

## Senate Bill No. 852

### CHAPTER 25

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, relating to the state budget, to take effect immediately, budget bill.

[Approved by Governor June 20, 2014. Filed with  
Secretary of State June 20, 2014.]

I object to the following appropriations contained in Senate Bill 852.

Item 0845-001-0217—For support of Department of Insurance. I reduce this item from \$182,664,000 to \$182,290,000 by reducing:

(2) 12-Consumer Protection from \$54,464,000 to \$54,090,000.

I am reducing the \$749,000 augmentation for implementation of federal mental health parity laws by \$374,000 from the Department of Insurance's Consumer Protection program. The augmentation that remains in the Budget will allow the Department to monitor health insurers' compliance with mental health parity laws and other insurance laws.

Item 2720-001-0044—For support of Department of the California Highway Patrol. I reduce this item from \$1,857,048,000 to \$1,856,348,000 by reducing:

(1) 10-Traffic Management from \$1,796,503,000 to \$1,795,803,000.

I am reducing the \$700,000 augmentation for a teen driver education and safety study. Teen driver education and safety are a high priority for my Administration, and the Transportation Agency is already working with the California Highway Patrol and the Department of Motor Vehicles to develop a comprehensive teen driver education program. Therefore, this increase is unnecessary.

I am deleting Provision 3 to conform to this action.

Item 3360-403-0033—For support of Energy Resources Conservation and Development Commission. I delete this item.

I am deleting this item. It was erroneously included in the Budget Bill. Item 3360-403 already transfers \$28 million from the Job Creation Fund to the State Energy Conservation Assistance Account. This action conforms to legislative intent.

Item 4150-001-0933—For support of Department of Managed Health Care. I reduce this item from \$60,640,000 to \$58,538,000 by reducing:

(1) 30-Health Plan Program from \$64,127,000 to \$62,025,000.

I am reducing the \$4,204,000 augmentation for implementation of federal mental health parity laws by \$2,102,000. The \$2,102,000 augmentation that remains in the Budget will help the Department in reviewing health plans' compliance with the federal law consistent with the Department's implementation plan. In the coming year, my Administration, through the Department of Managed Health Care, will review health plan filings, and identify any areas of concern and any additional resources needed to address them. The Budget also includes an augmentation that was included in the May Revision for clinical and actuarial contracts that will further help with initial implementation.

Item 4300-101-0001—For local assistance, Department of Developmental Services. I revise this item by deleting Provisions 5, 6, and 7.

I am deleting Provisions 5, 6, and 7; eliminating the appropriation that would require the Department of Developmental Services to spend funds to review and recommend an update of the core staffing formula for regional centers and rate-setting methodologies for community-based services and supports. This review would create significant workload and cost pressures within a restrictive timeframe. Instead, I am directing the Health and Human Services Agency to convene a task force to review both of these and other community issues that were identified in the Plan for the Future of Developmental Centers in California.

Item 6110-161-0890—For local assistance, Department of Education. I revise this item by deleting Provision 12.

These changes are technical in nature in order to conform to the Legislature's removal of related language in Item 6110-001-0890.

Item 9480-160-0062—For local assistance, Shared Revenues. I reduce this item from \$42,465,000 to \$31,502,000.

To correct a technical error in the Budget Bill, I am reducing this item by \$10,963,000. This technical veto is consistent with legislative action taken to approve the Highway User Tax Account loan repayment of \$100 million to cities and counties. The funds remaining in this item should be allocated by the Controller under Streets and Highways Code section 2104 for county roads.

Item 9490-165-0062—For local assistance, Shared Revenues. I reduce this item from \$27,439,000 to \$20,355,000.

To correct a technical error in the Budget Bill, I am reducing this item by \$7,084,000 to conform to the action I have taken in Item 9480-160-0062. The funds remaining in this item should be allocated by the Controller under Streets and Highways Code section 2107 and 2107.5 for city streets.

Item 9500-170-0062—For local assistance, Shared Revenues. I reduce this item from \$21,701,000 to \$16,099,000.

To correct a technical error in the Budget Bill, I am reducing this item by \$5,602,000 to conform to the action I have taken in Item 9480-160-0062. The funds remaining in this item should be allocated by the Controller under Streets and Highways Code section 2106 for county roads and city streets.

Item 9505-175-0062—For local assistance, Shared Revenues. I reduce this item from \$43,195,000 to \$32,044,000.

To correct a technical error in the Budget Bill, I am reducing this item by \$11,151,000 to conform to the action I have taken in Item 9480-160-0062. The funds remaining in this item should be allocated by the Controller under Streets and Highways Code section 2105 for city streets and county roads and highways.

With the above deletions, revisions, and reductions, I hereby approve Senate Bill 852.

EDMUND G. BROWN JR.

LEGISLATIVE COUNSEL'S DIGEST

SB 852, Leno. Budget Act of 2014.

This bill would make appropriations for the support of state government for the 2014–15 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Appropriation: yes.

*The people of the State of California do enact as follows:*

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2014.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, it is the intent of the Legislature that this act and other financial transactions authorized outside of this act utilize a coding scheme or structure compatible with the Governor’s Budget and the records of the Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a structure which is common to all the state’s fiscal systems. The meaning of this structure is as follows:

2720— Business Unit (known as organization code in current systems, indicates the department or entity) (e.g., 2720 represents the Department of the California Highway Patrol)

001—Reference Code (indicates whether the item is from the Budget Act or some other source and its character (e.g., state operations))

0044—Fund Code (e.g., 0044 represents the Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in Business Unit order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes or structures used in this act or used in other spending authority outside of this act to provide compatibility between the codes or structures used in this act and those used in the Governor’s Budget and in the records of the Controller.

(d) Notwithstanding any other provision of law, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a

certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of law, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

(f) Notwithstanding any other provision of law, and in accordance with legislative intent, the Department of Finance may authorize technical changes or corrections in the Financial Information System for California (FI\$Cal) resulting from or related to the conversion or implementation of FI\$Cal, including, but not limited to, any of the following:

(1) Corrections to errors inadvertently created during the data conversion process from current systems into FI\$Cal.

(2) Corrections or changes related to renumbering of programs and capital outlay projects. FI\$Cal requires a different numbering scheme for the programs, elements, components, and tasks and projects. A new set of numbers will be utilized in FI\$Cal different from what is reflected in this and prior budget acts and other authorizing sources. A comprehensive crosswalk will be utilized to facilitate the translation from programs, elements, components, and tasks to programs and subprograms and projects.

(3) Corrections or changes necessary to ensure compatibility among the legacy systems of the State Controller and departments, and with that of the FI\$Cal system. Multiple coding systems and structures (or chart of accounts) are being utilized during the transition period and until a department is implemented in FI\$Cal.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2014–15 fiscal year beginning July 1, 2014, and ending June 30, 2015. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, and minor capital outlay appropriations are available for encumbrance until June 30, 2015.

(2) Construction appropriations are available for encumbrance until June 30, 2017, if allocated through fund transfer or approval to proceed to bid by the Department of Finance by June 30, 2015. Any funds not allocated by June 30, 2015, shall revert on July 1, 2015, to the fund from which the appropriation was made.

(3) All other capital outlay appropriations are available for encumbrance until June 30, 2017.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support, or any proper purpose,

expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

Continuous appropriations from the Unclaimed Property Fund are allowed for other program costs authorized under Section 1564(b) and Section 1325 of the Code of Civil Procedure. These continuous appropriations shall not be used to cover spending authorized under Item 0840-001-0970.
2. The Controller may, with the concurrence of the Director of Finance and the Chairperson of the Joint Legislative Budget Committee, bill affected state departments for activities required by Section 20050 of the State Administrative Manual, relating to the administration of federal pass-through funds.

