

AMENDED IN ASSEMBLY JUNE 12, 2013

SENATE BILL

No. 86

Introduced by Committee on Budget and Fiscal Review

January 10, 2013

An act relating to the Budget Act of 2013. An act to add Sections 53545.15 and 53565 to the Health and Safety Code, to amend Section 97.68 of, and to add Sections 18032 and 24953 to, the Revenue and Taxation Code, and to amend Section 2 of Chapter 777 of the Statutes of 2012, relating to state government, and making an appropriation therefor, to take effect immediately, bill related to the budget.

LEGISLATIVE COUNSEL'S DIGEST

SB 86, as amended, Committee on Budget and Fiscal Review. ~~Budget Act of 2013.~~ *State government.*

(1) Existing law provides that there is the Transit-Oriented Development Implementation Fund from which the Department of Housing and Community Development shall provide grants and loans to cities, counties, cities and counties, transit agencies, and developers for the purpose of developing or facilitating the development of higher density uses within close proximity to transit stations that will increase public transit riderships. Existing law appropriates various sums to this fund for use by the department for liquidation of encumbrances for limited periods of time, as specified.

This bill would instead extend the period of time during which the appropriated funds shall be available for liquidation of encumbrances until June 30, 2017, subject to performance-based milestones to be established by the department.

Existing law provides that there is the Regional Planning, Housing, and Infill Incentive Account in the Housing and Emergency Shelter

Trust Fund of 2006 from which funds shall be available, upon appropriation by the Legislature, and subject to other conditions and criteria as the Legislature may provide in statute, for infill incentive grants for capital outlay related to infill housing development and other related infill development, and for brownfield cleanup that promotes infill housing development and other related infill development consistent with regional and local plans. Existing law appropriates various sums to this fund for use by the department for liquidation of encumbrances for limited periods of time, as specified.

This bill instead would extend the period of time during which the appropriated funds shall be available for liquidation of encumbrances until June 30, 2017, subject to performance-based milestones to be established by the department.

Because this bill would extend the period of time during which various appropriations are available for use by the department for particular purposes, this bill would make an appropriation.

(2) Existing law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures, and generally requires that each jurisdiction be allocated an amount equal to the total of the amount of revenue allocated to that jurisdiction in the prior fiscal year, subject to certain modifications, and that jurisdiction's portion of the annual tax increment, as defined. Existing property tax law also reduces the amounts of ad valorem property tax revenue that would otherwise be annually allocated to the county, cities, and special districts pursuant to these general allocation requirements by requiring, for purposes of determining property tax revenue allocations in each county for the 1992–93 and 1993–94 fiscal years, that the amounts of property tax revenue deemed allocated in the prior fiscal year to the county, cities, and special districts be reduced in accordance with certain formulas. Existing law requires that the revenues not allocated to the county, cities, and special districts as a result of these reductions be transferred to the Educational Revenue Augmentation Fund in that county for allocation to school districts, community college districts, and the county office of education.

Existing law requires the county auditor to decrease, for the fiscal adjustment period, as defined, the amount of ad valorem property tax revenue allocated to a county's Educational Revenue Augmentation Fund by the countywide adjustment amount, as defined, and requires the county auditor to instead allocate this amount to the Sales and Use

Tax Compensation Fund in the county. Existing law requires, during this same period, the county auditor to allocate moneys from the Sales and Use Tax Compensation Fund to cities and counties to reimburse these entities for local tax revenue losses resulting from a specified statute, as provided. Existing law defines the “fiscal adjustment period” as the period beginning with the 2004–05 fiscal year and continuing through the fiscal year in which the Director of Finance provides a notification to the State Board of Equalization, as provided. Existing law specifies the manner in which the countywide adjustment amount is required to be calculated and to be allocated after the end of the fiscal adjustment period.

This bill would redefine the “fiscal adjustment period” to instead mean the fiscal year in which the Director of Finance provides a specified notification to the State Board of Equalization or the fiscal year in which an additional countywide adjustment amount is determined by the Director of Finance, whichever is later. This bill would require the Director of Finance to estimate when the notification to the State Board of Equalization is likely to occur, and to determine the month of that notification, as provided.

