LEGISLATIVE COUNSEL'S DIGEST

SB 246, Fuller. Bighorn-Desert View Water Agency.

Existing law, the Desert View Water District-Bighorn Mountains Water Agency Consolidation Law, authorized a consolidation between the Desert View Water District and the Bighorn Mountains Water Agency and required a county water district consolidated with the Bighorn Mountains Water Agency to separately account for and use all funds derived from the operation of the former district system exclusively for the purposes of maintenance, operation, betterments, and bond debt service of the acquired system until all debt of the former system has been paid in full or until a majority vote of the electorate, as prescribed, authorizes other expenditures.

Under existing law, the Desert View Water District and the Bighorn Mountains Water Agency consolidated forming the Bighorn-Desert View Water Agency. Existing law, the Bighorn-Desert View Water Agency Law, grants to the consolidated successor district specified authorizations, powers, and duties and makes a violation of certain regulations and ordinances a misdemeanor.

This bill would make conforming changes related to the consolidated district and would repeal the provisions under which the consolidation was completed. The bill would revise various provisions relating to the operation of the district, including, but not limited to, specifying procedures for the repayment of bonded indebtedness incurred prior to the consolidation, and eliminating

the misdemeanor for violations of ordinances of the district and making a violation of certain regulations an infraction instead of misdemeanor, as prescribed. This bill would require the district to set an annual appropriations limit and adopt an annual budget, as prescribed.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings demonstrating these in regard to the limitation of certain public posting requirements by the bill.

The people of the State of California do enact as follows:

Sec. 19. If the revenues of the agency, or any improvement district therein, will be inadequate for any cause to pay the operating expenses of the agency, provide for repairs and depreciation of works owned or operated by it, and to meet all obligations of the agency, including payment of principal or interest on any debt of the agency or any improvement district thereof, as it becomes due, then the board of directors of the agency shall provide, in accordance with the provisions of the California Constitution and state law, for the levy and collection of a special tax sufficient to raise the amount of money determined by the board of directors to be necessary for the purpose of paying the expenses in addition to the funds required under Section 17 of this act.

SEC. 33. Section 27 of the Bighorn-Desert View Water Agency Law (Chapter 1175 of the Statutes of 1969) is amended and renumbered to read:

Sec. 20. The board of directors shall determine the amounts necessary to be raised by taxation during the fiscal year and shall fix the rate or rates of tax to be levied which will raise the amounts of money required by the agency, by continuing to impose any ad valorem taxes or any other special taxes, or by levying assessments, in accordance with the provisions of the California Constitution and state law. Subject to Section 4 of Article XIII C of the California Constitution, the agency may impose new special taxes in accordance with Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code. Within a reasonable time before the board of supervisors is required by law to fix its tax rate, the board of directors shall certify to the board of supervisors the rate or rates so fixed and shall furnish to the board of supervisors a statement in writing containing the following: (a) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for the payment of the principal of and interest on any debt of the agency, or of an improvement district thereof, as will become due before the proceeds of a tax levied at the next general tax levy will be available; (b) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for all other purposes of the agency. The board of directors shall direct, at the time and in the manner required by law for the levying of taxes for county purposes, the board of supervisors to collect, in addition to any other tax as may be levied by the board of supervisors, at the rate or rates so fixed and determined by the board of directors, a tax upon the property within the agency, or improvement district thereof benefited by the debt, as the case may be. Taxes for the payment of the interest on or principal of any debt shall be levied on the property within the agency, or improvement district thereof, benefited by the debt, as determined by the board of directors in the resolution declaring the necessity to incur the debt. Taxes for other purposes of the agency shall be levied on all property in the agency or improvement district or portion thereof subject to the particular tax. It shall be the duty of all county officers charged with the duty of collecting taxes to collect such tax in the time, form, and manner as county taxes are collected, and when collected

to pay the same to the agency. Taxes for the payment of a debt and the interest thereon shall be a lien on all the property benefited thereby as stated in the resolution of the board of directors declaring the necessity to incur the debt. All taxes for other purposes of the agency shall be a lien on all the property in the agency subject to the respective tax. Agency taxes, whether for payment of indebtedness and the interest thereon or for other purposes, shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

No irregularities or informalities in conducting the election shall invalidate the result, if the election has otherwise been fairly conducted.

