SENATE BILL

No. 330

Introduced by Senator Padilla
(Coauthors: Senators Beall and Gaines)
(Coauthor: Assembly Member Maienschein)

February 19, 2013

An act to add Section 51900.5 to the Education Code, relating to pupil instruction.

LEGISLATIVE COUNSEL'S DIGEST

SB 330, as amended, Padilla. Pupil instruction: health framework: mental health instruction.

Existing law requires the State Department of Education to prepare and distribute to school districts guidelines for the preparation of comprehensive health education plans, and requires approval of district plans to be made in accordance with rules and regulations adopted by the State Board of Education. Existing law also establishes the Instructional Quality Commission and requires the commission to, among other things, recommend curriculum frameworks to the state board.

This bill would require, during the next revision of the publication “Health Framework for California Public Schools,” the commission to consider developing, and recommending for adoption by the state board, a distinct category on mental health instruction, as described, to educate pupils about all aspects of mental health. The bill would require the ~~department to review information and programs from other states and countries, and to convene stakeholders~~ *commission to ensure that one or more experts* in the mental health and educational fields, ~~as provided, to provide fields provides~~ *input for* in the development of the mental health instruction in the health framework. ~~Commencing with the 2013–14 school year, the bill would authorize a school district to provide to pupils in any grades mental health instruction.~~ *framework, as provided.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
 State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. The Legislature finds and declares all of the
- 2 following:
- 3 (a) Mental health is critical to overall health, well-being, and
- 4 academic success.
- 5 (b) Mental health challenges affect all age groups, races,
- 6 ethnicities, and socioeconomic classes.
- 7 (c) Millions of Californians, including at least one in five youths,
- 8 live with mental health challenges. Millions more are affected by
- 9 the mental health challenges of someone else, such as a close friend
- 10 or family member.
- 11 (d) Mental health education is one of the best ways to increase
- 12 awareness and the seeking of help, while reducing the stigma
- 13 associated with mental health challenges. The public education
- 14 system is the most efficient and effective setting for providing this
- 15 education to all children and youth. Therefore, it is the intent of
- 16 the Legislature to ensure that all California kindergarten and grades
- 17 1 to 12, inclusive, pupils have the opportunity to benefit from a
- 18 comprehensive mental health education curriculum.
- 19 SEC. 2. Section 51900.5 is added to the Education Code, to
- 20 read:
- 21 51900.5. (a) During the next revision of the publication “Health
- 22 Framework for California Public Schools” (health framework),

1 the Instructional Quality Commission shall consider developing,
2 and recommending for adoption by the state board, a distinct
3 category on mental health instruction to educate pupils about all
4 aspects of mental health.

5 (b) As used in this section, “mental health instruction” shall
6 include, but not be limited to, all of the following:

7 (1) Reasonably designed and age-appropriate instruction on the
8 overarching themes and core principles of mental health.

9 (2) Defining common mental health challenges such as
10 depression, suicidal thoughts and behaviors, schizophrenia, bipolar
11 disorder, eating disorders, and anxiety, including post-traumatic
12 stress disorder.

13 (3) Elucidating the services and supports that effectively help
14 individuals manage mental health challenges.

15 (4) Promoting mental health wellness, which includes positive
16 development, social connectedness and supportive relationships,
17 resiliency, problem solving skills, coping skills, self-esteem, and
18 a positive school and home environment in which pupils feel
19 comfortable.

20 (5) Ability to identify warning signs of common mental health
21 problems in order to promote awareness and early intervention so
22 pupils know to take action before a situation turns into a crisis.
23 This should include instruction on both of the following:

24 (A) How to appropriately seek and find assistance from mental
25 health professionals and services within the school district and in
26 the community for themselves or others.

27 (B) Appropriate evidence-based research and practices that are
28 proven to help overcome mental health challenges.

29 (6) The connection and importance of mental health to overall
30 health and academic success as well as to cooccurring conditions,
31 such as chronic physical conditions and chemical dependence and
32 substance abuse.

33 (7) Awareness and appreciation about the prevalence of mental
34 health challenges across all populations, races, ethnicities, and
35 socioeconomic statuses, including the impact of culture on the
36 experience and treatment of mental health challenges.

37 (8) Stigma surrounding mental health challenges and what can
38 be done to overcome stigma, increase awareness, and promote
39 acceptance. This shall include, to the extent possible, classroom
40 presentations of narratives by peers and other individuals who

1 have experienced mental health challenges, and how they coped
2 with their situations, including how they sought help and
3 acceptance.

4 (c) ~~The department shall review information and programs from
5 other states and countries, and shall convene stakeholders in the
6 mental health and educational fields, including, but not limited to,
7 stakeholders~~ *In the normal course of recommending curriculum
8 frameworks to the state board, as required by Section 60204, the
9 Instructional Quality Commission shall ensure that one or more
10 experts in the mental health and educational fields provides input
11 in the development of the mental health instruction in the health
12 framework. It is the intent of the Legislature that the Instructional
13 Quality Commission seek experts from culturally, racially, and
14 ethnically diverse communities, representatives from all mental
15 health professions, teachers, counselors, parents, those involved
16 in promoting mental wellness, and those living with a mental health
17 challenge and their families, to provide input for the development
18 of the mental health instruction in the health framework. At least
19 one-half of the stakeholders convened shall be current elementary
20 and secondary classroom teachers.* *families.*

21 (d) ~~Commencing with the 2013–14 school year, a school district
22 may provide pupils in any grades mental health instruction as
23 described in this section.~~

24 (e)

25 (d) This section does not require or authorize the Instructional
26 Quality Commission to recommend new health education content
27 standards.