This bill would require the Director of Finance, in the calendar year quarter when the director determines that the notification to the State Board of Equalization will occur within either the current or subsequent quarter, to revise the countywide adjustment amount, as specified. This bill would require the Director of Finance, after the end of the revenue exchange period, to provide a schedule to the Controller and the auditor of each county and a copy to the Joint Legislative Budget Committee, of amounts required to be transferred from the Fiscal Recovery Fund to the Sales and Use Tax Compensation Fund in each county, as specified. This bill would require the Controller to transfer the amounts specified in the schedule from the Fiscal Recovery Fund to the Sales and Use Tax Compensation Fund in each county for allocation by the auditor of each county to the county and each city in the county, as provided, thereby making an appropriation.

(3) The Personal Income Tax Law and the Corporation Tax Law exclude the recognition of any gain or loss on the exchange of property held for productive use in a trade or business or for investment, if that property is exchanged solely for property of a like kind that is to be held either for productive use in a trade or business or for investment. Existing law authorizes the Franchise Tax Board to propose an assessment upon a failure to file a return, as provided.

This bill would, for exchanges that occur in taxable years beginning on or after January 1, 2014, require taxpayers to file an informational return with the Franchise Tax Board if the property acquired in the exchange is located out of state. The bill would authorize the Franchise Tax Board to make an estimate of the net income, from any available information, and to propose to assess the amount of tax, interest, and penalties due in a specified manner if the taxpayer fails to file the information return, and fails to file a tax return, as provided.

(4) Existing law, the Housing and Emergency Shelter Trust Fund Act of 2006, authorizes the issuance of bonds in the amount of \$2,850,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds are used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, housing-related parks, and transit-oriented development administered by the Department of Housing and Community Development. Existing law appropriates \$50,000,000, and additional moneys, as specified, of bond revenues to the Department of Housing and Community Development. From that amount, existing law allocates \$25,000,000, and additional moneys, as specified, from the Regional Planning, Housing, and Infill Incentive Account for infill incentive grants, and \$25,000,000, and additional moneys, from the Transit-Oriented Development Implementation Fund for transit-oriented grants and loans, including any moneys allocated and appropriated that become disencumbered and redeposited in the Transit-Oriented Development Account during the 2012–13 fiscal year, for the purpose of funding transit-oriented grants and loans, as specified.

This bill would additionally allocate any moneys allocated and appropriated that become disencumbered and redeposited in the Transit-Oriented Development Account during the 2013–14 fiscal year for the purpose of funding transit-oriented grants and loans, as specified, thereby making an appropriation.

(5) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

~~This bill would express the intent of the Legislature to enact statutory changes relating to the Budget Act of 2013.~~

6 SEC. 3. *Section 97.68 of the Revenue and Taxation Code is*
7 *amended to read:*

8 97.68. Notwithstanding any other provision of law, in allocating
9 ad valorem property tax revenue allocations for each fiscal year
10 during the fiscal adjustment period, all of the following apply:

11 (a) (1) The total amount of ad valorem property tax revenue
12 otherwise required to be allocated to a county's Educational
13 Revenue Augmentation Fund shall be reduced by the countywide
14 adjustment amount.

15 (2) The countywide adjustment amount shall be deposited in a
16 Sales and Use Tax Compensation Fund that shall be established
17 in the treasury of each county.

18 (b) For purposes of this section, the following definitions apply:

19 (1) "Fiscal adjustment period" means the period beginning with
20 the 2004–05 fiscal year and continuing through the ~~fiscal year in~~
21 ~~which the Director of Finance notifies the State Board of~~
22 ~~Equalization pursuant to subdivision (b) of Section 99006 of the~~
23 ~~Government Code.~~ *later of either of the following:*

24 (A) *The fiscal year in which the Director of Finance notifies the*
25 *State Board of Equalization pursuant to subdivision (b) of Section*
26 *99006 of the Government Code.*

