An act relating to pupil instruction, and making an appropriation therefor.

LEGISLATIVE COUNSEL’S DIGEST

AB 1750, as introduced, Alejo. Pupil instruction: ethnic studies.

Existing law requires a school district, as part of its adopted course of study for grades 7 to 12, inclusive, to offer courses in specified areas of study, including social sciences. Existing law establishes the Instructional Quality Commission and requires the commission to, among other things, recommend curriculum frameworks to the State Board of Education.

This bill would require the commission to identify model programs, standards, and curricula relating to ethnic studies at the high school level. The bill would require the commission, on or before January 1, 2016, to prepare and submit a report that, among other things, identifies the best practices and standards for establishing and implementing ethnic studies in public high schools, to the Governor and the Legislature, and to make the report available on the State Department of Education’s Internet Web site.

This bill would appropriate $125,000 to the State Department of Education for purposes of funding the report.

The funds appropriated by this bill would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.
