An act to amend Section 68130.5 of the Education Code, relating to public postsecondary education.

LEGISLATIVE COUNSEL'S DIGEST

AB 2000, as amended, Gomez. Public postsecondary education: exemption from nonresident tuition.

(1) Existing law provides that a person, other than a nonimmigrant alien, as defined, who has attended high school in California for 3 or more years, who has graduated from a California high school or attained the equivalent thereof, who has registered at or attends an accredited institution of higher education in California not earlier than the fall semester or quarter of the 2001–02 academic year, and who, if he or she is an alien without lawful immigration status, has filed an affidavit, as specified, is exempt from paying nonresident tuition at the California Community Colleges and the California State University.

This bill would provide that a student may qualify for exemption from nonresident tuition pursuant to the above-referenced provision either by high school attendance in California for 3 or more years or by *either elementary or secondary school attendance, or both, in California for a total of 3 or more years and* attainment of credits earned in California from a California high school equivalent to 3 or more years of full-time high school coursework, in addition to the other conditions referenced above.

Because this bill would require community college districts to determine whether students qualify for exemption from nonresident tuition, it would constitute a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.
