## CHAPTER \_\_\_\_\_

An act to amend Sections 1091, 13073.5, 30061, and 30070 of the Government Code, to amend Sections 1231 and 13821 of the Penal Code, to amend Sections 17053.33, 17053.70, 18410.2, 23612.2, and 23633 of the Revenue and Taxation Code, and to amend Sections 1403, 18220, and 18220.1 of the Welfare and Institutions Code, relating to public finance, and making an appropriation therefor, to take effect immediately, bill related to the budget.

## LEGISLATIVE COUNSEL'S DIGEST

SB 100, Committee on Budget and Fiscal Review. Public finance.

Existing law prohibits certain public officials and employees from being financially interested in any contract made by them in their official capacity, or by any board of which they are members. An officer is not deemed to be interested in a contract entered into by a body or board of which the officer is a member if the officer has only a remote interest in the contract and other requirements are met. A remote interest is required to be publicly disclosed, and thereafter the public body may authorize, approve, or ratify the contract in question, but the officer or employee with the remote interest is disqualified from voting. A remote interest is defined to include, among others, the interest of a person who is an officer or employee of a nonprofit entity exempt from taxation pursuant to Section 501(c)(3) of the Internal Revenue Code or a nonprofit corporation. Violation of these provisions is a crime.

This bill would include in the definition of remote interest the interest of a person who is an officer or employee of a nonprofit entity exempt from taxation pursuant to Section 501(c)(5) of the Internal Revenue Code.

By expanding the scope of an existing crime, this bill would impose a state-mandated local program.

Existing law establishes in the State Treasury the Local Revenue Fund 2011, a continuously appropriated fund, and requires that moneys in the fund be allocated exclusively for public safety services, as defined. Existing law further establishes the Law

Enforcement Services Account within that fund, and creates the Enhancing Law Enforcement Activities Subaccount and the Juvenile Justice Subaccount within the Law Enforcement Services Account.

Existing law allocates specified funds from the Enhancing Law Enforcement Activities Subaccount to local governments, including to cities and counties that charge fees to a city, special district, community college district, college, or university for the booking or detention of a person arrested and brought to a detention facility of the city or county. Existing law also allocates moneys in the subaccount for county sheriffs' departments, California Multi-Jurisdictional Methamphetamine Enforcement Teams, Multi-Agency Gang Enforcement Consortium, Sexual Assault Felony Enforcement Teams, High Technology Theft Apprehension and Prosecution Program, Gang Violence Suppression Program, Central Valley and Central Coast Rural Crime Prevention Programs, jail construction and operation, criminal prosecution, juvenile justice plans, habitual truants, runaways, and children at risk of being wards of the court or under juvenile supervision or supervision of the county probation department.

This bill would, subsequent to the allocation made to cities and counties that charge fees to a city, special district, community college district, college, or university for the booking or detention of a person arrested and brought to a detention facility of the city or county, revise the percentages of the remaining funds to be allocated for the other above-mentioned purposes from the Enhancing Law Enforcement Activities Subaccount.

Under existing law counties are authorized to establish a Community Corrections Performance Incentives Fund (CCPIF) to receive moneys related to the placement of felons under probation supervision, mandatory supervision, and postrelease community supervision. Programs funded through a CCPIF are required to identify and track specific outcome-based measures and report its findings to the Administrative Office of the Courts (AOC). The AOC then provides quarterly statistical information to the Department of Finance that includes, among other things, the number of felony convictions in the county and the number of felons who would have been subject to specified sentencing provisions had felony probation not been granted.

This bill would remove from the AOC's quarterly statistical information the number of felons who would have been subject to those sentencing provisions had felony probation not been granted.

The Personal Income Tax Law and the Corporation Tax Law allow a credit in an amount equal to the amount of sales or use tax paid in connection with qualified property that is purchased and placed in service before the date the enterprise zone or targeted tax area designation expires, is no longer binding, or becomes inoperative. Existing law repeals these provisions on December 1, 2014.

This bill would instead require the qualified property to be placed in service in the enterprise zone or the targeted tax area before January 1, 2015, and would repeal those provisions on December 1, 2015. The bill would also make clarifying changes to those provisions.