No billing may be sent to affected departments sooner than 30 days after the chairperson of the joint committee has been notified by the director that he or she concurs with the amounts specified in the billings.

- (b) No funds appropriated in this act may be expended by the Controller to provide general information to the public, other than holders (as defined in subdivision (e) of Section 1501 of the Code of Civil Procedure) of unclaimed property, concerning the unclaimed property program or possible existence of unclaimed property held by the Controller's office, except for informational announcements to the news media, through

This restriction does not apply to sending individual notices to property owners (as required by the Code of Civil Procedure).
4. Of the moneys appropriated to the Controller in this act, the Controller shall not expend more than \$500,000 to conduct posteligibility fraud audits of the Supplemental Security Income/State Supplementary Payment Program.
  5. The Commission on State Mandates shall provide, in applicable parameters and guidelines, as follows:
    - (a) If a local agency or school district contracts with an independent contractor for the preparation and submission of reimbursement claims, the costs reimbursable by the state for that purpose shall not exceed the lesser of (1) 10 percent of the amount of the claims prepared and submitted by the independent contractor or (2) the actual costs that would necessarily have been incurred for that purpose if performed by employees of the local agency or school district.
    - (b) The maximum amount of reimbursement provided in subdivision (a) may be exceeded only if the local agency or school district establishes, by appropriate documentation, that the preparation and submission of these claims could not have been accomplished without incurring the additional costs claimed by the local agency or school district.
  6. The funds appropriated to the Controller in this item may not be expended for any performance review or performance audit except pursuant to specific statutory authority. It is the intent of the Legislature that audits conducted by the Controller, or under the direction of the Controller, shall be fiscal audits that focus on claims and disbursements, as provided for in Section 12410 of the Government Code. Any report, audit, analysis, or evaluation issued by the Controller for the current fiscal year shall cite the specific

- statutory or constitutional provision authorizing the preparation and release of the report, audit, analysis, or evaluation.
7. The Controller shall deliver his or her monthly report on General Fund cash receipts and disbursements within 10 days after the close of each month to the Joint Legislative Budget Committee, the fiscal committees of each house of the Legislature, the Department of Finance, the Treasurer's office, and the Legislative Analyst's Office.
  8. The Controller shall provide to the Department of Finance, the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees of each house of the Legislature a report that provides the following details by mandate: the level of claims requested, the amount reduced by the initial desk audit, the amount paid, the amount recouped, and the results of a final audit and subsequent funding adjustments. The report is due on June 30 of the current fiscal year, and will cover the fourth quarter of the past fiscal year and the first three quarters of the current fiscal year.
  9. The Controller's estimate of the state's liability for other postemployment benefits prepared to comply with Governmental Accounting Standards Board (GASB) Statement 45 shall include, in addition to all other items required under the accounting statement: (a) an identification and explanation of any significant differences in actuarial assumptions or methodology from any relevant similar types of assumptions or methodology used by the Public Employees' Retirement System to estimate state pension obligations and (b) alternative calculations of the state's liability for other postemployment benefits using different long-term rates of investment return consistent with a hypothetical assumption that the state will begin to deposit 100 percent or a lesser percent, respectively, of its annual required contribution under GASB Statement 45 to a retiree health and dental benefits trust fund. This provision shall not obligate the state to change the practice of funding health and dental benefits for annuitants currently required under state law.

10. The funds appropriated to the Controller in this item may not be expended on additional actuarial valuations, beyond the annual actuarial valuation, for other postemployment benefits, prior to obtaining concurrence in writing from the Department of Finance. The additional actuarial valuations shall only be performed to the extent resources exist, or if funds are provided by the requesting agency.
11. The Controller shall provide the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature a report on the 21st Century Project specifying the dollars expended on the program in the previous fiscal year and over the life of the program and any known savings that have occurred in the prior fiscal year, to be submitted annually but no later than August 30 of each year. The report should compare the known savings with the most recent estimate of projected savings and explain the methodology by which the savings were calculated.
12. The Controller shall deliver yearend financial data as specified by the Department of Finance, for the immediately preceding fiscal year, in hardcopy and electronic format, by October 15 of each year and periodically as requested by the Department of Finance. This information is necessary for the Department of Finance to determine the proper beginning balance of the current fiscal year for budgetary purposes.
13. In the event new postage rates are adopted by the United States Postal Service, but not in time for inclusion in the May Revision prior to enactment of this budget, and the Controller's office notifies the Department of Finance with its estimates of the increased postage costs within 15 calendar days of the adoption of new rates, the Director of Finance may authorize expenditures in excess of the amount appropriated in this item by an amount necessary to fund the postage increase. This authorization shall occur not less than 15 days after the Department of Finance notifies the Chairperson of the Joint Legislative Budget Committee.

14. Of the amount appropriated in Schedule 2-Operating Expenses and Equipment, \$326,000 shall be used to reimburse the Department of Justice for legal services. In addition to the amount in Schedule 2, upon order of the Director of Finance, any non-General Fund Budget Act item for support of the Controller's office may be augmented to reimburse the Department of Justice for legal services. No augmentation shall be made sooner than 30 days after the Joint Legislative Budget Committee has been notified in writing.
15. The Controller shall report to the Department of Finance, not later than September 15 of each year, commencing in September 2013, on the level of activity and workload associated with the Controller's responsibilities relating to redevelopment agency asset transfers, recognized obligation payment schedules, and oversight of auditor-controller actions, pursuant to Chapter 5 of the 2011-12 First Extraordinary Session, including all necessary justification to continue positions and funding for the 2014-15 fiscal year and following fiscal years. Based on the information, the Department of Finance may reduce reimbursement expenditure authority and related positions to reflect a lower level of activity and workload starting in the 2014-15 fiscal year. No adjustments shall be made pursuant to this provision prior to a 30-day notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations.
16. The Department of Finance may reduce the amounts authorized under Item 0840-001-0001 of this act upon (1) successful completion of modifications by the SCO to the payroll system, and/or by CalPERS to the retirement system (my|CalPERS), that significantly reduces the number of records that the my|CalPERS system rejects; and/or (2) once the SCO has eliminated the backlog of Payroll Contribution Report and Retirement Enrollment Report discrepancies between the payroll and retirement systems, which in turn reduces the SCO workload related to the CalPERS Pension System Resumption.

This adjustment shall be in coordination with the SCO and CalPERS. No adjustment shall be made pursuant to this provision prior to a 30-day notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations.

Notwithstanding any other provision of law, the Department of Finance is authorized to augment Item 0840-001-0001 and Section 25.25 of this act from all fund sources of payment to fund additional litigation and related support efforts associated with the 21st Century Project payroll system. The Controller shall include a detailed justification to support a request for additional spending authority. The Department of Finance may augment Item 0840-001-0001 and Section 25.25 of this act no sooner than 30 days after written notification has been provided to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the committees of each house of the Legislature that consider appropriations, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine.

