LEGISLATIVE COUNSEL'S DIGEST

SB 105, Steinberg. Corrections.

(1) Existing law requires the Department of Corrections and Rehabilitation to close the California Rehabilitation Center located in Norco, California, no later than either December 31, 2016, or 6 months after the construction of three Level II dorm facilities.

This bill would suspend this requirement pending a review by the Department of Finance and the Department of Corrections and Rehabilitation that determines the facility can be closed.

(2) The California Constitution establishes the civil service, to include every officer and employee of the state, except as provided, and requires permanent appointment and promotion in the civil service to be made under a general system based on merit ascertained by competitive examination.

Existing law requires the appointing power in all cases not exempted by the California Constitution to fill positions by appointment, including cases of transfers, reinstatements, promotions, and demotions, in strict accordance with specified provisions of law, and requires that appointments to vacant positions be made from employment lists.

Existing law, subject to the approval of the State Personnel Board, allows an appointing agency to enter into arrangements with personnel agencies in other jurisdictions for the purpose of exchanging services and effecting transfers of employees.

This bill would, until January 1, 2017, make the private California City Correctional Center in California City an agency or jurisdiction for the purpose of exchanging services pursuant to the above provision and all related rules.

(3) Existing law allows the State Personnel Board to prescribe rules governing the temporary assignment or loan of employees within an agency or between agencies not to exceed 2 years, or between jurisdictions not to exceed 4 years, for specified purposes.

This bill would, until January 1, 2017, make the private California City Correctional Center in California City an agency or jurisdiction for the purpose of the above provision and all related rules for a period not to exceed 2 years.

(4) Existing law allows the Secretary of the Department of Corrections and Rehabilitation to enter into an agreement with a city, county, or city and county, to permit transfer of prisoners in the custody of the secretary to a jail or other adult correctional facility. Under existing law, prisoners transferred to a local facility remain under the legal custody of the department. Existing law prohibits any agreement pursuant to these provisions unless the cost per inmate in the facility is no greater than the average costs of keeping an inmate in a comparable facility of the department.

This bill would, until January 1, 2017, for purposes of entering into agreements pursuant to the above provisions, waive any process, regulation, or requirement relating to entering into those agreements. The bill would, until January 1, 2017, delete the provision requiring that prisoners transferred to a local facility remain under the legal custody of the department and would delete the requirement that no agreement be entered into unless the cost per inmate in the facility is no greater than the average costs of keeping an inmate in a comparable facility of the department. The bill would, until January 1, 2017, allow a transfer of prisoners to include inmates who have been sentenced to the department but remain housed in a county jail, and would specify that these prisoners shall be under the sole legal custody and jurisdiction of the sheriff or other official having jurisdiction over the facility and not under the legal custody and jurisdiction of the department.

The bill would also, until January 1, 2017, allow the secretary to enter into one or more agreements in the form of a lease or operating agreement with private entities to obtain secure housing capacity in the state or in another state, upon terms and conditions deemed necessary and appropriate to the secretary. The bill would, until January 1, 2017, waive any process, regulation, or requirement that relates to the procurement or implementation of those agreements, except as specified. The bill would make the

provisions of the California Environmental Quality Act inapplicable to these provisions.

(5) Existing law allows the Secretary of the Department of Corrections and Rehabilitation to establish and operate community correctional centers.

This bill would, until January 1, 2017, allow the secretary to enter into agreements for the transfer of prisoners to community correctional centers, and to enter into contracts to provide housing, sustenance, and supervision for inmates placed in community correctional centers. The bill would, until January 1, 2017, waive any process, regulation, or requirement that relates to entering into those agreements.

(6) Existing law allows any court or other agency or officer of this state having power to commit or transfer an inmate to any institution for confinement to commit or transfer that inmate to any institution outside this state if this state has entered into a contract or contracts for the confinement of inmates in that institution and the inmate, if he or she was sentenced under California law, has executed written consent to the transfer.

This bill would, until January 1, 2017, allow the secretary to transfer an inmate to a facility in another state without the consent of the inmate.

(7) Existing law establishes the Commission on Correctional Peace Officer Standards and Training (CPOST) within the Department of Corrections and Rehabilitation and requires the CPOST to develop, approve, and monitor standards for the selection and training of state correctional peace officers. Existing law allows for the use of training academies and centers, as specified.

This bill would, until January 1, 2017, allow the department to use a training academy established for the private California City Correctional Center.