Existing law requires the Population Research Unit to, among other things, determine the census tracts that are within the highest quartile of census tracts with the highest civilian unemployment, and to sort the census tracts by the respective civilian unemployment rate of each in ascending order, or from the lowest, 0%, to the highest, 100%, as specified.

This bill would make clarifying changes to those provisions.

Existing law established the California Competes Tax Credit Committee, which consists of the Treasurer, the Director of Finance, the Director of the Governor's Office of Business and Economic Development, and one appointee each from the Senate and Assembly.

This bill would provide that the Director of the Governor's Office of Business and Economic Development is the chair. The bill would prohibit a member of the Legislature from being appointed to the committee.

Under existing law and until January 1, 2014, California is subject to an interstate compact for juveniles and that compact requires California, among other things, to appoint a commissioner to the Interstate Commission for Juveniles and to create a State Council for Interstate Juvenile Supervision.

This bill would extend the duration of the compact until January 1, 2016.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the

state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The bill would appropriate \$100,000 from the General Fund to the Governor’s Office of Business and Economic Development for administration.

This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

*The people of the State of California do enact as follows:*

SECTION 1. Section 1091 of the Government Code is amended to read:

1091. (a) An officer shall not be deemed to be interested in a contract entered into by a body or board of which the officer is a member within the meaning of this article if the officer has only a remote interest in the contract and if the fact of that interest is disclosed to the body or board of which the officer is a member and noted in its official records, and thereafter the body or board authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest.

(b) As used in this article, “remote interest” means any of the following:

(1) That of an officer or employee of a nonprofit entity exempt from taxation pursuant to Section 501(c)(3) of the Internal Revenue Code (26 U.S.C. Sec. 501(c)(3)), pursuant to Section 501(c)(5) of the Internal Revenue Code (26 U.S.C. Sec. 501(c)(5)), or a nonprofit corporation, except as provided in paragraph (8) of subdivision (a) of Section 1091.5.

(2) That of an employee or agent of the contracting party, if the contracting party has 10 or more other employees and if the officer was an employee or agent of that contracting party for at least three years prior to the officer initially accepting his or her office and the officer owns less than 3 percent of the shares of stock of the contracting party; and the employee or agent is not an officer or director of the contracting party and did not directly participate in formulating the bid of the contracting party.

For purposes of this paragraph, time of employment with the contracting party by the officer shall be counted in computing the three-year period specified in this paragraph even though the contracting party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by the officer. Time of employment in that case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the contracting party is the same or substantially similar to that which existed before the transfer or change in organization. For purposes of this paragraph, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the “real or ultimate ownership” of the contracting party.

(3) That of an employee or agent of the contracting party, if all of the following conditions are met:

(A) The agency of which the person is an officer is a local public agency located in a county with a population of less than 4,000,000.

(B) The contract is competitively bid and is not for personal services.

(C) The employee or agent is not in a primary management capacity with the contracting party, is not an officer or director of the contracting party, and holds no ownership interest in the contracting party.

(D) The contracting party has 10 or more other employees.

(E) The employee or agent did not directly participate in formulating the bid of the contracting party.

(F) The contracting party is the lowest responsible bidder.

(4) That of a parent in the earnings of his or her minor child for personal services.

(5) That of a landlord or tenant of the contracting party.

(6) That of an attorney of the contracting party or that of an owner, officer, employee, or agent of a firm that renders, or has rendered, service to the contracting party in the capacity of stockbroker, insurance agent, insurance broker, real estate agent, or real estate broker, if these individuals have not received and will not receive remuneration, consideration, or a commission as a result of the contract and if these individuals have an ownership interest of 10 percent or more in the law practice or firm, stock brokerage firm, insurance firm, or real estate firm.

(7) That of a member of a nonprofit corporation formed under the Food and Agricultural Code or a nonprofit corporation formed under the Corporations Code for the sole purpose of engaging in the merchandising of agricultural products or the supplying of water.

(8) That of a supplier of goods or services when those goods or services have been supplied to the contracting party by the officer for at least five years prior to his or her election or appointment to office.

(9) That of a person subject to the provisions of Section 1090 in any contract or agreement entered into pursuant to the provisions of the California Land Conservation Act of 1965.