  4. Notwithstanding any other provision of law, funds in Schedule (1.5)(o) are available for accounts payable for alternative payment programs for actual and allowable costs incurred for additional services, pursuant to Section 8222.1 of the Education Code. The State Department of Education shall give priority for the allocation of these funds for accounts payable.
  5. The amounts provided in Schedules (1.5)(a), (1.5)(c), (1.5)(d), and (1.5)(j) of this item reflect an adjustment to the base funding of 0.49 percent for an increase in the population of 0–4 year-olds.
  6. The maximum standard reimbursement rate shall not exceed \$36.10 per day for general child care programs. Furthermore, the migrant child care program shall adhere to the maximum standard reimbursement rates as prescribed for the general child care programs. All other rates and adjustment factors shall conform.
  7. (a) Alternative payment child care programs shall be subject to the rate ceilings established in the Regional Market Rate Survey of California child care and development providers for provider payments. When approved pursuant to Section 8447 of the Education Code, any changes to the market rate limits, adjustment factors, or regions shall be utilized by the State Department of Education, the California Community Colleges, and the State Department of Social Services in various programs under the jurisdiction of these departments.  
(b) Starting July 1, 2014, through December 31, 2014, the funds appropriated in this item for the cost of licensed child care services pro-

8. (a) The State Department of Education (SDE) shall conduct monthly analyses of CalWORKs Stage 2 and Stage 3 caseloads and expenditures and adjust agency contract maximum reimbursement amounts and allocations as necessary to ensure funds are distributed proportionally to need. The SDE shall share monthly caseload analyses with the State Department of Social Services (DSS).
- (b) The SDE shall provide quarterly information regarding the sufficiency of funding for Stage 2 and Stage 3 to DSS. The SDE shall provide caseloads, expenditures, allocations, unit costs, family fees, and other key variables and assumptions used in determining the sufficiency of state allocations. Detailed backup by month and on a county-by-county basis shall be provided to the DSS at least on a quarterly basis for comparisons with Stage 1 trends.
- (c) By September 30 and March 30 of each year, the SDE shall ensure that detailed caseload and expenditure data, through the most recent period for Stage 2 and Stage 3 along with all relevant assumptions, is provided to DSS to facilitate budget development. The detailed data provided shall include actual and projected monthly caseload from Stage 2 scheduled to time off of their transitional child care benefit from the last actual month reported by agencies through the next two fiscal years as well as local attrition experience. DSS shall utilize data provided by the SDE, including key variables from the prior fiscal year and the first two months of the current fiscal year, to provide coordinated estimates in November of each year for each of the three stages of care for preparation of the Governor’s Budget, and shall utilize data from at least the first two quarters of the current fiscal year, and any additional monthly data as they become available for preparation of the May Revision. The DSS shall share its assump-

  - (e) The SDE shall provide to the DSS, upon request, access to the information and data elements necessary to comply with federal reporting requirements and any other information deemed necessary to improve estimation of child care budgeting needs.
  - (f) On or before January 30, 2015, following consultation with the DSS, the SDE shall determine the adequacy of funding appropriated by the Legislature for CalWORKs Stage 2 and Stage 3. If the SDE determines that the Stage 2 appropriation exceeds the current year caseload needs and the Stage 3 appropriation is not sufficient to fully fund its caseload need, then the SDE shall submit a request to the Department of Finance to transfer the excess funds from Schedule (1.5)(e), CalWORKs Stage 2 child care to Schedule (1.5)(f), CalWORKs Stage 3 child care. Notwithstanding Section 26.00 or any other provision of law, the Department of Finance may, at its discretion, approve such a transfer.
  - (g) Notwithstanding any other provision of law or any other sections of this act, the Department of Finance may augment the appropriation for CalWORKs Stage 3 if the estimate of expenditures, as determined by the SDE, following consultation with the DSS, will exceed the expenditures authorized in Schedule (1.5)(f). The Department of Finance shall report any augmentation pursuant to this paragraph to the Joint Legislative Budget Committee. At the time the report is made, the amount of the appropriation made in Schedule (1.5)(f) shall be increased by the amount of the augmentation.
  - (h) The Director of Finance may, pursuant to Provisions 8(f) and 8(g), authorize the aug-

An augmentation may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the Joint Legislative Budget Committee, or whatever lesser time the chairperson of the joint committee may determine. Any request made by the SDE to augment the CalWORKs Stage 3 appropriation shall be approved only in order to cover increases in costs that are consistent with assumptions of this act. It is intended that the Office of the Chancellor of the California Community Colleges submit an annual report on district-specific accountability measures by March 31 of each year. This report shall reflect the outcomes from the most recently completed fiscal year for which data is available pursuant to Section 84754.5 of the Education Code.
3. Notwithstanding any other provision of law, apportionment funding for community college districts shall be based on the greater of the current year or prior year level of full-time equivalent students (FTES), consistent with K–12 declining enrollment practices pursuant to Section 42238.5 of the Education Code. Decreases in FTES shall result in a revenue reduction at the district’s average level of apportionment funding per FTES and shall be made in the year following the initial year of decrease in FTES.
4. Of the funds appropriated in Schedule (1), Apportionments:
  - (a) Up to \$100,000 is for a maintenance allowance, pursuant to Section 54200 of Title 5 of the California Code of Regulations.

No community college district shall use funds available under this provision to offer any new apprenticeship training program or the expansion of any existing program unless the new program or expansion has been approved by the chancellor.  
(b) Notwithstanding Article 3 (commencing with Section 79140) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of \$5.04 per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.
- 7. Funds appropriated in Schedule (4), Growth for Apportionments, shall be available first to any districts bringing online newly accredited colleges or educational centers. It is the intent of the Legislature that increases in basic foundation allocations to each college be funded prior to

The Chancellor of the California Community Colleges shall provide a report by November 1 of each year, to the Department of Finance and the Legislative Analyst, on the number of new centers and colleges added for the current fiscal year and those anticipated to be added for the prospective budget year. This report shall also detail the specific funding adjustments provided for basic foundation allocations to each college and center for the current fiscal year.

By September 1, 2010, the chancellor shall submit a report to the Governor and the Legislature on basic skills accountability using system- and college-level data and an annual report each year thereafter by September 1.

Any mail campaign must give priority to existing pupils, recent high school graduates, and 12th graders. The outreach and information campaign should target its efforts in high schools, welfare offices, unemployment offices, churches, community centers, and any other location that will most effectively reach low-income and

disadvantaged students who must overcome barriers in accessing postsecondary education. The community college district awarded the contract shall consult with the Chancellor of the California Community Colleges and the Student Aid Commission prior to performing any activities to ensure appropriate coordination with any other state efforts in this area and ensure compliance with this provision.

- (2) Of the amount appropriated in Schedule (6), not more than \$34,200,000 shall be for direct contact with potential and current financial aid applicants. Each CCC campus shall receive a minimum allocation of \$50,000. The remainder of the funding shall be allocated to campuses based upon a formula reflecting full-time equivalent students (FTES) weighted by a measure of low-income populations demonstrated by BOG fee waiver program participation within a district. It is the intent of the Legislature, to the extent that funds are provided in this item, that all campuses provide additional staff resources to increase both financial aid participation and student access to low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. Funds may be used for screening current students for possible financial aid eligibility and offering personal assistance to these students in accessing financial aid, providing individual help in multiple languages for families and students in filling out the necessary paperwork to apply for financial aid, and increasing financial aid staff to process additional financial aid forms.

  - (5) It is the intent of the Legislature that the Office of the Chancellor of the California Community Colleges provide the Legislature with a report not later than April 1 of each year on the use of the funds allocated pursuant to paragraphs (1) and (2), including the distribution of the funds, specific uses of the funds, strategies employed to reach low-income and disadvantaged students potentially eligible for financial aid, and the extent to which districts were successful in increasing the number of students accessing financial aid, particularly the maximum Pell Grant award.
  - (6) It is the intent of the Legislature that the chancellor report by May 15 of each year, in the manner and using the factors set forth in paragraph (5) of subdivision (c) of Provision 11 of Item 6870-101-0001 of the Budget Act of 2007 (Chs. 171 and 172, Stats. 2007), on the impact of outreach efforts on student headcount and FTES enrollment for the 2009–10 and 2010–11 academic years.
  - (e) Notwithstanding subdivision (m) of Section 76300 of the Education Code or any other provision of law, the amount of funds appropriated for the purpose of administering fee waivers for the 2014–15 fiscal year shall be determined in this act.