27 (B) *The fiscal year in which an additional countywide*
28 *adjustment amount, as described in subparagraph (B) of paragraph*
29 *(3) of subdivision (d), is determined.*

30 (2) Except as otherwise provided in subdivision (d), the
31 "countywide adjustment amount" means the combined total
32 revenue loss of the county and each city in the county that is
33 annually estimated by the Director of Finance, based upon the
34 actual amount of sales and use tax revenues transmitted under
35 Section 7204 in that county in the prior fiscal year and any
36 projected growth on that amount for the current fiscal year as
37 determined by the State Board of Equalization and reported to the
38 director on or before August 15 of each fiscal year during the fiscal
39 adjustment period, to result for each of those fiscal years from the
40 0.25 percent reduction in local sales and use rate tax authority

1 applied by Section 7203.1. The director shall adjust the estimates
2 described in this paragraph if the board reports to him or her any
3 changes in the projected growth in local sales and use tax revenues
4 for the current fiscal year.

5 (3) “In lieu local sales and use tax revenues” means those
6 revenues that are transferred under this section to a county or a
7 city from a Sales and Use Tax Compensation Fund or an
8 Educational Revenue Augmentation Fund.

9 (c) Except as otherwise provided in subdivision (d), for each
10 fiscal year during the fiscal adjustment period, in lieu sales and
11 use tax revenues in the Sales and Use Tax Compensation Fund
12 shall be allocated among the county and the cities in the county,
13 and those allocations shall be subsequently adjusted, as follows:

14 (1) The Director of Finance shall, on or before September 1 of
15 each fiscal year during the fiscal adjustment period, notify each
16 county auditor of that portion of the countywide adjustment amount
17 for that fiscal year that is attributable to the county and to each
18 city within that county.

19 (2) The county auditor shall allocate revenues in the Sales and
20 Use Tax Compensation Fund among the county and cities in the
21 county in the amounts described in paragraph (1). The auditor shall
22 allocate one-half of the amount described in paragraph (1) in each
23 January during the fiscal adjustment period and shall allocate the
24 balance of that amount in each May during the fiscal adjustment
25 period.

26 (3) After the end of each fiscal year during the fiscal adjustment
27 period, other than a fiscal year subject to subdivision (d), the
28 Director of Finance shall, based on the actual amount of sales and
29 use tax revenues that were not transmitted for the prior fiscal year,
30 recalculate each amount estimated under paragraph (1) and notify
31 the county auditor of the recalculated amount.

32 (4) If the amount recalculated under paragraph (3) for the county
33 or any city in the county is greater than the amount allocated to
34 that local agency under paragraph (2), the county auditor shall, in
35 the fiscal year next following the fiscal year for which the
36 allocation was made, transfer an amount of ad valorem property
37 tax revenue equal to this difference from the Sales and Use Tax
38 Compensation Fund to that local agency.

39 (5) If the amount recalculated under paragraph (3) for the county
40 or any city in the county is less than the amount allocated to that

1 local agency under paragraph (2), the county auditor shall, in the
2 fiscal year next following the fiscal year for which the allocation
3 was made, reduce the total amount of ad valorem property tax
4 revenue otherwise allocated to that city or county from the Sales
5 and Use Tax Compensation Fund by an amount equal to this
6 difference and instead allocate this difference to the county
7 Educational Revenue Augmentation Fund.

8 (6) If there is an insufficient amount of moneys in a county's
9 Sales and Use Tax Compensation Fund to make the transfers
10 required by paragraph (4), the county auditor shall transfer from
11 the county Educational Revenue Augmentation Fund an amount
12 sufficient to make the full amount of these transfers.

