An act to add Section 33543 to the Education Code, relating to pupil instruction.

LEGISLATIVE COUNSEL'S DIGEST

AB 1912, as introduced, Holden. Pupil instruction: history-social science framework: election of President Barack Obama.

Existing law requires the Instructional Quality Commission to recommend curriculum frameworks to the State Board of Education. Existing law defines "curriculum framework" as an outline of the components of a given course of study designed to provide state direction to school districts in the provision of instructional programs.

This bill would require the commission and the state board to consider including, in the history-social science curriculum framework adopted in the course of the next submission cycle following January 1, 2015, instruction on the election of President Barack Obama and the significance of the United States electing its first African American President, as appropriate.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.