All High Tech Centers shall meet standards developed by the Office of the Chancellor of the California Community Colleges. Colleges that receive these augmentations shall not supplant existing resources provided to the centers.
  - (d) Notwithstanding any other provision of law, of the funds appropriated in Schedule (7), \$1,702,000 shall be for state hospital adult education programs at the hospitals served by the Coast and Kern Community College Districts since the 1986–87 fiscal year. If adult education services at any of the two hospitals are not supported by the community colleges in any portion of the 2014–15 fiscal year, remaining funds shall, upon order of the Department of Finance, after 30 days' notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the State Department of Developmental Services (DDS). For any transfer of funds to DDS during the 2014–15 fiscal year, the Proposition 98 base funding levels for community colleges and DDS shall be adjusted accordingly.

12. The funds appropriated in Schedule (8), Special Services for CalWORKs Recipients, are for the purpose of assisting welfare recipient students and those in transition off of welfare to achieve long-term self-sufficiency through coordinated student services offered at community colleges, including workstudy, other educational related work experience, job placement services, child care services, and coordination with county welfare offices to determine eligibility and availability of services. All services funded in Schedule (8) shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash-assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The Chancellor of the California Community Colleges shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:
- (a) Job placement.
  - (b) Coordination with county welfare offices and other local agencies, including local workforce investment boards.
  - (c) Curriculum development and redesign.
  - (d) Child care and workstudy.
  - (e) Instruction.
  - (f) Postemployment skills training and related skills.
  - (g) Campus-based case management, limited to on-campus assistance and services not provided by county case workers that do not supplant other counseling and academic support services funded through existing

Item

California Community Colleges categorical programs.

Of the amount appropriated in Schedule (8), \$9,188,000 is for child care and does not require a district match. For the remaining funds, districts shall, as a condition of receipt of these funds, provide a \$1 match for every \$1 provided by the state.

Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education in the 2014–15 fiscal year, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student educational programs and work participation requirements, provided that those payments may not exceed 75 percent of the wage for the workstudy positions, and the employers shall pay at least 25 percent of the wage for the workstudy positions. These funds may be expended only if the total hours of education, employment, and workstudy for the student are sufficient to meet state or federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or non-credit classes for CalWORKs students if a district has committed all of its funded full-time equivalent students (FTES) and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall submit applications to the

office of the chancellor by December 1 of each year. If the chancellor approves the use of funds for direct instructional workload, the Office of the Chancellor shall submit a report to the Department of Finance and the Joint Legislative Budget Committee by February 15 of each year that (a) identifies the enrollment of new CalWORKs students, (b) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (c) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (8), by the fourth week following the end of the semester or quarter term commencing in January 2015, participating community districts and colleges shall submit to the office of the chancellor a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care, the number of workstudy hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practicable, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the office of the chancellor compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, the Department of Finance, and the State Department of Social Services by February 15 of each year.

First priority for expenditures of any funds appropriated in Schedule (8) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost-beneficial way, it is intended that up to \$5,000,000 of the funds subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who

have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities that cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student's need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than February 15 of each year in compliance with the Budget Act of 1998 (Ch. 324, Stats. 1998) and the Budget Act of 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

If a district is unable to fully expend its share of child care funds, it may request that the Office of the Chancellor approve a reallocation to other CalWORKs purposes authorized by this provision, subject to all pertinent limitations and district match required for these purposes under this provision.

Of the funds appropriated in Schedule (8) for the Special Services for CalWORKs Recipients Program, no less than \$4,900,000 is to provide direct workstudy wage reimbursement for students served under this program, and \$613,000 is available for campus job development and placement services.

13. Funds appropriated in Schedule (8) for the Special Services for CalWORKs Recipients Program have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) and may not be expended in any way that would

- cause their disqualification as a federally allowable maintenance-of-effort expenditure.
14. (a) Funds provided in Schedule (9) for the Foster Care Education Program shall be allocated to provide foster and relative/kinship care education and training. Districts shall ensure that education and training required by Sections 1529.1 and 1529.2 of the Health and Safety Code and Section 16003 of the Welfare and Institutions Code receive priority. Districts may use any remaining funds for additional parenting skills training.
  - (b) Funds provided in Schedule (9) shall be used for foster parent and relative/kinship care provider education training services consistent with the following criteria:
    - (1) The Chancellor of the California Community Colleges shall use these funds exclusively for foster parent and relative/kinship care provider education and training, as specified by the chancellor in consultation with an advisory committee that includes foster parents, representatives of statewide foster parent organizations, parent and relative/kinship care providers, and representatives from the State Department of Social Services.
    - (2) Acceptance of funds under this program shall constitute agreement by the district to comply with such reporting requirements, guidelines, and other conditions for receipt of funding as the chancellor may establish.
    - (3) Each college plan for foster and relative/kinship care education programs shall include the provision of training to facilitate the development of foster family homes, small family homes, and relative/kinship homes to care for no more than six children who have special mental, emotional, developmental, or physical needs.

Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of General Services augments this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602, the DGS shall notify the Director of Finance within 30 days after that augmentation is made as to the amount, justification, and the program augmented. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services or the purchase of goods without the prior written consent of the Director of Finance. The Director of General Services shall not use this provision to augment this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602 for costs of which the DGS had knowledge in time to include in the May Revision.
4. If this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602 is augmented pursuant to Provision 3 by the maximum allowed under that provision, the Director of Finance may further augment the item or items in cases where (a) the Legislature has ap-

5. The Director of General Services may augment this item and Items 7760-001-0003 and 7760-001-0026 to increase authorized expenditures by the Office of State Publishing, the Office of Risk and Insurance Management, and the Office of Fleet Administration. The augmentation shall be for the specific purpose of enabling the Office of State Publishing, the Office of Risk and Insurance Management, and the Office of Fleet Administration to provide competitive services to their customers (including local government entities or the federal government) and may be made only if the office has sufficient operating reserves available to fund the augmentation. If the Director of General Services proposes to augment any of the items in this provision, the director shall notify the Director of Finance, the chairpersons of the fiscal committees of each house of the Legislature, and the Chairperson of the Joint Legislative Budget Committee 30 days prior to making the augmentation, including the amount, justification, and the office augmented.   8. Notwithstanding any other provision of law, due to the inability to issue energy efficiency revenue bonds pursuant to Chapter 2.7 (commencing with Section 15814.10) of Part 10b of Division 3 of Title 2 of the Government Code, in order to repay the General Fund for the cost of completing energy efficiency projects on specified buildings, the Department of General Services shall, within 10 fiscal years, recover an amount sufficient to repay the costs associated with completed energy efficiency projects plus 5-percent interest, through utility rates charged to tenants. On August 1 of each fiscal year beginning with the 2005–06 fiscal year, the Department of General Services shall transfer that amount to the General Fund. Once the General Fund has been fully repaid, the Department of General Services shall adjust utility rates for all tenants to accurately reflect the current rates.
  9. The Director of Finance is authorized to increase this item for purposes of funding the backfill of vacant space, necessary restack studies, and other required building improvements within DGS office buildings related to the Governor’s Office Space Utilization Initiative. This provision shall only be used to augment expenditure authority for DGS office buildings where a \$0.03 tenant improvement surcharge for DGS Individual Rate Buildings or a \$0.02 tenant improvement surcharge for DGS Building Rental Account Buildings has been approved by the Director of Finance and is included in the monthly rental rate. Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to collective bargaining, are considered. This provision shall not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for

- any group of employees or augmentations for increased compensation costs, or approvals for departments to provide increased employee compensation levels, that are included in bills separate from the budget act.
5. This item contains funds estimated to be necessary to implement side letters, appendices, or other addenda to a memorandum of understanding (collectively referred to as “pending agreements”) that have been determined by the Joint Legislative Budget Committee to require legislative approval prior to their implementation, but which may not have been approved in separate legislation as of the date of the passage of this act. In the event that the Legislature does not approve separate legislation to authorize implementation of any of the pending agreements, the Director of Finance shall not allocate any funds related to those pending agreements pursuant to Provision 2, and the expenditure of funds for those pending agreements shall not be deemed to have been approved by the Legislature.
  6. As of July 31, 2015, the unencumbered balances of the above appropriation shall no longer be available for expenditure.
  7. The Director of Finance may adjust this item of appropriation to reflect the health benefit premium rates approved by the Board of Administration of the California Public Employees’ Retirement System for the 2015 calendar year. Within 30 days of making any adjustment pursuant to this provision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.
  8. By inclusion of this provision, for purposes of Sections 3517.5 and 3517.63 of the Government Code, the Legislature hereby ratifies the following agreements that require the expenditure of funds: (1) addendum concerning Aviation Consultants, dated November 22, 2013, to the Memorandum of Understanding (MOU) with State Bargaining Unit 1 (Service Employees International Union); (2) addendum concerning Recreational Therapists, dated March 4, 2014, to the MOU with State Bargaining Unit 19

GENERAL SECTIONS  
STATEWIDE

SEC. 3.00. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries in effect on June 30, 2014, for the state officers whose salaries are specified by statute.

Whenever herein an appropriation is made for capital outlay, it may include acquisition of land or other real property to be owned by the state. It may also include major construction, improvements, equipment, designs, working plans, specifications, repairs, and equipment necessary in connection with a construction or improvement project on state-owned or state-leased property.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any moneys, and is not itself an item of appropriation.

As used in this act in reference to the schedules “category,” “program,” or “project” means a class of expenditure such as, but not limited to:

(a) “Personal services,” which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers’ compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers’ compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state’s contributions to the Public Employees’ Retirement Fund, the Teachers’ Retirement Fund, the Old Age and Survivors’ Insurance Revolving Fund, the Public Employees’ Contingency Reserve Fund, and the state’s cost of health benefits plans; but shall not include compensation of independent contractors rendering personal services to the state under contract.

(b) “Operating expenses and equipment,” which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), departmental services (services provided by other organizational units within a department, including indirect distributed costs), and all other proper expenses.

(c) “Programs” include all expenditures, regardless of category, required to carry out the objectives of the named activity.

(d) “Acquisition” is defined as the acquisition of land or other real property in fee simple or any lesser right or interest.

(e) “Preliminary plans” are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion, and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(f) “Working drawings” are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(g) “Construction,” when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration, and associated costs.

(h) “Minor projects” include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, “State of California Governor’s Budget for 2014–15,” submitted by the Governor to the Legislature at the 2014 portion of the 2013–14 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 and following of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. The Department of Finance shall establish interpretations necessary to carry out the provisions of this section and shall furnish the same to the Controller and to every state agency to which appropriations are made under this act.

SEC. 3.50. Whenever an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, the following shall be charged to the appropriation from which salaries and wages are paid: workers’ compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, industrial disability leave and payments, nonindustrial disability benefits and payments, the administrative costs of the Merit Award Program provided by Section 19823 of the Government Code, the state’s contribution to the Public Employees’ Retirement Fund as provided by Sections 20822 and 20824 of the Government Code, the state’s contribution to the Teachers’ Retirement Fund as provided by Sections 22950, 22951, and 23000 of the Education Code, the state’s contribution to the Old Age and Survivors’ Insurance Revolving Fund as provided by Sections 22601 and 22602 of the Government Code, the state’s contribution to the Old Age and Survivors’ Insurance Revolving Fund for payment of hospital insurance taxes imposed by the Internal Revenue Code, the state’s contribution to the Public Employees’ Contingency Reserve Fund, the state’s contribution for the cost of health benefits plans as provided by Sections 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and the state’s contribution for costs of other employee benefits and the administrative costs associated with the provision of benefits established by any state agency legally authorized to negotiate and set salary and benefit levels.

As of the effective date of this act, the state’s contributions, as provided by Sections 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and for costs of any other employee benefits and the administrative costs associated with the provisions of these benefits established by any state agency legally authorized to negotiate and set salary and benefit levels for any month, shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20822, 20824, 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and by Sections

22950, 22951, and 23000 of the Education Code, shall continue to be available for expenditure and shall be charged for any expenditure that is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20822, 20824, 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, contributions required for payment of the hospital insurance tax, and upon certification by the Board of Administration of the Public Employees’ Retirement System as required by Section 20826 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees’ Retirement Fund and the Old Age and Survivors’ Insurance Revolving Fund the amounts of contributions.

SEC. 3.60. (a) Notwithstanding any other provision of law, the employers’ retirement contributions for the 2014–15 fiscal year that are chargeable to any item with respect to each state officer and employee who is a member of the Public Employees’ Retirement System (PERS) or the Judges’ Retirement System II and who is in that employment or office shall be the percentage of salaries and wages by state member category, as follows:

Miscellaneous, First Tier.....	24.280%
California State University, Miscellaneous, First Tier.....	24.280%
Miscellaneous, Second Tier.....	24.237%
State Industrial.....	18.134%
State Safety.....	19.338%
Peace Officer/Firefighter.....	36.827%
California State University, Peace Officer/Firefighter.....	36.827%
Highway Patrol.....	43.494%
Judges’ Retirement System II.....	24.615%

The Director of Finance may adjust amounts in any appropriation item, or in any category thereof, as a result of changes from amounts budgeted for employer contributions for 2014–15 fiscal year retirement benefits to achieve the percentages specified in this subdivision. Beginning in 2013–14, adjustments to the California State University (CSU) rates will be applied to the actual pensionable 2013–14 payroll, currently estimated at \$2,221,802,000, as identified by the Controller, by funding source and

state member categories. This process establishes pension funding adjustments through this section for CSU, as reflected in provisional language in Item 6610-001-0001. This results in estimated pension funding for CSU of \$473,798,000 (\$473,542,000 General Fund) for 2013–14. These amounts also will be part of the total appropriation in Item 6610-001-0001 of the Budget Act of 2014. Because the actual 2013–14 payroll for CSU will not be known by June 30, 2014, the Director of Finance may adjust the amounts budgeted for CSU pension costs in 2014–15 based on final 2013–14 pensionable payroll. This adjustment will also incorporate necessary changes to the CSU base budget to reflect the effect of the final 2013–14 pensionable payroll on the 2013–14 appropriation.

(b) Notwithstanding any other provision of law, the Director of Finance shall require retirement contributions computed pursuant to subdivision (a) to be offset by the Controller with surplus funds in the Public Employees’ Retirement Fund, employer surplus asset accounts.

(c) Notwithstanding any other provision of law, for purposes of calculating the “appropriations subject to limitation” as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall be deemed to be the amounts remaining after the adjustments required by subdivisions (a) and (b) are made.

(d) Of the percentage of salaries and wages by state member categories identified in subdivision (a), the following percentages are estimated to be the result of the increased employee contributions pursuant to Chapter 296, Statutes of 2012 (AB 340), known as the California Public Employees’ Pension Reform Act of 2013, and will be directed toward the state’s unfunded pension liability:

Miscellaneous, First Tier.....	0.082%
California State University, Miscellaneous, First Tier.....	0.082%
Miscellaneous, Second Tier.....	0.727%
State Industrial.....	0.848%
State Safety.....	1.182%
Peace Officer/Firefighter.....	1.647%
California State University, Peace Officer/Firefighter.....	1.647%
Highway Patrol.....	1.319%

The contributions to the unfunded liability, as a result of the percentages of salaries and wages in this subdivision, are estimated to be \$102,700,000 (\$70,900,000 General Fund) for the 2014–15 fiscal year.

(e) The Director of Finance may adjust the percentage levels of the employers' retirement contributions listed in subdivisions (a) and (d) as a result of rates provided by the Board of Administration of the Public Employees' Retirement System. The Director of Finance shall notify the Controller by executive order of adjustments made pursuant to this subdivision. Within 30 days of making an adjustment pursuant to this subdivision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

SEC. 4.05. Notwithstanding any other provision of law, each item of appropriation provided in this act or other spending authority provided outside of this act, with the exception of those for the California State University, the University of California, Hastings College of the Law, the Legislature, and the Judicial Branch, shall be adjusted, as appropriate, to reflect the net savings achieved through operational efficiencies and other cost reduction measures, including, but not limited to, reorganizations, eliminations of boards and commissions, rate changes, contract reductions, and elimination of excess positions. The Director of Finance shall allocate the necessary adjustment to each item of appropriation or other spending authority to reflect savings achieved. The Director of Finance may authorize an augmentation to any item of appropriation provided in this act or outside this act to reflect the costs related to reorganizations, consolidations, or eliminations of agencies, departments, boards, commissions, or programs. The Department of Finance shall make the final determination of the budgetary and accounting transactions to ensure proper implementation of reorganizations and eliminations.

SEC. 4.11. All new positions approved in the 2014–15 fiscal year shall be established effective July 1, 2014, unless otherwise approved by the Department of Finance. Before the end of each month, the Controller shall provide to the Department of Finance a listing of each new position approved that will be abolished pursuant to Section 12439 of the Government Code as a result of the position being vacant for six consecutive pay periods at the end of the immediately preceding month. The report provided by the Controller shall include the department, division, position classification, position number, and the date the position was established.

SEC. 4.20. Notwithstanding any other provision of law, the employer's contributions to the Public Employees' Contingency Reserve Fund, as required by Section 22885 of the Government Code, shall be 0.34 percent of the gross health insurance premiums paid by the employer and employee for administrative expenses. The Director of Finance may, not sooner than 30 days after notification to the Joint Legislative Budget Committee, adjust the rate to ensure a three-month reserve in the Public Employees' Contingency Reserve Fund.

SEC. 4.30. (a) Notwithstanding any other provision of law, the Director of Finance may adjust amounts in appropriation items for rental payments on lease-purchase and lease-revenue bonds, or in any category thereof

including fees, insurance, and reimbursements in this act as a result of changes from amounts budgeted for the costs for the 2014–15 fiscal year.

(b) Notwithstanding any other provision of law, the allocation may be made from funds appropriated for this purpose or from any other funds legally available for this purpose.

(c) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 4.70. (a) Notwithstanding any other provision of law, the Department of General Services (DGS) shall recover the Architecture Revolving Fund (ARF) deficit beginning in the 2008–09 fiscal year. DGS shall work with the Department of Finance to allocate and collect at least half of the \$27,200,000 deficit incurred by client agencies as identified by DGS between the 2009–10 and 2015–16 fiscal years. DGS shall also assess a surcharge to specified new ARF projects during those fiscal years sufficient to recover the remainder of the ARF deficit.

(b) DGS shall provide to the chairpersons of the budget committees of each house of the Legislature and to the Legislative Analyst an annual written update on the following: DGS progress toward recovering the ARF deficit, the rate of the surcharge imposed on new ARF projects, ARF project management training and accountability enhancements, and any unfunded project costs incurred through June 30, 2016.

(c) In implementing this section, DGS may not establish a reserve in the ARF.

SEC. 4.75. The Director of Finance may adjust any item of appropriation for departmental support for the purpose of reimbursing the Department of General Services for centralized costs billed through the statewide surcharge.

SEC. 4.80. In the event bonds authorized for issuance by the State Public Works Board are not sold and interim financing costs have been incurred, departments that have incurred those costs shall commit a sufficient portion of their support appropriations to repay the interim financing costs.

SEC. 4.90. Notwithstanding any other provision of law, the Department of Finance may transfer any funds previously transferred from the General Fund to the Architecture Revolving Fund back to the General Fund.

SEC. 4.95. Notwithstanding any other provision of law, the Department of Finance may transfer any funds previously transferred from the General Fund to the Inmate Construction Revolving Account back to the General Fund.

SEC. 5.25. (a) Payment of the attorney’s fees specified in paragraphs (1) and (2) arising from actions in state courts against the state, its officers, and officers and employees of state agencies, departments, boards, bureaus, or commissions, shall be paid from items of appropriation that support the state operations of the affected agency, department, board, bureau, or commission:

(1) State court actions filed pursuant to Section 1021.5 of the Code of Civil Procedure, the “private attorney general” doctrine, or the “substantial benefit” doctrine.

(2) Writ of mandate actions filed pursuant to Section 10962 of the Welfare and Institutions Code.

(b) Expenditures pursuant to subdivision (a) shall be made by the Controller, subject to the approval of the Director of Finance, and shall be charged to the fiscal year in which the disbursement is issued.

(c) A payment shall not be made by the Controller for expenditures pursuant to subdivision (a) except in full and final satisfaction of the claim, settlement, compromise, or judgment for attorney’s fees incurred in connection with a single action.

(d) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Senate Committee on Budget and Fiscal Review, and the Chairperson of the Assembly Committee on Budget pursuant to Items 9840-001-0001, 9840-001-0494, and 9840-001-0988 of Section 2.00 when there are insufficient funds appropriated in support of the state operations of the affected agency, department, board, bureau, or commission to satisfy the claim completely.

SEC. 6.00. No more than \$100,000 of the funds appropriated for support purposes under Section 1.80 or any other sections of this act may be encumbered for acquisition or preliminary plans, working drawings, and construction of any project for the improvement of a state facility unless the Director of Finance determines that the proposed acquisition or improvement is critical and that it is necessary to proceed using funds appropriated for support purposes. Any approved critical project costing more than \$100,000 shall be reported to the Chairperson of the Joint Legislative Budget Committee, or his or her designee, not less than 30 days prior to initiating the project or requesting acquisition approval. The report shall detail those factors that make the project so critical that it must proceed using support funds. No project described by this section may cost more than \$634,000.

SEC. 6.10. (a) Notwithstanding any other provision of law, for the 2013-14 fiscal year, the Director of Finance shall calculate the following:

(1) The amount by which local proceeds of taxes reported as of the second principal apportionment and certified pursuant to Section 41339 of the Education Code exceed the estimate of local proceeds of taxes included in the 2014-15 May Revision to the Governor’s Budget.

(2) The amount by which the total General Fund allocations decrease as a result of a positive amount identified in paragraph (1).

(b) If the amount calculated in paragraph (2) of subdivision (a) is equal to or greater than \$200,000,000, then \$200,000,000 is appropriated from the General Fund and shall be allocated by the Director of the Department of Finance to the following entities for deferred maintenance projects using the following schedule:

(c) If the amount calculated in paragraph (2) of subdivision (a) is less than \$200,000,000, that amount is appropriated from the General Fund and shall be allocated by the Director of the Department of Finance so that the entities identified in subdivision (b) receive a share of funds proportionate to that which would have been allocated pursuant to subdivision (b).

(d) Prior to any allocation of funds, the entities identified above shall provide the Department of Finance a list of deferred maintenance projects for which the funding shall be allocated. The Director of Finance shall review and provide the approved list to the Chairperson of the Joint Legislative Budget Committee 30 days prior to allocating any funds. The Department of Finance shall provide a schedule to the Controller providing for the allocation.

