An act to amend Sections 1000, 2450, 2450.3, 2530.2, 2531, 2531.06, 2531.75, 2532.6, 2533, 2570.19, 3010.5, 3014.6, 3046, 3056, 3057, 3110, 3685, 3686, 3710, 3716, and 3765 of, and to add Sections 144.5 and 3090.5 to, the Business and Professions Code, relating to healing arts.

## LEGISLATIVE COUNSEL'S DIGEST

SB 305, Lieu. Healing arts: boards.

(1) Existing law requires specified regulatory boards within the Department of Consumer Affairs to require an applicant for licensure to furnish to the board a full set of fingerprints in order to conduct a criminal history record check.

This bill would additionally authorize those boards to request and receive from a local or state agency certified records of all arrests and convictions, certified records regarding probation, and any and all other related documentation needed to complete an applicant or licensee investigation and would authorize a local or state agency to provide those records to the board upon request.

(2) The Chiropractic Act, enacted by an initiative measure, provides for the licensure and regulation of chiropractors in this state by the State Board of Chiropractic Examiners. Existing law specifies that the law governing chiropractors is found in the act.

This bill would require that the powers and duties of the board, as provided, be subject to review by the appropriate policy committees of the Legislature as if these provisions were scheduled to be repealed on January 1, 2018. This bill would also make nonsubstantive changes to conform with the Governor's Reorganization Plan No. 2.

(3) Existing law, the Osteopathic Act, provides for the licensure and regulation of osteopathic physicians and surgeons by the Osteopathic Medical Board of California.

This bill would require that the powers and duties of the board, as provided, be subject to review by the appropriate policy committees of the Legislature. The bill would require that the review be performed as if these provisions were scheduled to be repealed as of January 1, 2018.

(4) Existing law, the Speech-Language Pathologists and Audiologists and Hearing Aid Dispensers Licensure Act, provides for the licensure and regulation of speech-language pathologists, audiologists, and hearing aid dispensers by the Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board. The act authorizes the board to appoint an executive officer. Existing law repeals these provisions on January 1, 2014, and subjects the board to review by the Joint Committee on Boards, Commissions, and Consumer Protection.

This bill would extend the operation of these provisions until January 1, 2018, and provide that the repeal of these provisions subjects the board to review by the appropriate policy committees of the Legislature.

The Speech-Language Pathologists and Audiologists and Hearing Aid Dispensers Licensure Act also authorizes the board to refuse to issue, or issue subject to terms and conditions, a license on specified grounds, including, among others, securing a license by fraud or deceit.

This bill would additionally authorize the board to refuse to issue, or issue subject to terms and conditions, a license for a violation of a term or condition of a probationary order of a license or a term or condition of a conditional license issued by the board, as provided. The bill would also delete an obsolete provision and make other technical changes.

(5) Existing law, the Occupational Therapy Practice Act, provides for the licensure and regulation of occupational therapists, as defined, by the California Board of Occupational Therapy. Existing law repeals those provisions on January 1, 2014, and subjects the board to review by the Joint Committee on Boards, Commissions, and Consumer Protection.

This bill would extend the operation of these provisions until January 1, 2018, and provide that the repeal of these provisions subjects the board to review by the appropriate policy committees of the Legislature.

(6) Existing law, the Naturopathic Doctors Act, until January 1, 2014, provides for the licensure and regulation of naturopathic doctors by the Naturopathic Medicine Committee within the Osteopathic Medical Board of California. Existing law also specifies that the repeal of the committee subjects it to review by the appropriate policy committees of the Legislature.

This bill would extend the operation of these provisions until January 1, 2018, and make conforming changes.

(7) Existing law, the Optometry Practice Act, provides for the licensure and regulation of optometrists by the State Board of Optometry. The Respiratory Care Act provides for the licensure and regulation of respiratory care practitioners by the Respiratory Care Board of California. Each of those acts authorizes the board to employ an executive officer. Existing law repeals these provisions on January 1, 2014, and subjects the boards to review by the Joint Committee on Boards, Commissions, and Consumer Protection.

This bill would extend the operation of these provisions until January 1, 2018, and provide that the repeal of these provisions subjects the boards to review by the appropriate policy committees of the Legislature.

(8) The Optometry Practice Act prescribes license eligibility requirements, including, but not limited to, not having been convicted of a crime, as specified. The act defines unprofessional conduct to include, committing or soliciting an act punishable as a sexually related crime, if that act or solicitation is substantially related to the qualifications, functions, or duties of an optometrist. Under the act, the board may take action against a licensee who is charged with unprofessional conduct, and may deny an application for a license if the applicant has committed an act of unprofessional conduct. Under existing law, commission of any act of sexual abuse, misconduct, or relations with a patient, client, or customer constitutes unprofessional conduct and grounds for disciplinary action against any healing arts licensee, subject to a specified exception for a physician and surgeon.

This bill would add to the license eligibility requirements under the act that the applicant is not currently required to register as a sex offender, as specified. The bill would make conviction of a crime that currently requires a licensee to register as a sex offender unprofessional conduct and would expressly specify that commission of an act of sexual abuse or misconduct, as specified, constitutes unprofessional conduct, subject to an exception for an optometrist treating his or her spouse or person in an equivalent domestic relationship. The bill would also state that those acts of unprofessional conduct shall be considered crimes substantially related to the qualifications, functions, or duties of a licensee. The

bill would also expressly specify that the board may revoke a license if the licensee has been found, in an administrative proceeding, as specified, to have been convicted of sexual misconduct or convicted of a crime that currently requires the licensee to register as a sex offender.

(9) The Respiratory Care Act also prohibits a person from engaging in the practice of respiratory care unless he or she is a licensed respiratory care practitioner. However, the act does not prohibit specified acts, including, among others, the performance of respiratory care services in case of an emergency or self-care by a patient.

This bill would additionally authorize the performance of pulmonary function testing by persons who are currently employed by Los Angeles County hospitals and have performed pulmonary function testing for at least 15 years.

This bill would make legislative findings and declarations as to the necessity of a special statute for the persons described above.

*The people of the State of California do enact as follows:*

SECTION 1. Section 144.5 is added to the Business and Professions Code, to read:

(c) A “speech-language pathologist” is a person who practices speech-language pathology.

(d) The practice of speech-language pathology means all of the following:

(1) The application of principles, methods, instrumental procedures, and noninstrumental procedures for measurement, testing, screening, evaluation, identification, prediction, and counseling related to the development and disorders of speech, voice, language, or swallowing.

(2) Nothing in this subdivision shall be construed as a diagnosis. Any observation of an abnormality shall be referred to a physician and surgeon.

(f) A licensed speech-language pathologist shall not perform a flexible fiber optic nasendoscopic procedure unless he or she has received written verification from an otolaryngologist certified by the American Board of Otolaryngology that the speech-language pathologist has performed a minimum of 25 flexible fiber optic nasendoscopic procedures and is competent to perform these procedures. The speech-language pathologist shall have this written

verification on file and readily available for inspection upon request by the board.
