LEGISLATIVE COUNSEL'S DIGEST

SB 236, Pavley. School districts: four-day school week: Moorpark Unified School District.

Existing law authorizes certain school districts to operate one or more schools on a 4-day school week if the school district complies with specified instructional time requirements and other requirements related to the 4-day school week.

This bill would, beginning in the 2013–14 fiscal year, authorize the Moorpark Unified School District to operate one or more high schools offering a middle college program on a 4-day school week if it complies with the specified instructional time requirements and other requirements related to the 4-day school week. The bill would require the authority of a school in the Moorpark Unified School District to operate on a 4-day school week to be permanently revoked if the school fails to achieve its Academic Performance Index growth target. The bill would authorize the Moorpark Unified School District operating a school on a 4-day school week, as described above, to claim a day of attendance pursuant to a provision related to attendance in early college high schools and middle college high schools, and specified provisions related to the operation of middle college high schools. The bill would update funding calculations to reflect changes to be made by the implementation of the local control funding formula. The bill would make these provisions inoperative on June 30, 2018, and would repeal these provisions as of January 1, 2019.

This bill would make legislative findings and declarations as to the necessity of a special statute for the Moorpark Unified School District.

This bill would declare that it is to take effect immediately as an urgency statute.

The people of the State of California do enact as follows:

SECTION 1. Section 37710 of the Education Code is amended to read:
37710. If a school operating on a four-day school week pursuant to Section 37710.3, 37710.5, 37711, or 37712 fails to achieve its Academic

Performance Index growth target pursuant to Section 52052, the authority of that school to operate on a four-day school week shall be permanently revoked commencing with the beginning of the following school year.

SEC. 2. Section 37712 is added to the Education Code, to read:

37712. (a) Beginning in the 2013–14 fiscal year, the Moorpark Unified School District may operate one or more high schools offering a middle college program in the school district on a four-day school week, if the school district complies with the instructional time requirements specified in Section 37701 and the other requirements of this chapter. The state board may waive the five-consecutive-day operating requirements for a middle college program that operates on a four-day school week pursuant to this section, provided that the school district meets the minimum time requirement for the middle college program.

(b) If the school district operates one or more schools on a four-day school week pursuant to this section, and the program for the school year provides fewer than the 180 days of instruction required under Section 46200, as it read on January 1, 2013, the Superintendent shall reduce the local control funding formula allocation pursuant to Section 42238.02, as implemented pursuant to Section 42238.03, per unit of average daily attendance for that fiscal year by the amount the school district would have received for the increase received pursuant to subdivision (a) of Section 46200, as it read on January 1, 2013, as adjusted in fiscal years subsequent to the 1984–85 fiscal year. If the school district operates one or more schools on a four-day school week pursuant to this section, and the program provides fewer than the minimum instructional minutes required under Section 46201, as it read on January 1, 2013, the Superintendent shall reduce the local control funding formula allocation pursuant to Section 42238.02, as implemented pursuant to Section 42238.03, per unit of average daily attendance for that fiscal year in which the reduction occurs by the amount the school district would have received for the increase in the base revenue limit per unit of average daily attendance pursuant to subdivision (a) of Section 46201, as it read on January 1, 2013, as adjusted from the 1987–88 fiscal year to the 2012–13 fiscal year, inclusive, and, commencing with the 2013–14 fiscal year, pursuant to the local control funding formula allocation pursuant to Section 42238.02, as implemented pursuant to Section 42238.03, per unit of average daily attendance.

(c) Notwithstanding Section 37710, if a small school having between 11 and 99 valid Standardized Testing and Reporting Program test scores operating on a four-day school week fails to achieve its Academic Performance Index growth target pursuant to Section 52052 for two consecutive years, the authority of that school to operate on a four-day school week shall be permanently revoked commencing with the school year following the second consecutive year the school failed to achieve its Academic Performance Index growth rate.

(d) If the school district operates one or more schools on a four-day school week pursuant to this section, the school district shall submit a report to the department, the Senate Committee on Education, and the Assembly

Committee on Education on or before January 15, 2018. The report shall include, but not necessarily be limited to, information on all of the following:

(2) If the four-day school week schedule resulted in fiscal savings.

(6) Information on the Academic Performance Index, pursuant to Section 52052, for every year a school in the school district operated on a four-day school week. The information shall include, but not necessarily be limited to, the base and growth Academic Performance Index of each school that operated on a four-day school week and whether that school met the Academic Performance Index growth targets.

(7) Specific outcomes for pupils attending a school operating on a four-day school week including, but not limited to, attendance rates, graduation rates, college entrance and attendance rates, and employment rates of pupils who do not attend college.

(e) The Moorpark Unified School District operating one or more schools on a four-day school week pursuant to this section may claim a day of attendance for the pupils enrolled in a school operating on a four-day school week pursuant to Sections 11300, 11301, and 46146.5.

(f) Notwithstanding this section, upon a determination that the school district identified in subdivision (a) equals or exceeds its local control funding formula target computed pursuant to Section 42238.02, as determined by the calculation of a zero difference pursuant to paragraph (1) of subdivision (b) of Section 42238.03, the school district, as a condition of apportionment pursuant to Section 42238.02, as implemented pursuant to Section 42238.03, shall offer 180 days or more of instruction per year, and shall meet the minimum minute requirements pursuant to paragraph (4) of subdivision (a) of Section 46207.

(g) This section shall become inoperative on June 30, 2018, and, as of January 1, 2019, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2019, deletes or extends the dates on which it becomes inoperative and is repealed.