(8) Existing law, the California Community Corrections Performance Incentives Act of 2009, authorizes each county to establish a Community Corrections Performance Incentives Fund, and authorizes the state to annually allocate moneys into a State Community Corrections Performance Incentives Fund to be used for specified purposes relating to improving local probation supervision practices and capacities. As part of the California Community Corrections Performance Incentives Act of 2009,

existing law requires the Director of Finance to make certain calculations, including the cost to the state to incarcerate in prison and supervise on parole an offender who fails local supervision and is sent to prison. Existing law requires the Director of Finance to calculate a probation failure reduction incentive payment based on the estimated number of probationers successfully prevented from being incarcerated, multiplied by a specified percentage of the cost to the state to incarcerate in prison and supervise on parole a probationer who was sent to prison. Existing law requires the Department of Finance to calculate 5% of the total statewide estimated number of probationers successfully prevented from being incarcerated for counties that successfully reduce the number of adult felony probationers incarcerated multiplied by the costs to the state to incarcerate in prison and supervise on parole a probationer who was sent to prison to be used to provide high performance grants to county probation departments.

This bill would, beginning July 1, 2014, remove the requirement that the Director of Finance calculate the cost to the state to incarcerate in prison and supervise on parole an offender who fails local supervision and is sent to prison, and would instead require the Director of Finance to calculate the cost to the state to incarcerate in a contract facility and supervise on parole an offender who fails local supervision and is sent to prison. The bill would require the probation failure reduction incentive payment to be based on the estimated number of probationers successfully prevented from being incarcerated multiplied by a percentage of the state's cost of housing an inmate in a contract facility, and to supervise on parole a probationer who was sent to prison. The bill would require the Department of Finance to calculate high performance grants to county probation departments as 5% of the total statewide estimated number of probationers successfully prevented from being incarcerated multiplied by the state's cost of housing an inmate in a contract facility, and to supervise on parole a probationer who was sent to prison.

The bill would create the Recidivism Reduction Fund in the State Treasury to be available upon appropriation by the Legislature for activities designed to reduce the state's prison population, and would allow funds available in the Recidivism Reduction Fund to be transferred to the State Community Corrections Performance Incentives Fund.

(9) The bill would appropriate \$315,000,000 from the General Fund to the Department of Corrections and Rehabilitation for the purposes of this measure. The bill would require the department to spend the funds only to the extent needed to avoid early release. The bill would require any amounts not encumbered by June 30, 2014 to be transferred to the Recidivism Reduction Fund, except as provided. The bill would require the Secretary of the Department of Corrections and Rehabilitation to report no later than April 1, 2014, and again on April 1, 2015, to the Director of Finance and specified legislative committees detailing the number of inmates housed in leased beds and in contracted beds both inside and outside of the state pursuant to this measure.

The bill would require the administration to assess the state prison system, including capacity needs, prison population levels, recidivism rates, and factors effecting crime levels, and to develop recommendations on balanced solutions that are cost effective and protect public safety. The bill would require the Department of Finance to submit the administration's interim report to the Legislature not later than April 1, 2014, and to submit the final report to the Legislature not later than January 10, 2015.

(10) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1. The additional prison capacity and change to reduce prison population authorized by this act are immediate measures to avoid early release of inmates and allow the state to comply with the federal court order. This act will also provide time to develop additional thoughtful, balanced, and effective long-term solutions with input from the state's local government and justice partners who are still adjusting to the recent criminal justice reforms of realignment. The long-term changes will build upon the transition of lower level offenders to local jurisdiction, the construction of new prison health care facilities, and improvements to existing health care facilities throughout the prison system. The administration shall begin immediately, in consultation with stakeholders, including appropriate legislative committees, to assess the state prison system, including capacity needs, prison

population levels, recidivism rates, and factors affecting crime levels, and to develop recommendations on balanced solutions that are cost effective and protect public safety. Not later than April 1, 2014, the Department of Finance shall submit the administration's interim report to the Legislature, and, not later than January 10, 2015, the Department of Finance shall submit the administration's final report to the Legislature. It is the intent of the Legislature to consider the reports along with the Legislature's independent findings during the annual budget process.