13 ~~(d) Notwithstanding any other provision of this section, when~~
14 ~~Section 7203.1 ceases to be operative, all of the following apply:~~

15 ~~(1) If Section 7203.1 ceases to be operative on an October 1 of~~
16 ~~a fiscal year during the fiscal adjustment period, all of the following~~
17 ~~apply:~~

18 ~~(A) The "countywide adjustment amount" for that fiscal year~~
19 ~~means an amount equal to sum of the following two amounts:~~

20 ~~(i) The combined total revenue loss of the county and each city~~
21 ~~in the county that is estimated by the director, based upon actual~~
22 ~~sales and use tax revenues transmitted under Section 7204 for the~~
23 ~~first quarter of the prior fiscal year as determined by the State~~
24 ~~Board of Equalization and reported to the director on or before~~
25 ~~that August 15, to result for the first quarter of the current fiscal~~
26 ~~year from the 0.25 percent reduction in local sales and use tax rate~~
27 ~~authority applied by Section 7203.1.~~

28 ~~(ii) The difference between the following two amounts:~~

29 ~~(I) The total amount that was allocated to the county and each~~
30 ~~city in the county under subdivision (e) for the prior fiscal year.~~

31 ~~(II) The actual total amount of local sales and use tax revenue~~
32 ~~that was not transmitted the county or city and county and each~~
33 ~~city in the county for the prior fiscal year as a result of the 0.25~~
34 ~~percent suspension of local sales and use tax authority applied by~~
35 ~~Section 7203.1.~~

36 ~~(B) On or before January 31 of that fiscal year, the auditor shall~~
37 ~~allocate to the county and each city in the county that portion of~~
38 ~~the countywide adjustment amount for that fiscal year that is~~
39 ~~attributable to the county and each city in the county.~~

1 ~~(C) On or before May 1 of that fiscal year, the State Board of~~
2 ~~Equalization shall report to the director the actual total amount of~~
3 ~~local sales and use tax revenue that was not transmitted to the~~
4 ~~county and each city in the county in that fiscal year as a result of~~
5 ~~the 0.25 percent suspension of local sales and use tax authority~~
6 ~~applied by Section 7203.1. On or before May 1 of that fiscal year,~~
7 ~~the director shall do both of the following:~~
8 ~~(i) Determine the difference between the following two amounts:~~
9 ~~(I) The amount specified in clause (i) of subparagraph (A) that~~
10 ~~was allocated to the county and each city in the county for that~~
11 ~~fiscal year under subparagraph (B).~~
12 ~~(II) The actual total amount of local sales and use tax revenue~~
13 ~~that was not transmitted to the county and each city in the county~~
14 ~~for that fiscal year as a result of the 0.25 percent suspension of~~
15 ~~local sales and use tax authority applied by Section 7203.1.~~
16 ~~(ii) Notify the auditor of each county of the amounts determined~~
17 ~~under clause (i) for his or her county and all of the cities in that~~
18 ~~county.~~
19 ~~(D) (i) If, for any county or city, the amount described in~~
20 ~~subclause (I) of clause (i) of subparagraph (C) is greater than the~~
21 ~~amount described in subclause (II) of clause (i) of subparagraph~~
22 ~~(C), the county auditor shall, on or before May 31 of that fiscal~~
23 ~~year, reallocate from the entity to the county Educational Revenue~~
24 ~~Augmentation Fund the difference between those amounts.~~
25 ~~(ii) If, for any county or city, the amount described in subclause~~
26 ~~(I) of clause (i) of subparagraph (C) is less than the amount~~
27 ~~described in subclause (II) of clause (i) of subparagraph (C), the~~
28 ~~county auditor shall, on or before May 31 of that fiscal year,~~
29 ~~reallocate from the county Educational Revenue Augmentation~~
30 ~~Fund to that entity the difference between those amounts.~~
31 ~~(2) If Section 7203.1 ceases to be operative on a January 1 of~~
32 ~~a fiscal year during the fiscal adjustment period, all of the following~~
33 ~~apply:~~
34 ~~(A) The “countywide adjustment amount” for that fiscal year~~
35 ~~means an amount equal to the sum of the following two amounts:~~
36 ~~(i) The combined total revenue loss of the county and each city~~
37 ~~in the county that is estimated by the director, based upon actual~~
38 ~~sales and use tax revenues transmitted under Section 7204 for the~~
39 ~~first and second quarters of the prior fiscal year as determined by~~
40 ~~the State Board of Equalization and reported to the director on or~~

1 before that August 15, to result for the first and second quarters
2 of that fiscal year from the 0.25 percent reduction in local sales
3 and use tax rate authority applied by Section 7203.1.