(c) Any action or proceeding contesting, questioning, or denying the validity of these bonds, or proceedings in relation to these bonds, shall be commenced within 60 days from the date of the election, or the bonds and all proceedings in relation to these bonds shall be held to be valid and in every respect legal and incontestable.

SEC. 35. Section 29 of the Bighorn-Desert View Water Agency Law (Chapter 1175 of the Statutes of 1969) is amended and renumbered to read:

Sec. 22. (a) Whenever the board of directors deems it necessary to incur bonded indebtedness for the acquisition, construction, completion, replacement, or repair of any or all improvements, works, or property mentioned in this act and to provide for that bonded indebtedness to be payable from taxes levied upon less than all of the agency, the board shall, by resolution, so declare and state all of the following:

- (2) The amount of debt to be incurred, which may include expenses of all proceedings for the authorization, issuance, and the sale of the bonds.
- (3) That the board intends to form an improvement district of a portion of the agency which in the opinion of the board will be benefited, the exterior boundaries of which portion are set forth

on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the proposed improvement district, and to call an election in that proposed improvement district on a date to be fixed, for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for that improvement district.

(4) That taxes for the payment of the bonds and the interest thereon shall be levied exclusively upon the taxable property in the improvement district.

(5) That a general description of the proposed improvements, together with a map showing the exterior boundaries of the proposed improvement district with relation to the territory immediately contiguous thereto and to the proposed improvements, is on file with the secretary of the agency and is available for inspection by any person or persons interested.

(c) At the time and place fixed for the hearing, or at any time and place to which it is adjourned, the board shall proceed with the hearing. At the hearing, any person interested, including any person owning property within the agency or within any proposed improvement district, may appear and present any matters material to the questions set forth in the resolution declaring the necessity for incurring the bonded indebtedness. The board shall have the power to change the purpose for which the proposed debt is to be incurred, or the amount of bonded debt to be incurred, or the

(d) The purpose, amount of bonded debt, or boundaries shall not be changed by the board except after notices of its intention to do so, given by publication pursuant to Section 6061 of the Government Code in a newspaper printed and published in the Bighorn-Desert View Water Agency, if there is a newspaper printed and published in the agency, and by posting in three public places within the proposed improvement district. The notice shall state the changed purpose and debt proposed and that the exterior boundaries as proposed to be changed are set forth on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the proposed improvement district, and specify the time and place for hearing on the change, which time shall be at least 10 days after publication or posting of the notice. At the hearing any person interested, including any person owning property within the agency or the proposed improvement district, may appear and present any matters material to the changes stated in the notice. At the conclusion of the hearing, the board shall, by resolution, determine whether it is deemed necessary to incur the bonded indebtedness, and, if so, the resolution shall also state the purpose for which the proposed debt is to be incurred, the amount of the proposed debt, that the exterior boundaries of the portion of the agency that will be benefited are set forth on a map on file with the secretary of the agency which map shall govern for all details as to the extent of the improvement district, and that the portion of the agency set forth on the map shall thereupon constitute and be known as “Improvement District No. ... of Bighorn-Desert View Water Agency,” and the determinations made in the resolution shall be final and conclusive. After the formation of an improvement district within the Bighorn-Desert View Water Agency pursuant to this section, all proceedings for the purpose of a bond election shall be limited, and shall apply only to the improvement district, and taxes for the payment of the bonds and the interest thereon shall be levied exclusively upon the taxable property in the improvement district.

(e) After the board has made its determination of the matters required to be determined by the last mentioned resolution, and if the board deems it necessary to incur the bonded indebtedness, the board shall by a further resolution call a special election in the improvement district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for the improvement district. (8) The measure to be submitted to the voters.

(9) The date upon which an election shall be held for the purpose of authorizing the bonded indebtedness to be incurred.

(f) The board of directors shall provide for holding the special election on the day so fixed and in accordance with the provisions of the Elections Code, as applicable, except as herein otherwise provided. The resolution shall also be posted in three public places in the improvement district not less than two weeks prior to the date of the proposed election. No other notice of the election need be given.

