
section are those received within 10 years before the real property is sold.

(c) If a portion of the real property is sold, a proportionate amount of
funds received from a state school facilities funding program shall be
returned to the State Allocation Board under this section based on the
percentage of the real property sold.

excluding that portion retained by the governing board of the school district
pursuant to Section 17490, to the following public agencies in accordance

(b) The governing board of the school district shall have discretion to determine whether the offer shall be an offer to sell or an offer to lease.

(c) An entity which proposes to purchase or lease a schoolsite offered by a school district shall notify the school district of its intention, in writing, within 60 days after receiving written notification from the school district of its offer to sell or lease.