4 (ii) The difference between the following two amounts:

5 (I) The total amount that was allocated to the county and each
6 city in the county under subdivision (e) for the prior fiscal year.

7 (II) The actual total amount of local sales and use tax revenue
8 that was not transmitted the county or city and county and each
9 city in the county for the prior fiscal year as a result of the 0.25
10 percent suspension of local sales and use tax authority applied by
11 Section 7203.1.

12 (B) The auditor shall allocate to the county and each city in the
13 county that portion of the countywide adjustment amount for that
14 fiscal year that is attributable to the county and each city in the
15 county. One-half of this amount shall be allocated on or before
16 January 31 of that fiscal year and the other one-half of that amount
17 shall be allocated on or before May 31 of that fiscal year.

18 (C) On or before June 30 of that fiscal year, the State Board of
19 Equalization shall report to the director the actual total amount of
20 local sales and use tax revenue that was not transmitted to the
21 county and each city in the county for that fiscal year as a result
22 of the 0.25 percent suspension of local sales and use tax authority
23 applied by Section 7203.1. On or before June 30 of that fiscal year,
24 the director shall do both of the following:

25 (i) Determine the difference between the following two amounts:

26 (I) The amount specified in clause (i) of subparagraph (A) that
27 was allocated to the county and each city in the county for that
28 fiscal year under subparagraph (B).

29 (II) The actual total amount of local sales and use tax revenue
30 that was not transmitted to the county and each city in the county
31 for that fiscal year as a result of the 0.25 percent suspension of
32 local sales and use tax authority applied by Section 7203.1.

33 (ii) Notify the auditor of each county of the amounts determined
34 under clause (i) for his or her county and all of the cities in that
35 county.

36 (D) (i) If, for any county or city, the amount described in
37 subclause (I) of clause (i) of subparagraph (C) is greater than the
38 amount described in subclause (II) of clause (i) of subparagraph
39 (C), the county auditor shall, on or before January 31 of the
40 following fiscal year, reallocate from the entity to the county

1 Educational Revenue Augmentation Fund the difference between
2 those amounts.

3 (ii) If, for any county or city, the amount described in subclause
4 (I) of clause (i) of subparagraph (C) is less than the amount
5 described in subclause (II) of clause (i) of subparagraph (C), the

8 Augmentation Fund to that entity the difference between those
9 amounts.

10 (3) If Section 7203.1 ceases to be operative on an April 1 of a
11 fiscal year during the fiscal adjustment period, all of the following
12 apply:

13 (A) On or before May 1 of that fiscal year, the director shall
14 determine and report to the auditor of each county that portion of
15 the countywide adjustment amount that is attributable to the
16 estimated sales and use tax revenue losses, resulting from the rate
17 suspension applied by Section 7203.1, for the fourth quarter of
18 that fiscal year for the county and each city in the county.

19 (B) The auditor shall reduce the total amount that is otherwise
20 required to be allocated in May of that fiscal year from the county
21 Sales and Use Tax Compensation Fund to the county and each city
22 in the county by the amount reported by the director with respect
23 to that entity under subparagraph (A). After the May allocations
24 have been made, the auditor shall transfer any moneys remaining
25 in the county Sales and Use Tax Compensation Fund to the county
26 Educational Revenue Augmentation Fund.

27 (C) On or before January 1 of the next fiscal year, the State
28 Board of Equalization shall report to the director the actual total
29 amount of local sales and use tax revenue that was not transmitted
30 to the county and each city in the county for the prior fiscal year
31 as a result of the 0.25 percent suspension of local sales and use tax
32 authority applied by Section 7203.1. On or before January 1 of
33 that fiscal year, the director shall do both of the following:

34 (i) Determine the difference between the following two amounts:

1 for the prior fiscal year as a result of the 0.25 percent suspension
2 of local sales and use tax authority applied by Section 7203.1.

