An act to amend Section 13823.95 of the Penal Code, relating to sexual assault.

LEGISLATIVE COUNSEL'S DIGEST

SB 107, as amended, Corbett. Sexual assault: victim medical evidentiary examination.

Existing law provides that the costs incurred by a qualified health care professional, hospital, or other emergency medical facility for the examination of the victim of a sexual assault for the purposes of gathering evidence for possible prosecution shall be charged to the local law enforcement agency in whose jurisdiction the alleged offense occurred. Existing law authorizes the local law enforcement agency to seek reimbursement from the California Emergency Management Agency or its successor, the Office of Emergency Services, for the costs of those examinations, as specified, in those cases in which the victim does not participate in the criminal justice system and authorizes, until January 1, 2014, the California Emergency Management Agency or the Office of Emergency Services to utilize certain federal grant moneys to provide that reimbursement.

This bill would extend indefinitely the authorization to utilize those federal grant moneys to provide that reimbursement.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