(10) Except as provided in subdivision (b) of Section 1091.5, that of a director of, or a person having an ownership interest of, 10 percent or more in a bank, bank holding company, or savings and loan association with which a party to the contract has a relationship of borrower or depositor, debtor or creditor.

(11) That of an engineer, geologist, or architect employed by a consulting engineering or architectural firm. This paragraph applies only to an employee of a consulting firm who does not serve in a primary management capacity, and does not apply to an officer or director of a consulting firm.

(12) That of an elected officer otherwise subject to Section 1090, in any housing assistance payment contract entered into pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) as amended, provided that the housing assistance payment contract was in existence before Section 1090 became applicable to the officer and will be renewed or extended only as to the existing tenant, or, in a jurisdiction in which the rental vacancy rate is less than 5 percent, as to new tenants in a unit previously under a Section 8 contract. This section applies to any person who became a public official on or after November 1, 1986.

(13) That of a person receiving salary, per diem, or reimbursement for expenses from a government entity.

(14) That of a person owning less than 3 percent of the shares of a contracting party that is a for-profit corporation, provided that the ownership of the shares derived from the person's employment with that corporation.

(15) That of a party to litigation involving the body or board of which the officer is a member in connection with an agreement in which all of the following apply:

(A) The agreement is entered into as part of a settlement of litigation in which the body or board is represented by legal counsel.

(B) After a review of the merits of the agreement and other relevant facts and circumstances, a court of competent jurisdiction finds that the agreement serves the public interest.

(C) The interested member has recused himself or herself from all participation, direct or indirect, in the making of the agreement on behalf of the body or board.

(16) That of a person who is an officer or employee of an investor-owned utility that is regulated by the Public Utilities Commission with respect to a contract between the investor-owned utility and a state, county, district, judicial district, or city body or board of which the person is a member, if the contract requires the investor-owned utility to provide energy efficiency rebates or other type of program to encourage energy efficiency that benefits the public when all of the following apply:

(A) The contract is funded by utility consumers pursuant to regulations of the Public Utilities Commission.

(B) The contract provides no individual benefit to the person that is not also provided to the public, and the investor-owned utility receives no direct financial profit from the contract.

(C) The person has recused himself or herself from all participation in making the contract on behalf of the state, county, district, judicial district, or city body or board of which he or she is a member.

(D) The contract implements a program authorized by the Public Utilities Commission.

(c) This section is not applicable to any officer interested in a contract who influences or attempts to influence another member of the body or board of which he or she is a member to enter into the contract.

(d) The willful failure of an officer to disclose the fact of his or her interest in a contract pursuant to this section is punishable as provided in Section 1097. That violation does not void the contract unless the contracting party had knowledge of the fact of the remote interest of the officer at the time the contract was executed.

SEC. 2. Section 13073.5 of the Government Code is amended to read:

13073.5. The Legislature finds and declares that: (1) population size and distribution patterns in California exert a major influence on the physical, social, and economic structure of the state and on the quality of the environment generally; (2) sound and current data and methods to estimate population trends are necessary to enable state, regional, and local agencies to plan and function properly; and (3) there is a critical need for a proper study of the implications of present and future population trends in order that state, regional, and local agencies might develop or reexamine policies and actions based thereon.

(q) Administer, with other agencies, a State Census Data Center which will be responsible for acquiring decennial and other census data from the Bureau of the Census, and for providing necessary information to the Legislature and to the executive branch and for seeking to ensure the availability of census information to local governments. The unit and the Office of Planning and Research shall be responsible for designating subcenters of the State Census Data Center as needed. The unit will provide materials to subcenters of the State Census Data Center, will coordinate the efforts of the subcenters to avoid duplication and may consult in the design of standard reports to be offered by the center and its subcenters.

(r) Coordinate with the Office of Planning and Research Environmental Data Center for the purposes of ensuring consistency and compatibility of data products, improving public access to data, ensuring the consistent interpretation of data, and avoiding duplication of functions.

(s) (1) Determine those census tracts that are to be designated census tracts based on data from the five-year American Community Survey (ACS). The census tracts that are within the highest quartile for both civilian unemployment and poverty statistics, as determined in paragraphs (2) and (3), shall be determined to be designated census tracts as described in paragraph (7) of subdivision (b) of Section 17053.73, and paragraph (7) of subdivision (b) of Section 23626 of the Revenue and Taxation Code.