SEC. 6. Section 1233.1 of the Penal Code is amended to read:

1233.1. After the conclusion of each calendar year following the enactment of this section, the Director of Finance, in consultation with the Department of Corrections and Rehabilitation, the Joint Legislative Budget Committee, the Chief Probation Officers of California, and the Administrative Office of the Courts, shall calculate the following for that calendar year:

(a) The cost to the state to incarcerate in prison and supervise on parole an offender who fails local supervision and is sent to prison. This calculation shall take into consideration factors, including, but not limited to, the average length of stay in prison and on parole for offenders subject to local supervision, as well as the associated parole revocation rates, and revocation costs.

(b) (1) The statewide probation failure rate. The statewide probation failure rate shall be calculated as the total number of adult felony probationers statewide sent to prison in the previous year as a percentage of the average statewide adult felony probation population for that year.

(2) The statewide probation failure rate for the 2012 calendar year shall be calculated as the total number of adult felony probationers statewide sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, as a percentage of the average statewide adult felony probation population for that year.

(c) (1) A probation failure rate for each county. Each county's probation failure rate shall be calculated as the number of adult felony probationers sent to prison from that county in the previous year as a percentage of the county's average adult felony probation population for that year.

(2) The probation failure rate for each county for the 2012 calendar year shall be calculated as the total number of adult felony probationers sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, from that county as a percentage

of the county's average adult felony probation population for that year.

(d) An estimate of the number of adult felony probationers each county successfully prevented from being incarcerated. For each county, this estimate shall be calculated based on the reduction in the county's probation failure rate as calculated annually pursuant to subdivision (c) of this section and the county's baseline probation failure rate as calculated pursuant to Section 1233. In making this estimate, the Director of Finance, in consultation with the Department of Corrections and Rehabilitation, the Joint Legislative Budget Committee, the Chief Probation Officers of California, and the Administrative Office of the Courts, shall adjust the calculations to account for changes in each county's adult felony probation caseload in the most recent completed calendar year as compared to the county's adult felony probation population during the period 2006 to 2008, inclusive.

(e) (1) In calculating probation failure rates for the state and individual counties, the number of adult felony probationers sent to prison shall include those adult felony probationers sent to state prison for a revocation of probation, as well as adult felony probationers sent to state prison for a conviction of a new felony offense. The calculation shall also include adult felony probationers who are sent to prison for conviction of a new crime and who simultaneously have their probation terms terminated.

(2) In calculating probation failure rates for the state and individual counties for the 2012 calendar year, the number of adult felony probationers sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, shall include those adult felony probationers sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, for a revocation of probation, as well as adult felony probationers sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, for a conviction of a new felony offense. (f) The statewide mandatory supervision failure to prison rate. The statewide mandatory supervision failure to prison rate shall be calculated as the total number of offenders supervised under

mandatory supervision statewide sent to prison in the previous year as a percentage of the average statewide mandatory supervision population for that year.

(g) A mandatory supervision failure to prison rate for each county. Each county's mandatory supervision failure to prison rate shall be calculated as the number of offenders supervised under mandatory supervision sent to prison from that county in the previous year as a percentage of the county's average mandatory supervision population for that year.

(h) The statewide postrelease community supervision failure to prison rate. The statewide postrelease community supervision failure to prison rate shall be calculated as the total number of offenders supervised under postrelease community supervision statewide sent to prison in the previous year as a percentage of the average statewide postrelease community supervision population for that year.

(i) A postrelease community supervision failure to prison rate for each county. Each county's postrelease community supervision failure to prison rate shall be calculated as the number of offenders supervised under postrelease community supervision sent to prison from that county in the previous year as a percentage of the county's average postrelease community supervision population for that year.

(j) This section shall remain in effect only until July 1, 2014, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2014, deletes or extends that date.

SEC. 7. Section 1233.1 is added to the Penal Code, to read:

1233.1. After the conclusion of each calendar year, the Director of Finance, in consultation with the Department of Corrections and Rehabilitation, the Joint Legislative Budget Committee, the Chief Probation Officers of California, and the Administrative Office of the Courts, shall calculate the following for that calendar year:

(a) The cost to the state to incarcerate in a contract facility and supervise on parole an offender who fails local supervision and is sent to prison. This calculation shall take into consideration factors, including, but not limited to, the average length of stay in prison for offenders subject to local supervision and the average length of parole for offenders who failed local supervision and were sent to prison.

(b) Beginning with the 2013 calendar year, the statewide probation failure rate shall be calculated as the total number of adult felony probationers statewide sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, as a percentage of the average statewide adult felony probation population for that year.