(g) The returns of the election shall be made, the votes canvassed, and the results thereof ascertained and declared in accordance with the provisions of the Elections Code so far as they may be applicable. The secretary of the board of directors, as soon as the result is declared, shall enter in the records of the board a statement of the results. No irregularities or informalities in conducting the election shall invalidate it, if the election shall have otherwise been fairly conducted.

(h) Any action or proceeding contesting, questioning, or denying the validity of the formation of the improvement district, of the bonds, or of the proceedings in relation to the bonds shall be commenced within 60 days from the date of such election, or the bonds and all proceedings in relation to the bonds, including the formation of the improvement district, shall be held to be valid and in every respect legal and incontestable.

SEC. 36. Section 30 of the Bighorn-Desert View Water Agency Law (Chapter 1175 of the Statutes of 1969) is amended and renumbered to read:

Sec. 23. (a) Any portion of the Bighorn-Desert View Water Agency, whether contiguous or not to an improvement district thereof, may be annexed to the improvement district in the following manner. A petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by holders of title to 60 percent or more of the land in the portion proposed to be annexed, which land as so represented in the petition shall have an assessed valuation of not less than 50 percent of the land so proposed to be annexed. The petition shall contain all of the following:

(1) A description of the area proposed to be annexed, which may be made by reference to a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the area proposed to be annexed, or in any other definite manner.

(2) The terms and conditions upon which the proposed area may be annexed as theretofore determined by resolution adopted by the board of directors of the agency.

(3) A request that the board of directors declare the area to be annexed to the improvement district.

(b) The petition shall be accompanied by a certified check payable to the order of the agency in sufficient sum to reimburse the agency for expenses of processing and publishing the petition and preparing and making the filings required by law.

(c) Within 10 days of the date of the filing of the petition, the secretary of the agency shall examine it and ascertain whether or not the petition is signed by the required number of property owners; and, if requested by the secretary of the agency, the board of directors shall authorize the general manager to employ persons especially for that purpose, in addition to the persons regularly employed in his or her office, and shall provide for their compensation. When the general manager has completed his or her examination of the petition, he or she shall attach to it his or her certificate, properly dated, showing the result of the examination; and if from the examination he or she finds the petition is signed by the requisite number of property owners, or is not so signed, he or she shall certify that the petition is sufficient, or insufficient, as the case may be.

(d) If by the certificate of the general manager, the petition is found to be insufficient, the petition may be amended by filing a supplemental petition or petitions within 10 days of the date of the certificate. The general manager shall, within 10 days after the filing of the supplemental petition or petitions, examine them and certify to the result of the examination as hereinbefore provided.

(e) If by the certificate of the general manager, the petition, or petition as amended, is shown to be sufficient, the secretary shall cause notice of hearing on the petition to be published and posted.

(f) The text of the petition shall be published pursuant to Section 6066 of the Government Code prior to the time at which it is to be presented to the board of directors of the agency in at least one newspaper printed and published in the Bighorn-Desert View Water Agency, if there is a newspaper printed and published in the agency, together with a notice stating the time and place of the meeting at which the petition will be presented. When contained upon one or more instruments, only one copy of the petition need be published. No more than five of the names attached to the petition need appear in the publication of the petition and notice, but the number of signers shall be stated. The notice and petition

shall also be posted in three public places in the improvement district and three public places in the area proposed to be annexed, at least two weeks prior to the hearing.

(g) The board of directors of the agency shall proceed to hear the petition at the time and place fixed therefor and any person residing within the agency or improvement district or owning taxable property in the agency or improvement district shall be entitled to appear and be heard at the hearing. The hearing may be continued from time to time by the board of directors of the agency. At the conclusion of the hearing, and if the board of directors finds and determines from the evidence presented at the hearing that the area proposed to be annexed to an improvement district will be benefited thereby, and that the improvement district to which the area is proposed to be annexed will also be benefited thereby and will not be injured thereby, the board of directors of the agency may, by resolution, approve the annexation, describing the territory so annexed, which may be by reference to a map on file with the secretary of the agency, which shall govern for all details as to the extent of the annexed area, or in any other definite manner, and the terms and conditions of annexation as theretofore determined by resolution of the board of directors.