(2) To determine the census tracts that are within the highest quartile of census tracts with the highest civilian unemployment, the census tracts shall be sorted by the respective civilian

unemployment rate of each in ascending order, or from the lowest (0 percent) to the highest (100 percent) according to the following:

(A) Census tracts without a civilian labor force shall be excluded.

(B) After ordering the census tracts by the civilian unemployment rate of each, the census tracts shall be divided into four equal groups or quartiles as follows:

(i) The first quartile shall represent the lowest fourth of the census tracts (the lowest 25 percent, inclusive).

(ii) The second quartile shall represent the second fourth (tracts greater than 25 percent up to 50 percent, inclusive).

(iii) The third quartile shall represent the third fourth (tracts greater than 50 percent up to 75 percent, inclusive).

(iv) The fourth quartile shall represent the fourth fourth (tracts greater than 75 percent up to 100 percent, inclusive).

(C) The last or highest quartile shall represent the top 25 percent of the census tracts with the highest civilian unemployment rates.

(3) To determine the census tracts that are within the quartile of census tracts with the highest poverty, the census tracts shall be sorted by the respective percentage of population below poverty of each in ascending order, or from the lowest (0 percent) to the highest (100 percent) according to the following:

(A) Consistent with poverty statistics in the ACS, which adhere to the standards specified by the federal Office of Management and Budget in Statistical Policy Directive 14, the poverty thresholds as specified by the United States Census Bureau shall be used to determine those individuals below poverty.

(B) To determine those individuals below poverty, different thresholds, as specified by the United States Census Bureau, shall be applied to families, people living alone, or people living with nonrelatives (unrelated individuals).

(C) If a family's total income is less than the dollar value of the appropriate threshold, then that family and every individual in it shall be considered to be below poverty.

(D) If an unrelated individual's total income is less than the appropriate threshold, then that individual shall be considered to be below poverty.

(E) Poverty status shall be determined for all people except institutionalized people, people in military group quarters, people

in college dormitories, and unrelated individuals under 15 years of age.

(F) Census tracts that do not have a population for whom poverty status is determined shall be excluded.

(G) After ordering the census tracts by the respective percent below poverty of each, the census tracts shall be divided into four equal quartiles as follows:

(i) The first quartile shall represent the lowest fourth of the census tracts (the lowest 25 percent, inclusive).

(ii) The second quartile shall represent the second fourth (tracts greater than 25 percent up to 50 percent, inclusive).

(iii) The third quartile shall represent the third fourth (tracts greater than 50 percent up to 75 percent, inclusive).

(iv) The fourth quartile shall represent the fourth fourth (tracts greater than 75 percent up to 100 percent, inclusive).

(H) The last or highest quartile shall represent the top 25 percent of the census tracts with the highest percentage of population below poverty.

(t) (1) Determine those census tracts that are within the lowest quartile of census tracts with the lowest civilian unemployment and poverty based on data from the five-year ACS. The census tracts that are within the lowest quartile for both civilian unemployment and poverty statistics, as determined in paragraphs (2) and (3) of subdivision (s), shall be determined to be census tracts within the lowest quartile of census tracts with the lowest civilian unemployment and poverty, as applied in subparagraph (A) of paragraph (8) of subdivision (b) of Section 17053.73 and Section 23626 of the Revenue and Taxation Code.

(2) Based on the quartiles developed pursuant to paragraph (2) of subdivision (s), the first or lowest quartile shall represent the bottom 25 percent of the census tracts with the lowest civilian unemployment rates.

(3) Based on the quartiles developed pursuant to paragraph (3) of subdivision (s), the first or lowest quartile shall represent the bottom 25 percent of the census tracts with the lowest percentage of population below poverty.

SEC. 3. Section 30061 of the Government Code is amended to read:

30061. (a) There shall be established in each county treasury a Supplemental Law Enforcement Services Account (SLESA), to

receive all amounts allocated to a county for purposes of implementing this chapter.