(c) Beginning with the 2013 calendar year, the probation failure rate for each county shall be calculated as the total number of adult felony probationers sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, from that county, as a percentage of the county's average adult felony probation population for that year.

(d) An estimate of the number of adult felony probationers each county successfully prevented from being incarcerated. For each county, this estimate shall be calculated based on the reduction in the county's probation failure rate as calculated annually pursuant to subdivision (c) and the county's baseline probation failure rate as calculated pursuant to Section 1233. In making this estimate, the Director of Finance, in consultation with the Department of Corrections and Rehabilitation, the Joint Legislative Budget Committee, the Chief Probation Officers of California, and the Administrative Office of the Courts, shall adjust the calculations to account for changes in each county's adult felony probation caseload in the most recent completed calendar year as compared to the county's adult felony probation population during the 2006 to 2008, inclusive, calendar period.

(e) Beginning with the 2013 calendar year, in calculating probation failure rates for the state and individual counties, the number of adult felony probationers sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, shall include those adult felony probationers sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, for a revocation of probation, as well as adult felony probationers sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, for a conviction of a new felony offense. The calculation shall also include adult felony probationers who are sent to prison, or to jail pursuant to paragraph (5) of subdivision (h) of Section 1170, for a conviction of a new crime and who simultaneously have their probation terms terminated.

(f) The statewide mandatory supervision failure to prison rate. The statewide mandatory supervision failure to prison rate shall be calculated as the total number of offenders supervised under mandatory supervision pursuant to subparagraph (B) of paragraph (5) of subdivision (h) of Section 1170, statewide, sent to prison in the previous calendar year as a percentage of the average statewide mandatory supervision population for that year.

(g) A mandatory supervision failure to prison rate for each county. Each county's mandatory supervision failure to prison rate shall be calculated as the number of offenders supervised under mandatory supervision pursuant to subparagraph (B) of paragraph (5) of subdivision (h) of Section 1170 sent to prison from that county in the previous calendar year as a percentage of the county's average mandatory supervision population for that year.

(h) The statewide postrelease community supervision failure to prison rate. The statewide postrelease community supervision failure to prison rate shall be calculated as the total number of offenders supervised under postrelease community supervision pursuant to Title 2.05 (commencing with Section 3450) of Part 3, statewide, sent to prison in the previous calendar year as a percentage of the average statewide postrelease community supervision population for that year.

(i) A postrelease community supervision failure to prison rate for each county. Each county's postrelease community supervision failure to prison rate shall be calculated as the number of offenders supervised under postrelease community supervision pursuant to Title 2.05 (commencing with Section 3450) of Part 3 sent to prison from that county in the previous calendar year as a percentage of the county's average postrelease community supervision population for that year.

(j) This section shall become operative on July 1, 2014.

(d) A county that fails to provide information specified in Section 1231 to the Administrative Office of the Courts shall not be eligible for a probation failure reduction incentive payment.

(e) This section shall remain in effect only until July 1, 2014, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2014, deletes or extends that date.

Annually, the Director of Finance, in consultation with the Department of Corrections and Rehabilitation, the Joint Legislative Budget Committee, the Chief Probation Officers of California, and the Administrative Office of the Courts, shall calculate a probation failure reduction incentive payment for each eligible county, pursuant to Section 1233.2, for the most recently completed calendar year, as follows:

(a) For a county identified as being in Tier 1, as defined in subdivision (a) of Section 1233.2, its probation failure reduction

(d) A county that fails to provide information specified in Section 1231 to the Administrative Office of the Courts is not eligible for a probation failure reduction incentive payment.

(e) This section shall become operative on July 1, 2014.

SEC. 10. Section 1233.4 of the Penal Code is amended to read:

1233.4. (a) It is the intent of the Legislature for counties demonstrating high success rates with adult felony probationers to have access to performance-based funding as provided for in this section.

(b) On an annual basis, the Department of Finance, in consultation with the Department of Corrections and Rehabilitation, the Joint Legislative Budget Committee, the Chief Probation Officers of California, and the Administrative Office of the Courts, shall calculate 5 percent of the total statewide estimated number of probationers successfully prevented from being incarcerated for counties that successfully reduce the number of adult felony probationers incarcerated multiplied by the costs to the state to

incarcerate in prison and supervise on parole a probationer who was sent to prison, as defined in subdivision (a) of Section 1233.1.

(c) The amount estimated pursuant to subdivision (b) shall be used to provide high performance grants to county probation departments for the purpose of bolstering evidence-based probation practices designed to reduce recidivism among adult felony probationers.

