February 26, 2014

An act to amend Sections 89007.7, 89282, 89300, and 89720 of the Education Code, relating to postsecondary education.

LEGISLATIVE COUNSEL'S DIGEST

AB 2736, as amended, Committee on Higher Education. Postsecondary education: California State University.

(1) Existing law establishes the California State University, under the administration of the Trustees of the California State University, as one of the segments of public postsecondary education in this state. Existing law requires, commencing on January 1, 2014, and every 2 years thereafter, that the Legislative Analyst's Office, in consultation with the university, submit a report to the Legislature including specified data relating to the California State University Early Start Program. Existing law makes these provisions regarding the Early Start Program inoperative on January 1, 2018.

This bill would require the Legislative Analyst's Office to submit that report no later than July 1 of each even-numbered year, and change the inoperative date for the above provisions regarding the Early Start Program to July 1, 2018.

(2) Existing law authorizes the ~~university~~ *California State University* to establish a Doctor of Nursing Practice degree pilot program at 3 campuses chosen by the trustees to award the Doctor of Nursing Practice degree. Existing law requires the university, the Legislative Analyst's Office, and the Department of Finance to jointly conduct a statewide evaluation of the degree pilot program and report the results to the Legislature and the Governor on or before January 1, 2017. Existing law requires that evaluation to consider specified information, including the number of Doctor of Nursing Practice degree pilot programs implemented, and information regarding the number of applicants, admissions, enrollments, degree recipients, time-to-degree, attrition, and public school and community college program partners.

This bill would delete the requirement that the evaluation include information regarding public school and community college program partners, make nonsubstantive changes to these evaluation provisions, and repeal these evaluation provisions on January 1, 2021.

(3) *Existing law provides that a student body organization may be established at any campus of the California State University under the supervision of the university officials for the purpose of providing essential activities closely related to, but not normally included as a part of, the regular instructional program of the university. Existing law authorizes the trustees to fix fees for voluntary membership in an organization established at a campus, and sets forth specified requirements for the setting of mandatory student body organization membership fees for student body organizations established at a campus.*

This bill would authorize the trustees to fix fees for voluntary membership in a student body organization established at a campus or in a specified statewide student body organization, would describe the conditions when a membership fee is voluntary, and would make nonsubstantive changes in the provisions relating to mandatory membership fees.

(3)

(4) Existing law authorizes the trustees to accept on behalf of the state any gifts, bequests, devises, or donations of real property whenever the gift and terms and conditions thereof will aid in carrying out the primary functions of the California State University. Existing law authorizes the trustees to sell or exchange real property interests in accordance with specified requirements. Existing law requires these gifts, bequests, devises, donations of real property, or sales or exchanges of real property interests to be annually reported to the California

Postsecondary Education Commission, the Joint Legislative Budget Committee, and the Department of Finance by January 5 of each year.

This bill would change that annual reporting date to January 31 of each year, and would provide for the report to be made to a successor agency to the California Postsecondary Education Commission as an alternative to the commission.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