(b) In any fiscal year for which a county receives moneys to be expended for the implementation of this chapter, the county auditor shall allocate the moneys in the county's SLESA within 30 days of the deposit of those moneys into the fund. The moneys shall be allocated as follows:

(1) Five and fifteen-hundredths percent to the county sheriff for county jail construction and operation. In the case of Madera, Napa, and Santa Clara Counties, this allocation shall be made to the county director or chief of corrections.

(2) Five and fifteen-hundredths percent to the district attorney for criminal prosecution.

(3) Thirty-nine and seven-tenths percent to the county and the cities within the county, and, in the case of San Mateo, Kern, Siskiyou, and Contra Costa Counties, also to the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, and the Kensington Police Protection and Community Services District, in accordance with the relative population of the cities within the county and the unincorporated area of the county, and the Broadmoor Police Protection District in the County of San Mateo, the Bear Valley Community Services District and the Stallion Springs Community Services District in Kern County, the Lake Shastina Community Services District in Siskiyou County, and the Kensington Police Protection and Community Services District in Contra Costa County, as specified in the most recent January estimate by the population research unit of the Department of Finance, and as adjusted to provide, except as provided in subdivision (j), a grant of at least one hundred thousand dollars (\$100,000) to each law enforcement jurisdiction. For a newly incorporated city whose population estimate is not published by the Department of Finance, but that was incorporated prior to July 1 of the fiscal year in which an allocation from the SLESA is to be made, the city manager, or an appointee of the legislative body, if a city manager is not available, and the county administrative or executive officer shall prepare a joint notification to the Department of Finance and the county auditor with a population estimate reduction of the unincorporated area of the county equal to the population of the

newly incorporated city by July 15, or within 15 days after the Budget Act is enacted, of the fiscal year in which an allocation from the SLESA is to be made. No person residing within the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, or the Kensington Police Protection and Community Services District shall also be counted as residing within the unincorporated area of the County of San Mateo, Kern, Siskiyou, or Contra Costa, or within any city located within those counties. Except as provided in subdivision (j), the county auditor shall allocate a grant of at least one hundred thousand dollars (\$100,000) to each law enforcement jurisdiction. Moneys allocated to the county pursuant to this subdivision shall be retained in the county SLESA, and moneys allocated to a city pursuant to this subdivision shall be deposited in an SLESA established in the city treasury.

(4) Fifty percent to the county or city and county to implement a comprehensive multiagency juvenile justice plan as provided in this paragraph. The juvenile justice plan shall be developed by the local juvenile justice coordinating council in each county and city and county with the membership described in Section 749.22 of the Welfare and Institutions Code. If a plan has been previously approved by the Corrections Standards Authority or, commencing July 1, 2012, by the Board of State and Community Corrections, the plan shall be reviewed and modified annually by the council. The plan or modified plan shall be approved by the county board of supervisors, and in the case of a city and county, the plan shall also be approved by the mayor. The plan or modified plan shall be submitted to the Board of State and Community Corrections by May 1 of each year.

(A) Juvenile justice plans shall include, but not be limited to, all of the following components:

(i) An assessment of existing law enforcement, probation, education, mental health, health, social services, drug and alcohol, and youth services resources that specifically target at-risk juveniles, juvenile offenders, and their families.

(ii) An identification and prioritization of the neighborhoods, schools, and other areas in the community that face a significant public safety risk from juvenile crime, such as gang activity, daylight burglary, late-night robbery, vandalism, truancy, controlled

substances sales, firearm-related violence, and juvenile substance abuse and alcohol use.

(iii) A local juvenile justice action strategy that provides for a continuum of responses to juvenile crime and delinquency and demonstrates a collaborative and integrated approach for implementing a system of swift, certain, and graduated responses for at-risk youth and juvenile offenders.

(iv) Programs identified in clause (iii) that are proposed to be funded pursuant to this subparagraph, including the projected amount of funding for each program.

(B) Programs proposed to be funded shall satisfy all of the following requirements:

(i) Be based on programs and approaches that have been demonstrated to be effective in reducing delinquency and addressing juvenile crime for any elements of response to juvenile crime and delinquency, including prevention, intervention, suppression, and incapacitation.

(ii) Collaborate and integrate services of all the resources set forth in clause (i) of subparagraph (A), to the extent appropriate.