3 (ii) ~~Notify the auditor of each county of the amounts determined~~
4 ~~under clause (i) for his or her county and all of the cities in that~~
5 ~~county.~~

6 (D) (i) ~~If, for any county or city, the amount described in~~
7 ~~subclause (I) of clause (i) of subparagraph (C) is greater than the~~

9 ~~(C), the county auditor shall, on or before January 31 of that fiscal~~
10 ~~year, reallocate from the entity to the county Educational Revenue~~
11 ~~Augmentation Fund the difference between those amounts.~~

12 (ii) ~~If, for any county or city, the amount described in subclause~~
13 ~~(I) of clause (i) of subparagraph (C) is less than the amount~~
14 ~~described in subclause (II) of clause (i) of subparagraph (C), the~~
15 ~~county auditor shall, on or before January 31 of the following fiscal~~
16 ~~year, reallocate from the county Educational Revenue~~
17 ~~Augmentation Fund to that entity the difference between those~~
18 ~~amounts.~~

19 (4) ~~If Section 7203.1 ceases to be operative on a July 1, all of~~
20 ~~the following apply:~~

21 (A) ~~On or before January 1 of that fiscal year, the State Board~~
22 ~~of Equalization shall notify the Director of Finance of the actual~~
23 ~~total amount of local sales and use tax revenue that was not~~
24 ~~transmitted to each county and city for the prior fiscal year as a~~
25 ~~result of the 0.25 percent suspension of local sales and use tax~~
26 ~~authority applied by Section 7203.1.~~

27 (B) ~~On or before January 31 of that fiscal year, the director shall~~
28 ~~do both of the following:~~

29 (i) ~~Determine for each city, county, and city and county, the~~
30 ~~difference between the following two amounts:~~

31 (I) ~~The total amount that was allocated to that entity under~~
32 ~~subdivision (e) for the prior fiscal year.~~

33 (II) ~~The actual total amount of local sales and use tax revenue~~
34 ~~that was not transmitted to the entity for the prior fiscal year as a~~
35 ~~result of the 0.25 percent suspension of local sales and use tax~~
36 ~~authority applied by Section 7203.1.~~

37 (ii) ~~Notify the auditor of each county of the amounts determined~~
38 ~~under clause (i) for his or her county and all of the cities in that~~
39 ~~county.~~

1 ~~(C) (i) If, for any county or city, the amount described in~~
2 ~~subclause (I) of clause (i) of subparagraph (B) is greater than the~~
3 ~~amount described in subclause (II) of clause (i) of subparagraph~~
4 ~~(B), the county auditor shall, on or before January 31 of that fiscal~~
5 ~~year, reallocate from the entity to the county Educational Revenue~~

14 *(d) (1) At such time as the Director of Finance estimates that*
15 *the notification described in subparagraph (A) of paragraph (1)*
16 *of subdivision (b) is likely to occur within the subsequent 12*
17 *months, the director shall, at the beginning of each subsequent*
18 *calendar year quarter, determine the month in which the*
19 *notification will occur.*

20 *(2) (A) In the calendar year quarter in which the Director of*
21 *Finance determines that the notification described in subparagraph*
22 *(A) of paragraph (1) of subdivision (b) will occur within either the*
23 *current or subsequent quarter, the director shall revise the*
24 *countywide adjustment amount described in subdivision (c) for*
25 *the current fiscal year such that the countywide adjustment amount*
26 *is calculated only through the quarter in which the director gives*
27 *notification pursuant to subparagraph (A) of paragraph (1) of*
28 *subdivision (b). The director, when appropriate, may revise the*
29 *countywide adjustment amount described in subdivision (c) for*
30 *the subsequent fiscal year such that the countywide adjustment*
31 *amount described in subdivision (c) is calculated only through the*

1 Finance gives notification pursuant to subparagraph (A) of
2 paragraph (1) of subdivision (b).

3 (3) (A) After the end of the revenue exchange period, the
4 Director of Finance shall do both of the following:

5 (i) Provide to the Controller, with a copy to the Joint Legislative
6 Budget Committee, a schedule providing for a transfer from the
7 Fiscal Recovery Fund, established pursuant to Section 99008 of
8 the Government Code, to the Sales and Use Tax Compensation
9 Fund of either of the following amounts:

10 (I) An amount equal to the local sales and use tax revenue not
11 received by the county and each city in the county during the
12 revenue exchange period as a result of the 0.25-percent reduction
13 in local sales and use tax authority applied by Section 7203.1
14 minus the sum of all countywide adjustment amounts deposited
15 during the revenue exchange period, as determined by the director.
16 This amount shall be summed over all counties.

