

AMENDED IN ASSEMBLY JULY 1, 2013

AMENDED IN SENATE APRIL 24, 2013

SENATE BILL

No. 205

Introduced by Senator Corbett

February 8, 2013

An act to amend Section 4076 of the Business and Professions Code, relating to pharmacy.

LEGISLATIVE COUNSEL'S DIGEST

SB 205, as amended, Corbett. Prescription drugs: labeling.

The Pharmacy Law provides for the licensure and regulation of pharmacists by the California State Board of Pharmacy. Existing law requires every prescription, as defined, to include a legible, clear notice of the condition or purpose for which the drug is prescribed, if requested by the patient. Existing law prohibits a pharmacist from dispensing any prescription unless it is in a specified container that is correctly labeled to include, among other information, the condition or purpose for which the drug was prescribed if the condition or purpose is indicated on the prescription. A violation of the Pharmacy Law is a crime.

This bill would require certain portions of the required information on the prescription label, including the name of the patient or patients, to be printed in at least a 12-point ~~sans serif~~ typeface. Because a violation of this requirement would be a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:
