

Introduced by Senator GalgianiFebruary 22, 2013

An act to amend Section 1657 of the Business and Professions Code, relating to dentists.

LEGISLATIVE COUNSEL'S DIGEST

SB 562, as introduced, Galgiani. Dentists: mobile or portable dental units.

Existing law, the Dental Practice Act, provides for the licensure and regulation by the Dental Board of California of those engaged in the practice of dentistry. Existing law provides that a person practices dentistry if the person, among other things, manages or conducts as manager, proprietor, conductor, lessor, or otherwise, in any place where dental operations are performed. Existing law authorizes a dentist to operate one mobile dental clinic or unit that is registered and operated in accordance with regulations adopted by the board. Existing law also imposes specified registration requirements on a dentist who maintains additional places of practice. Other provisions of existing law, the Mobile Health Care Services Act, require, subject to specified exemptions, licensure by the State Department of Health Care Services to operate a mobile service unit.

This bill would authorize a licensed dentist to operate one mobile or portable dental unit registered and operated in accordance with those regulations. The bill would authorize the regulations to include, but not be limited to, requirements for availability of followup and emergency care, maintenance, and availability of provider and patient records, and treatment information to be provided to patients and other appropriate parties.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