(d) County probation departments eligible for these high performance grants shall be those with adult probation failure rates more than 50 percent below the statewide average in the most recently completed calendar year.

(e) A county probation department that qualifies for a probation failure reduction incentive payment, as provided in Section 1233.3, and a high performance grant payment in the same year shall choose to receive either the probation failure incentive payment or the high performance grant payment. (g) A county that fails to provide the information specified in Section 1231 to the Administrative Office of the Courts shall not be eligible for a high performance grant payment.

(h) This section shall remain in effect only until July 1, 2014, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2014, deletes or extends that date.

1233.4. (a) It is the intent of the Legislature for counties demonstrating high success rates with adult felony probationers to have access to performance-based funding as provided for in this section.

(b) On an annual basis, the Department of Finance, in consultation with the Department of Corrections and Rehabilitation, the Joint Legislative Budget Committee, the Chief Probation Officers of California, and the Administrative Office of the Courts, shall calculate 5 percent of the total statewide estimated number of probationers successfully prevented from being incarcerated for counties that successfully reduce the number of adult felony probationers incarcerated multiplied by the state's cost of housing an inmate in a contract facility, and to supervise on parole a probationer who was sent to prison, as defined in subdivision (a) of Section 1233.1.

(c) The amount estimated pursuant to subdivision (b) shall be used to provide high performance grants to county probation departments for the purpose of bolstering evidence-based probation practices designed to reduce recidivism among adult felony probationers.

(d) County probation departments eligible for these high performance grants shall be those with adult probation failure rates more than 50 percent below the statewide average in the most recently completed calendar year.

(e) A county probation department that qualifies for a probation failure reduction incentive payment, as provided in Section 1233.3, and a high performance grant payment in the same year shall choose to receive either the probation failure incentive payment or the high performance grant payment. The Chief Probation Officer of a county that qualifies for both a high performance grant and a probation failure reduction incentive payment shall indicate to the Administrative Office of the Courts, by a date designated by the Administrative Office of the Courts, whether the Chief Probation Officer chooses to receive the high performance grant or probation failure reduction payment.

(f) The grants provided for in this section shall be administered by the Administrative Office of the Courts. The Administrative Office of the Courts shall seek to ensure that all qualifying probation departments that submit qualifying applications receive a proportionate share of the grant funding available based on the population of adults 18 to 25 years of age, inclusive, in each of the counties qualifying for the grants.

(g) A county that fails to provide the information specified in Section 1231 to the Administrative Office of the Courts is not eligible for a high performance grant payment.

(h) This section shall become operative on July 1, 2014.

Closure of the facility shall not occur sooner than 30 days after notification in writing to the Chair of the Joint Legislative Budget Committee.

SEC. 22. (a) There is hereby appropriated from the General Fund the amount of three hundred fifteen million dollars (\$315,000,000) to the Department of Corrections and Rehabilitation for purposes of implementing this act. The amount appropriated is based on federal court orders in the Three Judge Court proceedings (2:90-cv-00520 LKK JFM P, C01-1351 TEH) requiring that the department achieve a population of 137.5 percent of design capacity no later than December 31, 2013. Except as provided by subdivision (c), any amounts which are not encumbered by June 30, 2014, are to be transferred to the Recidivism Reduction Fund.

(b) To the extent the Three Judge Court referenced in subdivision (a) issues an order or orders subsequent to the enactment of this act, which eliminates the need to obtain the full amount of capacity authorized by this act, or adjusts the date by which that capacity is required, the Department of Finance shall report on the activities and prepare and submit a fiscal estimate necessary to meet the revised order or orders, to the Joint Legislative Budget Committee and appropriate fiscal committees, within 15 days of the issuance of the new order or orders.

(c) To the extent the fiscal estimate necessary to meet the revised order or orders issued in the Three Judge Court proceedings (2:90-cv-00520 LKK JFM P, C01-1351 TEH) is less than the three hundred fifteen million dollars (\$315,000,000) appropriated in this section then, within 45 days of the order or orders, the Director of Finance shall direct the Controller to transfer the first seventy-five million dollars (\$75,000,000) of those savings, as determined in subdivision (b) to the Recidivism Reduction Fund. Any additional savings shall be allocated as follows: 50 percent shall revert to the General Fund and 50 percent shall be transferred to the Recidivism Reduction Fund.