(iii) Employ information sharing systems to ensure that county actions are fully coordinated, and designed to provide data for measuring the success of juvenile justice programs and strategies.

(iv) Adopt goals related to the outcome measures that shall be used to determine the effectiveness of the local juvenile justice action strategy.

(C) The plan shall also identify the specific objectives of the programs proposed for funding and specified outcome measures to determine the effectiveness of the programs and contain an accounting for all program participants, including those who do not complete the programs. Outcome measures of the programs proposed to be funded shall include, but not be limited to, all of the following:

(i) The rate of juvenile arrests per 100,000 population.

(ii) The rate of successful completion of probation.

(iii) The rate of successful completion of restitution and court-ordered community service responsibilities.

(iv) Arrest, incarceration, and probation violation rates of program participants.

(v) Quantification of the annual per capita costs of the program.

(D) The Board of State and Community Corrections shall review plans or modified plans submitted pursuant to this paragraph within 30 days upon receipt of submitted or resubmitted plans or modified plans. The board shall approve only those plans or modified plans that fulfill the requirements of this paragraph, and shall advise a submitting county or city and county immediately upon the approval of its plan or modified plan. The board shall offer, and provide, if requested, technical assistance to any county or city and county that submits a plan or modified plan not in compliance with the requirements of this paragraph. The SLESA shall only allocate funding pursuant to this paragraph upon notification from the board that a plan or modified plan has been approved.

(E) To assess the effectiveness of programs funded pursuant to this paragraph using the program outcome criteria specified in subparagraph (C), the following periodic reports shall be submitted:

(i) Each county or city and county shall report, beginning October 15, 2002, and annually each October 15 thereafter, to the county board of supervisors and the Board of State and Community Corrections, in a format specified by the board, on the programs funded pursuant to this chapter and program outcomes as specified in subparagraph (C).

(ii) The Board of State and Community Corrections shall compile the local reports and, by March 15, 2003, and annually thereafter, make a report to the Governor and the Legislature on program expenditures within each county and city and county from the appropriation for the purposes of this paragraph, on the outcomes as specified in subparagraph (C) of the programs funded pursuant to this paragraph and the statewide effectiveness of the comprehensive multiagency juvenile justice plans.

(c) Subject to subdivision (d), for each fiscal year in which the county, each city, the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, and the Kensington Police Protection and Community Services District receive moneys pursuant to paragraph (3) of subdivision (b), the county, each city, and each district specified in this subdivision shall appropriate those moneys in accordance with the following procedures:

(1) In the case of the county, the county board of supervisors shall appropriate existing and anticipated moneys exclusively to

provide frontline law enforcement services, other than those services specified in paragraphs (1) and (2) of subdivision (b), in the unincorporated areas of the county, in response to written requests submitted to the board by the county sheriff and the district attorney. Any request submitted pursuant to this paragraph shall specify the frontline law enforcement needs of the requesting entity, and those personnel, equipment, and programs that are necessary to meet those needs.

(2) In the case of a city, the city council shall appropriate existing and anticipated moneys exclusively to fund frontline municipal police services, in accordance with written requests submitted by the chief of police of that city or the chief administrator of the law enforcement agency that provides police services for that city.

(3) In the case of the Broadmoor Police Protection District within the County of San Mateo, the Bear Valley Community Services District or the Stallion Springs Community Services District within Kern County, the Lake Shastina Community Services District within Siskiyou County, or the Kensington Police Protection and Community Services District within Contra Costa County, the legislative body of that special district shall appropriate existing and anticipated moneys exclusively to fund frontline municipal police services, in accordance with written requests submitted by the chief administrator of the law enforcement agency that provides police services for that special district.

(d) For each fiscal year in which the county, a city, or the Broadmoor Police Protection District within the County of San Mateo, the Bear Valley Community Services District or the Stallion Springs Community Services District within Kern County, the Lake Shastina Community Services District within Siskiyou County, or the Kensington Police Protection and Community Services District within Contra Costa County receives any moneys pursuant to this chapter, in no event shall the governing body of any of those recipient agencies subsequently alter any previous, valid appropriation by that body, for that same fiscal year, of moneys allocated to the county or city pursuant to paragraph (3) of subdivision (b).