17 (II) If the amount summed over all counties in subclause (I) is
18 greater than the difference between the balance in the Fiscal
19 Recovery Fund and an amount sufficient to cover the estimated
20 costs associated with closing the Fiscal Recovery Fund, then a
21 proportion shall be calculated equal to the proportion between
22 the amount in subclause (I) summed over all counties and an
23 amount equal to the difference between the balance in the Fiscal
24 Recovery Fund and an amount sufficient to cover the estimated
25 costs associated with closing the Fiscal Recovery Fund. The
26 amount calculated under this subclause is equal to the product of
27 the amount calculated in subclause (I) and the proportion
28 calculated in this subclause.

29 (ii) Provide a schedule to the auditor of each county of the
30 amounts calculated under clause (i).

31 (B) If the amount provided for in the schedule required pursuant
32 to clause (i) of subparagraph (A) is the amount that is described
33 in subclause (II) of clause (i) of subparagraph (A), an amount
34 equal to the difference between the amount that is described in
35 subclause (I) of clause (i) of subparagraph (A) and the amount
36 that is described in subclause (II) of clause (i) of subparagraph
37 (A) shall constitute an additional countywide adjustment amount
38 to be applied in the manner prescribed in subdivision (a) for either
39 the current or subsequent fiscal year, as determined by the director.

1 (4) *The Controller shall transfer, from the Fiscal Recovery Fund*
2 *to the Sales and Use Tax Compensation Fund for each county, the*
3 *amount specified for that county in the schedule provided by the*
4 *Director of Finance pursuant to clause (i) of subparagraph (A) of*
5 *paragraph (3).*

6 (5) *Within 60 days of the transfer by the Controller of revenues*
7 *from the Fiscal Recovery Fund to the Sales and Use Tax*
8 *Compensation Fund for each county, each county auditor shall*
9 *allocate revenue to the county and each city in the county per the*
10 *schedule provided by the Director of Finance pursuant to clause*
11 *(ii) of subparagraph (A) of paragraph (3).*

13 *has the same meaning as defined in subdivision (b) of Section*
14 *7203.1*

15 (e) For the 2005–06 fiscal year and each fiscal year thereafter,
16 the amounts determined under subdivision (a) of Section 96.1, or
17 any successor to that provision, may not reflect any portion of any

19 preceding fiscal year.

20 (f) This section may not be construed to do any of the following:

21 (1) Reduce any allocations of excess, additional, or remaining

23 cities and counties, or special districts pursuant to clause (i) of
24 subparagraph (B) of paragraph (4) of subdivision (d) of Section
25 97.2, clause (i) of subparagraph (B) of paragraph (4) of subdivision
26 (d) of Section 97.3, or Article 4 (commencing with Section 98),
27 had this section not been enacted. The allocation made pursuant
28 to subdivisions (a) and (c) shall be adjusted to comply with this
29 paragraph.

30 (2) Require an increased ad valorem property tax revenue
31 allocation to a community redevelopment agency.

32 (3) Alter the manner in which ad valorem property tax revenue
33 growth from fiscal year to fiscal year is determined or allocated
34 in a county.

35 (g) Existing tax exchange or revenue sharing agreements,
36 entered into prior to the operative date of this section, between
37 local agencies or between local agencies and nonlocal agencies
38 shall be deemed to be temporarily modified to account for the
39 reduced sales and use tax revenues, resulting from the temporary
40 reduction in the local sales and use tax rate, with those reduced

1 revenues to be replaced in kind by property tax revenue from a
2 Sales and Use Tax Compensation Fund or an Educational Revenue
3 Augmentation Fund, on a temporary basis, as provided by this
4 section.