(e) An entity seeking to make a change to the approved list after the funds have been allocated shall obtain the approval of the Director of Finance and shall notify the Chairperson of the Joint Legislative Budget Committee 30 days before the change is approved.

(f) The University of California and the California State University may use any funds received in the schedule for deferred maintenance or other one-time purposes. Pursuant to subdivision (d), the University of California and the California State University shall include in their lists provided to the Director of Finance any other one-time uses of funding.

(2) That portion of the state’s funding obligation under Section 8 of Article XVI of the California Constitution that results from including the amount estimated in paragraph (1), if any, as General Fund proceeds of taxes.

(3) The amount resulting from subtracting the values calculated under paragraph (2) from the value calculated under paragraph (1). If less than zero, the amount shall be considered zero for this purpose.

(b) The amount described in paragraph (3) of subdivision (a), not to exceed eight hundred million dollars \$800,000,000, is appropriated for the purposes of section 17617 of the Government Code and shall be paid pursuant to a schedule provided by the Department of Finance. If the amount in paragraph (3) of subdivision (a) is less than \$800,000,000, then the amounts available shall be pro-rated, pursuant to a schedule provided by the Department of Finance, amongst each city, county, city and county, and special district, for which the state has determined that reimbursement is required under paragraph (2) of subdivision (b) of Section 6 of Article XIII B of the California Constitution and which are still owed such reimbursement.

SEC. 8.00. (a) Notwithstanding Section 28.00, any amounts received from the federal government for the purposes of funding antiterrorism costs in the state that exceed the current appropriation of federal funds for that purpose, are hereby appropriated. These federal funds shall be allocated upon order of the Director of Finance to state departments for state or local assistance purposes or directly to local governments to address high-priority needs for costs of funding antiterrorism incurred in the 2013–14 fiscal year and ongoing or new costs for the 2014–15 fiscal year.

(b) Allocations made to state departments may be used to offset expenditures paid or to be paid from other funding sources. Allocations made for the purpose of an offset shall be applied as a negative expenditure to the appropriation where the expenditure has been or will be charged.

(c) Allocations pursuant to this section may be authorized not sooner than 30 days after notification to the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00.

(b) However, if federal funds for block grant programs assumed by the state or for any item receiving federal funds are reduced by more than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairpersons of the committees in each house of the Legislature that consider appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification by the federal government that federal funds have been reduced, and shall include an estimate of the amount of the available or anticipated federal

funds, the 2014–15 fiscal year expenditures of each program affected by the reduction, the effect of reduced funding on service levels authorized by this act, and a plan of reduced expenditures for each program affected by the reduction. The plan shall be operational on an interim basis for up to 45 days pending legislative review, after which time the plan shall become permanent.

(c) Any expenditure of federal Temporary Assistance for Needy Families (TANF) block grant funds in excess of the amounts specified and appropriated in this act are subject to the notification procedures and requirements set forth in Section 28.00, or Provision 4 of Item 5180-101-0001, or Item 5180-402, of Section 2.00, whichever is applicable. The notification and other requirements of Section 28.00 also shall apply to any proposed substitution of TANF block grant funds for other state or federal funds.

SEC. 8.51. Each state agency shall, by certification to the Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.52. (a) The Director of Finance may reduce items of appropriation upon receipt or expenditure of federal trust funds in lieu of the amount appropriated for the same purpose and may make allocations for the purpose of offsetting expenditures. Allocations made for the purpose of offsetting existing expenditures shall be applied as a negative expenditure to the appropriation where the expenditure was charged.

(b) The director shall notify in writing the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature not less than 30 days prior to the effective date of any adjustments to items of appropriations made pursuant to this section or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification shall include, but not be limited to, the basis for the proposed appropriation adjustments, a description of the fiscal assumptions used in making the appropriation adjustments, and any necessary background information regarding the programs to be adjusted. Any expenditure of federal funds for purposes other than offsetting other fund appropriations shall continue to be subject to the provisions of Section 28.00.

SEC. 8.53. It is the intent of the Legislature that reductions to federal funds appropriated in the Budget Bill enacted for each fiscal year, resulting from federal audits, be communicated to the Legislature in a timely manner. Therefore, notwithstanding any other provision of law, an agency, department, or other state entity receiving a final federal audit or deferral letter shall provide a copy of it to the Chairperson of the Joint Legislative Budget Committee within 30 days.

SEC. 8.54. (a) It is the intent of the Legislature that the State of California collect federally allowable statewide indirect costs, except where prohibited by federal statutes. If the Director of Finance determines a state agency is not recovering allowable statewide indirect costs from the

federal government as required by Sections 13332.01 and 13332.02 of the Government Code, the director may reduce any appropriation for state operations for the state agency by an amount not to exceed 1 percent and transfer that amount to the Central Service Cost Recovery Fund, the General Fund, or both, as allocated by the director.

(b) The Director of Finance shall notify in writing the Chairperson of the Joint Legislative Budget Committee not less than 30 days prior to the effective date of any reductions to items of appropriation made pursuant to this section or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. The notification shall contain the following: (1) the state agency name, (2) the amount of central services costs that was not recovered, (3) the item of appropriation that will be reduced, and (4) the amount of the reduction to the appropriation and the amount of the transfer to the Central Service Cost Recovery Fund, the General Fund, or both.

SEC. 8.88. Notwithstanding any other provision of law, a sum of \$8,896,000 is appropriated from various special and non-governmental cost funds to the Financial Information System for California (FI\$Cal) Project. The Director of Finance is authorized to adjust these appropriations to conform with approved adjustments to Item 8880-001-9737 via other authority. These appropriated funds shall be transferred to the FI\$Cal Internal Services Fund for payment of costs to replace the systems that support the state's business operations. Upon order of the Director of Finance, in terms of timing and amounts, the Controller shall transfer from these funds sufficient amounts to pay for the authorized FI\$Cal Project costs that are attributable to such funds. These transfers shall be treated as expenditure transfers and shall not exceed the total authorized for the FI\$Cal Project that is attributable to those funds.

SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with any appropriation contained in this act for acquisition of property pursuant to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code) shall be limited to the amount specified for those costs in the project budget. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board.

Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized by existing law.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the Controller shall so notify the Department of Finance. The Department of Finance shall then notify the Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the

appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.45. (a) Any state agency, department, board, or commission shall provide notification to the Department of Finance and the Joint Legislative Budget Committee not less than 30 days prior to committing funding from Proposition 40 (California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002), Proposition 50 (Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002), or Proposition 84 (Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006), if all of the following criteria apply:

(1) The funds will be used, either directly or through a grant, for the purchase of interests in or the restoration or rehabilitation of property.

(2) The funds will be used for a grant or project that is not appropriated in statute by name or description.

(3) The total expenditure for the project, including, but not limited to, Proposition 40, 50, or 84 funds is in excess of \$25,000,000.

(b) The notification shall include a detailed description of the portion of the project being funded and a detailed description of the whole project. For the purposes of this section, the criteria set forth in subdivision (a) shall apply to both single transactions and cumulative transactions that involve the purchase of properties near or adjacent to each other.

(c) For purchases and grants meeting the criteria set forth in subdivision (a), the state agency, department, board, or commission may take public actions and hold public meetings prior to 30 days following notification only if such actions are expressly approved pending the completion of the 30-day review by the Department of Finance and the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The seller or grantee shall be explicitly notified in writing of this condition 10 days prior to any action taken.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. The Department of Finance shall report to the Joint Legislative Budget Committee when a reportable information technology project's overall costs increase by \$5,000,000 or 20 percent of the budget-

SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost allocation methodology, and a funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall:

(b) For purposes of this section, "statewide software license agreement" means a software license contract that can be used by multiple state agencies subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than \$1,000,000 in the aggregate.