(h) From and after the date of the adoption of the resolution, the area named therein shall be deemed added to and shall form a part of the improvement district and the taxable property therein shall be subject to taxation thereafter for the purposes of the improvement district, including the payment of the principal of and interest on bonds and other obligations of the improvement district at the time authorized and outstanding at the time of the annexation as if the annexed property had always been a part of the improvement district, and the board of directors of the Bighorn-Desert View Water Agency shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as authorized in this section.

(i) Any action or proceeding wherein the validity of an annexation is contested, questioned, or denied must be commenced within 60 days after the date of adoption of the resolution approving the annexation, or the annexation shall be held to be valid and in every respect legal and incontestable.

SEC. 37. Section 31 of the Bighorn-Desert View Water Agency Law (Chapter 1175 of the Statutes of 1969) is amended and renumbered to read:

Sec. 24. (a) If from the returns it appears that more than two-thirds of the votes cast in the election held pursuant to the provisions of Section 21 or 22 of this act were in favor of and assented to the incurring of the proposed indebtedness, then the board of directors may, by resolution, at such time or times as it deems proper, issue bonds of the agency for the whole or any part of the amount of the indebtedness so authorized, and may from time to time provide for the issuance of such amounts as are needed, until the full amount of the bonds authorized has been issued. Bonds may be divided into two or more series and different dates may be fixed for each of the series. The maximum term that the bonds of any series shall run before maturity shall not exceed 40 years from the date of the series.

(b) The board of directors shall, by resolution, prescribe the form of the bonds and fix the time when the whole or any part of the principal shall become due and payable. The payment of the first installment of principal may be deferred for a period of not more than five years from the date of the bonds of each series. The bonds shall bear interest at a rate or rates not to exceed the rate permitted by Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, payable on a fixed or variable basis, or payable on the dates specified in the resolution. The board of directors may also provide for call and redemption of bonds prior to maturity at such times and prices and upon such other terms as it may specify. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon.

(c) The denomination of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one hundred dollars (\$100). The principal and interest shall be payable in lawful money of the United States at the office of the treasurer of the district or such other place or places as may be designated, or at either place or places at the option of the holder of the bond.

(d) The bonds shall be dated, numbered consecutively, and be signed by the president and treasurer of the agency, countersigned

by the secretary of the agency, and the official seal of the agency attached. All of these signatures and countersignatures may be printed, lithographed, or mechanically reproduced, except that one of these signatures or countersignatures shall be manually affixed.

(e) If the bond election proceedings have been limited to and have applied only to an improvement district within the agency, the bonds are bonds of the agency and shall be issued in the name of the agency and shall be designated “Bonds of the Bighorn-Desert View Water Agency for Improvement District No. ____” and each bond shall state that taxes levied for the payment thereof shall be levied exclusively upon the taxable property in that improvement district.

(f) Before selling the bonds, or any part thereof, the board of directors shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids received, if any, and either readvertise or negotiate the sale of the bonds. The board of directors may determine by a two-thirds vote of the total vote of the board that the interest of the district and the public interest or necessity require that the bonds may be sold at private sale upon those terms and conditions as the board may deem necessary, convenient, or desirable. In addition to interest paid on a bond or evidence of indebtedness of the district, the board, in its discretion, may sell the bonds or evidence of indebtedness at less than its par or face value, but not at less than 94 percent of the par or face value thereof.

(g) The proceeds arising from the sale of bonds shall be paid into the treasury of the agency and placed to the credit of a special improvement fund and expended only for the purpose for which the indebtedness was created; provided, however, that when that purpose has been accomplished any moneys remaining in the special improvement fund may be transferred to the water operating fund to be used for the payment of principal of and interest on the bonds. The moneys remaining from the sale of bonds of the agency may also be used for some other agency purpose. Moneys remaining from the sale of bonds of the agency for an improvement

district therein may also be used for any purpose that will benefit the property in the improvement district.

(h) The bonds of the district shall be legal investment for all trust funds and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, for state school funds, and, whenever any moneys or funds may by law now or hereafter enacted be invested in bonds of a city, county, or city and county, school districts, and municipalities in the state, the moneys or funds may be invested in bonds of the district, issued in accordance with the provisions of this act. Whenever bonds of a city, county, city and county, school district, or municipality may by law be used as security for the performance of any act, the bonds of the district may be so used.

