

Introduced by Senator LiuFebruary 5, 2013

An act to amend Sections 41976 and 84757 of the Education Code, relating to education funding.

LEGISLATIVE COUNSEL'S DIGEST

SB 173, as introduced, Liu. Education funding: adult health and safety education.

Existing law authorizes the governing board of a school district maintaining secondary schools to establish and maintain classes for adults, as specified. Existing law authorizes specified classes and courses to be offered by school districts and county superintendent of schools for apportionment purposes from the adult education fund, including, but not limited to, classes and courses for adult programs in health and safety education.

This bill would remove the authorization for adult programs in health and safety education to be offered for apportionment purposes from the adult education fund.

Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law requires specified noncredit community college courses and classes to be eligible for program-based funding from the state, including, but not limited to, health and safety education courses and classes.

This bill would remove noncredit community college health and safety education courses and classes' eligibility for program-based funding from the state.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