(e) For the 2011–12 fiscal year, the Controller shall allocate 23.54 percent of the amount deposited in the Local Law Enforcement Services Account in the Local Revenue Fund 2011

for the purposes of paragraphs (1), (2), and (3) of subdivision (b), and shall allocate 23.54 percent for purposes of paragraph (4) of subdivision (b).

(f) Commencing with the 2012–13 fiscal year, subsequent to the allocation described in subdivision (c) of Section 29552, the Controller shall allocate 23.54363596 percent of the remaining amount deposited in the Enhancing Law Enforcement Activities Subaccount in the Local Revenue Fund 2011 for the purposes of paragraphs (1) to (3), inclusive, of subdivision (b), and, subsequent to the allocation described in subdivision (c) of Section 29552, shall allocate 23.54363596 percent of the remaining amount for purposes of paragraph (4) of subdivision (b).

(g) Commencing with the 2013–14 fiscal year, subsequent to the allocation described in subdivision (d) of Section 29552, the Controller shall allocate 23.54363596 percent of the remaining amount deposited in the Enhancing Law Enforcement Activities Subaccount in the Local Revenue Fund 2011 for the purposes of paragraphs (1) to (3), inclusive, of subdivision (b), and, subsequent to the allocation described in subdivision (d) of Section 29552, shall allocate 23.54363596 percent of the remaining amount for purposes of paragraph (4) of subdivision (b). The Controller shall allocate funds in monthly installments to local jurisdictions for public safety in accordance with this section as annually calculated by the Director of Finance.

(h) Funds received pursuant to subdivision (b) shall be expended or encumbered in accordance with this chapter no later than June 30 of the following fiscal year. (b) For purposes of this section:

(1) “Qualified property” means property that meets all of the following requirements:

(C) The qualified property is used by the qualified taxpayer exclusively in a targeted tax area, or in the case of a targeted tax area that was repealed by Chapter 69 of the Statutes of 2013, the area designated as a targeted tax area immediately prior to the repeal.

(D) The qualified property is purchased before the date the targeted tax area designation expires, is revoked, is no longer binding, becomes inoperative, or is repealed.

(E) The qualified property is placed in service before January 1, 2015.

(2) (A) “Qualified taxpayer” means a person or entity that meets both of the following:

(e) In the case where the credit otherwise allowed under this section exceeds the “net tax” for the taxable year, that portion of the credit that exceeds the “net tax” may be carried over and added to the credit, if any, in the succeeding 10 taxable years, if necessary, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(f) Any qualified taxpayer who elects to be subject to this section shall not be entitled to increase the basis of the qualified property as otherwise required by Section 164(a) of the Internal Revenue Code with respect to sales or use tax paid or incurred in connection with the qualified taxpayer’s purchase of qualified property.

(2) Attributable income shall be that portion of the taxpayer’s California source business income that is apportioned to the targeted tax area. For that purpose, the taxpayer’s business income attributable to sources in this state first shall be determined in accordance with Chapter 17 (commencing with Section 25101) of

(A) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in the targeted tax area during the taxable year, and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used in this state during the taxable year.

(B) The payroll factor is a fraction, the numerator of which is the total amount paid by the taxpayer in the targeted tax area during the taxable year for compensation, and the denominator of which is the total compensation paid by the taxpayer in this state during the taxable year.

(4) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, if necessary, until the credit is exhausted, as if it were an amount exceeding the "net tax" for the taxable year, as provided in subdivision (e). However, the portion of any credit remaining for carryover to taxable years beginning on or after January 1, 2014, if any, after application of this subdivision, shall be carried over only to the succeeding 10 taxable years if necessary, until the credit is exhausted, as if it were an amount exceeding the "net tax" for the taxable year, as provided in subdivision (e).

(5) In the event that a credit carryover is allowable under subdivision (e) for any taxable year after the targeted tax area designation has expired, has been revoked, is no longer binding, or has become inoperative, the targeted tax area shall be deemed to remain in existence for purposes of computing the limitation specified in this subdivision.

(h) The amendments made to this section by the act adding this subdivision shall apply to taxable years beginning on or after January 1, 1998.

(i) This section is repealed on December 1, 2015.
