An act to amend Section 4735 of the Civil Code, relating to common interest developments.

LEGISLATIVE COUNSEL'S DIGEST

AB 2104, as amended, Gonzalez. Common interest developments: water-efficient landscapes.

Existing law requires a local agency to adopt a specified updated model ordinance regarding water-efficient landscapes or a water-efficient landscape ordinance that is at least as effective in conserving water as the updated model ordinance. Existing law allows certain water providers to take specified actions regarding water conservation.

The Davis-Stirling Common Interest Development Act provides for the creation and regulation of common interest developments. That act provides that a provision of any of the common interest development governing documents, as defined, ~~include~~ *including* the declaration and any other documents, such as bylaws and operating rules, that govern the operation of a common interest development, is void and unenforceable if it prohibits, or includes conditions that have the effect of prohibiting, the use of low water-using plants as a group, or if it has the effect of prohibiting or restricting compliance with a local water-efficient landscape ordinance or water conservation measure, as described above.

~~This bill would provide that, with respect to the above-described provisions, that a provision of the governing documents include or of the architectural or landscaping guidelines or policies and decisions by the board of directors applicable to a specific homeowner. The bill would apply these provisions to a prohibition on the replacement of existing turf with low water-using plants, as provided. shall be void and unenforceable if it prohibits, or includes conditions that have the effect of prohibiting, low water-using plants as a group or as a replacement of existing turf, or if the provision has the effect of prohibiting or restricting compliance with a local water-efficient landscape ordinance or water conservation measure.~~