(7) That at the time and place specified, any person interested, including all persons owning property in the agency or in the proposed improvement district, will be heard.

(b) Notice of the hearing shall be given by publishing a copy of the resolution pursuant to Section 6066 of the Government Code prior to the time fixed for the hearing in a newspaper circulated in the Bighorn-Desert View Water Agency, if there is a newspaper circulated therein. This notice shall also be given by posting a copy of the resolution in three public places within the proposed improvement district for at least two weeks before the time fixed for the hearing.

(c) At the time and place of the hearing, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing, at which any person interested, including all persons owning property in the agency, or in the proposed improvement district, may appear and present any matters material to the questions set forth in the resolution. At the conclusion of the hearing the board shall, by resolution, determine whether it is necessary to form the proposed improvement district, and, if so, the resolution shall also state the purpose for which the proposed improvement district is to be formed, the estimated expense of carrying out the purpose, that the exterior boundaries of the portion of the agency that will be benefited are set forth on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the improvement district, and that the portion of the agency set forth on the map shall thereupon constitute and be known as "Improvement District (A, B, C, or other letter designation) of the Bighorn-Desert View Water Agency," and the determinations made in the resolution shall be final and conclusive. After the formation of the improvement district within the Bighorn-Desert View Water Agency pursuant to this section all taxes levied for the purpose for which the

improvement district is formed shall be levied exclusively upon the taxable property in the improvement district.

(d) A copy of the resolution forming the improvement district shall be published pursuant to Section 6066 of the Government Code in a newspaper printed and published in the agency, if there is a newspaper printed and published in the agency, and a copy of the resolution shall also be posted in three public places within the proposed improvement district for at least two weeks. The resolution shall not be effective until the 31st day after completion of this posting, and, if applicable, publication. If, before this date, a petition signed by not less than 10 percent of the voters of the improvement district requesting that an election be held on the formation thereof is presented to the board of directors, the board shall call a special election in the improvement district for the purpose of submitting the question of the formation of the improvement district to the voters of the proposed improvement district.

(e) The board of directors shall fix a date for this special election in accordance with applicable provisions of the Elections Code, except as herein otherwise provided. Notice of the holding of the election shall be given by publishing the resolution calling the election pursuant to Section 6066 of the Government Code prior to the date of the proposed election in at least one newspaper printed and published in the Bighorn-Desert View Water Agency, if there is a newspaper printed and published in the agency. The resolution shall also be posted in three public places in the improvement district not less than two weeks prior to the date of the proposed election. No other notice of the election need be given.

(f) The returns of the election shall be made, the votes canvassed, and the results thereof ascertained and declared in accordance with the applicable provisions of the Elections Code, except as in this act otherwise provided. The secretary of the board of directors, as soon as the result is declared, shall enter in the records of the board a statement of the results. No irregularities or informalities in conducting the election shall invalidate it, if the election shall have otherwise been fairly conducted.

(g) If from the returns it appears that a majority of the votes cast at the election were in favor of the formation of the improvement

district, the formation of the improvement district shall be complete.

(h) Any action or proceeding questioning, contesting, or denying the validity of the formation of the improvement district, or of any of the proceedings in relation to that formation, shall be commenced within 60 days from the effective date of the resolution forming the district, or, if an election is held, within 60 days from the date of the election, or the formation of the improvement district, and all proceedings in relation thereto, shall be held to be valid and in every respect legal and incontestable.

All taxes levied for the payment of the bonds and the interest thereon shall be levied exclusively upon the taxable property in the uninhabited improvement district.

SEC. 58. Section 35 is added to the Bighorn-Desert View Water Agency Law (Chapter 1175 of the Statutes of 1969), to read:

Sec. 35. The agency shall comply with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

SEC. 59. The Legislature finds and declares that Section 35 of this act, which amends Section 22 of the Bighorn-Desert View Water Agency Law (Chapter 1175 of the Statutes of 1969), imposes a limitation on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

In order for the Bighorn-Desert View Water Agency to reduce costs and staff burdens associated with posting notices of specified hearings, while still providing adequate notice of public hearings, it is necessary to reduce, from six to three, the number of public locations in which the agency must post specified hearing notices.