SEC. 11.11. In order to protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advices to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advices is protected from unauthorized access. The Department of Human Resources shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2014–15 Final Change Book for the 2014–15 fiscal year ending balance. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording “Proposition 98.” In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or his or her designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2014–15 fiscal year are \$44,462,112,000 or 41.9 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for school districts are \$40,091,844,000 or 37.8 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for community college districts are \$4,292,781,000 or 4.0 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. Each notification shall (a) explain the necessity and rationale for the proposed change in policy or practice and (b) identify the fiscal effect of the proposed change in the current fiscal year and subsequent fiscal years. In adopting this section, it is the intent of the Legislature not to affect the entitlement aspect of the Cal Grant Program.

SEC. 12.45. The Director of Finance shall, for all agencies and departments paid through the Uniform State Payroll System (including the California State University), adjust as necessary any items to recognize the change in the accounting method for the payment of state employee salaries, pursuant to Section 13302 of the Government Code, and all benefits, including, but not limited to, both salary-driven benefits, not otherwise deferred, and health care costs.

SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Items 0160-001-0001 and 0160-001-9740 of Section 2.00 or any appropriation in augmentation of those items shall be exempt from Chapter 5.5 (commencing with Section 11531) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, or successor statutes, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(c) Notwithstanding any other provision of law, all moneys that are received as payment for the sale of services or personal property by the agency that have not been taken into consideration in the schedule of Item 0160-001-0001 of Section 2.00 or are in excess of the amount so taken into consideration are to be credited to that item and are hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the purpose for which the special fund was created.

(2) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the purpose for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2014–15 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by March 1, 2015, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

(b) No department shall encumber or commit more than 75 percent of any appropriation prior to the fourth cap and trade auction in the 2014–15 fiscal year. The Controller shall assess these funds for the costs of the Apportionment Payment System because apportionment payments in excess of \$10,000,000 are made annually from these funds. SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2014–15 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the State Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) 20 percent of the amount so scheduled on that line for those appropriations made by this act that are \$2,000,000 or less.

(2) \$400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than \$2,000,000 but equal to or less than \$4,000,000.

(3) 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than \$4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity thereof is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2014–15 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2015–16 fiscal year should be included in the administration’s 2015–16 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2014–15 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2014–15 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain

in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) \$400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency's written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2015.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2014–15 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2014–15 fiscal year that exceeds \$200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the ap-

propriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not later than whatever lesser amount of time prior to that effective date the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

(c) (1) Upon written notification from the Senate Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0110-001-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Senate and the entity receiving the additional funding under the latter item.

(2) Upon written notification from the Assembly Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0120-011-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Assembly and the entity receiving the additional funding under the latter item.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total positions for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain actual filled positions for the past year, an estimate of positions for the current year, and proposed positions for the budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of positions proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of positions for the fiscal year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2015, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

(1) The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

(3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2015.

(4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

(5) The scheduled disbursement of any motor vehicle license fee revenues to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of departmental budgets approved by the Department of Finance.

(b) The departmental budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to a monthly maximum salary of \$7,152 or above, regardless of range, (which is equivalent to the monthly maximum salary of the Staff Services Manager II Managerial classification as of July 1, 2014) and (2) the establishment of any new position not (A) specifically identified in the Governor's Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in subdivision (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2014–15 fiscal year shall terminate on June 30, 2015, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2015–16 fiscal year as new positions or (2) approved by the Department of Finance after the 2015–16 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2015. The positions identified in (2) above may be reestablished by the Department of Finance during the 2015–16 fiscal year, provided that these positions are shown in the Governor's Budget for the 2016–17 fiscal year as

submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2015–16 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2015–16 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2014–15 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2015–16 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d) shall include information on the date the positions were administratively established. This information shall be included in the administration's budget change proposals and finance letters. If the administration requests to establish new positions in the 2015–16 fiscal year, and subsequently decides to administratively establish the positions in the 2014–15 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction

by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other provision of law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of State Hospitals, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director's notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.21. Notwithstanding any other law, the Department of Finance shall not use the estimated net final payment accrual methodology for the accrual of revenues, except for tax revenues that are accrued pursuant to an initiative measure that is enacted on or after January 1, 2012.

SEC. 35.35. (a) To ensure cash needs in any state operations appropriation are met, departments shall make every reasonable effort to promptly collect reimbursements or amounts payable from other funds, or collect the amounts in advance. Payments between departments may be made by transferring funds pursuant to Section 11255 of the Government Code.

(b) Notwithstanding any other provision of law, if a department implementing FISCAL demonstrates to the Department of Finance that it is unable to collect reimbursements or amounts payable from other funds as specified in subdivision (a) and a temporary cash shortage arises in a state operations appropriation for the department, the Director of Finance may

authorize a short term cash loan from the General Fund or from other funds administered or used by the requesting department. The cash loan shall be subject to the terms and conditions for repayment as may be prescribed by the Department of Finance. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code. Within 10 days after approval, the Director of Finance shall notify the Joint Legislative Budget Committee of loans approved pursuant to this subdivision.

(c) For purposes of the budgetary and legal bases of accounting and budgeting, the principal amount of any loans made pursuant to this section shall not be considered part of the balance of the fund that receives the loan, nor shall it be deducted from the balance of the fund from which the loan is made. These loans are considered cashflow loans for temporary cash shortages and shall not constitute budgetary loans, revenues, or expenditures. The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of the provisions of this section, pursuant to Section 13344 of the Government Code.

SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10, and subdivision (g) of Section 12, of Article IV of the California Constitution, “General Fund revenues” means the total resources available to the General Fund for a fiscal year before any transfer to the Budget Stabilization Account.

(b) For purposes of subdivision (g) of Section 12 of Article IV of the California Constitution, “all appropriations from the General Fund for that fiscal year” shall not include any transfer to the Budget Stabilization Account to retire Economic Recovery Bonds because that amount is reflected in the “amount of any General Fund moneys transferred to the Budget Stabilization Account.”

(c) For purposes of subdivision (g) of Section 12 of Article IV of the California Constitution, the estimate of General Fund revenues for the 2014–15 fiscal year pursuant to this act, as passed by the Legislature, is \$110,997,700,000.

(d) For purposes of subdivision (b) of Section 20 of Article XVI of the California Constitution, General Fund revenues shall be defined as revenues and transfers before any transfer to the Budget Stabilization Account, excluding any proceeds from Economic Recovery Bonds, as estimated in the enacted State Budget.

SEC. 35.60. (a) Whenever the Director of Finance determines that there is a shortfall in the General Fund reserve, the director shall order transferred from the Budget Stabilization Account to the General Fund an amount determined by the director to be sufficient to ensure there is a prudent General Fund reserve. Upon receipt of the order from the director, the Controller shall make the transfer in the amount ordered.

(b) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of

each house of the Legislature that consider appropriations not more than 15 days after ordering the transfer pursuant to this section.

SEC. 38.00. This act is a Budget Bill within the meaning of subdivision (e) of Section 12 of Article IV of the California Constitution and shall take effect immediately.

SEC. 39.00. The Legislature hereby finds and declares that the following bills are other bills providing for appropriations related to the Budget Bill within the meaning of subdivision (e) of Section 12 of Article IV of the California Constitution: AB 1458, AB 1459, AB 1460, AB 1461, AB 1462, AB 1463, AB 1464, AB 1465, AB 1466, AB 1467, AB 1468, AB 1469, AB 1471, AB 1472, AB 1473, AB 1474, AB 1475, AB 1476, AB 1477, AB 1478, SB 853, SB 854, SB 855, SB 856, SB 857, SB 858, SB 859, SB 860, SB 861, SB 862, SB 863, SB 864, SB 866, SB 867, SB 868, SB 869, and SB 870.
