

AMENDED IN ASSEMBLY SEPTEMBER 3, 2013

AMENDED IN SENATE MAY 24, 2013

SENATE BILL

No. 342

Introduced by Senator Yee

February 20, 2013

An act to amend Sections 16516.5 and 16516.6 of the Welfare and Institutions Code, relating to foster children.

LEGISLATIVE COUNSEL'S DIGEST

SB 342, as amended, Yee. Foster children: social worker: visits.

Existing law requires that all foster children who are placed in group homes by county welfare departments or county probation departments be visited at least monthly by a county social worker or probation officer, and that each visit include a private discussion between the foster child and the county social worker or probation officer that is not held in the presence or immediate vicinity of the group home staff. Existing law also requires a county social worker or probation officer to make a regular visit with a child in any licensed, certified, or approved foster home, and requires that the visit include a private discussion between the foster child and the social worker or probation officer that is not held in the presence or immediate vicinity of the foster parent or caregiver.

This bill would require that the ~~visits described above occur in the group home or foster home, respectively~~ *location of monthly visits for each foster child who is placed in a group home or a licensed, certified, or approved foster home by a county welfare department or a county probation department comply with specified federal requirements. The bill would prohibit more than 2 consecutive monthly visits from being held outside the residence of the foster child and, if the visit does not*

occur in the place of residence, would require the social worker or probation officer to document in the case file and in the court report the location of the visit and the reason for the visit occurring outside the place of residence. The bill would also require the social worker or probation officer to advise the foster child that he or she has the right to request that the private discussion occur outside the group home or foster home. The bill would provide, however, that if a foster child requests to have the private discussion outside the group home or foster home, that private discussion shall not replace the visit in the group home or foster home. The bill would also provide that the social worker or probation officer shall not be required to schedule an additional visit to accommodate the request. By imposing additional duties on county employees, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:
